INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Crossroads School for Arts & Sciences Defined Contribution
Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crossroads School for Arts & Sciences Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crossroads School for Arts & Sciences Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Crossroads School for Arts & Sciences Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan documents and related adoption agreement for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan, is sponsored by Crossroads School for Arts & Sciences (the "Employer" or "Plan Sponsor") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC) and was established effective December 1, 1989, and most recently restated effective July 1, 2023. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the IRC.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The Organization has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Plan Sponsor is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Plan Sponsor has delegated certain functions related to the operation and administration of the Plan. Teachers Insurance and Annuity Association ("TIAA"), College Retirement Equities Fund ("CREF"), and Empower Trust Company, LLC ("Empower") are responsible for the custody and management of the Plan's assets. TIAA, CREF, and Empower are collectively referred to herein as the "Custodians". An affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees, regardless of age or tenure, except for temporary employees and part-time employees, are immediately eligible to defer their compensation (or a portion thereof) into the Plan. Part-time, temporary, and seasonal employees who are scheduled to work less than 950 hours in a fiscal year are excluded from all Employer contributions, unless they complete a year of service. Under the Plan, the definition of years of service includes prior service with an educational institution.

Contributions

Each year, participants may contribute up to the limits permitted under the IRC of their pretax annual compensation, as defined in the Plan. The Plan also allows participants to make Roth after-tax contributions subject to IRC combined limits. The maximum combined allowed deferral amount was \$23,000 in 2024. Participants who have attained age 50 before the end of the Plan year were eligible to make additional catch up contributions of \$7,500 in 2024.

The Employer will make Employer contributions of deferrals in accordance with the following schedule:

<u>Years of Service</u>	<u>Employer Contribution Percentage</u>
Up to 5 years	Dollar for dollar up to 5%
6	6%
7	7%
8 or more	8%

Participants may also contribute amounts representing distributions from other qualified defined benefit, defined contribution plans, and individual retirement accounts (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may invest their accounts in any increments among the funds and may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers, and allocations of Employer contributions and Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals, Roth after-tax and Employer contributions, plus actual earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participant notes receivable bear a reasonable rate of interest and the interest rate for notes receivable is fixed at the time of issuance. Participant notes receivable range from one to five years for general purpose loans and extend up to ten years for principal residence loans. Participant notes receivable are secured by the remaining vested balance in the participant's account. Proceeds are remitted to the participant's account. As of December 31, 2024, interest rates range of 4.25% to 9.50% and maturities through September 2033.

Plan loans

Plan loans, which were no longer offered as of December 31, 2021, were available to participants through TIAA, subject to certain limitations. Participants were eligible to borrow up to 50% of the vested balance in their account to a maximum of \$50,000. Plan loans were issued directly from funds owned by TIAA and not directly from the participant's account. A portion of the participant's account was reserved as collateral to cover 110% of the outstanding loan in case of default. Accordingly, Plan loans were not included in the net assets available for benefits of the Plan; however, the collateral is reported as part of the net assets of the Plan. Collateral was held in the TIAA Traditional Annuity as either a part of a Group Savings Retirement Account (GSRA) contract, Retirement Account (RA) contract or as a separate Retirement Loan (RL) contract. For loans with collateral held in a GSRA, principal repayments increased the amount of funds available for the participant's use. For RL contracts, principal repayments were transferred to the CREF Money Market Investment option in the participant's RA or GSRA contract.

Based on participants' collateral investment, TIAA determined the loan interest rate. For all Plan loans, interest is paid directly to TIAA. As of December 31, 2024 and 2023, Plan loans totaled \$17,065 and \$16,811, respectively, and the interest rates ranged from 4.09% to 4.60%.

