Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Laborers' Local No. 17 Annuity Fund (the "Fund"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Fund's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for one year from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LABORERS' LOCAL NO. 17 ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

1. Plan Description:

General

Laborers' Local No. 17 Annuity Fund (the "Fund") was formed on July 1, 2000 via a collective bargaining agreement for the benefit of the members. The Fund provides retirement benefits to its members as outlined in the Fund summary.

Funding

The Fund is funded by direct employer contributions pursuant to the current collective bargaining agreements between employers and the union. Participants are not required to contribute. Participants direct the investment of contributions into various investment options offered by the Fund.

Participant Accounts

Each participant's account is credited with direct employer contributions and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants shall be immediately vested in 100% of their account upon meeting the eligibility requirements. An individual must complete 200 hours of covered service to be eligible to become a participant of this Fund. The term "Break in Service" means a plan year during which a participant is credited with fewer than 200 hours of vesting service.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account.

Forfeited Accounts

Forfeited non-vested amounts are first used to pay administrative expenses of the Fund and then any uncollectible employer contributions. Any remaining forfeitures are reallocated among the remaining participants. There were no forfeitures used or reallocated during the years ended December 31, 2024 and 2023. The outstanding forfeiture balance as of December 31, 2024 and 2023 was \$1,035,015 and \$947,175, respectively. Reallocations of forfeiture balances to eligible participants will be made during the 2025 or 2026 plan year.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent of their vested account balance. Loan terms range from one to five years, with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate. Principal and interest are paid ratably through ACH payments.

Administration

The Board of Trustees is the trustee of the Fund. John Hancock Trust Company LLC is the custodian for the Fund.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The Fund uses the accrual method of accounting which recognizes income when it is earned and expenses as they are incurred.

Pervasiveness of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Fund Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Fair Value of Financial Instruments

The carrying amount of financial instruments, including receivables and payables arising in the ordinary course of business, approximate fair value due to the short maturity of these instruments.

LABORERS' LOCAL NO. 17 ANNUITY FUND

2. Summary of Significant Accounting Policies (continued):

Investment Valuation and Income Recognition

The Fund's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

Purchases and sales of securities are reflected on a trade-date basis. Gains or losses on sales of securities are based on the average cost of investments sold. Dividend income is recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Fund's gains or losses on those investments bought and sold as well as held during the year.

Due from Contractors

This receivable represents the amount due from contractors who are bound by the collective bargaining agreement for hours worked by member employees prior to the statement of net assets available for benefits date.

The Fund provides for credit losses using the reserve method. The allowance for credit losses is based on the Fund's historical collection experience. Management has determined that no allowance for credit losses was necessary as of December 31, 2024 and 2023.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Distributions will be subject to the following after separation from service in covered employment: 50% of benefit payable after 12 months, 100% of benefit payable after 24 months, subject to 5% fee.

Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Fund, by letter dated March 21, 2012, that the Fund and related trust are designed in accordance with the applicable section of the Internal Revenue Code ("IRC"). The Fund has been amended since receiving the determination letter. However, the Fund Administrator and the Fund's tax counsel believe that the Fund is designed and is currently being operated in compliance with the applicable requirements of the IRC. With few exceptions, the Fund is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years prior to 2021.

Risks and Uncertainties

The Fund utilizes various investment instruments which are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. The Fund's investments are not insured or protected by the Fund's custodian. Accordingly, the Fund is subject to the normal investment risks associated with mutual funds, stocks, bonds and other similar types of investments.

Priorities Upon Termination

If it ever becomes necessary to terminate the Fund, the Trust Agreement provides that assets then held by the custodian must be used exclusively on behalf of Fund participants. In no event will any of the assets revert to any employer. Upon termination of the Fund, the annuity accrued under the Fund for each participant who was vested as of the date of such termination shall be non-forfeitable.

Reclassification

Certain reclassifications may have been made to the 2023 financial statement presentation to correspond to the current year's format. Total net assets available for benefits are unchanged due to these reclassifications.

Subsequent Events

The date to which events occurring after December 31, 2024, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is September 15, 2025, which is the date on which the financial statements were available to be issued.

3. Information Certified by the Custodian:

The following is a summary of the Fund's asset information as of December 31, 2024 and 2023, and for the years then ended, included throughout the Fund's financial statements and the supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Fund Administrator. The Fund Administrator has obtained certification from the custodian that information provided to the Fund Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Fund's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule.

The following table presents the fair value of the investments in this Fund that were certified by the custodian.

As of December 31	2024	2023
Money Market Fund	\$ 1,028,589	\$ 941,258
Mutual Funds	65,676,757	59,483,993
Collective Trust Fund	443,190	517,376
Total Certified Plan Investments	67,148,536	60,942,627
Notes Receivable from Participants	1,716,887	1,367,547
Total Certified Plan Assets	\$ 68,865,423	\$ 62,310,174

The custodian also certified to the completeness and accuracy of \$5,582,056 and \$6,695,316 of net appreciation in fair value of investments and \$1,673,735 and \$1,560,367 of interest and dividends related to the aforementioned Plan Assets for the years ended December 31, 2024 and 2023, respectively.

4. Fair Value Measurements:

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.

Level 2: Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Fund: Value is based on deposits plus interest.

Mutual Funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Fund are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Fund are deemed to be actively traded.

LABORERS' LOCAL NO. 17 ANNUITY FUND

4. Fair Value Measurements (continued):

Collective Trust Fund: Pooled separate accounts are valued using the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of the future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Fund's assets at fair value:

December 31, 2024				
	Total	Level 1	Level 2	Level 3
Money Market Fund	\$ 1,028,589	\$ 1,028,589	\$ -	\$ -

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common Collective Trust	\$ 443,190	N/A	Daily	12 Months
December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common Collective Trust	\$ 517,376	N/A	Daily	12 Months

5. Due from Collection Account:

Due from collection account represents the Fund's portion of employer contributions that are accumulated in the checking account used by the Local 17 Collection Account to deposit employer contributions which cannot be allocated due to short payments or lack of supporting documentation. Once Local 17 receives the additional payments or documentation, these amounts will be distributed to the appropriate funds.

LABORERS' LOCAL NO. 17 ANNUITY FUND

6. Related Party Transaction:

During the course of the year, the Local 17 Health Benefit and Pension Funds share the administrative costs of the Fund office. A portion of these expenses are related to the administration of the Annuity Fund. In addition, the payroll for the Fund's employees is paid through the Health Benefit Fund. The amount to be reimbursed for administrative costs, payroll and related taxes is calculated periodically and reimbursed to the Health Benefit and Pension Funds.

7. Concentration of Credit Risk:

The Fund maintains its cash in accounts which periodically exceed federally insured limits. It has not experienced any losses to date resulting from this policy.
