**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

To the Plan Administrator and Participants of the  
Seton Hall University Retirement Plan

**Scope and nature of the ERISA Section 103(a)(3)(C) audit**

We were engaged to perform audits of the financial statements of Seton Hall University Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Disclaimer of opinion**

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

**Basis for disclaimer of opinion**

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

**Other matter – supplemental schedule required by ERISA**

The supplemental schedule of assets (held at end year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

## **Seton Hall University Retirement Plan**

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2024 and 2023**

#### **NOTE 1 - DESCRIPTION OF PLAN**

The following description of the Seton Hall University Retirement 403(b) Plan (the "Plan") is provided for general informational purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

##### ***General***

The Plan is a defined contribution plan covering all eligible employees of Seton Hall University (the "University" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

##### ***Plan Administration***

The University is the administrator of the Plan and is responsible for enrolling participants, sending Plan contributions for each participant to the custodians and for performing other duties required for the operation of the Plan. The Plan utilizes Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") as its custodians. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

##### ***Contributions***

Employees are eligible to make voluntary salary deferrals to the Plan through the Supplemental Deferral Program upon the commencement of employment. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Prior to July 2020, in addition to voluntary salary deferrals, if any, employees who had attained age 21 and have completed two years of service were required to contribute 4% of their eligible compensation to the Plan through the University Matching Contribution Program. For employees who have attained age 21 and completed two years of service, the University will contribute 8% of a participant's eligible compensation to the Plan. All contributions are subject to the maximum compensation limit for each participating employee, as defined by the Internal Revenue Code ("IRC") limitations.

##### ***Participant Accounts***

Individual account balances are maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of the University's contribution and investment earnings thereon and charged with an allocation of investment losses and other expenses. The benefit to which a participant is entitled is equal to the balance of the participant's account.

##### ***Vesting***

Participants are immediately 100% vested in all employee and University contributions.

##### ***Plan Loans***

Prior to January 1, 2020, plan loans were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA and loan proceeds were not removed from a participant's account balance. For all Plan loans, interest and principal is paid by the participant directly to TIAA. Plan loans are not considered investments of the Plan and, therefore, are not reported in the statements of net assets available for benefits. However, a portion of a participant's TIAA Traditional Annuity Contract (the "Traditional Annuity") account balance was reserved, or held in collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding. See Note 4 for

**Seton Hall University Retirement Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

discussion of the Traditional Annuity. Investments collateralizing defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution occurs.

On December 31, 2024 and 2023, participants had outstanding plan loan balances due to TIAA of \$725,881 and \$976,085, respectively. These loans were collateralized by Traditional Annuity and other loan collateral account balances of \$798,469 and \$1,073,693 as of December 31, 2024 and 2023, respectively.

***Notes Receivable from Participants***

During the calendar year 2020, TIAA no longer issued plan loans in an effort to enhance their services to participants. The Plan loans were replaced by notes receivable from participants. Notes receivable from participants are available to active employees subject to certain limitations. Participants may borrow from their account a minimum of \$1,000 up to a maximum amount of the least of: (1) 45% of their current account balance; (2) 90% of the current balance of their supplemental deferrals and rollover contributions; or (3) \$50,000. Participants may have a maximum of three loans outstanding at any time. Loan terms range from one to five years. In the event of a home loan, the term is no more than 10 years. The loans are secured by the balances in the participants' accounts and bear interest at rates which are commensurate with local prevailing rates at the time of issuance, as determined quarterly by the Plan Administrator. Principal and interest must be paid by the borrower ratably at least quarterly. Outstanding participant loan balances were \$2,040,726 and \$1,790,857 for the Plan years ended December 31, 2024 and 2023, respectively. At both December 31, 2024 and 2023, the interest rates on loans ranged from 4.25% to 9.50%.

***Payment of Benefits***

Distributions are made to participants or their beneficiaries upon death, retirement, disability, or termination of employment. Benefits are payable in annuities allowed under the funding vehicle contracts, partial payments, installments and lump-sum payments. A participant may elect in-service withdrawals of their elective deferral account balances after reaching age 59½, becoming qualified for a "qualified reservist distribution," as defined in the Plan document, due to hardship or upon becoming disabled. Minimum required distributions for participants who have reached age 73 also apply per Internal Revenue Service ("IRS") regulations.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the University and are excluded from these financial statements. Fees related to the administration of loans and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

***Use of Estimates***

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

**Seton Hall University Retirement Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

***Investment Valuation and Income Recognition***

The Plan's investments are recorded at fair value, except for the Plan's investment in fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The fully benefit-responsive portion of the Plan's fixed rate annuity contract with TIAA, including the Supplemental Retirement Annuities ("SRA") and the Group Supplemental Retirement Annuities ("GSRA"), are reported at contract value. Contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. All other Plan investments, including the Plan's interest in non-fully benefit-responsive contracts, are reported at fair value.

***Payments of Benefits***

Benefits are recorded when paid.

**NOTE 3 - CERTIFIED INFORMATION**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") *Rules and Regulations for Reporting and Disclosure under ERISA*. Accordingly, TIAA and CREF, custodians of the Plan, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate. This certification extends to those investments and participant loans, if any, which TIAA Trust, N.A., a national trust bank, held as a directed trustee or custodian that were record kept by TIAA.

