INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Trustees
Seven Seventeen Credit Union, Inc. 401(k) Savings Plan For Union Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Seven Seventeen Credit Union, Inc. 401(k) Savings Plan for Union Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation for the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent contributions and schedule of assets (held at end of year) as of December 31, 2024, are presented for the purpose of additional analysis and are not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEVEN SEVENTEEN CREDIT UNION, INC.
401(K) SAVINGS PLAN FOR UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 – Description of the Plan

General

The Plan is a savings plan that was established on January 1, 1998, by Seven Seventeen Credit Union, Inc. (the Credit Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description of the Adoption Agreement, including amendments thereto, for a complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is Seven Seventeen Credit Union, Inc. The Plan Administrator is responsible for oversight of the Plan. The Plan's Trustee, Recordkeeper and Custodian was the Voya Retirement Insurance & Annuity Company (VOYA) up to March 31, 2024. Effective April 1, 2024, the Plan Trustee and Custodian was transferred to Fidelity Management Trust Company (Fidelity). Effective April 1, 2024, recordkeeping and TPA services were provided by CBIZ. The Custodian holds all of the Plan's assets and executes all of the Plan's transactions.

Eligibility

Non-excluded Employees are eligible to participate in the Plan on the first day of the month following the date the employee has attained the age of 18 and has completed 90 days of credited service. Excluded employees that are not eligible consist of leased employees, independent contractors, and Non-Union employees.

Contributions to the Plan

Participants may elect to defer to the Plan a portion of their eligible earnings on a pre-tax basis up to the maximum allowed under the Internal Revenue Code ("IRC"). Participants may contribute funds from another qualified plan as rollover contributions. Participants also have the option of 401(k) Roth deferrals in this Plan. The Credit Union contributes a safe harbor contribution equal to 3% of compensation each pay period and a 4% profit share contribution at year end. The safe harbor and profit share contribution amounted to \$296,901 and \$338,470, net of forfeitures, respectively for the plan year ending December 31, 2024. The Credit Union also contributes a matching contribution of 100% of salary deferrals up to a maximum 6%. The matching contribution amounted to \$461,857 for the plan year ending December 31, 2024.

The Plan has an automatic deferral provision for new participants whereas, unless opted out, 3% of compensation will be deferred. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants direct the investment of both their individual contributions plus their share of employer contributions into the various investment options offered by the Plan. The Credit Union's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

SEVEN SEVENTEEN CREDIT UNION, INC.
401(K) SAVINGS PLAN FOR UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Credit Union's discretionary, nondiscretionary match, profit share, and Plan earnings and losses. Participants' accounts are reduced by administrative expenses and distributions. Allocations are based on participant contributions, participant earnings, or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms may not exceed a maximum of five years unless used for the purchase of a primary residence. Loans are secured by the balance in the participant's account. The loan interest rate is set by the Administrator in a nondiscriminatory manner, as defined in the Plan document. Principal and interest payments are made through payroll deductions.

Distribution of Benefits

Upon termination of service due to termination or retirement, benefits are paid in the form chosen, including single sum and equal installment payments for a fixed period of years. For death benefits before benefits begin, the beneficiary may receive that value of the vested interest in the account as a lump-sum distribution or an optional form of death benefit.

On termination of service, participants with vested account balances of \$5,000 or less are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent unless they elect a rollover. Participants whose vested account balances exceed \$5,000 may elect a lump sum distribution, a partial withdrawal, or a rollover of their account balance to another qualified account. Additionally, they may also elect to defer the distribution of their plan balance. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses, but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability and retirement. Participants should refer to the full plan document for details.

The Plan allows for in-service distributions upon attainment of age 59½ for all pre-tax deferral contributions, employer matching contributions, safe harbor contributions, and qualified non-elective contributions for any reason. The Plan also allows for in-service distributions prior to attainment of the Plan's normal retirement age due to financial hardship, as defined in the plan document, from vested account balances.

