Independent Auditors' Report

To the Plan Administrator and Members of the Employee Benefits Committee of
FCA US LLC Salaried Employees' Savings Plan and FCA US LLC UAW Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of FCA US LLC Salaried Employees' Savings Plan and FCA US LLC UAW Savings Plan (the Plans), employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plans' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plans' (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plans' instrument, including all plans' amendments, administering the Plans and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Select Defined Contribution Plans
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Plan Description

The following description of the FCA US LLC Salaried Employees' Savings Plan (SESP) and the FCA US LLC UAW Savings Plan (UAWSP), (collectively, the Plans) provides only general information. Participants should refer to the Plans' legal documents for a more complete description of each Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plans were adopted to encourage eligible employees to save by enabling them to invest in a variety of investments. FCA US LLC (FCA or the Company) is the sponsor of the Plans. The Employee Benefits Committee is responsible for oversight of the Plans. The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Salaried non-represented employees are eligible to participate in the SESP as of their hire date; hourly and salaried represented employees are eligible to participate in the UAWSP as of their date of hire.

Effective January 16, 2021, the SESP was amended to provide credit for prior service with any member of Peugeot S.A. for purposes of vesting under the SESP.

Effective January 1, 2021, any eligible employee in the UAWSP who was not actively contributing to the Plan on a pre-tax or Roth 401(k) basis was automatically enrolled in the Plan at a 3% pre-tax contribution rate of pay and automatically increased 1% per year to a maximum of 10%, unless such employee elected otherwise.

Effective for pay periods beginning on or after January 4, 2021, Eligible Compensated Hours used to calculate contributions under the UAWSP, Exhibit G, Supplemental Agreement for Skilled Trade employees subject to an agreed upon Alternative Work Schedule ("AWS"), cannot exceed the maximum number of hours in any one work week pursuant to the agreed upon AWS. In all cases, Eligible Compensated Hours cannot exceed 2,080 in a calendar year.

On August 27, 2021, the Plans were amended to provide for periodic payments as optional forms of distribution upon retirement or termination of employment.

Effective April 1, 2022, the SESP was amended to provide for (1) the merger of the Maserati North America, Inc. 401(k) Plan (the "MNA 401(k) Plan") and the PSA North America, Inc. 401K Plan (the "PSA 401K Plan") into the SESP, (2) the transfer of all assets from the MNA 401(k) Plan and the PSA 401K Plan into the SESP and (3) the allocation of all transferred assets to the respective participants' accounts. All transferred assets were fully vested upon transfer.

Effective March 31, 2023, the SESP was amended to provide for the transfer of all assets and liabilities attributed to employees and former employees of FCA Services U.S.A., LLC from the ADP Total-Source Retirement Savings plan to the SESP.

FCA US LLC
Select Defined Contribution Plans
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Plan Description (continued)

Effective January 31, 2024, the SESP was amended to fully vest the unvested portion of the Plan benefits of those employees whose employment with the Company was terminated on January 31, 2024 in connection with and as the result of the outsourcing by the Company to Kyndryl Holdings, Inc. ("Kyndryl") of certain ICT functions and who were employed by Kyndryl on February 1, 2024.

Effective March 22, 2024, the SESP was amended to fully vest the unvested portion of the Plan benefits of those employees whose employment with the Company was terminated by the Company on March 22, 2024, and were placed on "permanent layoff" status as a result of such termination of employment.

Effective April 8, 2024, the SESP was amended to fully vest the unvested portion of the Plan benefits of those employees whose employment with the Company was terminated by the Company on April 8, 2024, and were placed on "permanent layoff" status as a result of such termination of employment.

Effective June 2024, the UAWSP did a one-time automatic enrollment ("sweep") that added all eligible non-participating employees at a 3% pre-tax contribution rate, with automatic annual increases of 1% per year up to 10%, unless the employee opted out or chose a different rate.

Effective July 25, 2024, the SESP was amended to fully vest the unvested portion of the Plan benefits of those employees whose employment terminated as a result of becoming a participant in and satisfying the conditions of the Company's 2024 Voluntary Separation Program effective September 30, 2024.

Automatic Enrollment

Newly hired eligible employees are automatically enrolled in the applicable Plan, to contribute 3% of their eligible compensation on a pre-tax basis, until changed by the participant. Pre-tax contributions of an automatically enrolled employee will be automatically increased by 1% per year to a maximum of 10%, unless such employee elects otherwise.

