INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
JTM Foods, LLC 401(k) Plan
Erie, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of JTM Foods, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of JTM Foods, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JTM Foods, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JTM Foods, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JTM Foods, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JTM Foods, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. JTM FOODS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND FOR THE YEAR ENDED DECEMBER 31, 2024

1. DESCRIPTION OF PLAN

The following description of the JTM Foods, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General – The Plan is a defined contribution plan covering substantially all employees of JTM Foods, LLC and Cookies-N-Milk, LLC (the “Company” or “Plan Sponsor”). Effective March 2024, Cookies-N-Milk, LLC was added as a participating employer to the Plan. Employees are eligible to participate in the Plan who have attained age 18 and completed three months of service. The Plan contains an automatic enrollment feature upon an employee meeting the eligibility requirements and employees have the option to opt out of automatic enrollment, if desired. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Certain Plan administrative expenses are paid by the Plan Sponsor.

Contributions – Upon meeting the eligibility requirements, participants may contribute up to 100% of their plan compensation on a pre-tax or after-tax basis, subject to Internal Revenue Code (“IRC”) limitations. Participants age 50 or older can elect to make a catch-up contribution subject to IRC limitations. Participants may also contribute rollover amounts representing distributions from other defined contribution plans and certain IRAs. The Company may elect to make discretionary matching contributions. For the year ended December 31, 2024, the Company made discretionary matching contributions equal to 50% of the first 4% of participants eligible compensation. The Company may also elect to make a discretionary non-elective contribution. Participants must be employed on the last day of the plan year or complete 501 hours of service to be eligible for non-elective contributions. The Company did not make a discretionary non-elective contribution for the year ended December 31, 2024.

Contributions received from participants are net of \$55,061 and \$58,855 for the years ended December 31, 2024 and 2023, respectively, for payments made during March 2025 and April 2024, respectively, to active participants to return excess deferred contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the statements of net assets available for benefits as excess contributions payable as of December 31, 2024 and 2023.

Vesting – Participants are immediately vested in their voluntary contributions and earnings thereon. Company matching and non-elective contributions and earnings thereon vest over six years of service. Regardless of years of service, participants are fully vested upon disability or death.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 or up to 50% of their vested account balance up to \$50,000. Notes range from one to five years, unless the loan is for the purchase of the participant’s primary residence, in which case a longer repayment period is allowed. Loans are secured by the vested balance in the participant’s account. Loans must bear a reasonable rate of interest. Participants may have no more than one loan outstanding at any time. At December 31, 2024, the interest rates ranged from 4.25% to 9.50%, maturing through November 2029. Principal and interest are paid ratably through regular payroll deductions.

Participants’ Accounts – Each participant’s account is credited with the participant’s contribution, an allocation of the employer contributions, and Plan earnings and losses. Allocations of earnings and losses are based on participant account balances.

1. DESCRIPTION OF PLAN (continued)

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Payment of Benefits – Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan are made in lump sum payments. A participant may also request a withdrawal upon attainment of age 59 ½ or upon demonstration by the participant to the plan administrator that the participant is suffering from “hardship”, as defined in the plan document.

Forfeitures – Participants not fully vested in employer contributions upon termination of employment forfeit their non-vested balances, which are used to reduce employer contributions or plan expenses. During the year ended December 31, 2024, \$77,563 of forfeitures were used to reduce employer contributions and plan expenses. There was a forfeiture balance of \$15,080 and \$65,937 as of December 31, 2024 and 2023, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities which are subject to reporting at fair value based on standards established within accounting principles generally accepted in the United States of America. These standards establish a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded on an exchange.

Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2024 and 2023:

Mutual funds: Valued based on quoted market prices available on an active market, which represent the net asset values (“NAV”) of shares held by the Plan at year-end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Common collective trust: The common collective trust is valued at the NAV of units held by the Plan at year-end. The common collective trust has been measured using the NAV practical expedient as of December 31, 2024 and 2023, and generally has no redemption restrictions or unfunded capital commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Payment of Plan Benefits – Benefits paid to participants are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through October 8, 2025, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. TRANSACTIONS WITH PARTIES IN INTEREST

The Plan's investments consist of certain mutual funds and a common collective trust, which are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company ("Fidelity"). As Fidelity is the Plan custodian, as defined in the plan document, these transactions qualify as party in interest transactions.

4. FAIR VALUE MEASUREMENTS

The Plan uses fair value adjustments to certain assets and liabilities and to determine fair value disclosures (as discussed in Note 2). The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, with the exception of the common collective trust which is measured using the NAV practical expedient. The common collective trust is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits:

	2024	2023
<i>Level 1:</i>		
Mutual funds	\$ 5,677,814	\$ 5,129,191
<i>Investments measured at net asset value:</i>		
Common collective trust	<u>12,582</u>	<u>21,462</u>
Total investments, at fair value	<u>\$ 5,690,396</u>	<u>\$ 5,150,653</u>

5. INCOME TAX STATUS

The Plan Sponsor has adopted the FMR, LLC Non-Standardized Pre-Approved Profit-Sharing Plan with Cash or Deferred Arrangement (the “Non-Standardized Plan”). The Non-Standardized Plan received an Opinion Letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Accordingly, no provision has been made for Federal income taxes in the accompanying financial statements.

6. CERTIFIED INVESTMENT INFORMATION

The following is a summary of unaudited information regarding the Plan, included in the Plan’s financial statements and supplemental schedules. The information was prepared by Fidelity Management Trust Company, as custodian, and furnished to the Plan Sponsor. Fidelity Management Trust Company has certified that the information is complete and accurate:
