INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of

EvolveHR Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of EvolveHR Multiple Employer Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of EvolveHR Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of

our report. We are required to be independent of EvolveHR Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EvolveHR Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EvolveHR Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EvolveHR Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the EvolveHR Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a multiple employer defined contribution plan formed January 1, 2023, to provide retirement savings to the employees of EvolveHR (the "Company") and other participating employers. Employers in a multiple employer plan may have different benefit formulas for their participating employees. Accordingly, each adopting employer executes an adoption agreement with terms and conditions specific to such employer. Eligible employees may enter into the Plan on entry dates coinciding with or following the date on which those employees meet the eligibility requirements as outlined within their respective employer's adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversee governance of the Plan. The Board of Trustees determine the appropriateness of the Plan's investments offerings and monitors investment performance.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution, (b) Plan earnings (losses), (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions
Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market deposit account as investment options for participants. Contributions are automatically invested in a designated balance fund until changed by the participant. Contributions are subject to certain statutory limitations.

An employer may make a discretionary contribution each year as specified in the employer adoption agreement. As of December 31, 2024, the Plan's contributions receivable totaled $0.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the participating employer's contribution portion of their accounts plus actual earnings thereon is based on the years of continuous service. The vesting schedules are determined in accordance with the option selected by the participating employer in its adoption agreement.

Forfeitures
As of December 31, 2024, forfeited non-vested accounts may be used to either reduce future employer contributions or pay administrative expenses from the respective participating employer.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Investments
Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds from registered investment companies and a money market deposit account as investment options for plan participants.

Hardship Withdrawals
Participants may withdraw from the Plan part or all of the participant's contributions in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's 100% vested balance. The Trustees shall determine what portion of such account balance is necessary to alleviate the hardship. A financial hardship must be one of the reasons specified below:

1. Medical expense incurred by the participant, the participant's spouse, or any dependents of the participant;

2. The purchase (excluding mortgage payments) of a principal residence of a participant;

3. Certain educational expenses for the participant, his or her spouse, or dependents of the participant;

4. The need to prevent the eviction of the participant from his or her principal residence or foreclosure on the mortgage of his or her principal residence; or

5. Other events as may be prescribed by the Internal Revenue Service Commissioner in revenue rulings, notices, and other documents of general applicability.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Loans
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions or by other means permitted under the loan policy.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates
The preparation of the Plan's financial statement in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition
Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participants have the right to direct employer and employee contributions to any of the investment options offered by the Plan. The investment options are with registered investment companies and include a capital preservation fund and various stock and bond funds. The fund values are computed daily by the custodians and reflect changes in the unit values of the investments. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Administrative Expenses
Administrative expenses of the Plan, other than the general investment expenses incurred by the trustee, are paid by the Plan's sponsor as provided in the Plan document.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE (CONTINUED)

under ERISA for 2024. Accordingly, Charles Schwab Trust Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2024 to December 31, 2024.

	2024
Statements of Net Assets Available for Benefits:	
Interest in Mutual Funds	$ 39,617,860
Interest in Schwab Bank Savings	397,868
Total	$ 40,015,728

Certified investment balances and information as of December 31, 2024, are included in the supplementary schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024, respectively.

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 39,617,860	$ -0-	$ -0-	$ 39,617,860
Interest-bearing cash funds	397,868	-0-	-0-	397,868
Total investments at fair value	$ 40,015,728	$ -0-	$ -0-	$ 40,015,728

NOTE 5 - TAX STATUS

Although the Plan has not requested determination from the Internal Revenue Service as to the Plan's tax-exempt status, the prototype plan from which the Plan was drafted has received a favorable determination from the IRS. The trustees and the third-party administrator believe that the Plan is designed to operate in accordance with all applicable provisions of the Internal Revenue Code. Therefore, the trustees, as well as the third-party administrator believe that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or assets) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The prior three Plan years may be subject to income tax examinations.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, interest not previously vested will become immediately, completely vested and nonforfeitable.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST

Ameritas Life Insurance Corp, the Plan's third-party administrator, received annual administrative and asset fees per participant. Total fees paid to Ameritas for the years ended December 31, 2024, were $66,533. Total investment management fees paid to BKS Financial Investments LLC for the year ended December 31, 2024 were $49,411. Total investment advisory and management fees paid to LPL Financial for the year ended December 31, 2024 were $5,235. Charles Schwab Bank, the Trustee of the Plan, received $7,625 as well as indirect fees for custodial services. Total administrative fees paid to Evolve HR V, Inc., the Plan Sponsor, for year ended December 31, 2024 were $10,153.

Jason F. Clausen, P.C., the auditing firm for the plan, received $10,000 from the Plan for the audit.

NOTE 8 – FIDELITY BOND

As of December 31, 2024, the plan was covered by a fidelity bond in the amount of $100,000.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – CONCENTRATION OF CREDIT RISK

As of December 31, 2024, the Plan had greater than 10% of net assets available for Plan benefits in the following investments:

Investment	Amount	Percentage
Vanguard Target Retirement 2040	$ 6,405,533	16%
Vanguard Target Retirement 2035	4,752,347	12%
Vanguard Target Retirement 2045	4,614,504	12%

NOTE 11 – SUBSEQUENT EVENTS

The Plan Administrator has evaluated the financial statements for subsequent events occurring through the date of this report, which is the date the financial statements were available to be issued.