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. The Plan is a safe harbor plan, and participants are immediately vested in safe harbor contributions. All Plan participants vest in matching and profit-sharing contributions, at a rate of 20% beginning at year two, and would be fully vested at year six. Certain participants, in accordance with the Plan, would receive another employer discretionary contribution annually until the year of retirement, voluntary termination, involuntary termination or death. This employer contribution is 100% vested.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Forfeitures

Forfeitures can be used to offset administration expenses and reduce contributions. Unallocated forfeiture balances as of December 31, 2024, and 2023 were approximately \$0 and \$36,000, respectively. Approximately \$41,000 in forfeitures were used to offset employer contributions during the year ended December 31, 2024.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make use of estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, Investment Custodian, Plan's Trustee, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

**SEVEN SEVENTEEN CREDIT UNION, INC.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Credit Union. Expenses that are paid by the Credit Union are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 14, 2025, which is the date the financial statements were available to be issued.

Note 3 – Unaudited Investment Information Certified by the Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under the election, the following information has been certified by Voya Retirement Insurance & Annuity Company (VOYA) (up to March 31, 2024) and Fidelity (beginning April 1, 2024) as to its completeness and accuracy and was not subject to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023,
2. All investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and
3. All investment-related information included in the Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024.
4. Notes receivable from participants as of December 31, 2024, and the related income for the period from April 1, 2024 to December 31, 2024.

Note 4 – Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

**SEVEN SEVENTEEN CREDIT UNION, INC.
401(K) SAVINGS PLAN FOR UNION EMPLOYEES**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Pooled Separate Account (PSAs):

PSAs are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. These investments are valued at the NAV of units held by the Plan at year-end as determined by the fund administrators.

Mutual Funds:

Valued at the daily closing as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below segregate all financial assets as of December 31, 2024 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$16,456,772	\$ -	\$ -	\$ 16,456,772

The Plan's investment in a pooled separate account as of December 31, 2023 is valued at fair value based on the fair value of the underlying assets of the pooled separate account, using net asset value (NAV) as the practical expedient. These investments have not been classified in the fair value hierarchy table. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2023:

	As of December 31, 2023			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Pooled Separate Accounts	\$13,720,875	\$ -	Daily	None

Note 5 – Fully Benefit-Responsive Investment Contracts

The Plan had a fully benefit-responsive investment contract through a group annuity contract with Voya Retirement Insurance & Annuity Company, which was terminated in March of 2024, see note 6. The contract was a single group investment contract with a fixed rate of interest. It was not a portfolio of contracts whose yields are based on changes in fair value of underlying assets. As a result, the average yield earned by the Plan was the yield earned on the group investment contract. The account was credited with earnings on the underlying investments and charged for participant withdrawal and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all of or a portion of their investment at contract value. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specific rate that is guaranteed by the Plan.

As described in the summary of significant accounting policies, because the investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Voya Retirement Insurance & Annuity Company, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The contract was terminated in March of 2024 due to a transfer of Custodians from VOYA to Fidelity and the contract was charged a Market Value Adjustment (MVA) at termination. See Note 6 for more information.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Effective April of 2024, the Plan invested in a fully benefit-responsive investment contract through a group annuity contract with the Standard Insurance Company. The contract is a single group investment contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets. As a result, the average yield earned by the Plan is the yield earned on the group investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawal and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all of or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific rate that is guaranteed by the Plan.

As described in the summary of significant accounting policies, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by the Standard Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate was 3.57% as of December 31, 2024.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) corporate acts such as mergers, spin-offs, divestitures, corporate relocations, layoffs, corporate bankruptcy, or receivership, (2) total or partial Plan terminations (including any employer action which results in a work force reduction of more than 20%), (3) Sales or closing of all or a part of the employer's operations, (4) Retirement incentive programs, (5) the liberalization of Plan withdrawal or transfer rules, (6) Plan re-enrollments, or (7) prohibited participant communications. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. See Note 6 for more information.

Note 6 – Termination of Fully Benefit Responsive Investment Contract and Purchase of New Contract

Effective March of 2024, the Plan terminated a fully benefit responsive investment contract with Voya Retirement Insurance and Annuity Company. Under the terms of the contract, termination prior to the scheduled maturity date required a Market Value Adjustment (MVA). The Plan terminated the contract in March of 2024 and was charged an MVA of \$107,152. This MVA affected 70 participants.

