Independent Auditor's Report

To the Plan Administrator of
New World Preparatory Charter School 401(k) Plan
Staten Island, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the accompanying financial statements of New World Preparatory Charter School 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of New World Preparatory Charter School 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of New World Preparatory Charter School 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about New World Preparatory Charter School 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New World Preparatory Charter School 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about New World Preparatory Charter School 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Part IV, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NEW WORLD PREPARATORY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 1 Description of Plan

The following description of New World Preparatory Charter School 401(k) Plan (the “Plan”) is provided only for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of New World Preparatory Charter School (the Plan “Sponsor”) who are age 21 or older. The Plan, which was established in 2010, is a qualified defined contribution Safe Harbor 401(k) plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Employees must be age 21 or older to participate in the Plan and make elective deferral contributions. The entry date will be the first day of the month, coinciding with or next following the date the employee reaches the age of 21.

Contributions

Participant Salary Deferral - Participants may elect to contribute up to 100% of their pretax annual compensation up to IRS limits for the year. Participants are permitted to revoke salary deferral election at any time during the Plan Year. Participants who attain the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to contribute after tax compensation as a Roth deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participant Roth Deferral – Participants may designate some or all of the salary deferral as a Roth Deferral at the time the participant makes his or her deferral election. Once made, the election is irrevocable (that is, a Roth Deferral cannot later be recharacterized as a pretax salary reduction). The amount of Roth Deferral is included in participants’ income for tax purposes, and the income tax withholding amounts are deducted from the remainder of compensation, not from the Roth Deferral amount.

The Sponsor makes contributions according to the safe harbor method. In order to maintain safe harbor status, the Sponsor makes a safe harbor matching contribution in an amount equal to 100% of the Matched Employee Salary Deferrals that are not in excess of 4% of employee compensation. The safe harbor matching contribution is 100% vested. For the year ended December 31, 2024, the Sponsor made safe harbor matching contributions in the amount of \$186,241 to the Plan. Sponsor matching contributions may be reduced by forfeitures during the Plan year.

NEW WORLD PREPARATORY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 1 Description of Plan – (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover and allocation of (a) the plan Sponsor's safe harbor contribution, and (b) plan earnings and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferral, rollover, qualified non-elective contributions plus actual earnings thereon. Participants are also 100% vested in the Sponsor's Safe Harbor matching contributions.

Participants' interest in Sponsor's Profit-Sharing contributions will vest in accordance with the following schedule:

<u>Number of years of vesting service*</u>	<u>Vested percentage</u>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

*The term "Vesting Service" is defined as the number of Plan years in which the employee is compensated for at least 1,000 hours of work by Sponsor, in any capacity.

Employee becomes 100% vested upon attainment of normal retirement age or after Normal Retirement Age or if employee dies.

Investment Options

The Plan trustees determine and approve the investment option set up for the Plan. Upon enrollment in the Plan, a participant can direct contributions into various offered investment options. The Plan's assets are held in trust. Ascensus, LLC is the trustee of the Plan. The trustee invests monies according to participant directions. Currently, the Plan offers various mutual funds and stable value fund.

Notes to the Financial Statements

December 31, 2024 and 2023

Note 1 Description of Plan – (continued)

Notes Receivable from Participants

Participants may borrow from their accounts subject to certain further restrictions in the Plan. Loans must be for a minimum of \$1,000. The maximum number of Plan loans that participants may have outstanding at any given time is two. All loans to participants will be limited to the lesser of \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period, or 50% of the participant's vested account balance. Loans, together with the interest required to be paid thereon, must be repaid by ratable payroll deductions within five years. The interest rate will be charged equal to 1% above the prime rate. Loans will bear a rate of interest determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances, which remain fixed for the duration of the loan (interest rates range from 4.25% to 9.50%).

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant is eligible to receive a single lump-sum amount equal to the value of his or her vested account balance, or installments only for required minimum distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, either in cash, as a direct rollover, or a combination of both.