Employee Contributions

Eligible SESP employees may elect to contribute 1% to 50% of base salary or total compensation, as defined in the SESP, on a pre-tax, Roth 401(k), and/or after-tax basis (cumulatively). After-tax contributions are limited to 10% of base pay. In addition, eligible employees of the SESP may contribute up to 100% of any award payment from the Company's performance-based cash bonus plan on a pre-tax or Roth 401(k) basis.

Effective January 1, 2020, eligible UAWSP employees may elect to contribute 1% to 100% of total compensation, as defined in the UAWSP, on a pre-tax, Roth 401(k), and/or after-tax basis (cumulatively). After-tax contributions are limited to 10% of compensation. In addition, eligible employees of the UAWSP may contribute up to 100% of any eligible profit sharing payment plan on a pre-tax or Roth 401(k) basis.

Participant contributions are subject to certain Internal Revenue Service (IRS) limitations, including the maximum annual deferral limits of \$23,000 (\$30,500 if age 50 and over) and \$22,500 (\$30,000 if age 50 and over) in 2024 and 2023, respectively.

Note 1. Plan Description (continued)

SESP - Company Contributions

The Company contributes company matching contributions in an amount equal to 50% of a participant's pre-tax/Roth 401(k) contributions and catch-up contributions up to 10% of base salary per pay period subject to IRS limits. The Company also contributes a non-matching automatic company contribution in an amount equal to 3% of the participant's base salary per pay period to eligible employees.

UAWSP - Company Contributions

A contractual agreement between the Company and the UAW requires the Company to contribute an amount equal to \$1.00 per eligible compensated hour into the UAWSP and 10% of eligible compensation for 2024 and 6.4% of eligible compensation for 2023 for the following hourly and salaried represented employees:

- Hourly employees hired or rehired on or after October 29, 2007
- Salaried represented employees hired or rehired on or after April 15, 2010
- Skilled trades employees hired or rehired on or after October 12, 2011
- GEMA (Dundee) employees hired or rehired on or after October 12, 2011

Both eligible compensated hours and eligible compensation are limited to 40 hours each per week and 2,080 hours in a calendar year.

Alternative Work Schedules were eliminated (ended pursuant to the deletion of Letter (310) Skilled Trades - Alternative Work Schedules effective with the expiration of the 2019 agreement).

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, if any, and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined by the plan document.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plans' investments are participant directed.

Vesting

Plan participants are immediately 100% vested in participant contributions plus actual earnings thereon. The Company matching contributions in the SESP are immediately 100% vested. The automatic 3% Company contribution is 100% vested upon three years of service. The Company contributions in the UAWSP are 100% vested upon three years of service.

Forfeitures

Forfeited amounts under the UAWSP must first be used to reinstate accounts for participants who were previously terminated and rehired. The total amount available throughout the year under the UAWSP is the amount forfeited during the previous calendar year, and excludes amounts forfeited by employees

separated from service but who have not yet incurred five (5) consecutive one-year periods of severance from the Company. Secondly, forfeitures are used to reduce Company contributions according to the collectively bargained agreement.

For the SESP, forfeitures may be used to reduce Company contributions and may also be used to pay plan expenses. There was \$61,801 and \$74,312 of forfeitures unused for the UAWSP as of December 31, 2024 and 2023, respectively. There was \$171,375 and \$149,931 of forfeitures unused for the SESP as of December 31, 2024 and 2023, respectively. Forfeitures used during 2024 to reduce current year contributions with respect to the UAWSP and SESP were approximately \$116,000 and \$1,608,000, respectively. Forfeitures used during 2023 to reduce current year contributions with respect to the UAWSP and SESP were \$1,724,000 and \$1,630,000, respectively.

Participant Notes Receivable

Participants in the Plans may borrow up to 50% of their account balance. However, certain sub-accounts are excluded from the account balance for this purpose. Company contributions and earnings thereon under UAWSP are excluded; the 3% automatic Company contributions, EMRP and earnings thereon under SESP are excluded. The total note receivable may not exceed \$50,000, reduced for certain adjustments as defined by the Plans' legal documents.

The Company's Employee Benefits Committee determines the administrative provisions, allowable repayment term, and rate of interest charged. Loan terms are one to five years unless the loan will be used for buying a primary residence in which case the loan term is up to ten years. Loans are secured by the participants' account balance and participants may have up to six loans outstanding.

Hardship Withdrawals

Participants may request a distribution of all, or a portion of their employee pre-tax and Roth 401(k) contributions (excluding earnings), to the extent required to relieve a financial hardship, as defined in the Plan document.