Subsequently, the Plan entered into a new fully benefit responsive contract with the Standard Insurance Company, effective April of 2024, to continue to provide participants with a stable value investment option. The new contract is a fixed-income contract supported by the underlying assets of the insurance company.

SEVEN SEVENTEEN CREDIT UNION, INC.
401(K) SAVINGS PLAN FOR UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

At the time of termination of the old contract, the value of the prior investment contract was \$1,065,693, which was charged a Market Value Adjustment of \$107,152 in accordance with the contract terms. The net investment was transferred to the new investment contract for \$958,541. The Plan contracted with Standard Insurance Company to purchase the Apex Guaranteed Fixed Income investment and as part of the contract agreement, the Standard Insurance Company agreed to pay the MVA to make the participants accounts whole with the new investment contract. As per the agreement, Standard Insurance Company will be paid back the amount of the MVA by taking 1.45% of the guaranteed fund interest rate until the accumulated value of repayment due is equal to the initial MVA, or for a period of 7 contract years, whichever occurs first.

The new investment contract is structured to provide for participant-directed withdrawals and exchanges at contract value, consistent with the Plan's prior arrangement.

The crediting rate at December 31, 2024, for the new contract was 3.57% which reflects the 1.45% rate reduction as described above. Crediting rates are set semi-annually by the Standard Insurance Company.

Note 7 – Party-in-Interest Transactions

Certain plan investments are managed by Voya Retirement Insurance & Annuity Company, who was the Plan's Trustee and Investment Custodian until March 31, 2024. Beginning April 1, 2024, certain plan investments are managed by Fidelity, who is the Plan's Trustee and Investment Custodian. The Plan paid direct expenses to the recordkeeper Fidelity Investments Institutional and TPA CBIZ Benefits and Insurance Service of approximately \$18,000 for the plan year ending December 31, 2024. Indirect compensation (that is netted against investment income on the Statement of Changes in Net Assets Available for Benefits) is paid to the Investment Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. Upon Plan termination, all participant accounts become 100% vested.

Note 9 – Plan Amendment and Tax Status

The Plan is utilizing a non-standardized prototype plan, which has been filed with the IRS and has received a favorable opinion letter dated June 30, 2020, from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter upon adoption of the Plan nor on any subsequent amendments. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2024.

The Plan permitted provisions of SECURE Act 2.0 during the years ended December 31, 2024 and 2023. Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

**SEVEN SEVENTEEN CREDIT UNION, INC.
401(K) SAVINGS PLAN FOR UNION EMPLOYEES**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

GAAP in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 – Risks and Uncertainties

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 11 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at year end to Form 5500:

	December 31, 2024	December 31, 2023
Net assets available for Plan benefits per the financial statements	\$ 18,442,821	\$ 15,544,320
Adjustment for year end profit share contribution receivable	(348,974)	(298,794)
Net assets available for Plan benefits per Form 5500	\$ 18,093,847	\$ 15,245,526

The following is a reconciliation of net gains and losses per the financial statements to the Form 5500:

	December 31, 2024
Net increase in assets available for benefits per the financial statements	\$ 2,945,989
Employer discretionary contribution receivable - current year	(348,974)
Employer discretionary contribution receivable - prior year	298,794
Net increase in assets available for benefits per the 5500	\$ 2,895,809

The Plan held investments in a pooled separate account, as classified in the financial statements included herein. The pooled separate account did not file a Form 5500 for the direct filing entity, therefore, the underlying assets, which are deemed to be subaccounts of the pooled separate account, have been reported on the Form 5500, Schedule H as mutual funds.

Note 12 – Transfers Into Plan

During 2024, certain participants of the Plan Sponsor's Union Plan became Non-Union salaried employees and transferred assets from the Union Plan into the Salaried Plan. The total transfers out of the Union Plan were \$47,488 for the Plan year ending December 31, 2024.
