**Part I Asset and Liability Statement**

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## **INDEPENDENT AUDITOR'S REPORT**

To the Plan Administrator and Management  
Insurance Office of America, Inc. Employee Stock Ownership Plan  
Longwood, FL

### **Opinion**

We have audited the accompanying financial statements of Insurance Office of America, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 1899, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Insurance Office of America, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 1899, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Insurance Office of America, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Insurance Office of America, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4 i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

## **Insurance Office of America, Inc. Employee Stock Ownership Plan Notes to Financial Statements**

### **Note 1: DESCRIPTION OF THE PLAN**

The following description of the Insurance Office of America, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Refer to Plan document for a more complete description of the Plan provisions.

#### ***General***

Insurance Office of America, Inc. (the Company) established the Insurance Office of America, Inc. Employee Stock Ownership Plan effective January 1, 2003. The Plan has been amended and restated over the years to comply with tax legislation. The Plan was most recently restated effective January 1, 2016, and last amended effective January 1, 2023. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Chairman of the Board and Chief Executive Officer are the Plan's trustees.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Principal Life Insurance Company (Principal) and performs annual ERISA compliance testing as directed by the Board of Directors and provides certain recordkeeping services.

#### ***Eligibility***

Employees of the Company (excluding certain key officers and other highly compensated employees) and its adopting employers, Insurance Office of America, Inc.; Eagle American Insurance Agency, LLC; IOA Group, LLC; IOA National, Inc.; IOA Properties, LLC; MatchUp Promotions, LLC; USA Telecom Insurance Services, LLC; SimplyIOA, LLC; and Payroll Office of America, LLC, (the Companies) who are age 21 or older are generally eligible to participate in the Plan after completion of six months of service. Employees who do not have at least 1,000 hours of service during the Plan year or are not employed on the last working date of the Plan year are generally not eligible for an allocation of Company contributions for that Plan year.

#### ***Contributions***

Annually, the Companies may make a discretionary contribution to the Plan. Company contributions may be made in cash, stock, or such other property as is acceptable to the trustees. The Plan purchases shares of the Company's voting common stock with the proceeds from the contributions and holds the shares of common stock in a trust established under the Plan.

### Note 1: DESCRIPTION OF THE PLAN (Continued)

#### *Participant Accounts*

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited on the last day of the Plan year with an allocation of shares of the Company's common stock contribution. Only those participants, who are eligible employees of the Company as of the last day of the Plan year, as defined in the Plan document, will receive an allocation of shares. Allocations are based on a participant's eligible compensation, as defined in the Plan document, relative to total eligible compensation. Plan earnings are allocated to each participant's share of the investment based on the ratio of the participant's beginning of the year account balance less distributions to all participants' beginning of the year account balances less distributions.

#### *Vesting*

Vesting in the Company's contribution is based on years of continuous service. A participant is 100% vested after six years of service, reaching normal retirement age, becoming disabled, or death, as further defined in the Plan document. The following table sets forth the vesting schedule:

|                   |      |
|-------------------|------|
| Less than 2 years | 0%   |
| 2 years           | 20%  |
| 3 years           | 40%  |
| 4 years           | 60%  |
| 5 years           | 80%  |
| 6 years           | 100% |

#### *Benefit Payments*

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), becomes permanently disabled, or otherwise terminates employment with the Company and its adopting employers. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share.

Under the provisions of the Plan document, the Company has the right of first refusal to repurchase participant shares which have been distributed under the terms of the Plan document. During 2024, the Company repurchased 228 shares and 10 shares were forfeited from terminated participants at the 1899 price determined from the independent appraisal.

## **Insurance Office of America, Inc. Employee Stock Ownership Plan Notes to Financial Statements**

### **Note 1: DESCRIPTION OF THE PLAN (Continued)**

#### ***Put Option***

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

#### ***Diversification***

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with 10 years of service in the Plan may elect to diversify a portion of their account. Diversification is offered to eligible participants over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

#### ***Forfeitures***

There were 10 shares forfeited during 2024 and 21 shares forfeited during 1899. The shares were reallocated to participants and used to pay plan expenses in both 2024 and 1899. There were no unallocated forfeitures as of December 31, 2024.

### **Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles general accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

#### ***Use of Estimates***

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### ***Investment Valuation and Income Recognition***

The Plan's investment in the Company's common stock is stated at fair value. The following is a description of the valuation methodology used for assets measured at fair value.

The Company voting common stock investment held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based on a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparable, and estimated fair value of the Company's assets and liabilities.

Additionally, the independent valuation consultants valued the Company's common stock by: analyzing the financial statements of the Company; conducting discussions with management and Plan trustees regarding the history and nature of the business; reviewing financial data bearing upon recent and proposed operations; reviewing industry prospects; reviewing the market value of publicly traded stock of similar companies; considering contracts for future revenues to be earned by the Company; and considering other relevant factors. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### ***Payment of Benefits***

Distributions to participants are recorded when paid.

#### ***Plan Expenses***

Plan expenses include certain expenses of maintaining the Plan. Some of these expenses will be paid from the forfeited shares and are included in other liabilities on the Statement of Net Assets Available for Benefits. Certain expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### *Risks and Uncertainties*

The Plan provides for investment in Company stock. The Plan's investment is exposed to various risks such as interest rate, market, and credit risks. The stock of the Company is valued annually by a valuation specialist. Because of the inherent subjectivity in any valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### *Subsequent Events*

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 15, 2025. See Note 9. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

### Note 3: TRUSTEE AND ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist solely of the Company's voting common stock, are held by the trustees of the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

### Note 4: INVESTMENTS

At December 31, 2024 and 2023, the Plan's investment in common stock of Insurance Office of America, Inc. is presented in the following table:

| <i>December 31,</i> | <b>2024</b>         | <b>2023</b>         |
|---------------------|---------------------|---------------------|

| Fair Value          | <b>\$ 8,635,464</b> | <b>\$ 8,032,604</b> |

## Insurance Office of America, Inc. Employee Stock Ownership Plan Notes to Financial Statements

### Note 5: FAIR VALUE OF INVESTMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

*Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

*Level 2:* Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - observable; or
  - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 1899.

### Note 6: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 24, 2013, and a letter dated August 3, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain expenses of the Plan, including legal and accounting fees, are paid by the Company. In addition, certain services to the Plan by the Employer were performed at no charge. The Plan has a service provider as described in Note 1, which is a party-in-interest under ERISA.

## **Insurance Office of America, Inc. Employee Stock Ownership Plan Notes to Financial Statements**

### **Note 8: PLAN TERMINATION**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts.

### **Note 9: SUBSEQUENT EVENT**

The Plan Sponsor is planning a transaction that would involve new ownership in the near future. Should this transaction close, it is currently the intent of the Plan Sponsor to terminate the ESOP Plan as soon as administratively possible.
