Independent Auditor's Report

The Board of Trustees
UCBT Retiree Health Plan
Concord, California

Opinion

We have audited the financial statements of UCBT Retiree Health Plan, an employee benefit plan subject to the Employee Retirement Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of UCBT Retiree Health Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of UCBT Retiree Health Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Restatement of Prior Year Financial Statements

As discussed in Note 8 to the financial statements, an error resulting in an understatement of amounts previously reported for due from other trusts, stop loss reimbursements, employer contributions, and medical claims paid was discovered by Plan's management during the current year. Accordingly, amounts reported for due from other trusts, stop loss reimbursements receivable, employer contributions, and medical claims paid, net have been restated in the 2023 financial statements now presented. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about UCBT Retiree Health Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UCBT Retiree Health Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about UCBT Retiree Health Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 - Description of the Plan

The following brief description of the UCBT Retiree Health Plan (the Plan) is provided for general information purposes only. Participants should refer to the summary plan description for more complete information.

General

The Plan, a multiemployer health and welfare plan, was established for the purpose of providing health care benefits to retirees covered under collective bargaining agreements between the United Food and Commercial Workers Union Locals and employer associations and individual employers' signatory to the agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan is the responsibility of the Board of Trustees (the Trustees) and is governed by a joint board consisting of equal representation from the participating employers and the United Food and Commercial Workers Union.

Benefits

The Plan provides health and welfare benefits including medical, dental, vision, prescription drug, and physical exam for retirees. All dental, vision, prescription drug, physical exam and certain medical claims are self-funded by the Plan. Certain medical benefits are insured with premiums paid by the Plan.

The Plan management has entered into a stop-loss insurance arrangement in an effort to limit the Plan's exposure for self-funded medical and prescription drug benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). Under the terms of the contract, individual participant claims incurred in excess of \$350,000 in the aggregate on three claimants, are reimbursed to the Plan.

The Plan uses a pharmacy benefits manager (PBM) which periodically makes refunds to the Plan based on the utilization pattern of specific drugs.

Contributions and Eligibility

Employer contributions are paid into the Plan through the related UFCW Comprehensive Benefit Trust. Prior to December 2024 hours, the portion of the employer contributions allocated to the plan is based on actual expenses incurred and paid into the Plan quarterly based on the previous quarter's expenses. Effective December 2024 hours, contributions received equals 5 percent of total contributions made to the UCBT Trust Funds.

Eligibility provisions for retiree health and welfare require a date of hire before January 1, 2010, and a minimum of:

- 55+ years of age + 30 years of service
- 60+ years of age + 15 years of service
- 65+ years of age + 10 years of service

The retiree must have also been a part of the active plan prior to retirement to be eligible. Under certain conditions, participants are permitted to maintain Plan coverage by making self-payments. Continuation of health care benefits to persons who could otherwise lose those benefits due to certain events, as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA), has been adopted by the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Employer Contributions, Contributions Receivable, and Allowance for Credit Losses

Prior to December 2024 hours, employer contributions are recorded as income when quarterly expenses are determined, and reimbursement requests have been made from UFCW Comprehensive Benefit Trust. Any amounts not yet transferred at year end are recorded as amounts due from other trusts on the accompanying statements of net assets available for benefits at December 31, 2023.

Effective December 2024, the Plan recognizes contributions based on the latest executed collective bargaining agreement on an individual employer basis. Contributions from participating employers are based on a rate per hour for covered employees and are payable to the Plan during the subsequent month. Contributions due but not paid prior to year-end are recorded as contributions receivable at December 31, 2024.

Management of the Plan evaluates participating employers' contributions receivable periodically for potential credit losses based on historical experience as well as current and reasonable and supportable forecasted economic conditions. As of December 31, 2024 and 2023, there was no allowance taken.

Payment of Benefits

Claims and premiums are recorded when paid. Premiums paid are recorded as premium paid in the accompanying statements of changes in net assets available for benefits. Claim payments are recorded when submitted to the Plan for reimbursement. Claims paid prior to year-end or claim payments submitted to the Plan that are not yet paid are recorded as an amount currently payable in the accompanying statements of benefit obligations. Premiums not yet paid at year-end are included as an amount currently payable in the accompanying statements of benefit obligations.

