## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants  
of The Avaya Inc. Health and Welfare Benefits Plan for Salaried Retirees

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of The Avaya Inc. Health and Welfare Benefits Plan for Salaried Retirees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in benefit obligations and net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

---

(Continued)

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

---

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedule of supplemental Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

---

(Continued)

The supplemental schedules that accompany the financial statements do not disclose the historical cost of certain nonparticipant-directed plan assets held by qualified institutions. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our opinion on the ERISA-required supplemental schedules is not modified with respect to this matter.

**NOTE 1 – PLAN DESCRIPTION**

The following description of The Avaya Inc. Health and Welfare Benefits Plan for Salaried Retirees (the “Plan”) provides only general information. Participants should refer to the applicable Summary Plan Descriptions for a more complete description of the Plan’s provisions.

General: The Plan is a welfare benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan provides healthcare benefits and life insurance benefits to eligible retired salaried employees of Avaya Inc. (the “Sponsor”) and its domestic subsidiaries.

The Plan is administered by the Health & Welfare Benefits Plan Administrator who is an employee of Avaya Inc. (“Avaya”). The Health & Welfare Benefits Plan Administrator has overall responsibility for the operation and administration of the Plan. The Avaya Investment Committee, which is comprised of Avaya employees, determines the appropriateness of the Plan’s investments, and monitors investment performance.

The Plan is structured as an umbrella plan. Prior to January 1, 2016, the Plan included The Avaya Inc. Retiree Medical Expense Plan for Salaried Employees (the “Retiree Medical Plan”), a contributory plan, and The Avaya Inc. Life Insurance Plan which provides coverage to salaried retirees (the “Life Insurance Plan”), a noncontributory plan. Effective January 1, 2016, the Plan was amended to terminate the Retiree Medical Plan. Instead, effective January 1, 2016, the Sponsor contributes toward eligible retirees’ cost of medical and pharmacy coverage through contributions toward a Health Reimbursement Arrangement account under the Avaya Inc. Retiree Health Reimbursement Account Plan (the “Retiree HRA Plan”), a noncontributory plan. The Retiree HRA Plan provides reimbursements of qualified medical premiums and expenses to eligible retirees and their eligible dependents.

Effective December 31, 2023, the Retiree HRA Plan was terminated. Healthcare claims presented on the statement of changes in net assets available for benefits relate to claims incurred prior to the termination of the Plan that were paid in 2024.

Eligibility: Eligible participants in the Plan include: (1) Salaried employees hired prior to January 1, 1999 who retired from an Avaya participating company with a service or disability pension under the Service Based Program provision of The Avaya Inc. Pension Plan for Salaried Employees (APPSE); and (2) Salaried employees who transferred from a represented position to a management position on or after January 1, 2010, remained in a management position for at least 12 months, and would have satisfied the requirements for a service or disability pension under the APPSE if he or she was a participant in that plan. An eligible participant must enroll to receive healthcare benefits under the Plan.

Eligibility for access to the Retiree HRA Plan includes former salaried employees who are age 55 or older with at least 15 years of service at the time they terminate employment from the Sponsor, and who are participants in the APPSE Service Based Program immediately prior to their termination of employment from the Sponsor.

A former salaried employee who is either eligible for Medicare or elects COBRA continuation coverage upon termination of employment from the Sponsor is not eligible to receive benefits under the Retiree HRA Plan.

**NOTE 1 – PLAN DESCRIPTION** (Continued)

Benefits:

Medical benefits effective January 1, 2016 through December 31, 2023

An HRA account was established for each eligible retiree who enrolls in the Retiree HRA Plan to track benefit credit amounts and available reimbursement amounts. The dollar amount of the benefit credit to an HRA account each Plan year is dependent upon when the participant retired from Avaya and whether their eligible spouse is also enrolled in the Retiree HRA Plan, as presented in the table below:

	Individual(s) Enrolled in <u>this Plan</u>	Eligible Retiree Retired <u>Before 1/1/2016</u>	Eligible Retiree Retired on <u>or After 1/1/2016</u>
Eligible Retiree Only		\$ 2,500	\$ 600
Eligible Retiree plus Eligible Spouse		\$ 4,500	\$ 1,000

Note: The above amounts are annual maximum HRA contributions to be made by the Sponsor. The amount is prorated if an employee retires any month other than the first month of the Plan year, and if a participant becomes Medicare eligible during the Plan year. Prior to December 31, 2023, balances in an HRA account that remained at the end of a Plan year were carried over to a subsequent Plan year. Effective December 31, 2023, HRA coverage was terminated and balances no longer carryover.

