## **INDEPENDENT AUDITOR'S REPORT**

To the Plan Administrator  
HALO 401(k) Profit Sharing Plan & Trust  
Sacramento, California

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the accompanying financial statements of HALO 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of HALO 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HALO 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HALO 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HALO 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HALO 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### *Other Matters*

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500, Schedule H, Line 4i is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted

auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### **Auditor's Report on the 2023 Financial Statements**

The 2023 financial statements of HALO 401(k) Profit Sharing Plan & Trust were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 14, 2024, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA,

**HALO 401(k) PROFIT SHARING PLAN & TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
For the year ended December 31, 2024

**A. Plan Description**

The following description of the HALO 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan subject to the provisions of ERISA.

The Plan was created on January 1, 2013 and was initially effected on January 1, 2016, and subsequently restated and amended on January 1, 2022. The Plan administrator believes that the Plan, as restated and amended, is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – The Board of Directors is responsible for oversight of the Plan. The CEO determines the appropriateness of the Plan's investment, monitors investment performance and carries out the decisions of the Board's determination and allocation of the Organization's contributions. The Organization has retained Empower Annuity Insurance Company, (formerly known as Great-West), to act as the custodian and trustee of the Plan assets. In addition, the Organization engaged Associated Pension Consultants, Inc., who serves the Organization as its third-party administrator to process and maintain the participant data records. The service contract between the Organization and the new administrator began in June 2022. Substantially all Plan administrative expenses are paid by the Organization.

Eligibility – The Plan covers all employees of the Organization who are at least 21 years of age and have completed 1 year of service with at least 1,000 hours worked as defined in the Plan. Employees are eligible to participate except non-resident aliens, employees who are covered by a collective bargaining agreement and employees that were acquired in an acquisition, merger, or similar transaction.

Participant Accounts – Each participant's account is credited with the participant's contributions, as well as allocations of the Organization's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral and rollover contributions and related earnings. Participants vest on employer's matching contributions at the rate of 20% each year after 2 years of credited service. A participant is 100% vested after five years of credited service.

Contributions – Each year, participants may contribute a percentage of their pre-tax compensation, as defined in the Plan, subject to certain IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contributions plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Each eligible employee will be given an enrollment form to fill out and they also have the option to elect not to participate in the Plan.

As defined in the Plan and as approved by the Board of Directors, the Organization may make matching contributions and additional contributions to pass certain nondiscrimination tests. Additional profit-sharing amounts may be contributed at the option of the Organization's Board of Directors each year.

**HALO 401(k) PROFIT SHARING PLAN & TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
For the year ended December 31, 2024

**A. Plan Description (continued)**

During the year ended December 31, 2024, the Organization recorded safe harbor contributions at 3% of eligible pay, and profit-sharing contributions of 2% of eligible pay for all participants on a tier-based system as outlined in the Plan. The safe harbor and profit-sharing contributions made by the Organization during 2024 amounted to \$775,191.

Forfeited accounts – As of December 31, 2024, forfeited non-vested accounts totaled \$33,326. These accounts will be used to reduce future employer contributions. In 2024 employer contributions were reduced by \$41,506 from forfeited non-vested accounts.

Investments – Investments of the Plan are held by Empower Annuity Insurance Company and are generally invested as directed by participants. If the participant chooses not to direct the investment, then the accounts will be invested in accordance with investment alternatives established under the Plan. These default investments will be made in accordance with specific rules under which the fiduciaries of the Plan, including the Employer, the Trustee, and the Plan Administrator, will be relieved of any legal liability for any losses resulting from the default investments.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Such loans bear interest at prime plus 1% and must be paid within a five-year period, unless the loan is used to purchase a primary residence, in which case the maximum payment period is 30 years. The specific terms and conditions of such loans are established by the Administrator of the Plan.

Payment of benefits – Benefits are payable when the participant retires, when employment is terminated or upon death or disability. A participant may also elect a hardship distribution from his deferral contributions account in accordance with the Plan's policy. As set forth in the Plan, the amount payable may be distributed to the participant or directly rolled over to a qualified retirement plan in a lump sum amount equal to the vested value of the participant's account.

**B. Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP")

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Participant contributions are recorded in the year in which the Organization makes payroll deductions from participants' earnings. Employer contributions are recorded in the year funds are allocated to the Plan.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15 of the following year.

**HALO 401(k) PROFIT SHARING PLAN & TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
For the year ended December 31, 2024

**B. Summary of Significant Accounting Policies (continued)**

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (or depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts – Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts.

An investment contract is considered fully benefit-responsive for financial reporting purposes if all of the following criteria are met for that contract:

- The investment contract is effected directly between the Plan and the issuer and prohibits the Plan from assigning or selling the contract or its proceeds to another party without the consent of the issuer;
- Either of the following conditions exists:
  - The repayment of principal and interest credited to participants in the Plan is a financial obligation of the issuer of the investment contract;
  - Prospective interest crediting rate adjustments are provided to participants in the Plan on a designated pool of investments held by the plan or the contract issuer, whereby a financially responsible third party, through a contract generally referred to as a wrapper, must provide assurance that the adjustments to the interest crediting rate will not result in a future interest crediting rate that is less than zero.
- The terms of the investment contract require all permitted participant-initiated transactions with the Plan to occur at contract value with no conditions, limits or restrictions.
- The Plan itself must allow participants reasonable access to their funds.
- An event that limits the ability of the Plan to transact at contract value with the issuer that also limits the ability of the plan to transact at contract value with the participants in the Plan must be probable of not occurring.

