Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	X		75080
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

Independent Auditor's Report

The Plan Administrator
El Pollo Loco, Inc. 401(k) Plan
Costa Mesa, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial of statements El Pollo Loco, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental schedules, Form 5500 - Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

1. Description of the Plan

The following description of the El Pollo Loco, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan which provides for retirement benefits and covers all non-union employees who are at least 21 years of age and have completed at least three consecutive months with 250 hours of service from the date of employment with El Pollo Loco, Inc. (the Company or the Plan Sponsor). Plan entry dates fall on the first day of the month coinciding with or next following the date of achieving eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Administration

The Company and certain members of management who are the trustees also act as the Plan administrator. The Plan administrator has been given all powers necessary to carry out its duties including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan and to authorize disbursements for the payment of the Plan's benefits. Transamerica Life Insurance Company (Transamerica) serves as the recordkeeper and holds and executes investment transactions, makes payments as directed by the Plan participants, provides recordkeeping and other functions as defined.

Contributions

Each participant may elect to make pre-tax deferred contributions (Deferred Contributions) of a prescribed percentage or a fixed amount of his or her eligible compensation to the Plan. For employees who elect to participate, such percentage shall not be less than 1% or exceed 25% of compensation as defined under the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants that are 50 years of age or older who have met the annual IRC deferral limit or the specified Plan limits for deferral, may contribute a catch-up contribution. Participants may also rollover amounts representing distributions from other qualified plans which are reflected as rollover contributions in the statement of changes in net assets available for plan benefits. All contributions to each participant's account are self-directed by the participant in one or more of the investments offered under the Plan.

The Plan provides for a safe harbor matching contribution (Safe Harbor Matching Contribution) in which the Company, in order to satisfy the "safe harbor" requirements of the IRC, contributes a matching contribution on behalf of the participant based upon each participant's Deferred Contributions. The Safe Harbor Matching Contribution for 2024 was equal to 100% of the participant's Deferred Contributions up to 3% of the participant's eligible compensation, plus 50% of the Deferred Contributions between 3% and 5% of the participant's compensation. The Safe Harbor Matching Contributions are determined each pay period. For the year ended December 31, 2024, Safe Harbor Matching Contributions totaled \$877,549 which are included in the statement of changes in net assets available for plan benefits. The Company may make additional contributions to the Plan, however, there were no such contributions made during the year ended December 31, 2024.

El Pollo Loco, Inc. 401(k) Plan

Notes to the Financial Statements

Vesting

Participants are fully vested in their Deferred Contributions, the Safe Harbor Matching Contributions and the earnings thereon. Vesting of employer contributions other than Safe Harbor Matching Contributions is based upon the following schedule:

<u>Years of Service</u>	<u>Vested Percentage (%)</u>
Less than 1	0
1	33
2	66
3 or more	100

Forfeited Amounts

Participants who terminate their employment prior to the completion of the minimum number of applicable years of service forfeit their unvested employer contributions, other than Safe Harbor Matching Contributions, under the Plan. Forfeitures shall be used to pay Plan expenses or reduce employer matching contributions. As of December 31, 2024 and 2023, forfeitures included in Plan assets totaled \$12,435 and \$8,863, respectively. For the year ended December 31, 2024, the amount of forfeitures used to pay administrative expenses of the Plan was \$12.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's Deferred Contributions and related employer contributions, as well as the participant's share of the Plan's earnings and any related administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service including death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. These payments are paid in a single lump sum payment.

Upon termination of service, participants with account balances not in excess of \$1,000 will receive an automatic lump-sum payout. Participants with account balances in excess of \$1,000 but not in excess of \$7,000, may elect to receive a lump sum payment or rollover the account to an Individual Retirement Account (IRA) or another qualified plan. If the participant does not make an election, the amount will be rolled over into an IRA selected by the plan administrator on behalf of the participant. For participants with account balances in excess of \$7,000, no distribution will occur until a withdrawal request is completed. A participant may elect to leave his or her account balance in the Plan, receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or rollover the account to another qualified plan or an IRA.

In-service withdrawals from the Plan may also be made upon circumstances of financial hardship or attainment of age 59 ½, in accordance with provisions specified in the Plan agreement. However, participants cannot receive hardship withdrawals from Safe Harbor Matching Contributions and earnings thereon.

