Independent Auditor's Report

To the Plan Administrator of
Curtis V. Cooper Primary Health Care, Inc. Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Curtis V. Cooper Primary Health Care, Inc. Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CURTIS V. COOPER PRIMARY HEALTH CARE, INC. PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Curtis V. Cooper Primary Health Care, Inc. Pension Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Curtis V. Cooper Primary Health Care, Inc. (the Company) who have reached twenty-one years of age and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended and restated effective May 1, 2024, as part of the Plan's change in third party administrators.

Contributions

Contributions to the Plan are made by the Company at 5% of each participant's salary. For the years ended December 31, 2024 and 2023, contributions of \$437,446 and \$380,918, respectively, were received or receivable by the Plan. No employee contributions are permitted. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Plan also provides for rollover contributions by participants from other qualifying plans.

Vesting

A participant's vesting period in the Plan is based on years of service. A participant is 100% vested after six years of service as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

Upon attainment of normal retirement age, total permanent disability, or death, a participant or their beneficiary becomes 100% vested.

Contributions receivable

Contributions receivable are based upon the timing difference between the determined contributions of the employer and the receipts by the investment custodian.

Investment options

Investments are participant-directed among nineteen (19) funds.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant loans

The Plan does not permit participant loans.

Participant accounts

Each participant's account is credited with the Company's contributions and an allocation of Plan earnings. Allocations of Company contributions are based on participant compensation, and allocations of Plan earnings are based on each participant's account balance. A participant may elect to direct the investment allocation of his or her account or to allow an investment manager to direct the investments.

Payment of benefits

Benefits are payable upon (a) termination of service, (b) normal retirement after attainment of age 65, (c) late retirement upon termination of service if the participant continues to work for the Company after their normal retirement date, or (d) death or permanent disability. A participant may elect to receive a lump sum equal to the value of their vested account, installments for a period not to exceed the employee's assumed life expectancy, or the purchase of a different form of annuity. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, contributions are recognized when determined, rather than when received, and expenses are recognized when incurred, rather than when paid.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Consequently, actual results could differ from those estimates.

Valuation of investments

Investments are stated at fair value. Fair values of investments are based on published market quotations. Purchases and sales are recognized on their transaction dates. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events

The Plan has been evaluated for subsequent events through October 14, 2025, the date the financial statements were available to be issued.

NOTE 3 - BENEFITS PAYABLE TO FORMER PARTICIPANTS

The portion of net assets available for benefits processed for payment to persons who requested withdrawals but had not yet been paid by the Plan was \$0 at December 31, 2024 and 2023.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account balances.

NOTE 5 - FORFEITED NONVESTED ACCOUNT BALANCES

Upon withdrawing from the Plan, participants forfeit their nonvested balances. Forfeited balances of withdrawn participants' nonvested accounts are used to reduce future Company contributions. Unallocated forfeiture balances at December 31, 2024 and 2023 total \$5,421 and \$9,164, respectively. Forfeitures utilized towards employer contributions totaled \$96,818 and \$30,879 for the years ended December 31, 2024 and 2023, respectively.

NOTE 6 - DESCRIPTION OF INFORMATION CERTIFIED BY THE INVESTMENT TRUSTEE

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to have the investment trustees of the Plan, Variable Annuity Life Insurance Company (VALIC) and Mid Atlantic Trust Company (MATC), certify as to the accuracy and completeness of certain information included in the accompanying financial statements and schedule in lieu of the Plan's independent accountants examining such information. Accordingly, the following information was certified by the investment trustees and was not subjected to any auditing procedures except for comparing such information with the related information contained in the accompanying financial statements and schedule:

- Investments in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Activity in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Information included in the supplemental schedule, as listed in the accompanying table of contents.

NOTE 7 - INCOME TAX STATUS

March 21, 2002, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2021.

NOTE 8 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework established in Topic 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	<u>Assets at Fair Value as of December 31, 2024</u>			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$4,825,242</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$4,825,242</u>

Less: Forfeitures deduction	(90,152)
Deductions from net assets per Schedule H of Form 5500	<u>\$ 290,625</u>

NOTE 10 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The trustees are authorized under contract provisions, and by ERISA regulations providing an administrative or statutory exemption, to invest in funds under its control. Certain Plan investments are shares of mutual funds managed by VALIC and MATC. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to \$21,320 and \$3,710 for years ended December 31, 2024 and 2023, respectively. In addition to these fees paid by the Plan, the Company absorbs certain administrative expenses of the Plan which totaled \$10,694 and \$16,165 for the years ended December 31, 2024 and 2023, respectively. All of these parties-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

NOTE 12 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Fixed Account Plus is a fully benefit-responsive investment and is reported at contract value in the statements of net assets available for benefits. The activity related to this investment reported on the statement of changes in net assets available for benefits is also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan has fully benefit-responsive guaranteed investment contracts with VALIC which maintains the contributions in general accounts. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are backed by the full faith and credit of VALIC, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Such interest rates are viewed on a semiannual basis for resetting.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor event (e.g., divestures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Independent Auditor's Report

To the Plan Administrator of
Curtis V. Cooper Primary Health Care, Inc. Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Curtis V. Cooper Primary Health Care, Inc. Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CURTIS V. COOPER PRIMARY HEALTH CARE, INC. PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Curtis V. Cooper Primary Health Care, Inc. Pension Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Curtis V. Cooper Primary Health Care, Inc. (the Company) who have reached twenty-one years of age and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended and restated effective May 1, 2024, as part of the Plan's change in third party administrators.

