Independent Auditors' Report

To the Plan Administrator of
Hub Truck Rental Corp. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Hub Truck Rental Corp. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets (deficit) available for benefits as of December 31, 2024, and the related statement of changes in net assets (deficit) available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Hub Truck Rental Corp. Employee Stock Ownership Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hub Truck Rental Corp. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hub Truck Rental Corp. Employee Stock Ownership Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hub Truck Rental Corp. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hub Truck Rental Corp. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - 2023 Financial Statement

The financial statements of Hub Truck Rental Corp. Employee Stock Ownership Plan as of December 31, 2023, were audited by other auditors whose report dated August 15, 2024, expressed an unmodified opinion on those statements.

Hub Truck Rental Corp. Employee Stock Ownership Plan

Notes to Financial Statements

As of December 31, 2024 and 2023 and
For the Year Ended December 31, 2024

1. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a leveraged employee stock ownership plan ("ESOP") established effective January 1, 2009, as restated January 1, 2017. Effective January 1, 2020, March 16, 2022 and January 1, 2023, the Company amended the plan. The Plan covers all employees, excluding non-resident aliens, leased employees, and union employees, in addition to employees who do not meet the age and service period requirements below. Employees, of HUB Truck Rental Corp. (the "Company") who have completed one year of service and are age 21 or older. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The ESOP Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted. Participants who are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year. Additional discretionary amounts may be contributed by the Company at the option of the ESOP Committee. For the year ended December 31, 2024, there were no discretionary contributions to the Plan.

As of December 31, 2024 and 2023 and
For the Year Ended December 31, 2024

1. Description of Plan (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of the Company's discretionary contributions and, on the last day of each plan year, an allocation of the Company's common stock shares released from the unallocated account, as well as forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated, as defined in the plan agreement, to each participant's account based on the ratio of the participant's account balance to all participants' account balances.

Vesting

If a participant's employment with the Company is terminated for any reason other than retirement, permanent disability, or death, vesting in their contributions is based on years of continuous service. A participant is 20 percent vested after two years of credited service and continues to vest in increments of 20 percent until 100 percent vested after six years of credited service.

Voting Rights

Argent Trust Company, the Trustee, using its discretion as to what is in the best collective interest of the Plan participants, generally votes all shares of the Company Stock held by the Plan with respect to all corporate matters which Company shareholders are entitled to vote. However, each participant is entitled to direct the Trustee as to the voting of shares in his or her account with respect to approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution and sale of substantially all assets of the Company. On all other matters, the Trustee is entitled to vote, as directed by the ESOP Committee, all shares of Company stock Allocated to participants and all shares of Company stock in the Unallocated Stock Suspense Account.

1. Description of Plan (Continued)

Payment of Benefits

Under the Plan, the distribution policy for the Plan may be amended from time to time by the Company. Distributions are recorded when paid.

Eligibility and form of payment

After termination of service a participant shall be entitled to receive distributions, in cash, of their vested account balance.

Timing of distributions

If a participant retires at normal retirement age, dies or is disabled while in the employ of an Employer or a Related Company, distribution of the Participant's Accounts will commence no more than one year following the end of the Plan Year in which the Participant's Settlement Date occurs, unless the Participant elects a later date.

If a participant resigns or is dismissed, distribution of the Participant's Accounts will commence no more than one year following the end of the Plan Year in which occurs the fifth anniversary of the Participant's Settlement Date.

Other distributions

If a participant terminates employment other than for retirement, death or disability and the value of the participant's vested account balance is less than \$5,000 such vested Account shall be paid without the Participant's consent in a lump sum. However, if the amount of such cash-out distribution exceeds \$1,000 and the Participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly, then the Administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Administrator.

For the Year Ended December 31, 2024

1. Description of Plan (Continued)

If the terminated participant's balance is greater than \$5,000 no portion of such Account may be distributed before the Participant attains Normal Retirement Age without the Participant's written consent.

Participants must begin to receive your benefits no later than April 1st of the calendar year following the calendar year in which the participant reaches age 70 ½ only when you are no longer employed by the Company.

Calculation of the amount of distributions

Under the Current Distribution policy adopted by the Plan, if at the date that a distribution is made to a terminated participant the fair market value of that participant's account is \$5,000 or less a lump sum payment will be paid to the participant. If the fair market value of the participant's account at the date of distribution is greater than \$5,000 the balance shall be paid in substantially equal annual installments over a period not to exceed five years. However, each such installment shall be in an amount at least equal to the lesser of \$1,000 or the remaining balance in the Participant's Accounts, even if this results in a complete distribution in a period less than five years. A participant with an account balance less than \$50,000 may elect to receive a lump sum distribution of the entire account balance instead of installment payments as previously described.

Fair market value of distributions

Fair market value of a participant's account is determined, at each distribution date, using the fair market value of the Company Stock and other investments in the participant's account as of the end of the previous Plan Year end.

The fair market value of Company Stock shall be determined, as of the last day of each Plan Year, by an independent appraiser.

1. Description of Plan (Continued)

Reshuffling upon termination of employment

A terminated Participant has no right to keep his/her Account invested in Company Stock. Effective as of the end of the Plan Year in which termination occurred, to the extent that cash is available in the Plan, the Company Stock in his/her Account shall be transferred from his/her ESOP Stock Account to the ESOP Stock Accounts of non-terminated Participants (in proportion to the balances of those Accounts) in exchange for cash of equal value in ESOP Cash Accounts, so that the Account of the terminated Participant consists entirely of an ESOP Cash Account. If the ESOP Cash Accounts of the non-terminated Participants have insufficient assets of equal value to be exchanged for all the Company Stock in the ESOP Stock Account of the terminated Participant, then the Employer may contribute funds to the Plan to cover all or any portion of the shortfall. The provisions of this section shall be effective and apply to any terminated Participant, regardless of the date that such Participant's employment terminated.