Medical benefits prior to January 1, 2016

Pre-age 65 medical benefits (e.g., hospitalization, surgery, doctor visits, prescription drugs, and mental health/chemical dependency), including a Health Maintenance Organization (“HMO”) option, where available, were provided to eligible retired participants, their lawful spouses, and other eligible dependents. The medical benefits (other than the HMO) were self-insured. Therefore, despite the Plan’s utilization of third-party claim’s processors under administrative services only (ASO) arrangements, the Plan was ultimately responsible for the self-insured medical benefits provided under the Plan.

Life insurance coverage

A participant may assign his or her life insurance under the Plan in accordance with the terms and conditions of the policy. Life insurance benefit payments are administered under insurance contracts with Metropolitan Life Insurance Company (“MetLife”).

The amount of basic life insurance coverage provided under the Plan is as follows for to participants who retire after March 26, 2021:

- Eligible salaried retirees generally receive basic life insurance coverage equal to one times their total annual pay immediately prior to retirement limited to \$50,000 (if retired prior to 2010, the coverage limit is \$1 million).

NOTES TO FINANCIAL STATEMENTS

(Dollars in Thousands)

---

**NOTE 1 – PLAN DESCRIPTION** (Continued)

- The amount of the basic life insurance coverage is reduced by 10% beginning on the first of the month following retirement (or 66th birthday if retired prior to October 1, 2001 or retired under the 2001 Voluntary Pension Enhancement Program). Thereafter, the amount of basic life insurance coverage is reduced annually for the next four years by the same dollar amount of the initial reduction. For retirees effective January 1, 2010 and later, the coverage each year is limited to the lesser of \$50,000 or the amount after the annual reductions.

Thus, after five reductions, the amount of basic life insurance coverage for eligible retirees who retired prior to 2010 is equal to 50% of total annual pay immediately prior to retirement, and for eligible retirees who retired effective January 1, 2010 or later, the amount is equal to the lesser of \$50,000 or 50% of total annual pay immediately prior to retirement. This reduced coverage remains in force for the rest of the participant's life, with no further reductions.

“Total Annual Pay” for salaried employees is defined as follows:

- If retired prior to January 1, 2003 and not paid under the Sales Incentive Plan, total annual pay is the annual rate of pay plus any bonuses, incentives and merit awards paid within the 12 months prior to date of retirement (if these amounts were considered a part of compensation for the normal work schedule), rounded to the next higher \$1,000. Total annual pay does not include differentials, overtime pay, extra payments or allowances that are considered temporary.
- If retired prior to January 1, 2003 and paid under the Sales Incentive Plan, total annual pay is the annual rate of pay plus one-third of the incentive compensation paid over the 36 months immediately before retirement. Added to this figure are any bonuses outside the incentive plan paid within the last 12 months when they are considered a part of compensation for the normal work schedule. The figure is then rounded up to the next higher \$1,000.
- If retired during 2003, total annual pay is the annual rate of pay plus target Short-Term Incentive or Sales Incentive as of the date of retirement, rounded to the next higher \$1,000. Total annual pay does not include differentials, overtime pay, extra payments or allowances that are considered temporary.
- If retired on or after January 1, 2004, total annual pay is the annual rate of pay plus target Short-Term Incentive or Sales Incentive as of September 10 of the prior plan year, rounded to the next higher \$1,000. Total annual pay does not include differentials, overtime pay, extra payments or allowances that are considered temporary.

Contributions: To fund benefits under the Plan, the Sponsor created the Avaya Inc. Salaried Employees Benefits Trust (the “Trust”), a Voluntary Employees’ Beneficiary Association Trust within the meaning of Section 501(c)(9) of the Internal Revenue Code (“IRC”).

According to the Trust’s agreement, the Sponsor shall contribute such assets to the Trust as it reasonably determines necessary and appropriate to pay current benefit and administration expenses under the Plan for each year consistent with any limitations under Section 419 of the IRC.

