Independent Auditor's Report

To the Plan Administrator
Strategix Management, LLC PW Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Strategix Management, LLC PW Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 15, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 1, 2024 through December 15, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Strategix Management, LLC PW Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 15, 2024 and December 31, 2023, and for the period from January 1, 2024 through December 15, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Strategix Management, LLC PW Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Strategix Management, LLC PW Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Member of AICPA Employee Benefit Plan Audit Quality Center

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Strategix Management, LLC PW Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Plan Merger

Effective December 15, 2024, the Plan merged into the Strategix Management, LLC 401(k) Plan. All assets were transferred to the Strategix Management, LLC 401(k) Plan effective with the plan merger. Our opinion is not modified with respect to the plan merger.

Strategix Management, LLC PW Plan

Notes to Financial Statements

December 15, 2024

1. Description of the Plan

The following brief description of the Strategix Management, LLC PW Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established effective January 1, 2023. The Plan sponsor is Strategix Management, LLC (the Company). The Plan covers all employees who complete one hour of service, except for employees who are covered by a collective bargaining agreement (unless such agreement specifically provides for inclusion in the Plan), leased employees, and any non-resident alien who had no earned income from services performed in the United States.

Plan Merger

The Plan was merged into the Strategix Management, LLC 401(k) Plan effective December 15, 2024. In connection with the merger, plan assets of \$2,308,771 were transferred into the Strategix Management, LLC 401(k) Plan. The transfer consisted of \$192,164 of employer contributions receivable and investment assets of \$2,116,607.

Contributions

The Company may make a non-elective contribution to the Plan. Participants are eligible to receive an allocation if they have completed at least one (1) hour of service during the plan year. Non-elective contributions will be allocated to the non-elective contribution accounts of each participant eligible to share in such allocations after the end of the plan year. Such contributions will be allocated in an amount designated by the Company to be allocated to each eligible participant. The Company made no such contributions in 2024.

In addition, the Company will make a Prevailing Wage Contribution on behalf of each Participant who performs services subject to the Service Contract Act, Davis-Bacon Act or similar Federal, State, or Municipal Prevailing Wage Statutes. The Prevailing Wage Contribution shall be an amount equal to the balance of the fringe benefit payment for each Participant based on the hourly Prevailing Wage contribution rate for the Participant's employment classification.

Strategix Management, LLC PW Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Plan accepts rollover contributions in accordance with the terms in the plan document.

The amount that may be contributed to the Plan for each participant in any year is limited to a fixed dollar amount. This dollar limit is indexed; therefore, it may increase each year for cost-of-living adjustments. In addition, contributions cannot exceed 100% of each participant's eligible compensation.

Participant Accounts

All Plan investments are participant directed. Plan participants have the option of having their contributions invested in a variety of mutual funds. Each participant's account is credited with any rollover contributions as well as allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) charged with administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Under the provisions of the Plan, participants are immediately 100 percent vested in their rollover contributions as well as any Company contributions plus actual earnings thereon.

Benefits

On termination of service due to death, disability, or early retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan permits in-service withdrawals under certain conditions.

Administrative Expenses

Certain costs of administering the Plan are paid by the Company and are therefore not reflected in the Plan's financial statements. Other costs, including distribution fees, are paid by participants with plan assets and are reflected in the financial statements.

Strategix Management, LLC PW Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Plan Termination

Prior to the Plan merger, although it had not expressed any intent to do so, the Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain 100 percent vested in the company contribution portion of their account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are accounted for on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest from investments is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid to participants.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain

Strategix Management, LLC PW Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. Investment Information Certified by Custodian

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023, and net appreciation in fair value of investments, interest and dividends for the period from January 1, 2024 through December 15, 2024, were obtained or derived from information supplied to the plan administrator, and certified as complete and accurate, by the custodian, Reliance Trust Company. There were no remaining investment assets to certify as of December 15, 2024 due to the plan merger.

4. Fair Value Measurements

The Plan follows accounting standards which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Strategix Management, LLC PW Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the quoted market prices which represent the net asset value of shares held by the Plan at year end. There are no restrictions on the redemption of these investments.

There were no assets at December 15, 2024.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 976,136	\$ -	\$ -	\$ 976,136

5. Administration of Plan Assets

The Plan's assets are held by the custodian of the Plan. Employee and employer contributions are held and managed by the custodian, which invests cash received, interest, and dividend income and makes distributions to participants. A third-party recordkeeper, T. Rowe Price, maintains records of plan participant accounts. The Plan also invests in mutual funds related to T. Rowe Price.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Strategix Management, LLC PW Plan

Notes to Financial Statements (continued)

6. Related Party Transactions

As noted in Notes 1 and 5, the Plan has a number of service providers. Such parties are a party-in-interest under ERISA.

7. Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position more likely than not, would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 15, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Management has evaluated all subsequent events through October 10, 2025, which represents the date the financial statements were available to be issued.