Stop Loss

Premiums for stop loss insurance are included in premiums paid in the accompanying statements of changes in net assets available for benefits. Stop loss refunds received for December 31, 2024 and 2023 claims totaling \$0 and \$1,066,000, respectively, are netted against claims paid in the accompanying statements of changes in net assets available for benefits. As of December 31, 2024 and 2023 stop loss reimbursements receivable were \$0 and \$1,107,323, respectively.

Refunds and Rebates

Prescription refunds from the Plan's PBM are recorded when earned. Refunds due at year-end are recorded as a receivable on the statement of net assets available for benefits, with the offset being netted against claims paid. Pharmacy rebates for the Plan years ended December 31, 2024 and 2023 totaling \$48,450 and \$0, respectively, are netted with claims paid in the accompanying statements of changes in net assets available for benefits.

Medicare Subsidy

The Medicare Prescription Drug Improvement and Modernization Act of 2003 (the Act) applies to postretirement health care plans and provides prescription drug benefits. The Act provides for the Plan to receive a subsidy under Medicare (Medicare Part D) if it provides a benefit that is at least actuarially equivalent to Medicare Part D. The Plan received \$0 and \$41,323 in Federal subsidies for the years ended December 31, 2024 and 2023, respectively. The Plan's postretirement benefit obligation reflects an amount associated with the Medicare subsidy allowed under the Act because the Plan is directly entitled to the Medicare subsidy. Medicare subsidy amounts received are recorded on the statements of changes in net assets available for benefits.

Expenses

Expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. The Plan shares certain administrative expenses with a related plan. In computing these allocated costs, various factors were considered, including time spent, costs incurred, and volume of transactions relating to the Plan in relation to the other plans.

Current Benefit Obligations

As a result of the eligibility provisions of the Plan, payments by retirees for December 31, 2024 and 2023, produced eligibility for December 31. Accordingly, group insurance premiums and claims incurred are accrued on the basis of eligibility for December 31. These amounts are recorded as amounts currently payable on the statements of benefit obligations.

The liabilities for future payment of claims incurred but unreported at December 31, 2024 and 2023, have been estimated using actual claims data paid subsequent to year end for all claims incurred through the eligibility period and has been included in the amounts currently payable on the statements of benefit obligations.

Postretirement Benefit Obligations

Postretirement benefit obligations have been recognized for retiree health benefits for eligible participants and their dependents. The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired or terminated employees and their beneficiaries and dependents and (b) active employees and their beneficiaries and dependents after retirement from service with participating employers. The post-retirement benefit obligation represents the amount that is to be funded by contributions from the plan's participating employers, from existing plan assets, and from self-payments by the participants.

The actuarial present value of the expected postretirement benefit obligation is determined by an independent actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

For measurement purposes, a weighted average of 6.75% for pre-Medicare coverage as the annual rate of increase in the average per capita cost of covered health care benefits are assumed for 2024; the rates were assumed to decrease gradually by 0.25% per year for 9 years until 4.50% and remain at that level thereafter. A weighted average of 6.00% for post-Medicare coverage as the annual rate of increase in the average per capita cost of covered health care benefits are assumed for 2024; the rates were assumed to decrease gradually by 0.25% per year for 6 years until 4.50% and remain at that level thereafter. These assumptions are consistent with those used to measure the benefit obligations at December 31, 2024.

The following are significant assumptions used to determine the postretirement benefit obligations as of December 31, 2024 and 2023:

	2024	2023
Discount Rate	5.50%	4.75%
Retirement Age	60.8	60.4
Mortality Rates	Pri-2012 Headcount-weighted Employee Mortality Tables, projected generationally with Scale MP-2019	Pri-2012 Headcount-weighted Employee Mortality Tables, projected generationally with Scale MP-2019

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

The valuation assumptions increased obligations by \$21,470,000. The claims costs and trend assumptions were updated to reflect actual experience, the impact of plan changes, and expected future trends. Additionally, the discount rate increased from 4.75% to 5.50%.

The weighted-average health care cost-trend assumption has a significant effect on the postretirement benefit obligations. If the assumed rates increased by one percentage point in each year, it would increase the obligation as of December 31, 2024 and 2023, by \$19,947,000 and \$25,355,000, respectively.

The Plan's excess of benefit obligations over net assets at December 31, 2024 and 2023, relates primarily to the postretirement benefit obligation, the funding of which is not covered by the contribution rate provided by the current CBAs. However, the Plan empowers the Trustees to establish self-payments by eligible retired participants and modify the terms and conditions under which retiree eligibility may be maintained; therefore, the cost to the Plan can be reduced or eliminated prospectively by action of the Trustees.