- Investments, at fair value, fully-benefit responsive contracts, at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

**NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT, AT CONTRACT VALUE**

The Plan invests in the Traditional Annuity, which is a fixed-rate contract that is fully and unconditionally guaranteed by TIAA. The Plan's Traditional Annuity investments are through the SRA and the GSRA and are fully benefit-responsive. The type of contract through which a participant invests in the Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

## Seton Hall University Retirement Plan

### NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Investments in the Traditional Annuity earn a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rate is calculated on a daily basis. For accumulating SRA and GSRA contracts, the interest crediting rate was 4.50% and 5.75% as of December 31, 2024 and 2023, respectively.

When a participant's accumulation in the Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution on the statement of changes in net assets available for benefits. The SRA and GSRA contracts provide for full participant-directed liquidity. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and also that limit the ability of the Plan to transact at contract value with participants.

#### NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- The fair values of units held by the Plan in mutual funds are valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV price is quoted on active market and is classified within Level 1 of the valuation hierarchy.

**Seton Hall University Retirement Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

- The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies) are valued at quoted market prices at the close of the last business day of the year, and classified as Level 1 of the valuation hierarchy.
- The fair value of the Plan's interest in the TIAA Real Estate Account is based on the fund's daily NAV. The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. Although this interest has a readily determinable fair value, management has classified this within Level 2 as a result of the associated redemption provisions.
- The Plan's fixed-rate annuities are primarily within the TIAA Traditional Annuity, with an investment through the Retirement Annuity ("RA"), a fixed rate contract that is non-fully benefit responsive. Observable prices for identical or similar investments do not exist, and it is classified as Level 3 of the valuation hierarchy. Investments in the TIAA Traditional Annuity earn a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The crediting interest rate is calculated on a daily basis. For accumulating RA contracts, the crediting interest rates were 5.25% and 6.50% as of December 31, 2024 and 2023, respectively. The RA contract does not allow lump-sum cash withdrawals and transfers must be distributed over 10 annual installments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments may result in a different fair value measurement at the reporting date. The Plan's policy is to recognize transfers in and transfers out at the end of the reporting period. There were no transfers of investments among any of the levels during 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

**Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements**

The following table summarizes the Plan's Level 3 investments at December 31, 2024 for which the fair value is based on unobservable inputs, the valuation techniques used to measure fair value of those investments, and the ranges of values for the unobservable inputs:

Type	2024 Fair Value	Valuation Technique	Unobservable Inputs	Range
TIAA Traditional Annuity*	\$ 143,173,390	Discounted cash flow theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 3.65% - 6.5%

The following table summarizes the Plan's Level 3 investments at December 31, 2023 for which the fair value is based on unobservable inputs, the valuation techniques used to measure fair value of those investments, and the ranges of values for the unobservable inputs:

Type	2023 Fair Value	Valuation Technique	Unobservable Inputs	Range
TIAA Traditional Annuity*	\$ 146,374,384	Discounted cash flow theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 4.00% - 6.75%

\* Includes plan loan default fund balances

Purchases of Level 3 investments were \$13.31 million and \$12.58 million for the Plan years ended December 31, 2024 and 2023, respectively.

**NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS**

Plan investments include investment contracts, registered investment companies, pooled separate accounts and shares of mutual funds managed by TIAA and CREF, the record keepers and custodians of the Plan. Certain administrative functions of the Plan are performed by employees of the Plan Sponsor. No such employee received compensation from the Plan. The Plan also permits notes receivable from participants. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

#### NOTE 7 - PLAN TERMINATION

While it is expected that this plan will continue indefinitely, the University reserves the right to amend, otherwise modify, or terminate the Plan, or to discontinue any further contributions or payments under the Plan, by resolution of its Board. In the event of a termination of the Plan or complete discontinuance of plan contributions, the University will notify all participants of the termination. As of the date of complete or partial termination, all accumulation accounts will become nonforfeitable to the extent that benefits are accrued. Upon termination of the Plan, the balance of the accumulation accounts of each participant will be distributed in a lump sum or by delivery of a fully paid annuity contract, as permitted by Treasury Regulation 1.403(b)-10(a).

#### NOTE 8 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating, in all material respects, in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### NOTE 9 - RISK AND UNCERTAINTIES

The Plan provides for investments in various securities that, in general, are exposed to various risks, such as interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

#### NOTE 10 - ACCOUNTING AND PAYROLL RECORDS

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure, and audit requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. The DOL acknowledged in its Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) plans, that full annual reporting compliance "may not be possible" and "the guiding principle must be to ensure that the appropriate efforts are made to act reasonably, prudently, and in the interest of the Plan's participants and beneficiaries." Notwithstanding the DOL's specific recognition of the "compliance challenges" engendered by its new requirements, U.S. GAAP provides no such relief requiring all contracts and custodial accounts be included and maintained.

Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the University. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former

employees prior to January 1, 2009 were not required to be maintained by the Plan, nor maintained or retained by service providers at the Plan level. Consequently, the Plan's financial statements have been prepared based on available records analyzed by the University. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

**NOTE 11 - SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued. There were no subsequent events that would require recognition or additional disclosure in the Plan's financial statements.
