INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Sierra Vista Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Sierra Vista Employee Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sierra Vista Employee Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

continued

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sierra Vista Employee Retirement Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sierra Vista Employee Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT

continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sierra Vista Employee Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sierra Vista Employee Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. SIERRA VISTA EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Sierra Vista Employee Retirement Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the Plan’s agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Sierra Vista Child & Family Services (“Sierra Vista”) for the benefit of its employees except for employees covered by a collective bargain agreement, nonresident aliens with no U.S. income or leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and Section 403(b) of the Internal Revenue Code (“IRC”).

The Board of Directors is responsible for oversight of the Plan. The appropriateness of the Plan’s investment options, and the investment performance is monitored by the Board with the assistance of the Plan’s third-party administrator, Lincoln Financial Group.

Eligibility

Employees who work more than 20 hours per week become eligible to make deferral contributions to the Plan on the first day of the month after employment as defined in the Plan. In addition, employees become eligible for matching contributions to the Plan on the payroll period after completing one year of service as defined in the Plan. Employees covered under the Plan include all employees except those covered by a collective bargaining agreement and nonresident aliens.

Contributions

Each year participants may contribute a fixed dollar amount or a percentage of not less than \$200 annually to the Plan, up to the maximum determined by the Internal Revenue Service (“IRS”) from their eligible compensation as defined in the Plan. In addition, participants qualifying for age-based provisions may make additional catch-up deferrals. Participants are also allowed to roll over contributions from other qualified employer-sponsored retirement plans.

Sierra Vista will contribute to the Plan up to 4% of the employees' annual compensation depending on their years of service. Eligible employees must make salary deferrals to receive the Sierra Vista match.

Participants’ Accounts

Each participant’s account is credited with the participant's contributions, Sierra Vista's matching contributions, if any, and the plan's earnings. Investment allocations are based on account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Effective April 1, 2023, the Company adopted amendments to the vesting provisions of the Plan. Under the amended plan, employer and matching contributions are subject to a 6-year graded vesting schedule as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

For employees hired prior to April 1, 2023, a special vesting schedule applies: 33% vesting after 1 year of service, 66% after 2 years, and 100% after 3 years. Special contributions (such as rollover contributions) are 100% vested upon contribution.

A year of credited service is defined by the Plan as 1,000 hours worked in a calendar year.. All service with the Company, including service earned prior to adoption of the plan, is included for vesting purposes.

Forfeitures

Amounts of participants forfeited non-vested accounts are applied first to pay plan expenses, then to reduce employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$1,336 and \$833, respectively. \$0 and \$65 were used to reduce employer matching contributions or to cover administrative expenses in the years ended December 31, 2024 and 2023, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options offered by The Lincoln National Life Insurance Company (“Lincoln”). Participants may change their investment options at any time.

Payment of Benefit

Upon attaining age 59½ or the termination of employment for any reason, a participant may request a complete distribution of their account in a single sum or as even installments over a period not to exceed the participant’s life expectancy. Hardship withdrawals are also available. Distributions that are neither based on hardship nor installments over a ten-year period or more will ordinarily be eligible for rollover to another eligible retirement plan.

NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan**, continued

Plan Loans

Participants may borrow up to 50% against the vested portion of their annuity account balance to a maximum loan of \$50,000. The minimum loan is \$1,000. The maximum loan term is five years, although it may be longer for the purchase of a primary residence. A participant may have a maximum of two loans at any given time. Loan payments of principal and interest must be in level amortized payments, either monthly or quarterly by electronic fund transfer from a checking or savings account.

When a loan is processed, an amount equal to the outstanding principal of the loan is transferred to a loan reserve account. The funds held in the loan reserve account serve as the only acceptable collateral for the loan and access to the account is not allowed. The funds in the loan reserve account are invested in the fixed account. As the loan is repaid, the loan reserve account is reduced by the amount of the loan repayment applied to the principal and transferred to the same source of contributions from which the loan was made. The loan reserve account earns interest at an annual rate of 4.5% while the loan rate of interest is an annual rate of 7%. Unpaid loan amounts will be taxed as ordinary income and may incur a 10% federal tax penalty if the participant is under age 59½ (see Note 3).

2. **Summary of Significant Accounting Policies**

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs - quoted prices in active markets for identical assets

Level 2 inputs - quoted prices in active or inactive markets for the same or similar assets

Level 3 inputs - estimates using the best information available when there is little or no market

The Plan is required to measure certain investments at fair value. The specific techniques used to measure fair value for the financial statement element is described in the notes below that relate to the element.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures as of the date and for the period presented. Actual results could differ from those estimates.