Concentrations of Credit Risk

The Plan maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor, per insured bank, for each account ownership category. At December 31, 2024 and 2023, the Plan had approximately \$132,500 and \$0, respectively, in excess of FDIC-insured limits.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2025, the date which the financial statements were available to be issued.

Note 3 - Tax Status

The VEBA trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (IRS) dated August 28, 2017, stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code (IRC). In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the related trust is tax-exempt. No federal or state income taxes have been recorded in 2024 for unrelated business taxable income.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 - Related Party and Party-In-Interest Transactions

The Plan pays fees for several arrangements with service providers and affiliated entities. These transactions are considered exempt party-in-interest transactions under ERISA.

The Plan has an administrative services agreement with the UFCW – Employers Benefit Plans of Northern California Group Administration, LLC (LLC). The Plan and LLC are related parties since they share similar members within their respective board of trustees. The Plan pays the LLC for its share of indirect LLC administrative costs pursuant to the terms of the Administrative Services Agreement and an allocation methodology approved by the Trustees. In addition, certain administrative costs can be attributable to only one of the Plans administered by the LLC and those direct costs are reimbursed to the LLC by the applicable plan. The Plan's share of administration expenses for the years ended December 31, 2024 and 2023, were \$110,276 and \$81,452, respectively. As a result of these transactions at December 31, 2024 and 2023, \$13,702 was due to and \$186,187 was due from LLC, respectively.

The local unions, which are a party to the collective bargaining agreement, provide information and administrative assistance to the participants of this Plan. Pursuant to agreements with the LLC, the local unions are reimbursed for cost of services performed which is based on an approved allocation methodology. For the years ended December 31, 2024 and 2023, reimbursements totaled \$4,850 and \$3,240, respectively.

For the years ended December 31, 2024 and 2023, \$1,056,547 and \$3,332,403, respectively, in contributions was transferred for actual Plan expenses incurred from the UFCW Comprehensive Benefit Trust. At December 31, 2024 and 2023, \$27,997 and \$1,895,902 was due from UFCW Comprehensive Benefit Trust, respectively. Additionally, during the year ended December 31, 2024, a true-up of expenses based on reimbursements received by UFCW Comprehensive Benefit Trust was made resulting in a refund from the Plan to the UFCW Comprehensive Benefit Trust in the amount of \$2,161,711.

At December 31, 2024, \$58,660 was due from UFCW Northern California Employers Joint Pension Plan related to health and welfare withholdings from pensioners for benefit coverage.

Note 5 - Risks and Uncertainties

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. The benefit obligation for claims incurred but not reported was calculated using claims data through a point in time as a basis for the estimate. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 6 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to the Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 598,242	\$ 3,366,640
Less current year benefit obligations payable	(77,004)	(335,225)
Net assets available for benefits per the Form 5500	\$ 521,238	\$ 3,031,415

The following is a reconciliation of the total benefits paid per the financial statements to the Form 5500 for the year ended December 31, 2024:

Total Benefits Paid per the Financial Statements	\$ 2,182,288
Benefit obligations payable at end of year	77,004
Benefit obligations payable at beginning of year	(335,225)
Total Benefits Paid per the Form 5500	\$ 1,924,067

Claims and premiums that have been processed and approved for payment at year-end, but not paid, and claims incurred but not reported are not considered liabilities under generally accepted accounting principles and, therefore, are not presented as liabilities in the accompanying financial statements but are recorded on the Form 5500 as liabilities.

Note 7 - Priorities Upon Plan Termination

Although it has not expressed an intention to do so, the Trustees have a right under the Plan to modify benefits provided to the participants, and contributions required, and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the Trustees, after accounting for any and all funds and property remaining in the Plan estate, and after the payment of or adequate provision for the payment of all liabilities relating to or affecting this Plan, shall use the balance of the funds remaining on hand in the Plan estate for the purpose of continuing the Plan for the benefit of all eligible employees, their dependents and associate members at the time of the termination of this Plan or the collective bargaining agreement above referred to, until said funds shall have been exhausted.

Note 8 - Correction of an Error

During the year, Plan management identified a misstatement within the 2023 financial statements related to due from other trusts, stop loss reimbursements receivable, employer contributions, total additions, medical claims paid, net, and total deductions. Accordingly, Plan management restated its previously issued financial statements to reflect corrected amounts.
