Independent Auditor's Report

To the Plan Administrator
Ampacet Corporation
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ampacet Corporation 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental

schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note A – Description of Plan

The following brief description of the Ampacet Corporation 401(k) Profit Sharing Plan (the “Plan”) of Ampacet Corporation (the “Company”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. General

The Plan is a defined contribution plan which covers substantially all employees of the Company in the United States. Employees are eligible to participate in the Plan on the first day of January, April, July or October following the completion of three months of service and the attainment of age 21. The Plan was amended to allow employees to participate in the Plan on the first day of the month following the completion of 30 days of service and the attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan administrator is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan administrator.

2. Contributions

Each participant may elect to defer a portion of his or her annual earnings to the Plan. This elective deferral may not exceed the adjusted limit provided in Section 402(g) of the Internal Revenue Code (the “IRC”) of 1986 (\$23,500 and \$22,500 for 2024 and 2023, respectively). Participants who are at least age 50 before the end of the Plan year are eligible to make catchup contributions of up to \$7,500 and \$7,500 in 2024 and 2023, respectively. For employees who turn 60 – 63 by the end of 2025, there is a “Super Catch-Up”, they may contribute up to \$11,500 in 2025.

Participants direct the investment of the contributions into various investment options offered by the Plan. The Company matches 100% of employee deferrals on the first 3% of compensation and 50% of the next 2% of compensation. The maximum match contribution is 4%. Such contributions shall be made regardless of the number of hours worked by the participant, and whether or not the participant is employed at the end of the Plan year (Safe Harbor Matching Contributions). Additional contributions (including matching contributions) may be deposited to the Plan at the discretion of the Company’s Board of Directors, but in no event shall they exceed 15% of the compensation of all participants. The Plan provides for safe harbor contributions, within the meaning of Treas. Reg 1.401(k)-3(c), and is not subject to ADP/ACP nondiscrimination testing.

Note A – Description of Plan

3. Participants' Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution and Plan earnings. The benefit to which a participant is entitled is equal to the vested value of his or her accounts. Forfeitures of nonvested benefits will be used to reduce Company contributions to the Plan or to pay administrative expenses.

4. Employee Rollovers

Employee rollovers to the Plan from another plan qualified under IRC 401(a), whether directly or through an individual retirement account, are permitted. Any amount rolled over to the Plan is fully vested and nonforfeitable.

5. Notes Receivable from Participants

Active participants may borrow from their vested accounts, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance whichever is less. Loan transactions are treated as a transfer to (from) the investment from (to) the participant loan fund. Loan terms range from one to five years except for residential loans which are permitted to be repaid over a 10-year period. The loans are secured by the balances in the accounts of the participants and bear interest at a rate equal to the prime interest rate plus 1% at the date of the loan. Principal and interest are paid ratably through monthly payroll deductions. Interest rates on loans range from 4.25% to 9.50%.

6. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's Safe Harbor matching contributions plus actual earnings thereon are 100% immediately vested. Vesting in the Company's discretionary employer contributions plus actual earnings thereon, vest 100% after completing three years of service.

7. Payment of Benefits

On termination of service, due to death, disability or retirement, a participant who has vested benefits over \$1,000, but not over \$5,000, can elect to receive the distribution in cash or have it transferred to an IRA or another qualified plan. In the event that the participant does not make a choice, the Plan sponsor will transfer the balance to an IRA in the participant's name. Balances of \$1,000 or below are distributed in a lump sum.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note A – Description of Plan

7. Payment of Benefits (Continued)

A participant whose vested benefits are more than \$5,000 may remain in the Plan until age 70 1/2. Distribution options include lump sum or cash, direct rollover or annual installments over a 5- or 10-year period. Active participants over the age of 65 may withdraw all available amounts in their accounts. Certain hardship withdrawals by active employees may be allowed, in accordance with the Plan's provisions, to the maximum amount available for hardship distribution in the account of the participant. Benefit payments are recorded when paid.

8. Administration

The Plan is administered by the trustee and custodian, who is appointed by the Company's Board of Directors.

Note B – Summary of Accounting Policies

1. Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

2. Investment Valuation and Income Recognition

The Plan investments are held by the Principal Trust Company, a member of the Principal Financial ("Principal Trust Company") and are valued on certified values provided to the Plan by Principal Trust Company. The trustee and custodian are responsible for executing all of the Plan's investment transactions.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

AMPACET CORPORATION
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note B – Summary of Accounting Policies

3. Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

5. Payment of Benefits

Benefit payments to participants are recorded when paid.

6. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

7. Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment related expenses are included in investment expenses.

8. Subsequent Events

The Plan has evaluated the impact of subsequent events through October 15, 2025, which is the date the financial statements were available to be issued.

**AMPACET CORPORATION
401(K) PROFIT SHARING PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note C – Fair Value Measurements

The Plan establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets in the active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; and• input that are derived principally from or corroborated by observable market data by correlation or other means. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Mutual fund investments are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. A portion of these mutual funds are considered to be Level 2 investments since they do not have regular market pricing.

Common trust funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

**AMPACET CORPORATION
401(K) PROFIT SHARING PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note C – Fair Value Measurements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note C – Fair Value Measurements

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investment in entities that use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common trust funds	\$ 39,585,139	n/a	Daily	Daily
<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common trust funds	\$ 40,208,217	n/a	Daily	Daily

Note D – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant will become 100% vested in their account.

Note E – Tax Status

The Internal Revenue Service (the “IRS”) has determined and informed the Company by a letter dated February 25, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

AMPACET CORPORATION
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note E – Tax Status

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note F – Information Certified by the Plan’s Trustee and Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2024 and 2023, and investment income and interest income on notes receivable from participants for the year ended December 31, 2024, that are disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company, the trustee and custodian of the Plan.

Note G – Party-In-Interest Transactions

Principal Trust Company provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (“MSA”) between the Company and Principal Trust Company. Principal Trust Company receives revenue from mutual fund and collective trust fund service providers for services Principal Trust Company provides to the funds. This revenue is used to offset certain amounts owed to Principal Trust Company for its administrative services to the Plan.

If the revenue received by Principal Trust Company from such mutual fund or collective trust fund service providers exceeds the amount owed under the MSA, Principal Trust Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024, there were no excess amounts. The Plan or Plan sponsor may make a payment to Principal Trust Company for administrative expenses not covered by revenue sharing. The Plan made direct payments to Principal Trust Company during the year ended December 31, 2024 of \$95,800.

Note H – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.