Hardship Withdrawals

The Plan allows for distributions to participants for hardship from the participants vested account balance. Permissible circumstances for hardship withdrawals include education, purchase of principal residence, medical expenses, to prevent eviction or foreclosure of a principal residence, payments for burial or funeral expenses, expenses for the repair of damage to a principal residence and expenses for disasters arising from federally declared disasters. Distributions cannot be in excess of amounts of immediate need, participant must have obtained all distribution and nontaxable loan available under the Plan before obtaining a hardship withdrawal. The participant cannot make a salary deferral for at least 6 months after receipt of hardship withdrawal.

Forfeited Accounts

If a participant leaves employment before becoming fully vested, any non-vested Sponsor matching contributions and related investment earnings thereon are forfeited. Certain forfeitures may be restored if the participant is reemployed before accruing five consecutive 1-Year Breaks in Service, as defined in the Plan document. Forfeitures from participant's nonvested accounts may be used to pay Plan expense or be used to reduce Employer contribution.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Net appreciation/(depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. If a participant fails to make loan repayments and the Plan administrator deems the participant loan to be in default, under certain circumstances, the loan that is in default may be considered a distribution from the Plan and could be considered taxable income to the participant.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant’s account.

Note 3 Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, LLC (the "Trustee"), a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments and interest income on investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments as listed in the accompanying Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024.

Note 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – This level consists of inputs to the valuation methodology that include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset of liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 – This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

NEW WORLD PREPARATORY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 4 Fair Value Measurements – (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to methodologies used as of December 31, 2024 and 2023.

Mutual Funds – Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

Stable Value Funds – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

December 31, 2024

<i>Investments</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total Fair Value</i>

Notes to the Financial Statements

Note 4 Fair Value Measurements – (continued)

* Certain investments that are measured at fair value using the NAV Per share (or its equivalent) practical expedient are not required to be and have not been categorized in the fair value hierarchy in accordance with *ASU 2015-07 “Disclosures for investments in certain entities that calculate net asset value per shares (or its equivalent)”*. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan has no financial assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2024 and 2023. There were no transfers in and out of Levels 1, 2, or 3 for the years ended December 31, 2024 and 2023.

Note 5 Investments Measured Using the Net Asset Value Per Share Practical Expedient

The Plan invests in certain investments that are measured at the net NAV per share practical expedient. These investments have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The following summarizes investments for which fair value is measured using the net asset value per share practical expedient as of:

	December 31, 2024			
	<u>Fair Value</u> <u>measured at NAV</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Stable value fund	\$ 98,187	N/A	Daily	1 Day

	December 31, 2023			
	<u>Fair Value</u> <u>measured at NAV</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Stable value fund	\$ 87,769	N/A	Daily	1 Day

The stable value fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The fund objective is the safety and preservation of principal and accumulated interest for participant-initiated transactions, but it cannot guarantee that it will be able to do so.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, no further contributions shall be made to the Plan, and each participant will be fully vested as to their account balance.

NEW WORLD PREPARATORY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 7 Risks and Uncertainties

The Plan provides for investments in various investment securities that are, in general, exposed to various risks, such as interest rate, credit, and overall market volatility risks. Given the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

Note 8 Tax Status

The Plan uses a pre-approved plan sponsored by its third-party administrator. The third-party administrator received a favorable opinion letter from the Internal Revenue Service (IRS) dated May 26, 2021, which states that the pre-approved plan, as then designed, satisfies the applicable provisions of the IRC. The Plan has since been amended; however, in the opinion of the Plan administrator, the Plan is designed and is currently operating in accordance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 Related Party Transactions

Certain plan investments are held and managed by Ascensus, LLC. Since Ascensus, LLC is the Plan custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administrator fees amounted to \$22,569 and \$19,421 for the years ended December 31, 2024 and 2023, respectively.

All of these party-in-interest are exempt from prohibited transaction rules of ERISA.

Note 10 Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025, the date that the financial statements were available to be issued. There were no other subsequent events identified requiring disclosure or adjustment to the financial statements.