Reimbursements from the HRA accounts to Plan participants for medical care expenses incurred, submitted and approved for reimbursement, are remitted directly by the Sponsor to ViaBenefits (f/k/a OneExchange), the Claims Administrator. These payments are funded by contributions from the Sponsor, up to the credit amounts established under the Plan. Participants did not contribute to the HRA accounts established under the Plan.

**NOTE 1 – PLAN DESCRIPTION** (Continued)

Participants do not contribute for basic life insurance coverage. Life benefits are not fully insured, and all claims are paid from the Group Term Life Insurance Contract as funded by the Life Insurance Funding Account.

Administration Costs: Administration costs incurred by the Sponsor, to the extent directly related to the Plan, generally are charged back to the Plan. These costs include but are not limited to claims administration and other administrative services, investment management, investment consulting, trustee fees and audit fees.

Termination Provisions: Although it has not expressed any intention to do so other than as disclosed earlier in the Notes with regard to the Retiree HRA Plan, the Sponsor has the right under the Plan to modify the benefits provided to participants, to discontinue its contributions at any time, or to terminate the Plan, subject to the provisions set forth in ERISA. In the event of such termination, the net assets of the Plan shall be allocated to pay the benefit obligations of the Plan in accordance with ERISA.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments consist of separate accounts offered by MetLife, which comprise the Plan's Life Insurance Funding Account, and a money market fund. Investments are reported at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 6).

Purchases and sales of investments are recorded as of the trade date. Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein; claims payable; and when applicable, disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payments for Benefits: Payments for health care claims represent amounts paid by the Claims Administrator on behalf of the Plan as well as premium payments for HMOs. Payments for death benefits represent claim amounts paid by MetLife on behalf of the Plan. All such payments are recorded when paid in the statement of changes in net assets available for benefits.

**NOTE 3 – RISKS AND UNCERTAINTIES**

Investments held by the Trust are exposed to various risks, such as interest rate, market and credit risks, including the financial stability of the insurance company. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term, and those changes could materially affect the amounts reported in the statement of benefit obligations and net assets available for benefits. Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Trusts' investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Plan contributions and the actuarial present value of Plan postretirement benefit obligations are reported based on certain assumptions pertaining to capped HRA account contribution amounts, interest rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

**NOTE 4 – POSTRETIREMENT BENEFITS**

The accumulated postretirement benefit obligation ("APBO") represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered through December 31 of the applicable year. Postretirement benefits include future benefits expected to be paid to or for (1) currently eligible retired employees and their eligible dependents and beneficiaries, and (2) active employees and their eligible dependents and beneficiaries during retirement from the Sponsor. Prior to an active employee's full eligibility date, the APBO is the portion of the expected APBO that is attributed to that employee's service performed to the valuation date.

The actuarial present value of the expected APBO is determined by the Plan's actuary, Aon Hewitt. The Plan's medical costs are capped by the amount of the benefit credit to an HRA account, therefore, the APBO is the amount that results from applying actuarial assumptions to the capped benefit credit per member per year and to adjust such estimates for the time value of money and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, retirement or election of benefits, such as opt-out) between the valuation date and the expected date of payment. For group life costs, the APBO is the amount that results from applying actuarial assumptions to participant census data to estimate future annual benefit amounts per participant and to adjust such estimates for the time value of money (through discounts for interest), and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

For measurement purposes, health care trend rate assumptions are not applied since medical benefits provided by the Plan are capped. Accordingly, a 1% increase in the assumed medical cost trend rates for the Plan would have no impact on the APBO.

The following summarizes significant actuarial assumptions used in the valuation as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Weighted average discount rates	5.81%	5.21%
Mortality	Pri-2012 basetable with projection scale MP-2021	Pri-2012 base table with projection scale MP-2021

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023  
(Dollars in Thousands)

---

**NOTE 4 – POSTRETIREMENT BENEFITS** (Continued)

During 2024, the decrease in the APBO related to changes in assumptions in the amount of \$1,037,000 resulted primarily from a change in the weighted average discount rate from 5.21% to 5.81%. There was no decrease in the APBO in the amount related to the plan amendment regarding the termination of the Retiree HRA Plan.

