Report of Independent Auditors

The Plan Administrator and Participants
401(k) Plan for Salaried Employees of
Dole Food Company, Inc. and Participating Divisions and Subsidiaries

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of 401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of 401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries' internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the 401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries (the Plan) provides only general information. Participants should refer to the Plan Document for more complete information.

General – The Plan is a defined contribution plan sponsored by Dole Food Company, Inc. and Participating Divisions and Subsidiaries (the Company or Dole). The assets of the Plan are held in the Dole Food Company, Inc. Master Retirement Savings Trust (the Savings Trust) together with the assets of the 401(k) Plan for Hourly Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries (the Hourly Plan). The Savings Trust is governed by a trust agreement entered into by the Company, effective as of February 1, 1999. This agreement permits the commingling of trust assets of the Plan and the Hourly Plan for investment and administrative purposes (see Note 3). The Retirement Plan Committee is delegated authority by the Corporate Compensation and Benefits Committee of the Company's Board of Directors. The Northern Trust Company (the Trustee) serves as trustee and custodian of the Plan, AllianceBernstein Trust Company serves as the custodian of certain investment pools in the Savings Trust, and Alight Solutions is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2023, the Plan added Total Produce USA Holdings, Inc. as a participating employer.

Effective December 18, 2024, the Total Produce USA Holdings Inc. 401k Profit Sharing Plan Trust was merged into the Plan and as a result of this merger \$1,115,958 of participant account balances were transferred into the Plan.

Eligibility – Salaried employees of the Company are eligible to participate in the Plan upon their date of hire.

Vesting – Plan participants are fully vested (100%) at all times in the balance of their accounts.

Contributions – Each year, participants may contribute up to 75% (in whole percentage increments) of their eligible compensation on a pre-tax and/or Roth 401(k) basis, combined. The Plan also provides catchup contributions, which are limited to \$7,500 for 2024 for those age 50 and over. Catchup contributions are made based on the participant's pre-tax and/or Roth election; there is no separate election for catchup contributions. Participants may also roll over amounts from other qualified retirement plans.

The Company makes a matching contribution equal to 100% of the first 6% of a participant's eligible compensation contributed, not to exceed a specified percentage of compensation as defined in the Plan. The Plan has service-based contributions in which eligible participants receive 1.0%, 1.5%, or 2.0% of their eligible compensation for the Plan year for the portion of the Plan year when he or she was an eligible participant and an employee of the Company. The percentage of eligible compensation is based on years of service. During the years ended December 31, 2024 and 2023, service-based contributions in the amount of \$1,266,365 were included as employer contributions.

401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries

Notes to Financial Statements

The Plan has a profit-sharing provision for eligible participants of the Plan. Depending on the financial results of the Company, and subject to the approval of the Committee, the Company can make profit-sharing contributions to individual participant accounts, up to a maximum of 5% of eligible pay. No profit-sharing contribution was made for 2024.

The Plan also provides for a qualified non-elective contribution which is allocated to eligible participants, as defined, in the same proportion that each such participant's compensation for the Plan year bears to the total compensation of all such eligible participants or as a fixed amount determined by the Company. There were no qualified non-elective contributions for the year ended December 31, 2024, other than the amounts noted on the service-based contributions above. All contributions are subject to limitations under the Internal Revenue Code (IRC).

Allocation of earnings and losses – Earnings or losses from the Savings Trust's investments are allocated to the Plan's participants' accounts in proportion to the balances of such accounts on a daily basis.

Investments – Participants direct the investment of all contributions into various investment options offered by the Plan.

Payment of benefits – Benefits are recorded when paid. Upon a participant's termination of service with the Company, the participant may receive a lump-sum distribution of his or her account balance. A participant may also delay his or her lump-sum payment until the age of 73 if the account balance exceeds \$1,000. For termination due to disability, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if they are determined to be disabled. If a participant is deceased before distribution of their account balance, then the beneficiary on file is entitled to the value of the participant's account balance. If a distribution election has not been received for a participant who is no longer an employee and whose account balance is less than \$1,000, a distribution shall be made as soon as administratively feasible.

Notes receivable from participants – Participants may borrow from their fund accounts up to a maximum loan amount limited to the lesser of: (a) 50% of the balance of the participant's account or (b) \$50,000, less any previously outstanding loan balance from the Plan during the prior 12 months. The loans are secured by the balance in the participant's account and bear interest at a fixed rate. The rate is locked on the loan origination date at the prime interest rate plus 1%. The interest rates charged on outstanding participant loans at December 31, 2024, ranged from 4.25% to 9.50%, maturing through September 2042.