Administrative Expenses

Sierra Vista may pay some plan administration expenses with its own assets rather than use the plan's assets. To the extent, Sierra Vista does not pay plan expenses with its own assets, the Plan generally will pay the expenses of plan administration and will assess the expenses paid against the accounts of all participants in the Plan. Sierra Vista may, from time to time, change the manner in which expenses are allocated. During the year ended December 31, 2024, total administrative charges were \$1,310.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonably possible, given the level of risk associated with certain investment securities that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan's investments include concentrations of credit risk. As of December 31, 2024, the fixed account represented 38% of the Plan's total investments. In addition, investments in the fixed account, American Funds Growth, and LVIP Macquarie Value Series represented 65% of the Plan's total investments. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various asset classes and the utilization of multiple investment managers.

Subsequent Events

Management has evaluated subsequent events through October 14, 2025, the date which the financial statements were available for issue. No events or transactions have occurred during this period that appear to require recognition or disclosure in the financial statements.

3. Plan Loans

Plan loans are loans funded by Lincoln and accordingly, they are not reflected in the Plan. These plans are loans in which participants request loans using the assets of their accounts as collateral. As of December 31, 2024 and 2023, outstanding loans totaled \$153,910 and \$165,725, respectively.

4. Information Prepared and Certified by the Custodian

No auditing procedures were performed on investments and interest income as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following summarizes information certified by Lincoln, the custodian of the Plan, as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Registered investment companies – mutual funds	\$ 8,592,926	\$ 7,148,619
General account	5,119,160	4,637,687
General account – participant loan escrow	<u>153,910</u>	<u>165,725</u>
	<u>\$13,865,996</u>	<u>\$11,952,031</u>

During the years ended December 31, 2024 and 2023, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by \$1,177,345 and \$1,111,526, respectively, attributed to securities issued by registered investment companies- mutual funds.

5. Fair Value Measurements

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2024</u>				
Mutual funds	<u>\$8,592,926</u>	<u>\$ _____</u>	<u>\$ _____</u>	<u>\$8,592,926</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2023</u>				
Mutual funds	<u>\$7,148,619</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$7,148,619</u>

The fair value of mutual funds in the fair value hierarchy has been measured on a recurring basis using quoted prices for identical assets in active markets (Level 1 inputs).

6. Investments in Fully Benefit Responsive Investment Contracts

The following table summarizes general account investments as of December 31, 2024 and 2023.

	<u>2024</u>	<u>2023</u>
General account	<u>\$5,119,160</u>	<u>\$4,637,687</u>

The Plan maintained a fully benefit-responsive fixed account contract issued by The Lincoln National Life Insurance Company. The contract is credited with interest at a rate of 3.30% at year-end, with a minimum guaranteed interest rate of 1.75%. The crediting rate is subject to periodic adjustment in accordance with the contract's provisions. Contributions to the contract, plus credited interest, less withdrawals and administrative expenses, determine contract value. Participants may initiate ordinary plan-permitted transactions, such as withdrawals and transfers, at contract value without restrictions or penalties. However, certain events—such as plan termination, significant layoffs, or mergers—may affect the Plan's ability to transact at contract value or allow the issuer to settle at an amount other than contract value. The contract is backed by the issuer's general account, and thus exposes the Plan to the credit risk of The Lincoln National Life Insurance Company. The contract is reported at year-end contract value of \$5,119,160, and is excluded from the fair value hierarchy disclosures.

7. Related Party and Party-in-Interest Transactions

ERISA defines parties-in-interest more broadly than generally accepted accounting principles' related parties, encompassing all service providers to the Plan. Management identified no related parties that were not also parties-in-interest, and no material related party transactions occurred during the Plan year regarding compensation arrangements, expense allowances, or similar items.

Parties-in-interest transactions include those with Plan fiduciaries or employees, service providers, employers with covered employees, employee organizations with covered members, and persons owning 50% or more of such employers or employee associations, along with their relatives. Trustee transactions, including revenue sharing and fee offset agreements, as well as the Plan's payment of certain plan fees and expenses, qualify as parties-in-interest transactions. Administrative fees paid by the Plan to the trustee were \$1,310.

The Plan's investment options include funds managed by the custodian or its affiliates. As custodian and recordkeeper, Lincoln's transactions qualify as exempt parties-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

8. Plan Termination

Although it has not expressed any intent to do so, Sierra Vista has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

9. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.
