Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **30-1413443**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

Report of Independent Auditors

The Plan Administrator and Sutter Health Audit Committee
California Pacific Medical Center (CPMC) Voluntary Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of California Pacific Medical Center (CPMC) Voluntary Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the California Pacific Medical Center (CPMC) Voluntary Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of California Pacific Medical Center (CPMC) Voluntary Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

California Pacific Medical Center (CPMC) Voluntary Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about California Pacific Medical Center (CPMC) Voluntary Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of California Pacific Medical Center (CPMC) Voluntary Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of California Pacific Medical Center (CPMC) Voluntary Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on the supplemental schedule.

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the California Pacific Medical Center Voluntary Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General – California Pacific Medical Center (CPMC) established the Plan effective January 1, 2002. Effective January 1, 2010, the Plan sponsor became Sutter West Bay Hospitals (Plan Sponsor). Effective February 1, 2016, the Plan Sponsor amended the Plan to reflect the corporate name change of Sutter West Bay Hospitals to Sutter Bay Hospitals. The Plan is a defined contribution plan covering eligible employees of Sutter Bay Hospitals d.b.a. CPMC, and Sutter Pacific Medical Foundation. Sutter Health (Plan Administrator), the parent company of the Plan Sponsor, is responsible for administration and management of the Plan. The Retirement Benefits Investment Committee is responsible for (1) establishing and revising the Plan's investment policy and (2) establishing and monitoring the oversight committees that monitor the investments offered through the Plan. All investments in the Plan are participant-directed. Variable Annuity Life Insurance Company (VALIC), Metropolitan Life Insurance Company (MetLife), and Lincoln National Life Insurance Company, Inc. (Lincoln), serve as custodians for the Plan. The Plan is a 403(b) tax-deferred plan intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Freezing of Plan – Effective January 1, 2011, the Board of Directors of the Plan Sponsor voted to freeze the Plan. No new participants may enter the Plan and no additional participant contributions may be made to the Plan. Effective October 1, 2012, the Plan was amended to cease elective plan-to-plan transfers and rollover contributions into the Plan. All participant account balances and earnings thereon are 100% vested.

Participant accounts – Individual accounts are maintained for each participant. Each participant's account is credited with earnings and charged with losses, withdrawals, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants' investment options – Participants direct the investment of their accounts into various investment options offered by the Plan, including registered investment companies, pooled separate accounts and investment contracts. Participants may change their investment options at any time directly with the Plan's custodians, other than the transfer restrictions described in Note 5.

Notes receivable from participants – Effective December 1, 2016, the Plan was amended to cease new participant loans. Participants with outstanding loans previously borrowed from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms were five years or less, or up to 20 years if used to purchase the primary residence of the participant. Loans were secured by the balance in the participant's account and bear interest at prevailing market rates at the time of borrowing. Principal and interest are paid ratably through deductions from the participant's checking or savings account.

California Pacific Medical Center Voluntary Plan

Notes to Financial Statements

Payment of benefits – On termination of service due to death, disability, retirement or other reasons, a participant shall receive a distribution equal to the value of the participant’s vested interest in his or her account in one of the following forms: (a) an annuity option, (b) installment payments, or (c) a lump-sum distribution. Plan provisions do not allow the distribution of a participant’s benefit without the written consent of the participant, other than minimum required distributions. Participants subject to minimum required distributions and employed with the Plan Sponsor or affiliated entities are able to defer benefit payments until they cease employment. Participants may also receive in-service distributions after attaining age 59½.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) was enacted and signed into law. The SECURE Act changed the age requirement for required minimum distributions from age 70½ to age 72 effective after December 31, 2019. The Plan Sponsor intends to amend the Plan Document by December 31, 2025.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE Act 2.0) was enacted and signed into law. SECURE Act 2.0 included several optional retirement provisions to improve retirement savings and changed the age requirement for required minimum distributions from age 72 to age 73 after December 31, 2022, and age 75 after December 31, 2024. The Plan Sponsor intends to amend the Plan Document by December 31, 2026, for the required minimum distributions age requirements.

Transfers of Plan assets to qualified plans – Individual participants are allowed to transfer assets from the Plan to other qualified plans offered by the Plan Sponsor and affiliated entities, subject to Plan provisions. These are considered transfers of assets as the participant did not have a distributable event from the Plan. Transfers out to qualified plans of \$197 occurred during the plan year ended December 31, 2024.

Administrative expenses – Certain administrative functions are performed by officers or employees of the Plan Sponsor or the Plan Administrator. No such officer or employee of the Plan Sponsor or the Plan Administrator receives compensation from the Plan. The Plan’s administrative expenses are paid by the participant or Plan Sponsor, as specified in the Plan Document.

Plan termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participant balances will be distributed in accordance with the Plan Document and ERISA.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value, net asset value (NAV) as a practical expedient, or contract value.

California Pacific Medical Center Voluntary Plan

Notes to Financial Statements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and NAV practical expedient.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Investment contracts that are not fully benefit-responsive are reflected at fair value. See Note 5 for discussion on Investment Contracts with Insurance Companies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes net unrealized market appreciation (depreciation) of investments and net realized gains and losses on the sale of investments during the year.

Notes receivable from participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest with no allowance for credit losses, as the notes are collateralized by participant account balances. Delinquent participant loans are recorded as benefits paid to participants based upon the terms of the Plan Document.

Payment of benefits – Benefit payments are recorded when paid.

