To the Plan Administrator
Gilbert Orchards, Inc. 401(k) Plan
Yakima, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Gilbert Orchards, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier, in accordance with 29 CFR 2520.103-5 of the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GILBERT ORCHARDS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of the Plan

The following description of the Gilbert Orchards, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan is a defined contribution plan, established January 1, 1996. The Plan has been amended and restated throughout the years to comply with tax legislation and was most recently amended January 1, 2022. The Plan covers substantially all employees of Gilbert Orchards, Inc. (Plan Sponsor, the Company) except for employees covered by a collective bargaining agreement.

The Plan is administered by the Plan Administrator who receives assistance from a retirement plan administration organization, which processes and maintains records of participant account activity.

All contributions made to the Plan are held in a trust fund. The Plan Administrator is responsible for the safekeeping of the trust fund. The trust fund established by the Plan Administrator is the funding medium used for the accumulation of assets from which benefits are distributed.

Eligibility

To be eligible to participate in the salary deferral portion of the Plan, an employee must attain age 21 and complete 1,000 hours of service in a 12-month period, as defined in the Plan's provisions. Employees who meet the definition of long-term part-time (LTPT) employees as defined in the Secure Act may also be included in the salary deferral portion of the Plan. LTPT employees are defined as employees who perform 500 hours of service each year within a three-year period. Employees enter the Plan on the first day of the first month and seventh month of the Plan year following the completion of the eligibility requirements.

In order to receive employer contributions, an employee must be 21 years of age or older, complete 1,000 hours of service in a 12-month period, as defined by Plan provisions, and be employed on the last day of the Plan year.

Contributions

Participants may contribute up to the maximum annual federal dollar limit to pre-tax salary deferrals, as provided by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Transfers into the Plan from other qualified plans are allowed under the provisions of the Plan.

The Plan includes a safe harbor matching contribution of 100% of the participant's elective deferrals that do not exceed 4% of the participant's compensation. The Company contributed \$193,843 and \$155,951 in safe harbor matching contributions for the years ended December 31, 2024 and 2023, respectively.

Notes to Financial Statements

December 31, 2024 and 2023

The Company may elect to make discretionary matching contributions and discretionary nonelective contributions. The Company did not elect to make any discretionary matching contributions or discretionary nonelective contributions for the years ended December 31, 2024 and 2023. The Company made qualified nonelective contributions of \$0 and \$44 for the years ended December 31, 2024 and 2023, respectively.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollover contributions, and safe harbor matching contributions, plus actual earnings on those contributions. Vesting in the Company's discretionary matching and nonelective contributions is based on years of service. A participant is 100% vested in the Company's discretionary matching and nonelective contributions after three years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and accrue interest at the prime rate plus 2%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants are eligible to receive 100% of their vested account balance upon attaining normal retirement age of sixty-five years, death, disability, or break in service. Benefits are paid under various options, as defined in the Plan. The Plan allows for in-service distributions if a participant reaches normal retirement age and for hardship distributions subject to plan provisions. Prior to taking a hardship distribution, the participant must take all other distributions available under the Plan. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan Administrator will authorize the benefit payment without the participant's consent.

Investment Options

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Forfeited Accounts

Forfeitures, which are non-vested portions of participants' accounts at the point of termination from the Plan, will be placed in a suspense account and will be restored to the participant if rehired before five one-year breaks in vesting service have occurred. If the participant takes a distribution of their entire vested portion, the non-vested portion will be forfeited at that time. The non-vested amounts are then used to reduce administrative expenses or reduce future employer contributions to the Plan. There was in an immaterial amount of forfeitures at December 31, 2024 and 2023.

Notes to Financial Statements

December 31, 2024 and 2023

Administrative Expenses

The Plan pays all asset management and distribution fees. All other administrative expenses are paid by the Company. The Plan expenses are allocated based on participant account balances and those participants who elect to withdraw amounts from the Plan.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk consist of investments. Concentrations of credit risk with respect to investments are limited as the Plan maintains an investment portfolio that is diversified between various publicly traded investments. The Plan Administrator believes there is no significant risk with respect to these accounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The fair value of the investments is based on quoted market prices, if available. Otherwise, the fair values are determined by the issuers based on other investments with similar terms.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance, plus any accrued, but unpaid interest and classified as notes receivable from participants.

Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as investment fees and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2024 and 2023. The Plan Administrator treats a participant loan as a distribution if the participant fails to make up the missed scheduled loan payment by the end of the calendar quarter following the calendar quarter in which the default occurred.

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs based upon quoted prices in active markets for identical assets.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.
- Level 3 Inputs that are unobserved for the asset.

The following is a description of the valuation methodologies used by Plan management for assets measured at fair value. There have been no changes in the valuation methodologies used during the years ended December 31, 2024 and 2023.

Mutual Funds - The fair value of mutual fund investments is based on the daily closing prices reported on the exchange or listed market. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded and are considered Level 1 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payments of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2024 and 2023, there were no distributions that had been requested, but not yet paid.

(3) Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's auditors to not perform any auditing procedures with respect to investments and notes receivable from participants, that were certified by Empower Trust Company, LLC, the custodian of the Plan, for the years ended December 31, 2024 and 2023, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of U.S. GAAP.

GILBERT ORCHARDS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 3,049,303	\$ 3,049,303
Total investments at fair value	<u>\$ 3,049,303</u>	<u>\$ 3,049,303</u>

Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 2,322,594	\$ 2,322,594
Total investments at fair value	<u>\$ 2,322,594</u>	<u>\$ 2,322,594</u>

(4) Group Annuities with Insurance Companies

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (Empower). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Empower Investments Fixed Account (EIFA) credits interest daily to the group contract holder on a portfolio basis. The crediting interest rate may change or stay the same quarterly. The quarterly crediting rate applies to all money deposited in the group contract holder's EIFA account regardless of when it was deposited. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Notes to Financial Statements

December 31, 2024 and 2023

(5) Party-in-Interest Transactions

Empower Trust Company, LLC is the custodian of the Plan, Empower Retirement, LLC is the recordkeeper, and Alegria Asset Management is the third-party administrator (TPA) and investment advisor. Transactions with these service providers qualify as party-in-interest transactions. Total fees paid by the Plan for administration and investment advisory services amounted to \$20,123 and \$14,240 for the years ended December 31, 2024 and 2023, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and all assets would be held, administered, and distributed pursuant to the Plan's terms and conditions.

(7) Tax Status

The Plan document is based on the adoption of a prototype plan, which the Internal Revenue Service (IRS) has determined was designed in accordance with applicable sections of the IRC by a letter dated June 30, 2020. The Plan itself has not requested a determination letter. However, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan's income tax returns are subject to review and examination by federal and state authorities. The Plan is not aware of any activities that would jeopardize its tax-exempt status, nor is it aware of any activities that are subject to tax on unrelated business income or excise or other taxes. Plan amendments have had no impact on the Plan's tax status.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

(9) Subsequent Events

The Plan has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued.

Subsequent to year end, effective May 1, 2025, the Plan was amended to allow participants to make Roth deferral contributions. The amendment also increased the involuntary force-out limit from \$1,000 to \$5,000.
