## INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of  
Roofers Union Local 30  
Combined Retirees Health Plan  
Philadelphia, Pennsylvania

### *Opinion*

We have audited the financial statements of Roofers Union Local 30 Combined Retirees Health Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Roofers Union Local 30 Combined Retirees Health Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Roofers Union Local 30 Combined Retirees Health Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Roofers Union Local 30 Combined Retirees Health Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Roofers Union Local 30 Combined Retirees Health Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Roofers Union Local 30 Combined Retirees Health Plan 's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

***(1) Description of the Plan and Funding Policy***

The following description of the Roofers Union Local 30 Combined Retiree Health Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

***General*** - The Plan is a defined benefit health and welfare plan for qualified retirees who elect coverage under the Plan for themselves and their dependents. These qualified retirees are former commercial and residential roofers who were employed under the terms of a collective bargaining agreement (CBA) between the Roofing Contractors Association of Philadelphia and Vicinity (the "Employers"), the Delaware Valley Roofing Contractors' Association (the "Employers") and Roofers Union Local No. 30 (the "Union"), affiliated with the AFL-CIO. The Plan is administered by a Board of Trustees, comprised of Union officials and management of the employers. The Trustees have overall responsibility for the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

***Contributions*** - The CBA provides for retirees to contribute to the Plan through self-pay contributions. The amount of the contribution is dependent upon the age, credited service at retirement, and the scope of benefits selected for participants retired prior to 2015. After 2015, retired participants rates are based on 50% of the cost of benefits selected.

***Eligibility*** - All participants who retire on or after May 1, 1986 and have attained the age of 50, have been eligible in Roofers Local 30 Combined Health and Welfare Plan for 36 consecutive months prior to retirement, have at least ten years of continuous service in the Roofers Union Local 30 Combined Pension Plan, and are receiving retirement benefits from the Pension Plan are eligible to receive post-retirement health and welfare benefits. Participation in the Plan is voluntary and requires retirees' contributions.

***Benefits*** - The Plan provides hospitalization, surgical, major medical, prescription drugs, dental, vision and other health and welfare benefits through insured and/or a self-administered plan. Retirees are also covered under the life insurance death benefit.

***Refunds and Rebates*** - Prescription refunds due from the Plan's PBM are recorded when earned. Refunds due at year-end are recorded as receivable on the statements of net assets available for benefits, with the offset being classified against claims paid. Pharmacy rebates totaling \$215,869 and \$207,159 for the years ended December 31, 2024 and 2023, respectively, have been classified against benefits paid in the accompanying statement of changes in net assets available for benefits.

***(2) Summary of Significant Accounting Policies***

***Basis of Accounting*** - The accompanying financial statements are prepared on the accrual basis of accounting.

***Adoption of New Accounting Standard*** - Effective January 1, 2023, the Plan adopted ASC 326 which changed how entities will measure credit losses for certain financial assets that aren't measured at fair value through changes in net assets available to benefits. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing the Plan's exposure to credit risk and the measurement of credit losses. The primary financial asset held by the Plan that are subject to the guidance in ASC 326 is employers' contributions receivable. The impact of the adoption was not considered material to the financial statements and primarily resulted solely in enhanced disclosures.

COMBINED RETIREE HEALTH PLAN**

**Notes to Financial Statements**

---

***(2) Summary of Significant Accounting Policies (Continued)***

***Use of Estimates*** - The preparation of financial statements in conformity with U.S. generally accepted accounting principles generally accepted requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Payment of Benefits*** - Benefit payments to participants are recorded upon distribution.

***Subsequent Events*** - The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

***(3) Benefit Obligations***

The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated participants and their beneficiaries and dependents and (2) active participants and their beneficiaries and dependents after retirement from service with the participating employers. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Plan's participating employers and from existing Plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant assumptions used in the valuation as of December 31, 2024 and 2023 were: (1) Headcount-weighted Pri-2012 Blue Collar Healthy Employee and Annuitant and Disabled Retiree Mortality Tables set forward two years with generational projection using 50% of Scale MP-2020, (2) various retirement ages ranging from 50 to 65, and (3) a weighted average discount rate increased from 4.75% to 5.50%.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan terminated, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

