### *Independent Auditors' Report*

To the Plan Administrator of  
Syner-G Biopharma Group LLC 401(k) Plan  
Framingham, Massachusetts

#### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements**

We have performed an audit of the accompanying financial statements of Syner-G Biopharma Group LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Syner-G Biopharma Group LLC 401(k) Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

#### **Opinion on the 2024 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Syner-G Biopharma Group LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Syner-G Biopharma Group LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Syner-G Biopharma Group LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Syner-G Biopharma Group LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements referred to above, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Report on Compiled Financial Statements as of December 31, 2023**

Plan management is responsible for the 2023 financial statements of Syner-G Biopharma Group LLC 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2023 and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the 2023 financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements as of December 31, 2023.

### **2024 Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

## 1. Description of Plan

The following description of Syner-G Biopharma Group LLC 401(k) Plan (the Plan) provides only general information. Plan participants should refer to the plan document for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan covering eligible employees of Syner-G Biopharma Group LLC (the Company) who have attained 21 years of age, excluding non-resident aliens, residents of Puerto Rico, leased employees, temporary employees, seasonal employees, and interns. Once a participant satisfies the eligibility requirements, that participant may enter the Plan on the subsequent entry date, which is the first day of the month coinciding with or following the attainment of eligibility.

The Plan was originally established on January 1, 2015 and was amended effective January 1, 2024 to add safe harbor employer matching contributions for eligible participants equal to 100% of the first 4% of each participant's eligible compensation. The amendment also changed discretionary employer matching contributions from a maximum of 8% of each participant's eligible compensation, to 6%.

Effective December 31, 2024, the Plan was amended to merge in the Sequoia Consulting Group 401(k) Plan (Sequoia Plan). The assets from the Sequoia Plan were to be received by the Plan on or after January 1, 2025. The amendment also waived the age requirement and allowed certain excluded classes for employees acquired from Sequoia Consulting Group, as defined, to participate in the Plan.

The Plan Administrator is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Plan is subject to the provisions of the Internal Revenue Code of 1986 (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA).

### *Setting Every Community Up for Retirement Enhancement (SECURE) Act and SECURE 2.0 Act*

The SECURE Act and the SECURE 2.0 Act had various provisions in effect during the year ended December 31, 2024. The most significant change required including long-term part-time (LTPT) employees who attained 500 or more hours of service in three consecutive 12-month eligibility computation periods beginning in 2021 as eligible employees for participant contributions. The Plan is required to be formally amended on or before December 31, 2025 for the SECURE Act and on or before December 31, 2026 for the SECURE 2.0 Act.

### *Contributions*

Participants may contribute up to 100% of eligible compensation, as defined, as pre-tax, Roth, and catch-up contributions. A participant's combined pre-tax, Roth, and catch-up contributions cannot exceed the limits set forth under the Code. Participants that have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2024, the Plan provides for safe harbor employer matching contributions for eligible participants equal to 100% of the first 4% of each participant's eligible compensation contributed to the Plan. The safe harbor employer matching contributions for the year ended December 31, 2024 totaled \$899,874.

## 1. Description of Plan...continued

### *Contributions...continued*

Effective January 1, 2024, the Plan provides for the Company to make discretionary employer matching contributions for eligible participants up to 6% of each participant's eligible compensation contributed to the Plan. No such contributions were made during the year ended December 31, 2024.

During the year ended December 31, 2023, the Plan made discretionary employer matching contributions for eligible participants. As of December 31, 2023, \$19,553 in discretionary employer matching contributions were receivable to the Plan, which was funded during the year ended December 31, 2024.

The Plan also provides for discretionary nonelective employer contributions for eligible participants who have completed one year of service and are employed on the last day of the year, unless terminated due to death, total and permanent disability, or after normal retirement age (65). No such contributions were made during the year ended December 31, 2024.

All contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

### *Participant Accounts*

Each participant's account is credited with the participant's contributions, safe harbor employer matching contributions, discretionary employer matching contributions, discretionary nonelective employer contributions, and an allocation of the Plan's earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan, if any. The allocation of earnings or losses is based on a participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Notes Receivable from Participants*

The Plan permits its participants to obtain loans against their account balances. A participant may borrow from his or her vested account balance, as defined, a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance within the last 12 months or 50% of his or her vested account balance.

Loan terms are limited to a maximum of five years with the exception of loans used to purchase a principal residence, which are limited to ten years. A participant loan will be considered to be in default if any scheduled repayment with respect to such loan is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. Notes receivable from participants are secured by the balances in participant accounts and shall bear interest at the prevailing market rate at the date each loan application is processed. A participant may only have one loan outstanding at any time, unless one loan is a principal residence loan amortized for a period greater than five years. Principal and interest are paid ratably through regular payroll deductions for actively employed participants.

Upon termination of employment, any outstanding notes receivable from participants are due and payable in accordance with the terms of the underlying provisions of each promissory note. As of December 31, 2024, the rates of interest on outstanding notes receivable from participants ranged from 8.00% to 8.50% with various maturity dates through May 2034.

Certain other restrictions apply to notes receivable from participants as defined in the plan document.