El Pollo Loco, Inc. 401(k) Plan

Notes to the Financial Statements

Notes Receivable from Participants

Notes receivable from participants consist of participant loans that are secured by the balance in the participant's account. Participants may borrow from their accounts in any amount greater than \$1,000, but not to exceed the lesser of \$50,000 reduced by the highest outstanding loan balance during the previous 12 months or 50% of their vested account balance. The loans bear commercially reasonable rates of interest, which the plan administrator has determined to be the prime rate plus 1%. Interest rates on outstanding loans as of December 31, 2024, ranged from 4.25% to 9.5%, maturing on various dates through 2039. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at any time. Loans must be repaid within five years, unless the loan was for the purchase of a principal residence, which repayment may be longer, up to 30 years. Initial loan fees of \$75 and annual fees of \$50 are deducted from participant accounts for each loan. These loans are available to all participants on a nondiscriminatory basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and Transamerica. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to the Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. If notes receivable from participants are deemed to be uncollectible, they are written off and included as benefits paid to participants in the financial statements and deemed distributions in the Form 5500 for financial reporting purposes in the year the determination is made. Amounts recovered on notes receivable from participants previously deemed uncollectible are reported as a reduction of benefits paid to participants in the financial statements and the Form 5500 for financial reporting purposes in the year the recovery is made. During the year ended December 31, 2024, \$2,876 was recovered on notes receivable from participants previously deemed uncollectible. During the year ended December 31, 2024, \$14,735 of defaulted loans were recorded as benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Plan Benefits.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid for by the Company are excluded from these financial statements. The Plan's participants absorb certain transaction specific and administration expenses as permitted by the Plan. Such administrative expenses paid by the Plan totaled \$48,919 for the year ended December 31, 2024.

Payment of Benefits

Benefits are recorded on the date distributions are made.

3. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

El Pollo Loco, Inc. 401(k) Plan

Notes to the Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Stable Value General Account - The stable value investment is offered through an indirect investment in a fully benefit-responsive group annuity contract and consists of an investment in the general account of Transamerica. The stable value investment is a depository liability with no formal underlying maturities and is considered fairly valued at contract value, as a proxy for fair value, because of this specific distinction. The value of the stable value investment is guaranteed by Transamerica. The guaranteed rate of interest is determined on a semi-annual basis, and there is no stated minimum or maximum interest rate. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable. As of December 31, 2024, the Plan had no unfunded commitments related to the stable value investment. The stable value investment has a daily redemption frequency and redemption notice period. There are no other restrictions on the timing of redemption; however, participant redemptions may be subject to certain redemption fees.

Pooled Separate Accounts - Pooled separate accounts invest mainly in mutual funds, domestic equity securities, and fixed maturity securities. Units held in pooled separate accounts are stated at fair value using the net asset value per share (or its equivalent) as a practical expedient to estimate fair value as reported by Transamerica, based on pricing inputs, including quoted market prices for similar assets in active or inactive markets. While the underlying asset values are based on quoted prices, the net asset values of the separate accounts are not publicly quoted. The pooled separate accounts are direct filing entities. As of December 31, 2024, the Plan had no unfunded commitments related to the pooled separate accounts. The pooled separate accounts have a daily redemption frequency and a daily redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Certified by Transamerica

Certain information disclosed in the accompanying financial statements and ERISA-required Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica, a qualified institution.

5. Tax Status

The Plan has adopted the Non-Standardized Pre-Approved Defined Contribution Plan prepared by Transamerica Retirement Solutions LLC, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the pre-approved plan was designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore, believes the Plan is qualified and tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Parties-In-Interest Transactions

Plan investments are in funds and accounts that are managed by Transamerica or their subsidiaries and affiliates. The Plan also paid for third party administrator fees and participant loan and distribution processing fees are paid to Transamerica by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Plan Termination

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA. In the event of such termination, the Plan provides that each participant's interest shall become fully vested. The net assets of the Plan, after deducting estimated expenses for liquidation and distribution, shall be allocated among the participants and beneficiaries of the Plan based upon their vested interest on the date of termination.

8. Delinquent Participant Contributions

During 2021 Plan year, the Company failed to remit contribution totaling \$75,080 within the time period prescribed by DOL. These transactions constitute prohibited transactions as defined by ERISA. These contributions were remitted to the Plan during 2021 and the related lost earnings remitted during 2023. The Plan is currently in process of filing under the Voluntary Fiduciary Correction Program.

9. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.

Effective February 15, 2025, the Plan was amended and restated. In addition, the Plan's investment offerings available to participants were changed from investments in pooled separate accounts to investments in mutual funds.
