Plan Administrator and Plan Management
The Paducah Bank & Trust Company, Inc. 401(k) and
Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of The Paducah Bank & Trust Company, Inc. 401(k) and Employee Stock Ownership Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years ended December 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audits evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter – Investments

As discussed in Note 5, the financial statements include investments representing approximately 37 and 34 percent of total assets as of December 31, 2024 and 2023, respectively, whose fair value has been estimated by an independent appraisal, in the absence of readily ascertainable fair values, with the assistance of management and approved by the Trustee. Because of the inherent uncertainty of the valuation, the estimated value may differ significantly from the value that would have been used had a market for the investment existed, and the difference could be material.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Supplemental Schedules Required by ERISA (Continued)

In our opinion, the information in the accompanying schedules, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Plan Description

The following description of The Paducah Bank & Trust Company, Inc. (Bank) 401(k) and Employee Stock Ownership Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

401(k)

The Plan is a defined contribution plan covering all eligible employees of the Bank who have completed one hour of service. The Plan is subject to the provisions of ERISA. The Plan administrator is responsible for oversight of the Plan. The KSOP Administrative Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

ESOP

The Plan operates, in relevant part, as an ESOP and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the applicable provisions of ERISA. The Plan administrator is responsible for oversight of the Plan and reports to the Bank's KSOP Administrative Committee. The current Trustee of the Plan is the Chairman of the Board of Directors.

Employees of the Bank are generally eligible to become participants of the Plan after one year of service providing they have worked at least 1,000 hours during such Plan year. Once eligible, participants can enter the Plan at quarterly entry dates during the Plan year on January 1, April 1, July 1, and October 1. Participants who have not completed 1,000 hours of service during such Plan year, or are not actively employed on the last day of the Plan year, are generally ineligible for an allocation of Company contributions for such year.

Contributions

401(k)

Each year, participants may contribute up to 100 percent of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes matching contributions at the discretion of the Board of Directors. The Board of Directors elected to have a match equal to 50 percent of the first six percent of base eligible compensation that a participant contributes to the Plan. The Company may make discretionary contributions as determined annually by the Company's Board of Directors. There were no discretionary contributions for the years ended December 31, 2024 and 2023. Contributions are subject to certain Internal Revenue (IRS) limitations.

The Company's cash ESOP contributions for the years ended December 31, 2024 and 2023 were \$421,500 and \$413,098, respectively. NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note 1 – Plan Description (Continued)

Participant Accounts

401(k)

Each participant's account is credited with the participant's contributions, Bank's matching contributions, and Bank's discretionary contributions, if any. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ESOP

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock or mutual funds purchased with the Company's contributions and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Bank as of the last day of the Plan year will receive an allocation. Allocations and Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Bank's contribution portion of their account is based on years of continuous service as defined in the Plan. A participant is 100 percent vested after six years of credited service. A participant also becomes 100 percent vested upon death, disability, or normal retirement age.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Note 1 – Plan Description (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or in annual installments based on Plan provisions. ESOP distributions and 401(k) distributions, to the extent invested in Company stock, are made in cash. Participants who have attained age 59 ½ may elect to receive either a partial withdrawal or lump-sum amount equal to the value of the participant's vested interest in his or her account. Participant's may request a hardship withdrawal of a portion of their account attributable to participant deferrals. Any hardship withdrawal is limited to the amount needed to meet the financial need. Participants may elect to receive one or more in-service distributions in connection with a terminal illness or federally declared disaster, and one in-service distribution in connection with domestic abuse, based on Plan provisions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Bank. Expenses that are paid by the Bank are excluded from these financial statements. Fees related to the administration of distributions from the Plan are included as a deduction on the statements of changes in net assets available for benefits.

Voting Rights

In accordance with the provisions of the Plan, voting rights are divided between participants and the Trustee. For routine business matters presented at the annual shareholders' meeting, the Trustee exercises voting rights in a matter deemed to be in the best interest of the Plan. In the event of a proposed corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all the assets of the Company or such similar transactions for the Company, each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required; however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Note 1 – Plan Description (Continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant each year until the year during which the participant incurs a termination of employment. In each of the first five years, a participant may diversify up to 25 percent of the Company common stock allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. The portion of the Company common stock in the participant's account for a participant that elects to diversify is liquidated and reinvested in the 401(k) portion of the Plan. The election to diversify is made subsequent to year-end based upon the shares of Company common stock in the participant's account at year-end.

Forfeited Accounts

401(k)

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$26,503 and \$4,365, respectively. These accounts will be used to reduce future employer contributions. Also, in 2024 and 2023, employer contributions were reduced by \$1,598 and \$6,007, respectively, from forfeited nonvested accounts.

ESOP

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the future Plan year. Forfeitures allocated to participants for the years ended December 31, 2024 and 2023 totaled \$34,575 and \$73, respectively. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0 and \$690, respectively.

Note 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and distributions are accrued on the ex-dividend/distribution date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 5 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the daily closing price, representing NAV of shares held by the Bank which are included in cash and cash equivalents.

Note 5 – Fair Value Measurements (Continued)

Paducah Bank Shares, Inc. common stock: The Company common stock held by the Plan is reported at fair value based upon an independent appraisal.

Following is a description of the valuation methodologies used for Level 3 assets measured at fair value.

The valuation process involves Plan management’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the ESOP Trustee, reviews in detail, discusses, and approves.

The Company common stock held by the Plan is reported at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques, which is consistent with prior years.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024

Note 6 – Administration of Plan Assets

The Plan’s Company common stock is held by the Trustee of the Plan. Bank contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income (if any) and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan. The Bank pays directly any other permissible fees related to the Plan’s operations.

Note 7 – Company Distributions

The Company declared and paid distributions to the Plan of \$899,617 and \$740,119 for the years ended December 31, 2024 and 2023, respectively.

THE PADUCAH BANK & TRUST COMPANY, INC. 401(K) AND EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Note 8 – Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of common stock of Paducah Bank Shares, Inc., the holding company of the Bank, and certain mutual funds managed by American Funds, who also serves as the custodian of those funds; therefore, these transactions qualify as party-in-interest transactions. The Plan also paid recordkeeping and other administrative fees to various parties-in-interest. The Plan made direct payments to the related parties and parties-in-interest of \$152,862 and \$116,557 for the years ended December 31, 2024 and 2023, respectively.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Bank's employer matching and ESOP contributions.

Note 10 – Tax Status

The IRS has determined and informed the Bank by a letter dated March 3, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and; therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 11 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Additionally, the Plan invests in Company common stock, which represents approximately 37 percent and 34 percent of total investments at December 31, 2024 and 2023, respectively.