The Organization had met all the criteria for the contract to be considered a fully benefit-responsive contract. The statement of net assets available for benefits presents the investment contracts at contract value.

Notes Receivable from Participants – ASC 962-310-45-2 requires classification of participant loans as a receivable. The stated value of participant loans represents the outstanding principal balance of the loan, considering the applicable interest rate, amortization schedule and repayments made for each loan. Related fees are recorded as administrative expense and are expensed when incurred.

Participant loans are collateralized by the respective participant's vested account balance. At December 31, 2024, the loans bear interest at rates ranging from 4.25% to 9.50% and are payable in varying installments through August 2034.

## **HALO 401(k) PROFIT SHARING PLAN & TRUST**

### **NOTES TO FINANCIAL STATEMENTS**

For the year ended December 31, 2024

#### **B. Summary of Significant Accounting Policies (continued)**

Benefit Payments – Benefits are recorded when paid. Amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date, were accrued. There were no such amounts accrued for as of December 31, 2024. Additionally, any corrective distributions were accounted for as net against the participant’s contributions. There were no corrective distributions recorded against participant contributions as of December 31, 2024.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

#### **C. Employer Contribution Receivable**

The employer contributions receivable consists primarily of safe harbor and profit-sharing employer contributions. Safe harbor contributions are required by the Plan to be contributed equal to 3% of a participant’s eligible compensation on an annual basis. Any outstanding amounts required to be contributed by the Plan Sponsor after the balance sheet date, to maintain its “safe harbor” status, are included as employer contributions receivable. The Plan Sponsor may also make an elective profit-sharing contribution and are typically remitted to the Plan after the balance sheet date and as such, are included as employer contributions receivable. Employer contributions receivable amounted to \$350,670 and \$260,268 for the years ended December 31, 2024 and 2023, respectively.

#### **D. Tax Status**

The Plan has received a favorable determination letter from the Internal Revenue Service dated June 30, 2020. The Plan has been amended since receiving the opinion letter. However, the Organization believes that the Plan is operated in accordance with the requirements of the Internal Revenue Code and state statutes, and that the trust is exempt from federal income and state franchise taxes. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any uncertain tax positions that more likely than not would be sustained upon examination by a tax authority. Management evaluated the Plan’s tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **E. Information Certified By The Trustee**

In accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company (the trustee of the Plan).

**F. Plan Termination**

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

**G. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## **H. Guaranteed Investment Contract With Empower**

Under US GAAP, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, certain investments that are fully benefit-responsive investment contract are recorded at contract value. In September 2013, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower, the contract issuer, selected the Key Guaranteed Portfolio Fund, a fixed annuity account that is part of the issuer's General Account. Investment in this account enable participants the ability to withdraw their funds, subject to the plan rules, for benefits or transfers to other plan options at contract value.

The account is credited based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The account is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate determined annually, which will never be less than 0%, that is guaranteed to the Plan.

The average yield earned by the plan for the benefit-responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yield earned by the plan for the benefit responsive fund can be derived by averaging the plan's quarterly interest rates. The average for 2024 and 2023 is 1.41% and 1.23%, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Distributions from this account are governed by applicable terms and provisions of the Plan, and all or a portion of a participant annuity account may be applied to a periodic payment option and frequency and amount of payments selected by the participant or designated payee. The guaranteed investment contract permits either party to terminate the agreement with at least 60 days advance written notice to the other party.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

As of December 31, 2024, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants. The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract as calculated by the annuity provider. Fixed annuities in mutual funds valued at contract value amounted to \$980,542 and \$882,957 for the year ended December 31, 2024 and 2023, respectively. The forfeiture cash included in this investment amounted to \$53,138 and \$50,984 for the year ended December 31, 2024 and 2023, respectively.

**NOTES TO FINANCIAL STATEMENTS**  
For the year ended December 31, 2024

**I. Parties-in-Interest**

The Plan's investments are managed by Empower, the custodian of the Plan. Purchases and sales of these investments are conducted as open market transactions at fair market value. Although such transactions qualify as party-in-interest transactions under ERISA regulations, they are permitted under the provisions of the Plan and are specifically exempt from the prohibited transaction rules of ERISA.

During the Plan year ended December 31, 2024, investments purchased and sold by Empower amounted to \$2,168,250 and \$1,615,681, respectively. Other parties-in-interest include consultants and advisors of the Plan. Administrative and brokerage fees paid to parties-in-interest totaled \$73,547 for the Plan year ended December 31, 2024.

**J. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**K. Reconciliation of Financial Statements to Form 5500**

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$7,027,034	\$5,495,074

Excess contributions of employer in current year	<u>5,307</u>	<u>0</u>
Employer contributions, net of excess contributions per the Form 5500	<u>\$ 769,884</u>	<u>\$ 0</u>

**L. Subsequent Events**

Health and Life Organization, Inc., the Plan Sponsor, has evaluated subsequent events and transactions that occurred after December 31, 2024 through October 13, 2025, the date which the financial statements were available to be issued. Events occurring after October 14, 2025 have not been evaluated to determine whether a change in the financial statements would be required.