Participant accounts – Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions and employer contributions, as well as the participant's allocated share of the Plan's earnings, losses, and administrative expenses. Allocations are based on the proportion of each participant's account balance to the total of all participants' account balances.

Notes to Financial Statements

Withdrawals – A participant may withdraw all or a portion of his or her after-tax contributions made prior to January 1, 2017 (plus earnings), or rollover contributions (plus earnings) at any time. In addition, a participant may withdraw all or a portion of his or her before-tax and Roth contributions (plus earnings) and Company contributions (plus earnings) for any reason after reaching age 59½ or prior to reaching age 59½ in the case of hardship (as described in the Plan Document).

Net transfers between funds/plans – A participant may elect to transfer all or a portion of his or her account balance to one or more of the active investment funds offered under the Plan. In addition, when a participant changes status from hourly to salaried, or vice versa, the assets accumulated by that participant are also transferred between the Plan and the Hourly Plan. Net transfers out of the Plan to the Salaried Plan totaled \$424,516 during the year ended December 31, 2024.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, including but not limited to changes in interest rates, market volatility, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of the investments, it is at least reasonably possible that values of investment securities could decline in the near term and that such declines could materially affect the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Investment valuation and income recognition – The Plan's interest in the Savings Trust is presented at fair value, which has been determined based on the fair value of the underlying investments of the Savings Trust.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Brokerage commissions, transfer taxes, and all other charges and expenses incurred in connection with the purchase, sale, or other disposition of securities or other investments held by the Savings Trust are added to the cost of such securities or other investments, or are deducted from the proceeds of the sale or other disposition thereof, as appropriate.

Administrative expenses – The costs of administering the Plan and the Savings Trust are paid directly by the Company. Certain investment and transaction fees are paid by participants in the Plan.

401(k) Plan for Salaried Employees of Dole Food Company, Inc. and Participating Divisions and Subsidiaries

Notes to Financial Statements

Notes receivable from participants – Notes receivable from participants held by the Plan are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest.

Party-in-interest transactions – Certain investments in the Savings Trust are managed by the Trustee or their affiliates. Any purchases and sales of these investments, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibitions of party-in-interest transactions under ERISA.

Note 3 – Interest in Savings Trust

The Plan's interest in the net assets of the Savings Trust is based upon the individual plan participants' investment balances. Investment income and loss is allocated on a daily basis by the Savings Trust based upon the market value of each plan's investment through a valuation performed by the Trustee. The Plan's net assets represent approximately 95% of total net assets of the Savings Trust as of December 31, 2024 and 2023.

All investments held by the Savings Trust are stated at fair value. Quoted market prices and net asset value (NAV) of the underlying assets are used to determine the fair value of these investments.

The aggregate fair values of investments of the Savings Trust as of December 31, 2024 and 2023, are presented in the following table:

	2024	2023
	<u>Savings Trust</u>	<u>Savings Trust</u>

Net transfers	(23,363,012)
Net increase	32,285,535
Net assets	
Beginning of the year	318,632,567
End of the year	\$ 350,918,102

Participants in the Plan have the option of investing in individual funds and in investment pools set up by the Company. Each investment pool allocates participants' contributions to individual funds held by the Savings Trust based upon set percentages. These percentages are determined by the retirement target dates of the investment pools. The investment pools are only used for tracking purposes and are not traded on any markets as a pool or fund. All investments within the investment pools are collective trusts or mutual funds offered by the Plan. The custodian of the investment pools is AllianceBernstein Trust Company. The investment pools offered to participants are the Target Retirement 2010, 2020, 2030, 2040, 2050, and 2060 Funds.

Note 4 – Fair Value Measurements – Savings Trust

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation techniques include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Collective trust funds – Units held in the collective trusts (CTs) are valued using the net asset value practical expedient ("NAV practical expedient") of the CTs as reported by the CTs' managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CTs, minus its liabilities, and then divided by the number of units outstanding. There are no redemption restrictions and unfunded commitments as of December 31, 2024 and 2023.

Note 5 – Tax Status of the Plan

The Internal Revenue Service (IRS) has determined and informed the Company by letter, dated June 22, 2017, that the Plan and related trust were designed in accordance with applicable sections of the IRC. Subsequent to this determination by the IRS, the Plan was amended and restated. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes (Accounting Standards Codification 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements, and the Company believes that the Plan is qualified and that the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Notes to Financial Statements

Note 7 – Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued.