Payment of Benefits

Upon termination of service due to death, the participant's vested account balance will be distributed to his or her beneficiary(s). Upon termination of service due to disability or retirement, a participant may elect to receive either a partial distribution, a lump-sum amount equal to the value of the participant's vested account balance, periodic payments (fixed, variable or lifetime) or retain the account balance in the Plan(s) until their Required Minimum Distribution ("RMD") age defined as i) age 70½, for any participant who attains age 70½ after December 31, 1998 and prior to January 1, 2020; (ii) age 72, for any participant who attains age 70½ after December 31, 2019 and age 72 prior to January 1, 2023; (iii) age 73, for any Participant who attains age 72 after December 31, 2022 and age 73 prior to January 1, 2033; and (iv) age 75, for any Participant who attains age 74 after December 31, 2032, at which time distributions will commence according to IRS guidelines. For terminations due to other reasons, the above applies; except that participants may retain their account interest until their RMD age only if the account balance exceeds \$5,000 in the UAWSP and \$7,000 in the SESP.

Note 1. Plan Description (continued)

Termination

While it has not expressed any intent to do so, the Company has the right under each Plan to discontinue its contributions at any time and to terminate each Plan subject to the provisions set forth in the Plan document, the collective bargaining agreement and ERISA. Upon termination of either Plan, affected participants of the terminated Plan become 100% vested in their account balances.

Administrative Expenses

The Plans' administrative expenses are paid by either the Plan or the Company, as provided by the Plans' provisions. Expenses relating to purchases, sales, or transfers of the Plans' investments are charged to the particular investment fund to which the expenses relate. Expenses that are paid by the Company are excluded from these financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which require management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Memorandum Only Totals

The memorandum only total column in the financial statements represents solely a total of the individual Plans and is provided for informational purposes only.

Investment Valuation and Income Recognition

The Plans' investments are in the FCA US LLC Defined Contribution Plan Master Trust (Master Trust) established for the investment of assets of the Plans and stated at fair value. Refer to *Note 4, Fair Value Measurements*. Purchases and sale of securities are reflected on a trade-date basis. Investment income consists of interest and dividend income as well as the realized gains or losses on investments sold during the year and the unrealized appreciation (depreciation) on investments held at the end of the year. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Each participating Plan's interest in the investment funds of the Master Trust is based on account balances of the participants and their elected investment funds. The Master Trust assets are allocated among the participating Plans by assigning to each Plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that can be specifically identified and by allocating among all plans, in proportion to the fair value of the assets assigned to each plan, income and expenses resulting from the collective investment of the assets of the Master Trust.

The Pension Investment Committee is responsible for determining the Master Trust's valuation policies and the Company is responsible for analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plans' investments. The Pension Investment Committee reports to the Board of Directors of the Company.

Participant Notes Receivable

Participant notes receivable represents participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when earned. Participant notes receivable are written-off when deemed uncollectible and reclassified as deemed distributions. The outstanding balances of participant loans under SESP amount to approximately \$32,945,085 and \$31,677,047 as of December 31, 2024 and 2023, respectively. The outstanding balances of participant loans under UAWSP amount to approximately \$103,067,092 and \$78,291,217 as of December 31, 2024 and 2023, respectively.

Note 2. Summary of Significant Accounting Policies (continued)

Benefit Payments

Payments are recorded by the Plans when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to benefits paid. UAWSP and SESP distributed excess contributions to the applicable participants on or before March 15, 2025.

Risks and Uncertainties

The Plans invest in various investment securities as directed by participants. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent Accounting Pronouncements

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2023. Plan management is evaluating the impact of optional SECURE 2.0 provisions and awaiting additional regulatory guidance from the IRS and the DOL. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements. The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

Note 3. Investment in Master Trust

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Bank of America, N.A., the trustee of the Plans.

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2024 and 2023, and for the years then ended. Accordingly, Bank of America, N.A., a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

Note 3. Investment in Master Trust (continued)

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest from notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024.
- Investment information included in Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2024, as shown on the ERISA-required supplemental schedules.

At the request of the Plan Administrator, the Plans' independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedules.

Each participating Plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The financial statements present a Total (Memorandum Only) column which provides the activity in the master trust, including the net change in master trust assets.

During the year ended December 31, 2024, the Master Trust investment income was comprised of the following:

Note 4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

Not Leveled - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk). Net Asset Value (NAV) is used as a practical expedient to value the investment.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value by the Master Trust.

