Auditor Objectives Related to Other Information

Our objectives related to the other information accompanying the audited financial statements were to:

- Consider whether a material inconsistency exists between the other information and the financial statements
- Remain alert for indications that:
 - A material inconsistency exists between the other information and the auditor’s knowledge obtained in the audit, or
 - A material misstatement of fact exists or the other information is otherwise misleading
- Respond appropriately when we identify that such material inconsistencies appear to exist or when we otherwise become aware that other information appears to be materially misstated. Potential responsive actions would include requesting management to correct the identified inconsistency
- Include the appropriate communication in our auditor’s report, disclosing the procedures performed on the Other Information, as well as the results obtained
 - Procedures performed did not identify any material inconsistencies

Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Qualitative Aspects of Significant Accounting Policies & Practices

Significant Accounting Policies

Significant accounting policies are described in Note 2 of the audited financial statements.

With respect to new accounting standards adopted during the year, we call to your attention the following topics detailed in the following pages:

- No matters are reportable

Unusual Policies or Methods

With respect to significant unusual accounting policies or accounting methods used for significant unusual transactions (significant transactions outside the normal course of business or that otherwise appear to be unusual due to their timing, size, or nature), we noted the following:

- No matters are reportable

Alternative Accounting Treatments

We had discussions with management regarding alternative accounting treatments within GAAP for policies and practices for material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- No matters are reportable

Management Judgments & Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. Significant areas of such estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates include:

- Fair value of investments

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Determination of fair values
- Parties-in-interest transactions
- Related parties

- ERISA Section 103(a)(3)(C) audit

Our Judgment About the Quality of the Plan's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable

Adjustments Identified by Audit

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments that, in its judgment, are required to prevent the financial statements from being materially misstated.

A misstatement is a difference between the amount, classification, presentation, or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework.

Proposed & Recorded Adjustments

Auditor-proposed and management-recorded entries include the following:

- No matters are reportable

Uncorrected Misstatements

Some adjustments proposed were **not recorded** because their effect is not currently considered material. We request that all identified misstatements be corrected.

Uncorrected misstatements that were determined by management to be immaterial, both individually and in the aggregate, but more than trivial to the financial statements as a whole are included as an attachment to this communication.

While these uncorrected misstatements were deemed to be immaterial to the current-period financial statements, it is possible that the impact of these uncorrected misstatements, or matters underlying these uncorrected misstatements, could potentially cause future-period financial statements to be materially misstated.

Current-Period Uncorrected Misstatements

- To record deemed distributed loans impacts on the Plan

Prior-Period Uncorrected Misstatements

- No prior-period uncorrected misstatements

Reportable Findings

During the course of the audit, we have identified the following reportable findings that are considered significant and relevant to those charged with governance over the Plan:

- Fidelity Bond Coverage
- Eligibility Determination
- Census Data Errors
- Plan Activity Reconciliations
- Prior TPA Records

- SOC1 Report Review and Monitoring
- Service Provider Agreements

See the “Required Communications Regarding Internal Control” that follows for more information on these reportable findings.

Other Required Communications

Other Material Communications

Listed below are other material communications between management and us related to the audit:

- Management representation letter (see Attachment)

We orally communicated to management other deficiencies in internal control identified during our audit that are not considered material weaknesses or significant deficiencies.

Required Communications Regarding Internal Control (AU-C 265)

Consideration of Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of Union Telephone Company 401(k) Plan as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America (GAAS), we considered the Plan's internal control over financial reporting (internal control).

This consideration served as a basis for designing our audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statements.

However, this consideration was **not** for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.

Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

Categorizing Deficiencies by Severity

Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

Significant Deficiency

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Material Weakness

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatements of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

Identified Deficiencies

We identified certain deficiencies in internal control that we consider to be a material weakness and other deficiencies that we consider to be deficiencies.

Material Weakness

- Fidelity Bond Coverage
 - ERISA Section 412 requires every person who handles funds or other property of a plan to be bonded under a fidelity bond. A fidelity bond protects the Plan against any losses due to fraud or dishonesty. The Plan did not have fidelity bond coverage in place during the audit period. Management has obtained quotes for fidelity bond coverage and plans to have coverage put in place as soon as administratively feasible.