**(3) Benefit Obligations (Continued)**

Information regarding the present value of the Plan's benefit obligations as of December 31, 2024 and 2023 is shown below:

	<u>2024</u>	<u>2023</u>
Postretirement Benefit Obligations:		
Current Retirees	\$ 6,953,946	\$ 8,346,316
Other Participants Fully Eligible for Benefits	3,846,768	3,937,712
Other Participants Not Yet Fully Eligible for Benefits	<u>3,278,195</u>	<u>3,685,989</u>
<b><u>Total Benefit Obligations</u></b>	<b><u>\$ 14,078,909</u></b>	<b><u>\$ 15,970,017</u></b>

The change in benefit obligations for the years ended December 31, 2024 and 2023 is shown below:

	<u>2024</u>	<u>2023</u>
Postretirement Benefit Obligations - Net of Amounts Currently Payable:		
Balance - Beginning of Years	\$ 15,970,017	\$ 18,172,156
Service Cost	522,883	572,292
Interest Cost	722,095	869,630
Expected Benefits Paid - Net of Retiree Contributions	(1,554,034)	(1,578,363)
Changes in Actuarial Assumptions	(1,582,052)	(42,612)
Actuarial Experience Loss	<u>--</u>	<u>(2,023,086)</u>
<b><u>Balance - End of Years</u></b>	<b><u>\$ 14,078,909</u></b>	<b><u>\$ 15,970,017</u></b>

The Plan's deficiency of net assets over benefit obligations at December 31, 2024 and 2023 relates to the postretirement benefit obligation, the funding of which is not covered by the contribution rate provided by the current CBA.

The weighted-average health care cost-trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, it would increase the postretirement benefit obligation as of December 31, 2024 and 2023 by \$866,851 and \$1,003,747, respectively.

In connection with the measurement of the postretirement benefit obligation, the Plan's actuary changed the follow assumptions:

As of December 31, 2024:

- The valuation-year per capita health costs and the future trend on such costs were revised based on recent experience and future expectations.
- The discount rate was increased from 4.75% to 5.50%.

As of December 31, 2023:

- The participation and coverage election assumption was lowered from 60% to 50%.
- The valuation-year per capita health costs and the future trend on such costs were revised based on recent experience and future expectations.
- The actuarial factors used to estimate individual retiree and spouse costs by age and by gender were updated. The new factors are based on a review of historical claims experience by age, gender, and status (active vs. retired) from Segal's claims data warehouse.
- The discount rate was decreased from 5.00% to 4.75%.

***(4) Related Party Transactions***

During the years ended December 31, 2024 and 2023, the employer contributions' allocation from the Roofers Union Local 30 Combined Health and Welfare Plan was \$928,587 and \$1,338,739, respectively. The amount of the fiscal year contribution allocation from the Health and Welfare Plan is equal to the amount of benefits paid and administrative expenses incurred which were in excess of contributions and rebates for the year. The amount payable to the Health and Welfare Plan at December 31, 2024 and 2023 was \$62,427 and \$151,895, respectively. Expenses incurred jointly by the Roofers Union Local 30 benefit plans that are allocated among the Plans as follows:

- Office expenses, including postage, printing, supplies and telephone, are allocated among the plans based upon their relative participant counts.

The net amount of the allocation to the Plan at December 31, 2024 and 2023 was \$80 and \$68, respectively.

On February 6, 2023, the Third-Party Administrator ("TPA") providing claim services to the Plan notified the Board of Trustees of certain participant eligibility errors made by the TPA resulting in overpayments of plan benefits. In September 2024, a settlement agreement was finalized between the Plan and the TPA for \$360,050 to settle the amounts owed and release the TPA of any further action.

***(5) Tax Status***

The Plan obtained its latest determination letter dated January 1, 2013, in which the Internal Revenue Service (IRS) states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

***(6) Plan Termination***

Although they have not expressed any intention to do so, the Trustees have the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

In the event of the termination of the Plan, the Trust funds are to be used to continue the payment of the benefits provided for in the Plan to eligible retired members, their dependents and beneficiaries or next of kin and to otherwise effectuate the purpose of the Plan.

***(7) Risks and Uncertainties***

***Actuarial Assumptions*** - The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates in the near term would be material to the financial statements.
