Pember Companies, Inc. Retirement Savings Plan
Menomonie, Wisconsin

To the Board of Trustees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Pember Companies, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of or for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PEMBER COMPANIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 1 Description of Plan

The following description of the Pember Companies, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Pember Companies, Inc. (the "Company"). The Plan covers substantially all employees age 18 or older, excluding leased employees and nonresident aliens. The Company serves as the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was most recently restated effective September 1, 2024.

Contributions

The Plan operates as a 401(k) Safe Harbor Plan with Qualified Automatic Contribution Arrangement (QACA) provisions. Eligible employees are automatically enrolled upon hire at a 6% deferral rate. The deferral rate increases by 1% annually each June 1, up to a maximum of 15%. Participants who have attained age 50 before year-end are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans.

The Company makes Safe Harbor Matching Contributions under the QACA provisions. The matching formula satisfies the ADP test safe harbor requirements and may be provided under either (a) a basic match equal to 100% of elective deferrals up to 1% of compensation plus 50% of elective deferrals between 1% and 6% of compensation, or (b) an enhanced match equal to 100% of elective deferrals up to 3.5% of compensation. In addition, the Plan provides for discretionary employer contributions, qualified nonelective contributions, and additional matching contributions as determined by the Company. Matching contributions are also provided under the HEART Act for participants who die or become disabled while performing qualified military service.

During the years ended December 31, 2024 and 2023, the Company made contributions of \$840,221 and \$859,384, respectively. All contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's matching or non-elective contribution and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 1 Description of Plan (Continued)

Vesting

Participants are immediately vested in their own contributions, rollover contributions, qualified nonelective contributions, wage rate contributions, and related earnings.

QACA Safe Harbor Contributions are 100% vested no later than two years of service, in accordance with IRS requirements.

Other employer matching and discretionary contributions vest according to the following schedule:

Years of Service	Nonforfeitable Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the participant's account balance and bear interest at rates commensurate with local prevailing rates, as determined by the plan administrator. The loans bear interest at rates ranging from 3.25% to 8.50% and mature through 2028. Maturities vary with the loan type, up to five years for general loans and up to 25 years for residential loans. Loan repayments are made through payroll deductions. Loans are considered in default if payments remain unpaid for more than 90 days after the due date or, alternatively, at the end of the calendar quarter following the missed payment. In certain circumstances, participants may continue to repay loans following severance from employment. Notes receivable from participants had a balance of \$46,138 and \$138,271 at December 31, 2024 and 2023, respectively.

Payments of Benefits

Benefit payments are available upon retirement, death, disability, in-service withdrawal, or termination of employment, and may be distributed in a lump sum or installments. In addition, the Plan permits in-service withdrawals under the following provisions:

- Age 59½ withdrawals of vested accounts.
- Five-year active service withdrawals for certain employer contribution sources.
- Qualified Reservist Distributions from elective deferral contributions.
- In-plan Roth rollovers of otherwise distributable amounts, available under the limited five-year service or age 59½ provisions described above.

Investment Direction

The Plan's investments are held in trust, and participants direct the investment of all contributions into various investment options offered under the Plan.

PEMBER COMPANIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 1 Description of Plan (Continued)

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. These forfeitures may be used to reduce matching contributions or may be used to pay administrative expenses in accordance with the Plan document. At December 31, 2024 and 2023, there were no unallocated forfeiture amounts. Forfeitures of \$2,991 and \$12,550 were used to offset matching contributions during the years ended December 31, 2024 and 2023, respectively.

Note 2 Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Fair value is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Also, the Plan has an investment contract related to a stable value fund, which is measured at contract value (see Note 4).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses charged by the Trustee of the Plan and investment advisory fees are paid by the Plan. All other expenses incurred in conjunction with the Plan are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2025, which is the date the financial statements were available to be issued.

PEMBER COMPANIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 3 Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that provides the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Certain investments, including collective investment trusts (CITs) and pooled separate accounts, are measured at fair value using the net asset value (NAV) practical expedient. In accordance with ASU 2015-07, such investments are not categorized in the fair value hierarchy but are presented separately to reconcile to total plan assets.

Valuation Methodology

Mutual Funds: Valued at the daily closing price reported on national exchanges. Classified as Level 1.

Collective Investment Trusts (CITs): Valued at NAV as provided by the trustee. NAV is based on the fair value of the underlying assets. Classified using the NAV practical expedient.

Stable Value Fund (Morley CIT): Principal Morley Stable Value Fund, a CIT investing in fully benefit-responsive contracts. Reported at contract value for participant transactions; fair value equals contract value at both reporting dates. Classified using the NAV practical expedient.

Pooled Separate Account (Real Estate): Valued at NAV based on the fair value of the underlying Principal Real Estate Securities mutual fund. Classified using the NAV practical expedient.

PEMBER COMPANIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 3 Fair Value Measurements (Continued)

Stable Value Fund – Investment Contract Disclosure

The Plan invests in the Principal Morley Stable Value Fund, a collective investment trust that invests in fully benefit-responsive investment contracts. Contract value is the relevant measure for participant transactions. Contract value was \$84,531 at December 31, 2024, and \$94,792 at December 31, 2023. Fair value equaled contract value at both dates. No adjustment to contract value was required.

Liquidity and Withdrawal Provisions

Participant withdrawals are permitted at contract value. Employer-initiated events (e.g., plan termination, layoffs, mergers) may be subject to a deferral of up to 12 months.

Risks

Risks include credit risk of the issuers of the underlying investment contracts and interest rate risk of the fixed-income portfolio. The fund is not a mutual fund and is not registered with the SEC. Units are available only to eligible qualified retirement plans.

Crediting Rates

Crediting rates are reset periodically based on the relationship between the performance of the underlying fixed-income portfolio and the fund's book value. Unlike general account GIC products, no fixed crediting rate disclosure is required. The fund's NAV is based on contract value, which approximated fair value at year-end 2024 and 2023.

Note 4 Information Certified by the Trustee

Certain information related to the investments in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2024 was obtained or derived from the information furnished to the plan administrator and certified as complete and accurate by Principal Life Insurance Company, the custodian of the Plan.

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 6 Tax Status

The Company adopted a nonstandard prototype document with an IRS opinion letter dated June 30, 2020, which states the prototype Plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

PEMBER COMPANIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 7 Risks and Uncertainties

The Plan holds various investments. Investment securities are exposed to various risks such as interest rates, market, and credit. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 8 Parties in Interest Transactions
