October 13, 2025

To the Plan Administrator of the LTA II Manufacturing LLC 401(k) Plan  
Ottawa, Kansas

We have audited the financial statements of the LTA II Manufacturing LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit") for the year ended December 31, 2024, and we will issue our report thereon dated October 13, 2025.

As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Empower Annuity Insurance Company and Empower Trust Company, LLC (collectively, "Empower"), the custodians, which are banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated February 7, 2025, and in our audit planning letter dated October 1, 2025. Professional standards also require that we communicate to you the following information related to our audit.

### **Significant Audit Matters**

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Notes 1 and 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

#### *Accounting Estimates and Disclosures*

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates in the 2024 financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Form 5500 Procedures*

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

#### *Difficulties Encountered in Performing the Audit*

Turnover in the Human Resources department resulted in significant errors and corrections needed to maintain compliance with the Plan document.

*Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no significant misstatements detected by us in the 2024 audit.

*Disagreements with Management*

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

*Management Representations*

We have requested certain representations from management that are included in the management representation letter dated October 13, 2025.

*Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

*Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

*Other Matters*

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedure to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees with, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Appendix I** includes our communication of internal control matters and a reportable findings.

This information is intended solely for the use of the Plan administrator, management, and others within the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

*Pickett, Chaney & McMullen LLP*

## **APPENDIX I – INTERNAL CONTROL MATTERS AND A REPORTABLE FINDING**

---

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any certified investment information so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the certified investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiencies to be material weaknesses:

### **Lack of Expertise in Financial Accounting and Reporting**

As is common in companies who sponsor a retirement plan, LTA II Manufacturing does not currently employ personnel with sufficient expertise in selecting and applying accounting principles, or expertise in the preparation of GAAP basis financial statements specifically related to the Plan. The Company is outsourcing this function to the Plan auditor. The auditor, however, cannot be considered as part of the Company's internal control. As a result, an inherent control weakness exists over the preparation of financial statements.

### **Plan Administration Errors**

There is a lack of written procedures in place around payroll to guide new employees or temporary employees to efficiently and accurately calculate contributions for the Plan. We noted many errors, as described in the following sections, that were indicative of this.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies to be significant deficiencies:

### **Late Remittance of Participant Contributions**

We noted participants' deferrals and loan payments withheld from certain paychecks were not deposited with Plan assets in accordance with existing requirements under ERISA Section 2510.3.102. These requirements are that employees' contributions and loan repayments be deposited with Plan assets as soon as such assets can be reasonably segregated from the employer's general assets. This means that withholdings from each payroll need to be deposited within days after each withholding occurs, similar to the timing for payroll tax deposits. Failure to remit withholdings in accordance with the requirements is interpreted by the Department of Labor as a prohibited transaction, a fiduciary breach, or both, and may result in penalties. The Plan Sponsor, with the help of Empower, must calculate and remit lost earnings in an IRS-approved manner and remit the excise tax to the IRS.

### **Review of Service Auditors Reports**

Management does not have a process in place to obtain and evaluate the Independent Service Auditors Reports for Paylocity Payroll and Empower, who are the primary service organizations used by the Plan. Management must evaluate whether the Complementary User Entity Controls have been implemented to ensure the internal control objectives are achieved.

### **Contribution Errors**

When recalculating employee and employer contributions based on compensation as defined by the Plan document, multiple employees had eligible compensation that was improperly excluded resulting in an understatement to both employee and employer contributions. Multiple errors identified resulted from off-cycle paychecks that were not properly set up to withhold deferrals and two missed contributions identified were from regular payrolls. Plan management must identify other individuals affected by these errors and work with Empower to make corrections in an IRS-approved manner.

### **Deferral Changes**

Deferral changes can be made via the Empower website or through a physical change form. The benefits team is responsible for inputting the changes into Paylocity; however, there is a lack of secondary review for these changes. As such, there were two instances where deferral changes were not input into the Paylocity payroll system correctly causing understatements in both employee and employer contributions. Plan management must identify all other individuals affected by a similar error and work with Empower to make corrections in an IRS-approved manner.

For purposes of this letter, a *reportable finding* is a matter that indicates one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgement is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

#### **Early Plan Entry**

One new employee selected for testing entered into the Plan early. The Plan allows new employees to enter the Plan after age 18 with entry on the first day of the following month. One employee was hired July 16, 2024, and contributions were withheld from the July 25, 2024, paycheck. The entry date for this individual should have been August 1, 2024. This error caused an overstatement to employee and employer contributions. Plan management must identify other individuals affected by a similar error and work with Empower to make corrections in an IRS-approved manner.

#### **Loan Payments**

Out of 5 new loans selected for testing, 1 loan originated May 7, 2024, and loan payments were agreed to begin on June 6, 2024, per the amortization schedule. However, the first loan payment was not withheld until the June 27, 2024, paycheck. Plan management must identify other individuals affected by a similar error and work with Empower to reamortize the identified loans in an IRS-approved manner.

### **Continuing Education for Payroll and Benefits Administrators**

As evidenced by the reportable findings above, we feel it would be in the Plan's best interest to provide educational training to personnel involved with the Plan. Ensuring compliance with all of the aspects of sponsoring a qualified retirement plan can be a daunting task, as it is a complex area that changes frequently. The Employee Benefits Institute of America (EBIA) offers training classes geared toward corporate benefits administrators. We recommend that the benefits administrators and payroll managers attend training classes that provide in-depth instruction on the rules in administering a 401(k) plan. Additionally, there is a book published annually called "The 401(k) Answer Book," that is written to aid plan administrators.
