INDEPENDENT AUDITORS' REPORT

Ithaca Harbors, Inc.
Ithaca Retirement Administrative Committee
as Plan Administrator for the Ithaca Harbors, Inc. 403(b) Retirement Plan
New York, New York
and
Plan participants and Beneficiaries

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the financial statements of Ithaca Harbors, Inc. 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year then ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC provide professional services.

EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ITHAKA HARBORS, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The financial statements and supplemental schedule are those of Ithaca Harbors, Inc. 403(b) Retirement Plan (the "Plan") and users of these financial statements and supplemental schedule are directed to the independent auditors' report on pages 1 - 4. Likewise, the brief description of the Plan contained herein is provided solely for purposes of general information, and interested persons should refer to the Plan agreement for a more complete description of the Plan's provisions. A copy of the Plan agreement can be obtained from Ithaca Harbors, Inc. ("Ithaca"), which is the administrator of the Plan.

[1] General:

The Plan is a defined contribution plan designed to meet the requirements of Section 403(b) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan covers all eligible employees of Ithaca. The Teachers Insurance and Annuity Association of America ("TIAA") and the College Retirement Equities Fund ("CREF") are the insurance companies for the Plan's non-mutual fund investments. TIAA Trust, N.A. (TIAA, FSB prior to July 15, 2023), is the custodian for the remaining portion of the Plan's investments (mutual funds). TIAA is the Plan's recordkeeper. The Plan administrator controls and manages operation and administration of the Plan.

[2] Eligibility for participation:

Elective deferrals: Employees are usually eligible to participate in, and contribute to the Plan, as soon as administratively feasible upon their hiring.

Employer contributions: Upon hiring, employees are eligible to receive employer contributions to their Plan accounts, on a semi-monthly basis. Employees classified as union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, leased and hourly employees are an excluded employee and are not entitled to participate in the Plan for purposes of employer contributions.

[3] Contributions:

Elective deferrals: Participants may elect to contribute a flat dollar amount or a certain percentage of their annual gross compensation, subject to limitations as provided in the Code. Catch-up contributions are permitted under the Plan if a participant attains the age of 50 before the end of the Plan year, thus becoming eligible to make catch-up contributions up to \$7,500 annually. In addition, the Plan also provides for a Roth deferral option to the participants. In no event may a participant's pre-tax and Roth contributions exceed any statutory limitations. Participants may also roll over contribution amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

Employer contributions: Ithaca's contributions are allocated to individual participant accounts each Plan year. Effective January 1, 2021, the Plan was amended and Ithaca's contributions were changed to a discretionary contribution. Through a Board resolution, it was determined that the discretionary nonelective contribution would be 8% of each participant's eligible compensation, not to exceed the statutory limits allowed under the Code, per the Plan document, for the Plan years beginning in 2021. Through a subsequent Board resolution, it was determined that the discretionary contribution would be 10% of each participant's eligible compensation effective July 1, 2021. In no event may the employer's contributions exceed statutory limitations.

ITHAKA HARBORS, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[4] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) Ithaka's contributions and (b) Plan earnings, (losses) and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[5] Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon. For participants who entered the Plan prior to January 1, 2009, all employer contributions to the Plan were immediately 100% vested. For new participants who entered the Plan on and after January 1, 2009, but before January 1, 2013, contributions to the participants' accounts were 100% vested once the participant completed a six-month period of service. For new participants entering the Plan on and after January 1, 2013, contributions to the participant's account are 100% vested once the participant has completed a two-year period of service. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[6] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years and no more than ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%, as defined. Interest rates on outstanding loan balances range from 4.25% to 9.50% at both December 31, 2024 and December 31, 2023. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

[7] Plan loans:

Prior to January 2020, participants could borrow from TIAA, the insurance company, and use a portion of their Plan account balance as collateral for the loan. The collateral is held in the TIAA Traditional Annuity as part of the Group Supplemental Retirement Annuity ("GSRA") contract. The collateral must be 110% of the loan. Effective January 2020, these types of loans are no longer offered for new loans. However, the loan balances will remain until they are paid off, and payments on the loans are made outside of the Plan. As of December 31, 2024, approximately \$684,000 of Plan assets were pledged as collateral for such loans made by the insurance company. Participants could have borrowed up to a maximum equal to the lesser of \$50,000 or 45% of his or her vested account balance, subject to annuity contract and Plan provisions. Loan terms ranged from one to five years; however, terms could have exceeded five years for the purchase of the participant's primary residence, as defined. Interest rates on outstanding loan amounts currently range from 4.00% to 5.58% and 4.00% to 5.72% during 2024 and 2023, respectively. Principal and interest is paid ratably by the participant to TIAA and each payment reduces the amount collateralized.

ITHAKA HARBORS, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[8] Payment of benefits:

Upon attainment of age 62 for employer contributions or age 59½ for participant contributions, termination of service due to retirement, hardship or death, a participant (or beneficiary) may elect to receive a lump-sum amount equal to the total value of the participant's vested interest in his or her account, as of the most recent valuation date, provided the account balance is less than \$5,000. For account balances greater than \$5,000, a participant (or beneficiary) may elect to receive: (i) a lump-sum amount; (ii) a partial payment; (iii) installment payments; or (iv) lifetime annuity payments equal to the value of the participant's vested interest in his or her account.

[9] Forfeitures:

Forfeitures of nonvested accounts may be used to pay Plan expenses, then used to reduce future employer contributions. During the year ended December 31, 2024, forfeitures of approximately \$90,000 were used to reduce employer contributions. Forfeited nonvested accounts available at December 31, 2024 and 2023 were approximately \$20,000 and \$22,500, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements and supplemental schedule have been prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 14, 2025, the date at which the financial statements were available to be issued.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (see Note E).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

ITHAKA HARBORS, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Ithaka. Expenses that are paid by Ithaka are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect: (i) the reported amounts of net assets available for benefits at the date of the financial statements; (ii) the changes in net assets available for benefits during the reporting period; and (iii) when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, TIAA and CREF with respect to the Plan's annuity contracts issued by TIAA and/or CREF, and TIAA on behalf of TIAA Trust, N.A. with respect to the Plan's other investments held as directed trustee or custodian that were record kept by TIAA, have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ITHAKA HARBORS, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024, and 2023.

Mutual funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission (“SEC”). These funds are required to publish their net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TIAA Real Estate Account – The TIAA Real Estate Account is a pooled separate account/insurance company separate account. This is a variable annuity product valued at NAV per accumulation unit, as a practical expedient to measure fair value, based on the market value of the underlying real estate holdings or other real estate related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on the assessment of specialists and reported by TIAA. The TIAA Real Estate Account sometimes holds securities as well, and these are generally priced using values obtained from independent pricing sources. Transactions out are limited to one per calendar quarter. The TIAA General Account provides the Real Estate Account with a liquidity guarantee.

CREF Accounts – CREF Accounts are variable annuity accounts. Each CREF Account is a separate portfolio with its own investment objective and strategies. Investments in a CREF Account enable a unit holder to acquire units whose accumulation unit value, or NAV used as a practical expedient to measure fair value, is calculated each business day. The value of a unit holder's investment rises and falls with the returns on the underlying assets. The CREF Accounts invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives.

CREF Account investments are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing.

CREF Money Market Account – The CREF Money Market Account's portfolio securities are valued using their amortized cost. This valuation method does not factor in unrealized gains or losses on the account's portfolio securities. Amortized cost valuation involves first valuing a security at its cost, and thereafter assuming a constant amortization to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the security's market value.

Accumulation units in the CREF Money Market account are transacted at the accumulated unit value. Participants will be locked out of a CREF Money Market Account for 90 days if a purchase, sale, and repurchase within that account is made within a 60-day period, other than for the CREF Money Market Account.

TIAA Access Annuity – TIAA Access Annuity is a separate account of TIAA and is a variable annuity registered with the SEC as an investment company under the Investment Company Act of 1940. It operates as a unit investment trust and invests in shares of underlying mutual funds. Contributions to TIAA Access buy accumulation units whose value is calculated daily. The accumulated units are valued at NAV as a practical expedient to measure fair value. The value of a participant's investment rises and falls with the return on the underlying assets.