If an employee defaults on a loan and has a triggering event such as separation from service, retirement, death, disability or attainment of age 59½, the loan is treated as a deemed distribution and funds held as collateral in the Plan are paid to TIAA. When a loan default occurs prior to a triggering event, the funds that are held as collateral in the Plan are transferred to the Plan Loan Default Fund and are not paid to TIAA until a triggering event occurs. As of December 31, 2024 and 2023, the balance of the Plan Loan Default Fund was \$17,065 and \$16,811, respectively.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination of employment, financial hardship, disability or death. Upon termination of employment, if a participant's account balance is less than or equal to \$5,000, the balance may be distributed immediately in a lump-sum cash payment. If a participant's account balance exceeds \$5,000, upon termination, the participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, purchase an annuity contract, or may postpone payment to a later date and remain in the Plan as described in the plan documents. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid directly by the Employer for the year ended December 31, 2024. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all the costs and expenses of operating the Plan. Such expenses include, but are not limited to investment expenses and costs to process distributions and qualified domestic relations orders. Generally, the Employer pays for any administrative expenses of the Plan. The Plan is not required to reimburse the Employer for expenses paid on its behalf.

Plan investments generate revenue credits from which the Custodians deduct 41 basis points annually for costs they incur related to administering the Plan. Excess revenue credits, if any, are deposited into the Plan's Revenue Credit suspense account (RCA) and are shown as other income on the statement of changes in net assets available for benefits which may be used to pay direct, reasonable and necessary expenses of the Plan as defined by ERISA. No excess revenue credits were received by the Plan for the year ended December 31, 2024.

Forfeited accounts

The Plan provides that forfeited accounts can be used to pay the Plan's administrative expenses or reduce Employer contributions. Forfeitures of \$35,014 were utilized to pay administrative expenses for the year ended December 31, 2024. There were no unallocated funds resulting from forfeited accounts as of December 31, 2024 or 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for benefits and changes in those net assets.

Crossroads School for Arts & Sciences Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and changes therein.

Investment valuation and income recognition

The Plan's investments in mutual funds, variable annuity contracts and the pooled separate account are stated at fair value. The non-fully benefit-responsive fixed annuity contracts are reported at contract value, which approximates fair value, therefore are carried at fair value in the statement of net assets available for benefits. The fully benefit-responsive fixed annuity contracts are reported at contract value, as reported to the Plan by the Custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments sold, as well as held, during the year. Investment related expenses are paid indirectly at the investment fund level and impact the Plan's earnings.

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer contributions are recorded in the year they are earned and to coincide with the year in which the Employer records the contributions in its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Contributions representing participant rollovers from other qualified defined benefit, defined contribution plans, and individual retirement accounts are recorded when received.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Payment of benefits are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

3. FAIR VALUE MEASUREMENTS

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

Level 1 - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;

Level 3 - inputs are unobservable inputs for the assets or liabilities and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS (continued)

The following methods and assumptions were used to estimate the fair value of financial instruments: There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds and Pooled Separate Account - mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end which are quoted in an active market. The investment in the pooled separate account consists of a unitized fund containing real estate properties and real estate-related investments and is valued at the NAV of shares held by the Plan at year end which are quoted in an active market. The mutual funds and the pooled separate account held by the Plan are deemed to have a readily determinable fair value and are classified within Level 1 of the fair value hierarchy.

CREF Variable Annuities - The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF accounts are deemed actively traded, and thus are classified within Level 1 of the fair value hierarchy. Data for values are available daily to Plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources.

TIAA Access Variable Annuities - The fair values of subaccount units held by the Plan in TIAA Access Accounts are calculated daily by the issuer and the underlying investments are generally valued using market quotations obtained from independent pricing sources. Data for values are available daily to Plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. The underlying holdings include proprietary and nonproprietary mutual funds through various subaccounts. The net asset value is calculated by the issuer on a daily basis, thus are classified within Level 1 of the fair value hierarchy.

TIAA Traditional Fixed Annuity - The Plan's investment in TIAA Traditional Annuity is reported at contract value, which approximates fair value, and segregated into non-fully benefit-responsive and fully benefit-responsive categories. The non-fully benefit-responsive guaranteed annuity contracts are presented at fair value on the face of the Plan's financial statements and are carried at Level 3 within the fair value hierarchy. The fully benefit-responsive guaranteed annuity contracts are presented at contract value on the face of the Plan's financial statements and are not categorized within the fair value hierarchy. The Plan purchased and sold investments in non-benefit-responsive contracts of \$377,324 and \$584,953 respectively, during the year ended December 31, 2024. Transfers out of the non-fully benefit-responsive contracts totaled \$197,271 during the year ended December 31, 2024.