Risks and uncertainties – The Plan utilizes various investment instruments, including investment contracts, pooled separate accounts, and registered investment companies. Investment instruments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment instruments, it is at least reasonably possible that changes in the values of investment instruments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 3 – Information Certified by the Custodians

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan have certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Notes receivable from participants as of December 31, 2024 and 2023; and interest income from notes receivable from participants for the year ended December 31, 2024;
- Interest and net appreciation in fair value of investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan accounts for investments at fair value. A fair value hierarchy for valuation inputs has been established to prioritize the valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest level of input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the measurement date.

Level 2 – Pricing inputs are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Pricing inputs are generally unobservable for the assets or liabilities and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require management’s judgment or estimation of assumptions that market participants would use in pricing the assets or liabilities.

The following tables present information about the Plan’s assets measured at fair value on a recurring basis.

	Fair Value Measurement at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Not fully benefit-responsive investment contracts	\$ -	\$ -	\$ 12,164,818	\$ 12,164,818

Investments at fair value				\$ 41,139,362

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments held directly by the Plan:

Not fully benefit-responsive investment contracts – Fair values for the VALIC investment contracts are calculated using the discounted cash flows due to the contract holder under the withdrawal provisions of the contract, discounted according to risk-adjusted market rates. The fair values of the Lincoln and MetLife investment contracts approximate contract value.

California Pacific Medical Center Voluntary Plan Notes to Financial Statements

Investments measured at NAV practical expedient – These investments are primarily pooled separate accounts (PSAs) that are valued using the NAV practical expedient as reported by Lincoln, MetLife, and VALIC. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of the PSAs is calculated based on compilation of primarily observable and readily available market information; however, the PSAs themselves are not actively traded in markets. Investment options within the separate accounts include domestic or international equity securities and debt and fixed income securities that attempts to match the returns of specific indices. Participants direct their investments to the underlying accounts that are available to them under the Plan. There are no future commitments to purchase and no redemption restrictions associated with the PSAs.

The following table provides additional information for investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2024 and 2023:

	NAV (Practical Expedient)		Redemption	Redemption	Redemption
	2024	2023	Frequency	Notice	Restrictions
Pooled separate accounts	\$ 29,521,945	\$ 27,819,652	Daily	N/A	None

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

	Not fully benefit-responsive investment contracts
Balance, beginning of year	\$ 13,319,710
Purchases	7,145
Sales	(1,607,830)
Interest income	445,793
Balance, end of year	\$ 12,164,818

As the Plan Administrator does not have quantitative information about the significant unobservable inputs used in Level 3 investments, the Plan Administrator is unable to reasonably assess the sensitivity of the fair value measurements to changes of such inputs and other unobservable inputs used in the related fair value measurements.

The previously described methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no changes in the valuation techniques used at December 31, 2024 and 2023.

NOTE 5 – INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan entered into investment contracts that are both fully benefit-responsive and not fully benefit-responsive, which are unallocated group fixed annuity contracts with varied options, with VALIC, Lincoln, and MetLife. VALIC, Lincoln, and MetLife maintain the balances within their respective guaranteed fixed accounts for participants, which are supported by the general assets of the insurer and do not have specified underlying assets assigned to them. VALIC, Lincoln, and MetLife are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the participant as stipulated by each contract. The guarantee is based upon the ability of the insurers to meet their financial obligations from their general assets.

Contract value, as reported to the Plan by VALIC, Lincoln, and MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are some restrictions associated with a participant's ability to transfer amounts out of certain investments to other investments offered by the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Lincoln's investment options include a Fixed Account and guarantee a minimum effective annual rate not less than 3.00%. For the Fixed Account option, Lincoln may credit interest at rates in excess of the minimum rate at any time. Interest income is credited daily, and the interest crediting rates are determined and declared quarterly by Lincoln.

The VALIC investment contracts include the Group Fixed and Variable Deferred Annuity Contract (UITG), which includes the Fixed Account Plus (FAP) and the Short-Term Fixed Account (STF). The investment options within the FAP and STF include the Portfolio Director Group Fixed and Variable Deferred Annuity Contract.

The minimum guaranteed interest rate for the FAP and STF is determined through a calculation stipulated in the fixed annuity contracts, which will not result in an amount less than 1.00%. Depending on the investment product and options, interest income credited to participants' accounts can range from daily, but not less than annually, and the interest crediting rates are determined and declared monthly by VALIC.

The MetLife Fixed Interest Account guarantees a crediting interest rate at an effective annual rate not less than 3.00% and may credit interest at rates in excess of the minimum rate at any time. Interest income is credited daily, and the interest crediting rates are determined and declared annually at the discretion of MetLife.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 – INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2019-39. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Document is a 403(b) volume submitter plan that received a favorable opinion letter from the IRS on March 31, 2017, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has evaluated the Plan’s tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as fiduciaries of the Plan, any party rendering services to the Plan, the employer, and certain others. The Plan pays expenses related to the Plan’s operations and investment management to various service providers. Certain Plan investments are investment contracts, registered investment companies, and pooled separate accounts managed and/or issued by affiliates of VALIC, Lincoln, and/or MetLife. VALIC, Lincoln, and MetLife are custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31,

Net asset per the Form 5500	<u>\$ 43,825,552</u>	<u>\$ 43,460,202</u>

**California Pacific Medical Center Voluntary Plan
Notes to Financial Statements**

The following is a reconciliation of the change in net assets before transfer of assets per the financial statements for the year ended December 31, 2024, to net income per the Form 5500:

Change in net assets before transfer of assets per the financial statements	\$	241,764
Add: prior year benefits payable		225,980
Less: current year benefits payable		<u>(102,197)</u>
Net income per the Form 5500	\$	<u><u>365,547</u></u>

NOTE 9 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the plan year-end, but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at year-end. The Plan’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued.