The CREF Stock Account seeks a favorable long-term rate of return through capital appreciation and investment income by investing primarily in a broadly diversified portfolio of common stocks. Under normal circumstances, the account invests at least 80% of its assets in equity securities of foreign and domestic companies.

ITHAKA HARBORS, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The CREF Bond Market Account seeks a favorable long-term rate of return, primarily through high current income consistent with preserving capital. Under normal circumstances, the account invests at least 80% of its assets in a broad range of fixed-income securities. The majority of the account's assets are invested in U.S. Treasury and other governmental agencies, corporate bonds, and mortgage-backed or other asset-backed securities.

The CREF Global Equities Account seeks a favorable long-term rate of return through capital appreciation and income from a broadly diversified portfolio that consists primarily of foreign and domestic common stocks. Under normal circumstances, the account invests at least 80% of its assets in equity securities of foreign and domestic companies.

The CREF Growth Account seeks a favorable long-term rate of return, mainly through capital appreciation, primarily from a diversified portfolio of common stocks that present the opportunity for exceptional growth. Under normal circumstances, the account invests at least 80% of its assets in common stocks and other equity securities. The account invests primarily in large, well-known, established companies, particularly those with new or innovative products, services or processes that may enhance future earnings prospects.

The CREF Equity Index Account seeks a favorable long-term rate of return from a diversified portfolio selected to track the overall market for common stocks publicly traded in the United States, as represented by a broad stock market index. The account buys most, but not necessarily all, of the securities in its benchmark, the Russell 3000® Index, and will attempt to create a portfolio that closely matches the overall investment characteristics of this index.

The CREF Social Choice Account seeks a favorable long-term rate of return that reflects the investment performance of the financial markets while giving special consideration to certain social criteria. The account is balanced, with assets divided between domestic and foreign stocks and other equities (about 60%) and bonds and other fixed income securities, including money market instruments (about 40%). The account invests only in companies that are suitable from a financial perspective and whose activities are consistent with certain environmental, social and governance criteria.

The CREF Inflation-Linked Bond Account seeks a long-term rate of return that outpaces inflation, primarily through investments in inflation-indexed bonds, fixed-income securities whose returns are designed to track a specified inflation index over the life of the bond. Under normal circumstances, the account invests at least 80% of its assets in U.S. Treasury inflation-indexed securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

Investment Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	<u>\$ 78,046,636</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 78,046,636</u>
Total investment assets in the fair value hierarchy	<u>\$ 78,046,636</u>	<u>\$ -</u>	<u>\$ -</u>	<u>78,046,636</u>
Pooled separate account measured at NAV (A)				3,112,618
Variable annuity contracts measured at NAV (A) (B)				<u>63,770,572</u>
				<u>\$ 144,929,826</u>

Investment Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	<u>\$ 68,286,140</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 68,286,140</u>
Total investment assets in the fair value hierarchy	<u>\$ 68,286,140</u>	<u>\$ -</u>	<u>\$ -</u>	<u>68,286,140</u>
Pooled separate account measured at NAV (A)				3,280,468
Variable annuity contracts measured at NAV (A) (B)				<u>55,121,943</u>
				<u>\$ 126,688,551</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table above is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

(B) The strategy of these investments is generally embedded in the name of the particular account as shown on the supplemental schedule of assets (held at end of year).

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

ITHAKA HARBORS, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE E - INVESTMENTS AT CONTRACT VALUE

TIAA Traditional Annuity – The TIAA Traditional Annuity is a fixed-rate annuity contract that is fully and unconditionally guaranteed by TIAA. The guarantees and returns of the TIAA Traditional Annuity are backed by TIAA's claims-paying ability. Liquidity restrictions apply to the TIAA Traditional Annuity under certain types of annuity contracts. The TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, or for Retirement Choice ("RC") and Retirement Choice Plus ("RCP"), between 1% and 3%) and the potential for additional interest if declared by TIAA.

Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1st. Additional interest is not guaranteed for future years. Contributions to a participant's account purchase a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan. The TIAA Traditional Annuity is fully benefit responsive and is reported at contract value. The contract value equals the accumulated cash contributions, interest credited to the contracts, and transfers, if any, less any withdrawals and transfers. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange.

The TIAA Traditional Annuity within the GSRA and RCP contracts have no liquidity restrictions. The TIAA Traditional Annuity holdings within the Group Retirement Annuity ("GRA"), Transfer Payout Annuity ("TPA") and Retirement Choice ("RC") contracts have liquidity restrictions.

With the GRA contract, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from the GRA must be spread over a period of ten annual installments (or five annual installments for withdrawals after termination).

For the RC contracts, transfers and withdrawals from the TIAA Traditional Annuity are limited. Withdrawals must be taken in 84 monthly installments made in 120 days following termination of employment (transfer payout annuity), except that a lump-sum distribution is available if permitted under the Plan in the 120-day period following termination of employment, with a 2.5% surrender charge. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. The transfer payout annuity allows participants to transfer or withdraw their TIAA Traditional Annuity in ten annual installments.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; and
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

ITHAKA HARBORS, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE E - INVESTMENTS AT CONTRACT VALUE (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

TIAA Stable Value – This fixed-rate annuity contract provides a guaranteed minimum rate of interest of between 1% and 3% (before deductions for contract fees), with the potential for crediting of additional interest above the guaranteed minimum if approved by the TIAA Board of Trustees. Contributions are deposited into a non-unitized separate account. The TIAA Stable Value contract is immediately liquid to a participant for withdrawals and transfers and does not have withdrawal restrictions (except that immediate transfers cannot be made to competing investment options pursuant to the contract's equity wash provisions, as defined). Transfers may be made to a competing fund following a 90-day waiting period after being transferred to a non-competing fund. In addition, transfers into the TIAA Stable Value contract may not be made for 30 days following a transfer out. A plan's investment in the TIAA Stable Value contract is reported at contract value in all plan and participant reporting. Contract value equals the accumulated cash contributions, interest credited, and transfers, if any, less any withdrawals and transfers. Plan sponsors choosing to terminate a plan's investment in the TIAA Stable Value contract will receive contract value in, at most, two years. If the two-year payout applies, a discontinuance fee will be assessed, which has the effect of reducing the interest credited during the two-year period by, at most, 75 basis points.

NOTE F - TAX STATUS

The Plan has adopted a Volume Submitter 403(b) Plan sponsored by TIAA. On August 7, 2017, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Code and therefore, the related accounts are exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes that the Plan is qualified and the related accounts are tax-exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

ITHAKA HARBORS, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Substantial portions of the Plan's investments are fixed and variable annuities and a pooled separate account, which are sponsored by TIAA and CREF and mutual funds with TIAA Trust, N.A. TIAA is the Plan's recordkeeper, TIAA and CREF are the Plan's insurance companies and TIAA Trust, N.A. is the custodian of certain Plan investments; therefore, transactions related to these investments qualify as party-in-interest transactions for the year ended December 31, 2024. However, these transactions are not considered to be prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions set forth in the Code and in ERISA. For the year ended December 31, 2024, the Plan paid \$174,031 for administrative fees to these service providers.

The insurance company provides certain administrative services to the Plan and receives revenue from mutual fund providers for services the insurance company provides to the funds. This revenue is used to offset certain amounts owed to the insurance company for its administrative services to the Plan. If the revenue received by the insurance company from such mutual fund service providers exceeds the amounts owed, the insurance company remits the excess to the Plan pursuant to the service agreement. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants, depending on the Plan's provisions. During 2024, approximately \$12,500 was used to pay Plan expenses.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit risk as well as risks related to the financial strength of the insurance companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuations of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a subsequent market exchange.

NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or Section 12b-1 fees, which are ongoing fees allowable under the Investment Company Act of 1940, and are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and they are therefore not separately identifiable as expenses.

NOTE J - PLAN TERMINATION

Although it has not expressed any intention to do so, Ithaca has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their Ithaca contributions.