Contributions

Contributions to the Plan are made by the Company at 5% of each participant's salary. For the years ended December 31, 2024 and 2023, contributions of \$437,446 and \$380,918, respectively, were received or receivable by the Plan. No employee contributions are permitted. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Plan also provides for rollover contributions by participants from other qualifying plans.

Vesting

A participant's vesting period in the Plan is based on years of service. A participant is 100% vested after six years of service as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

Upon attainment of normal retirement age, total permanent disability, or death, a participant or their beneficiary becomes 100% vested.

Contributions receivable

Contributions receivable are based upon the timing difference between the determined contributions of the employer and the receipts by the investment custodian.

Investment options

Investments are participant-directed among nineteen (19) funds.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant loans

The Plan does not permit participant loans.

Participant accounts

Each participant's account is credited with the Company's contributions and an allocation of Plan earnings. Allocations of Company contributions are based on participant compensation, and allocations of Plan earnings are based on each participant's account balance. A participant may elect to direct the investment allocation of his or her account or to allow an investment manager to direct the investments.

Payment of benefits

Benefits are payable upon (a) termination of service, (b) normal retirement after attainment of age 65, (c) late retirement upon termination of service if the participant continues to work for the Company after their normal retirement date, or (d) death or permanent disability. A participant may elect to receive a lump sum equal to the value of their vested account, installments for a period not to exceed the employee's assumed life expectancy, or the purchase of a different form of annuity. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, contributions are recognized when determined, rather than when received, and expenses are recognized when incurred, rather than when paid.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Consequently, actual results could differ from those estimates.

Valuation of investments

Investments are stated at fair value. Fair values of investments are based on published market quotations. Purchases and sales are recognized on their transaction dates. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events

The Plan has been evaluated for subsequent events through October 14, 2025, the date the financial statements were available to be issued.

NOTE 3 - BENEFITS PAYABLE TO FORMER PARTICIPANTS

The portion of net assets available for benefits processed for payment to persons who requested withdrawals but had not yet been paid by the Plan was \$0 at December 31, 2024 and 2023.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account balances.

NOTE 5 - FORFEITED NONVESTED ACCOUNT BALANCES

Upon withdrawing from the Plan, participants forfeit their nonvested balances. Forfeited balances of withdrawn participants' nonvested accounts are used to reduce future Company contributions. Unallocated forfeiture balances at December 31, 2024 and 2023 total \$5,421 and \$9,164, respectively. Forfeitures utilized towards employer contributions totaled \$96,818 and \$30,879 for the years ended December 31, 2024 and 2023, respectively.

NOTE 6 - DESCRIPTION OF INFORMATION CERTIFIED BY THE INVESTMENT TRUSTEE

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to have the investment trustees of the Plan, Variable Annuity Life Insurance Company (VALIC) and Mid Atlantic Trust Company (MATC), certify as to the accuracy and completeness of certain information included in the accompanying financial statements and schedule in lieu of the Plan's independent accountants examining such information. Accordingly, the following information was certified by the investment trustees and was not subjected to any auditing procedures except for comparing such information with the related information contained in the accompanying financial statements and schedule:

- Investments in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Activity in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Information included in the supplemental schedule, as listed in the accompanying table of contents.

NOTE 7 - INCOME TAX STATUS

March 21, 2002, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2021.

NOTE 8 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework established in Topic 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$4,825,242</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$4,825,242</u>

NOTE 10 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The trustees are authorized under contract provisions, and by ERISA regulations providing an administrative or statutory exemption, to invest in funds under its control. Certain Plan investments are shares of mutual funds managed by VALIC and MATC. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to \$21,320 and \$3,710 for years ended December 31, 2024 and 2023, respectively. In addition to these fees paid by the Plan, the Company absorbs certain administrative expenses of the Plan which totaled \$10,694 and \$16,165 for the years ended December 31, 2024 and 2023, respectively. All of these parties-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

NOTE 12 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Fixed Account Plus is a fully benefit-responsive investment and is reported at contract value in the statements of net assets available for benefits. The activity related to this investment reported on the statement of changes in net assets available for benefits is also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan has fully benefit-responsive guaranteed investment contracts with VALIC which maintains the contributions in general accounts. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are backed by the full faith and credit of VALIC, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Such interest rates are viewed on a semiannual basis for resetting.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor event (e.g., divestures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.