Deficiencies

- Eligibility Determination
 - Certain participants eligible for auto-enrollment chose to participate at deferral rates different than the original auto-enrollment percentage. Internal processes updated withholding elections in the payroll system immediately following the participant's notification date and withholdings commenced the following pay period, which was prior to the participants' plan entry date.

Empower's compliance testing noted that two participants were not properly identified as becoming eligible for the employer match in a timely fashion after meeting the year of service requirement leading to participants not receiving proper employer matching contributions. Plan administration is working with their TPA to ensure participants receive proper matching contributions.

- Census Data Errors
 - Incorrect hire dates were noted on the Census related to a participant who was termed and rehired. Incorrect Census data could lead to unreliable compliance testing results.
- Plan Activity Reconciliations
 - Management relies on Empower for all plan activity reconciliations. Plan management only does a high level review of plan activity on the statements, but does not reconcile trust statement activity (Plan Level) to recordkeeper statement activity (Participant-level). Reconciliations not being performed could result in variances and errors not being detected and corrected in a timely fashion.
- SOC1 Report Review and Monitoring
 - The Plan is receiving SOC1 reports, but there is no formalized process to review the opinion and crosswalk Complementary User Entity Controls (CUECs) against current processes and controls in place at the entity.
- Prior TPA Records
 - The current TPA does not have access to plan records of the prior TPA. Loans or distributions records could have been handled differently by prior TPA. Empower records loans as a withdrawal from the participant's vested account balance, and loan repayments as contributions to the participant's account balance. If another TPA recorded these transactions differently historically, there is a risk that the incorrect vested balance could be recorded during plan transition between providers.
- Service Provider Agreements
 - Plan administration was not able to provide a service agreement for a service provider listed on the Form 5500. Plan administration should have service agreements on file for all providers to ensure Plan Administrators are properly informed of services being provided and associated fees charged for services.

The undersigned (“We”) are providing this letter in connection with Forvis Mazars’ audits of the financial statements of Union Telephone Company 401(k) Plan (the Plan) as of and for the years ended December 31, 2024 and 2023 and supplemental schedule as of December 31, 2024.

Our representations are current and effective as of the date of Forvis Mazars’ report: October 15, 2025.

Our engagement with Forvis Mazars is based on our contract for services dated: May 20, 2025.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to Forvis Mazars’ report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedule in conformity with the Department of Labor’s (DOL) Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Confirmation of Matters Specific to the Subject Matter of Forvis Mazars' Report

We confirm, to the best of our knowledge and belief, the following:

4. We acknowledge the Plan does not meet the definition of a "public entity" under generally accepted accounting principles.
5. We have responded fully and truthfully to all your inquiries.

Plan Design & Operations

6. We acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.
7. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.
8. The adoption date of the most recent plan amendment was January 1, 2024 as provided to you.
9. The Plan operates under a non-standardized adoption agreement in connection with a pre-approved retirement plan and trust/custodial document sponsored by Empower Trust Company, LLC. This pre-approved plan document has been filed with the appropriate agency. The Plan received a favorable opinion letter from the Internal Revenue Service on June 30, 2020. The Plan has not obtained or requested a determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date.

11. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
12. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations, or uncorrected misstatements.
13. We have complied with the DOL's regulations concerning the timely remittance of participant contributions and loan repayments.
14. As applicable, we have complied with the DOL's regulations concerning the services provider fee disclosures in accordance with Section 408(b)(2).
15. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.

16. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.

Misappropriation, Misstatements, & Fraud

17. We have informed you of all current risks of a material amount that are not adequately prevented or detected by our procedures with respect to:
- a. Misappropriation of assets.
 - b. Misrepresented or misstated assets or liabilities.
18. We have no knowledge of fraud or suspected fraud affecting the Plan involving:
- a. Management or employees who have significant roles in internal control over financial reporting, or
 - b. Others when the fraud could have a material effect on the financial statements.
19. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
20. We have assessed the risk that the financial statements may be materially misstated as a result of fraud and disclosed to you any such risk identified.

Related Parties & Parties-in-Interest

21. We have disclosed to you the identity of all of the Plan's related parties and parties-in-interest and all the related-party and party-in-interest relationships of which we are aware.

In addition, we have disclosed to you all related-party transactions and amounts receivable from or payable to related parties of which we are aware, including any modifications during the year that were made to related-party transaction agreements which existed prior to the beginning of the year under audit, as well as new related-party transaction agreements that were executed during the year under audit.

Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America.

22. We understand that the term related-party refers to:

- Affiliates

- Trusts for the benefits of employees, such as pension and profit-sharing trusts that are managed by or under the trusteeship of management
- Principal owners and members of their immediate families

- Any other party with which the Plan may deal if one party can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests.

Another party is also a related party if it can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with, the Plan.

Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.
24. We have no knowledge of communications, other than those specifically disclosed, from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations, deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the financial statements.
25. We have disclosed to you all known instances of violations or noncompliance or possible violations or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements or as a basis for recording a loss contingency.
26. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the Plan.

Nonattest Services

27. You have provided nonattest services, including the following, during the period of this engagement:
 - Preparing a draft of the financial statements and related notes and supplemental schedule
 - Preparing entries to convert cash basis accounting records to accrual basis accounting records
28. With respect to these services:
 - a. We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - b. We have established and monitored the performance of the nonattest services to ensure they meet our objectives.
 - c. We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - d. We have evaluated the adequacy of the services performed and any findings that resulted.

- e. We have established and maintained internal controls, including monitoring ongoing activities.
- f. When we receive final deliverables from you we will store those deliverables in information systems controlled by us. We have taken responsibility for maintaining internal control over these deliverables.

Financial Statements & Reports

- 29. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.
- 30. With regard to the supplemental schedule:
 - a. We acknowledge our responsibility for the fair presentation of the supplemental schedule including its form and content in conformity with relevant regulatory requirements or other applicable criteria.
 - b. The methods of measurement and presentation of the supplemental schedule are unchanged from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplemental schedule.
 - c. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplemental schedule are reasonable and appropriate.
 - d. The supplemental schedule including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Transactions, Records, & Adjustments

- 31. All transactions have been recorded in the accounting records and are reflected in the financial statements.
- 32. We have everything we need to keep our books and records.
- 33. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms, and business purpose of those transactions.
- 34. We believe the effects of the uncorrected financial statement misstatement and omitted disclosures summarized in the attached schedule and aggregated by you during the current engagement are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Accounting & Disclosure

- 35. We are not aware of any side agreements or other arrangements (either written or oral) that are in place.
- 36. Except as reflected in the financial statements, there are no:
 - a. Plans or intentions that may materially affect carrying values of assets, liabilities or net assets.
 - b. Material transactions omitted or improperly recorded in the financial records.

- c. Material unasserted claims or assessments that are probable of assertion or other gain/loss contingencies requiring accrual or disclosure in accordance with Accounting Standards Codification (ASC) Topic 450, *Contingencies*, including those arising from environmental remediation obligations.
 - d. Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter, which is the date the financial statements were available to be issued, requiring adjustment or disclosure in the financial statements.
 - e. Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.
37. Except as disclosed in the financial statements, the Plan has:
- a. Satisfactory title to all recorded assets, and those assets are not subject to any liens, pledges, or other encumbrances.
 - b. Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

Receivables

38. Adequate allowances have been accrued for any material losses from uncollectible receivables.

Estimates

39. We have identified all accounting estimates that could be material to the financial statements, and we confirm the appropriateness of the methods and the consistency in their application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by the Plan in making the accounting estimates, including those measured at fair value reported in the financial statements.
40. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that “near term” means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

Fair Value

41. With respect to the fair value measurements of financial assets, recognized in the financial statements or disclosed in the notes thereto:
- a. The underlying assumptions are reasonable and they appropriately reflect management’s intent and ability to carry out its stated course of action.
 - b. The measurement methods and significant assumptions used in determining fair value are appropriate in the circumstances for financial statement measurement and disclosure purposes and have been consistently applied.
 - c. The significant assumptions appropriately reflect market participant assumptions.
 - d. The disclosures related to fair values are complete, adequate, and in conformity with accounting principles generally accepted in the United States of America.

- e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

Investments

42. Investments are properly measured at fair value, except for fully benefit responsive investment contracts which are reported at contract value. Investments measured at fair value include:
 - a. Investments with a readily determinable fair value that are reported at net asset value (NAV) per share/unit.
 - b. Investment values determined using NAV as a practical expedient.

Off-Balance Sheet Risk

43. Financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.