The purpose of this exchange is to assure that the Accounts of active Participants are invested in Company Stock, to the maximum extent possible within the assets available to the Trust, and to assure that the Accounts of terminated Participants are invested in assets other than Company Stock, to the maximum extent possible within the assets available to the Trust.

Forfeited Accounts

Plan forfeitures are allocated to each participant's account in the same manner in which the Company contributions are allocated. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0 and \$0, respectively. These accounts will be allocated to participant accounts of those employed on the last day of the plan year. During 2024, \$92,371 was allocated to participant accounts from forfeited nonvested accounts, in accordance with plan provisions.

1. Description of Plan (Continued)

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants who are at least 55 years old and have participated in the Plan for at least 10 years (a Qualified Participant). During each of the first four years of eligible diversification, a Qualified Participant may withdraw up to 25% of the value of their investment in Company common stock, less any shares previously diversified, and transfer the amount as a rollover into another qualified plan or as a cash withdrawal. In the fifth and subsequent years, the percentage amount that can be withdrawn increases to 50%. The election to diversify is made subsequent to year-end based upon the shares of Company stock in the participant's account at year-end.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies (Continued)

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Rebalancing of Accounts

The Plan provides for rebalancing feature at the end of each plan year after all allocations of stock and cash to participants. Each participant's Company stock account is adjusted annually to have the same percentage of employer stock or other assets as other plan participants. After the reallocation of Company stock, the value held in each participant's other investments account is adjusted so that the total value of the participant's account is equal to the total value of the participant's account prior to reallocation.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's ESOP Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

Subsequent events were evaluated through October 14, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

3. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Company common stock. Valued at estimated fair value based on an independent third-party appraisal using a combination of widely used valuation approaches, including the market and income valuation techniques. The appraiser considered inputs such as historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities, along with a discount for lack of marketability where appropriate.

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 375,518	\$ -	\$ -	\$ 375,518
Company common stock	-	-	27,850,153	27,850,153

3. Fair Value Measurements (Continued)

Changes in Fair Value of Level 3 Assets

Changes in fair value of the Company common stock is attributable to unrealized losses on assets held at the reporting date in the amount of \$682,340 and share distributions. Unrealized losses resulting in the change in fair value of the Company common stock are reported in net depreciation in fair value of investments in the statement of changes in net assets (deficit) available for benefit. During the Plan year ended December 31, 2024, 2,524 shares were distributed in the amount of \$967,852 and are included in benefits paid to participants in the statement of changes in net assets (deficit) available for benefit.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2024 and 2023, the significant unobservable inputs and the quantitative information about those inputs.

Instrument	2024		2023		Principal Valuation Technique	Significant Unobservable Inputs
	\$		\$			
Company common stock	\$	27,850,153	\$	29,500,344	Income	EBITDA, net income, capital expenditure, weighted average cost of capital, discount rate, discount for lack of marketability
					Market	Public Company comparables, revenue multiple, EBITDA multiple, discount for lack of marketability

4. Investment in Common Stock

5. Notes Payable

On October 15, 2010, the Company purchased 27,428.5714 shares of the Company common stock from stockholders for \$12,000,000 using the proceeds of a loan from the Company, which had obtained financing from a third party (“Share Acquisition 1”). The loan is payable in 20 annual installments of \$545,884 of principal plus interest at 3.32% and matures on December 31, 2030.

On December 30, 2010, the Company purchased 12,571.4286 shares of the Company common stock from stockholders for \$5,500,000 using the proceeds of a loan from the Company, which had obtained financing from a third party (“Share Acquisition 2”). The loan is payable in annual installments of \$250,836 of principal plus interest at 3.53% and matures on December 31, 2030.

On June 11, 2019, 37,000 shares of the Company common stock were purchased from the Company for \$13,172,000 using the proceeds of a loan from the Company, which had obtained financing from a third party (“Share Acquisition 3”). The loan is payable in annual installments of \$442,341 of principal plus interest at 2.76% and matures on December 31, 2048.

On December 23, 2021, the Company acquired Public Service Truck Renting, Inc. (“PST”), a full service leasing company of commercial trucks which was 100% owned by an ESOP. As consideration for the acquisition, the Company issued 1,150 additional Class A Voting Common Stock to the PST ESOP in exchange for PST stock. Effective March 16, 2022, the PST ESOP was merged into the Plan. This resulted in the transfer of 1,150 shares with a fair value of \$466,210 as well as the outstanding loan balance in the amount of \$15,511,644 to the Plan. At the date of plan merger 28.75 of the 1,150 shares were allocated to participants. The loan is payable in annual installments of \$550,241 of principal plus interest at 1.73% and matures on December 31, 2060.

The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the Plan. The borrowings are collateralized by the unallocated shares of common stock. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, multiplied by the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 3,110.9979 shares being released and allocated for the plan year ended December 31, 2024.

The scheduled amortization of the loan for subsequent years is as follows:

Year	
2025	\$ 1,490,653
2026	1,495,786
2027	1,501,007
2028	1,506,319
2029	1,511,723
Thereafter	22,179,829
Total	\$ 29,685,317

6. Related-Party and Party In Interest Transactions

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

The Plan invests in Company common stock. These are related party and party in interest transactions. As described in Note 2, the Company may pay plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the ESOP Committee directs the Trustee to pay all liabilities and expenses of the Plan and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan agreement and the IRC. In the event of Plan termination, participants would become 100 percent vested.

8. Tax Status

The IRS has determined and informed the Company by a letter dated December 2, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets (Deficit) Available for Benefits.