Valuation Techniques Used in the Fair Value Measurement of Financial Assets Carried at Fair Value Including Strategies for Investments Valued at NAV

Mutual funds and equity investments (common stock), including those within participants' self-directed brokerage accounts and certain U.S. government debt securities, are valued based on unadjusted quoted

market prices in active markets and are categorized as Level 1. Such government debt securities include all government treasury securities, including Notes, Bills, and Strips.

The Master Trust investments also consists of short-term investments, certificates of deposit, commercial paper, fixed-income investments, including corporate and government debt securities, and asset-backed securities. The short-term investments, certificates of deposits, and commercial paper are valued at fair value based on their outstanding balances and are categorized as Level 2. Pricing for corporate and government debt securities and asset-backed securities was obtained from unadjusted quotations from brokers or pricing services used by the Trustee and are categorized as Level 2.

Short-term investments are primarily comprised of investment grade money market instruments and interest-bearing cash. Pricing for these investments was obtained from unadjusted quotations from brokers or pricing services used by the Trustee and they are categorized as Level 2.

Common / collective trusts and 103-12 investment entities are invested in equity investments that include U.S. equity, developed international equity and emerging markets equity investments, as well as fixed income investments that include U.S. and international companies' debt securities, and are not publicly traded and do not have a readily determinable fair value. The common / collective trust funds and 103-12 investment entities are valued at their NAV based on the fair value of the fund's underlying net assets as determined by the fund managers. All funds allow for daily redemption. The Plan is subject to a restriction on the amount that can be redeemed from the direct Real Estate Fund. There are no unfunded commitments. Participants are not subject to redemption restrictions on any funds.

Note 5. Tax Status

The Plans have each received a determination letter from the IRS, dated April 8, 2016, indicating that each Plan, as designed, is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plans have been amended and restated. Once qualified, the Plans are required to operate in conformity with the Code to maintain their qualified status. The Plans' administrator has indicated that it will take the necessary steps, if any, to bring the Plans' operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS.

The Plans have recognized no interest or penalties related to uncertain tax positions. The Plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party and Party-In-Interest Transactions

The Company, the participants and the Trustee, Bank of America, N.A., all have been identified as parties-in-interest. The Plans invest in shares of mutual funds and common collective trusts that are managed by the Trustee. Transactions as such qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Participant loans also qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules. Certain administrative expenses of the Plans are paid by the Company and qualify as party-in-interest transactions.

Note 7. Subsequent Events

Management evaluated subsequent events for the Plans through October 15, 2025, the date the financial statements were available to be issued.

SESP & UAWSP Changes

In May 2025, the Company amended the Plans to incorporate provisions of the SECURE 2.0 Act of 2022, ensuring continued compliance and alignment with federal retirement plan requirements.

For calendar years commencing on and after January 1, 2025, all Participants who have attained or will have attained age 60, 61, 62 or 63, but who have not attained or will not have attained age 64, before the close of such calendar year shall be eligible to make increased catch-up contributions in accordance with, and subject to the limitations of, section 414(v)(2) of the Internal Revenue Code.

Effective for calendar years beginning on or after January 1, 2026 (unless otherwise delayed), all catch-up contributions made by participants whose wages (as defined under IRC §3121(a)) exceeded the applicable threshold in the prior year must be made as Roth contributions. These contributions unless otherwise delayed, will be subject to the requirements of IRC §414(v)(7), along with any related regulations, IRS guidance, and administrative rules as determined by the Committee.

Note 7. Subsequent Events (continued)

UAWSP Changes

Effective with the first pay date on or after January 1, 2025, or if later, the first pay period in which an employee becomes an Eligible Employee covered under the Battery Letter Agreement, the Company shall contribute each pay period an amount equal to 6% of Eligible Compensation.

Effective March 25, 2025, Appendix V, Section 3.01 of the UAWSP, Eligible Compensated Hours was amended for Skilled Trades employees on the agreed upon AWS comprised of three 12-hour days (Friday, Saturday, Sunday or Monday, Saturday, Sunday) at Sterling Heights Assembly.

- 1) Skilled Trades employees working pursuant to the AWS who have less than 40 Eligible Compensated Hours and have earned at least 36 Eligible Compensated Hours in the work week will receive the Company Health Care Contribution and the Company Defined Contribution applied to 40 Eligible Compensated Hours.
- 2) For Skilled Trades employees working pursuant to the AWS who have less than 40 Eligible Compensated Hours and have not earned at least 36 Eligible Compensated Hours in the work week, the Company Health Care Contribution and the Company Defined Contribution will be applied to actual Eligible Compensated Hours.

In all cases, Eligible Compensated Hours shall not exceed 2,080 in a calendar year.