## 1. Description of Plan...continued

### *Vesting*

Participants are immediately vested in their voluntary contributions and safe harbor employer matching contributions plus actual earnings thereon. A participant vests in discretionary employer matching contributions and discretionary nonelective employer contributions based on years of continuous service, as defined, beginning with the applicable employee's employment commencement date. Vesting begins after a participant's first year of service and a participant becomes fully vested after three years of credited service, as defined. If a participant is employed at the time of death, disability, or normal retirement age (65), the participant's account becomes fully vested.

### *Forfeitures*

Forfeitures represent the nonvested portion of terminated participant account balances plus related earnings. These amounts can be used to reduce safe harbor employer matching contributions, discretionary employer matching contributions, or discretionary non-elective employer contributions or pay the Plan's administrative expenses. As of December 31, 2024 and 2023, forfeitures held by the Plan totaled \$35,609 and \$11,016, respectively.

During the year ended December 31, 2024, \$20,793 of forfeited nonvested accounts were used to reduce 2023 discretionary employer matching contributions.

### *Payment of Benefits*

Withdrawals may be made from a participant's account at retirement, death, disability, or termination of employment. The participant's vested account shall be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum payment, substantially equal installments, or through partial withdrawals with a minimum payment of \$500. Distribution shall be made to an eligible participant from his or her vested account as soon as reasonably practicable following the date the participant's application for distribution is received by the Plan Administrator, but in no event later than the participant's attainment of age 73.

Participants who have attained age 59 1/2 may elect to withdraw all or a portion of their vested accounts. Hardship withdrawals must be for a minimum of \$500 and are permitted from the applicable participant's vested account, as defined. A participant may elect to withdraw amounts from his or her rollover contributions account at any time. The Plan Administrator can elect to distribute funds out of the Plan when a participant terminates employment and has a vested balance in the Plan less than \$5,000.

Certain other restrictions apply to benefit payments as defined in the plan document.

### *Investment Elections*

Each participant shall direct the investment of his or her account and shall select among various mutual funds and a fully benefit-responsive investment contract (FBRIC) held with an insurance company. Each participant has the ability to change his or her investment allocations at any time.

### *Administrative Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the applicable participant's account and included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

## 2. Summary of Significant Accounting Policies

### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

### *Use of Estimates*

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers and Reliance Trust Company (Reliance), the trustee. See Note 4 for discussion of fair value measurements.

A FBRIC held by a defined contribution plan is reported at contract value as provided by the insurance company. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a FBRIC because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of the FBRIC.

Purchases and sales of investments are recorded on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued, but unpaid interest. Interest is recorded on an accrual basis. As of December 31, 2024 and 2023, accrued but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable from participant to be in default, the notes receivable from participants balance is reduced and a benefit payment is recorded within the statement of changes of net assets available for benefits.

### *Payment of Benefits*

Benefits are recorded when paid.

### 3. Investment Contract with Insurance Company

The Plan invests in a FBRIC with Standard Insurance Company (the Standard), which is an affiliate of the Plan's recordkeeper. The Standard maintains the Plan's contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Standard is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the Standard, but cannot be less than one percent annually, and is reviewed on a quarterly basis for resetting.

The FBRIC specifies certain conditions under which distributions from the account would be payable at amounts below contract value. Such circumstances include events initiated by the Company including, but not limited to, termination of contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total plan termination, early retirement incentives, or liberalization of plan withdrawal or transfer rules. The contract does not specify the circumstances under which the issuer may terminate the contract other than a written notice to the contract holder 30 days prior to the intended termination date for reasonable cause, as defined. Currently, management believes that the occurrence of an event that would cause the Plan to transact with participants at less than contract value is not probable.

### 4. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means; or
- if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

## 4. Fair Value Measurements...continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual funds* – Mutual funds are valued at the daily closing price as reported by each mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission, which are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 16,113,705</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,113,705</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 13,267,448</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,267,448</u>

## 5. Information Prepared and Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

## 6. Tax Status

The Plan has adopted a pre-approved plan in which the IRS determined, by an opinion letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been restated since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

## 8. Party-in-Interest Transactions

One of the Plan's investments is a FBRIC managed by the Standard, and therefore, this transaction qualifies as a party-in-interest transaction as that term is defined in Section 3(14) of ERISA. In addition, the Plan issues notes receivable to participants, which are secured by the balances in participant accounts and constitute party-in-interest transactions.

## 9. Risk and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

## 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 18,259,309	\$ 14,553,072
December 31, 2023 participant contributions receivable	-	(97,400)
December 31, 2023 employer contributions receivable	-	(19,553)
Net assets available for benefits per Form 5500	<u>\$ 18,259,309</u>	<u>\$ 14,436,119</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits	
per the financial statements	\$ 3,706,237
December 31, 2023 participant contributions receivable	97,400
December 31, 2023 employer contributions receivable	<u>19,553</u>
Net increase in net assets available for benefits	
per Form 5500	<u>\$ 3,823,190</u>

## 11. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through October 14, 2025, the date the financial statements were available to be issued.

Effective January 1, 2025, the SECURE 2.0 Act expanded LTPT provisions to include employees who attained 500 or more hours of service in two consecutive 12-month eligibility computation periods beginning in 2021 as eligible employees for participant contributions. Further, participants from ages 60 to 63 will be allowed to contribute catch-up contributions equal to 150% of the standard limit.

Effective February 5, 2025, the assets of the Sequoia Plan were merged into the Plan. The transfer of assets totaled \$12,718,708.