Other changes, which accounted for a decrease in the APBO in the amount of \$122,000, are due to gains and losses due to actual experience differing from that assumed.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might apply in determining the actuarial present value of the APBO.

The Plan's excess net assets over benefit obligations at December 31, 2024 will be utilized to fund future benefits for Plan participants.

**NOTE 5 – CERTIFIED INFORMATION**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by The Bank of New York Mellon/ BNY Mellon, N.A (the trustee of the Plan) and MetLife.

**NOTE 6 – FAIR VALUE MEASUREMENTS**

ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date.

*Level 2* – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices for the asset or liability that are observable; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NOTE 6 – FAIR VALUE MEASUREMENTS** (Continued)

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used by the Plan to determine fair value of the assets in the Trust. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Fund: The fair values of money market fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Life Insurance Funding Account: The Life Insurance Funding Account with MetLife provides for investment of pre-funding amounts in separate accounts offered by MetLife. Each separate account, in which the Plan owns units, provides a unit Net Asset Value ("NAV") on a daily basis, which is based on the fair value of the underlying assets owned by the account and is used as a practical expedient to estimate fairvalue.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

	Fair Value as of December 31, 2024			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
	(dollars in thousands)			
Money Market Fund	\$ 5	\$ 5	\$ -	\$ -
Group life insurance contract measured at net asset value [a]	<u>8,776</u>	<u>-</u>	<u>-</u>	<u>-</u>
<b>Total Investments at fair value</b>	<b><u>\$ 8,781</u></b>	<b><u>\$ 5</u></b>	<b><u>\$ -</u></b>	<b><u>\$ -</u></b>
	Fair Value as of December 31, 2023			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

<b>Total Investments at fair value</b>	<b><u>\$ 9,044</u></b>	<b><u>\$ 56</u></b>	<b><u>\$ -</u></b>	<b><u>\$ -</u></b>

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

**NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)**

For investment funds whose fair value is based on the net asset value of the investment (or its equivalent) as a practical expedient to estimate fair value, the attributes of the investments, such as the investment strategies of the investee, and any unfunded commitments and any restrictions on the Plan's ability to redeem its investments at December 31, 2024 and 2023, are presented below.

<u>(dollars in thousands)</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>December 31, 2024</u>				
Life Insurance funding account (a)	\$ 8,776	\$ -	daily	2 days for partial redemptions 60 days for full liquidation
Total	<u>\$ 8,776</u>	<u>\$ -</u>		
<u>December 31, 2023</u>				
Life Insurance funding account (a)	\$ 8,988	\$ -	daily	2 days for partial redemptions 60 days for full liquidation
Total	<u>\$ 8,988</u>	<u>\$ -</u>		

<sup>(a)</sup> At December 31, 2024 and 2023, the Life Insurance Funding Account was comprised of separate accounts offered by MetLife with varying investment strategies, as follows: Equity Index (U.S. mid-large cap) = 7.0% and 7.0%; Small Cap Index = 2.0% and 2.0%; International Equity Index = 6.0% and 6.0%; Long Duration Government Credit Index = 65.0% and 65.0%; and Fixed Income Index = 20.0% and 20.0%, respectively. The funds are restricted for use to fund the group term life insurance policy held by the Plan. Inter-account transfers are permitted upon 10 business days advance notice. The first four inter-account transfers per year are free, and any additional transfers are subject to a fee.

**NOTE 7 – TAX STATUS**

On January 28, 2004, the Trust, which funds the Plan, received an exemption letter from the Internal Revenue Service confirming its tax-exempt status under the provisions of Internal Revenue Code (IRC) Section 501(c)(9) as a Voluntary Employees' Beneficiary Association. The Plan and the Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Trust has been amended since receiving the determination letter. The Plan's administrator and legal counsel believe that the Trust, as amended, is designed and currently operating in compliance with applicable requirements of the IRC and, therefore, remains tax-exempt.

The Trust is subject to unrelated business income tax as defined in IRC Sections 511 and 512. The tax is based on the Trust's investment income. For the year ended December 31, 2024, the Trust did pay unrelated business income tax expenses of \$31,984. The unrelated business income tax allocable to the Plan is recognized in the operating and administrative expenses on the statement of changes in net assets available for benefits.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Trust and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Trust, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Trust is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