4. INVESTMENT CONTRACTS WITH TIAA

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including the Retirement Annuity (RA), Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), Retirement Choice (RC) and Retirement Choice Plus (RCP). The RA and the RC are considered a non-fully benefit-responsive contracts and the GSRA, SRA and the RCP are considered fully benefit-responsive contracts.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported by the Custodians. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As of December 31, 2024 and 2023, fully benefit-responsive contracts held with TIAA totaled \$3,142,614 and \$3,095,199, respectively. Crediting rates for both the GSRA and SRA ranged from 4.00% to 5.25% and the crediting rate for the RCP ranged from 4.25% to 5.50% as of December 31, 2024.

The Plan administrator is not aware of reserves against any contract values for credit risk of the TIAA or otherwise. The TIAA Traditional Annuity provides a guarantee of principal and a guaranteed minimum rate of interest between 1% and 3%. The contract also offers the opportunity for additional amounts in excess of the guaranteed rate. When declared, additional amounts remain in effect for the 12-month period that begins each March 1. Additional interest is not guaranteed for future years.

4. INVESTMENT CONTRACTS WITH TIAA (continued)

Certain events limit the ability of the Plan to transact at contract value with the TIAA. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the TIAA or Plan participants.

The contracts do not permit TIAA to terminate the agreement prior to the scheduled maturity date.

5. INVESTMENT CONTRACT WITH EMPOWER

Effective December 31, 2020, the Plan's investment in the Guaranteed Interest Account (GIA, "contract" or "account") is unconditionally guaranteed by Empower Annuity Insurance Company of America (formally Great-West Life & Annuity Insurance Company). The GIA is a general account product offered through a group annuity contract. Participant principal and interest are backed by the entire general account assets of Empower. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value in the Plan's financial statements. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as certified to by Empower represents participant contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. As of December 31, 2024 and 2023, the GIA held with Empower totaled \$2,288,959 and \$3,371,920, respectively. The interest rate as of December 31, 2024 was 1.50%.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Crediting rates for the contract are reset every quarter, semi-annual or annual basis and is based on a contract with the plan sponsor. In no event will the guaranteed rate be less than the minimum guaranteed rate, which will be no less than 1% or more than 3%, as determined by a formula in the contract with the Plan Sponsor. The GIA is subject to competing fund transfer restrictions on participant-initiated transfers. Upon termination of the group annuity contract, if the Plan Sponsor chooses a book value payout for termination, participant transfer restrictions may apply until the money is paid to the next provider.

5. INVESTMENT CONTRACT WITH EMPOWER (continued)

The GIA can be terminated by the issuer if the total fair value of the investments or the annual contribution amounts fall below minimum levels as stated in the contract. There are no circumstances that would allow the issuer to terminate the contract and settle in amount other than contract value. The GIA can also be terminated by either the Plan Sponsor or the issuer for additional reasons as defined in the contract. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) the Plan breaches a provision of the agreement with the issuer (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Empower or the Plan's participants are probable of occurring.

6. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodians, determined to be qualified institutions by the Plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year)("supplemental schedule"). The Custodians have certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments, dividends and interest (including interest income on notes receivable from participants) and other income as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024; and,
- Investments and notes receivable from participants reflected on the supplemental schedule as of December 31, 2024.

7. PLAN TERMINATION

Although the Plan Sponsor has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue all contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

8. TAX STATUS

The Plan has adopted the Empower Retirement, LLC Volume Submitter 403(b) Plan. The Internal Revenue Service has informed Empower Retirement, LLC by a letter dated March 31, 2017, that its volume submitter plan was designed in accordance with applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not considered to be parties-in-interest.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer and certain others. As such, transactions conducted by the Custodians and their affiliates, including fee offset agreements, qualify as exempt party-in-interest transactions.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts. Any excess amounts above the record keeping fees are credited back to the participants invested in the specific funds.

Certain Plan's investments are owned and managed by the Custodians, therefore these investment transactions qualify as exempt party-in-interest transactions.

The Custodians retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.
