Report of Independent Auditors

To the Administrator of Epic Games, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Epic Games, Inc. 401(k) Plan and Trust (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 (“supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all

material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Epic Games, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Epic Games, Inc. 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution, Safe Harbor 401(k) plan established by Epic Games, Inc. (the “Company” or “Plan Sponsor”), which is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Retirement Committee of Epic Games, Inc. (the “Retirement Committee”) is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

Eligibility

The Plan covers substantially all eligible employees of the Company, as defined by the Plan document. Those excluded include leased employees and temporary employees who have not yet completed one year of service. Each full-time employee is eligible to participate in the Plan upon attaining age 18 and from the first day of service. Entrance into the Plan is permitted on the first day of service after meeting the eligibility requirements.

Contributions

Participants may elect to contribute to the Plan through either pre-tax 401(k) deferrals or after-tax Roth 401(k) deferrals. Participants may contribute up to the maximum percentage of compensation and dollar amounts permissible under the Internal Revenue Code (the “Code”) not to exceed certain limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may modify contribution percentages or amounts at each payroll period.

Under the Small Business Job Protection Act of 1996, which added Safe Harbor provisions for 401(k) plans, the Company has chosen to satisfy Safe Harbor requirements by contributing a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 5% of wages, as defined, for all employees who participate in the Plan, and through immediate 100% vesting in Safe Harbor matching employer contributions. Additional employer contributions may be contributed at the option of the Company’s Board of Directors, but none were made for the year ended December 31, 2024. Additionally, prior to February 2023, a uniform 5.7% of wages, as defined, was contributed for all employees who participate in the Plan as a profit-sharing contribution. On January 26, 2023, the Company announced it was suspending its profit-sharing contribution.

Investments

Participants direct the investment of their entire interest in the Plan into various investment options offered by the Plan. The Plan currently offers mutual funds and common/collective trusts as investment options. In the absence of investment elections made by the participant, contributions are invested in default mutual funds based on the employee’s age.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Safe Harbor matching contribution, the additional employer contribution, if declared by the Board of Directors, administrative expenses, and an allocation of plan investment results. Allocations are based on participant earnings or account balances, as defined.

Epic Games, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2024 and 2023

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

A participant is 100% vested in their contributions and employer Safe Harbor matching contributions at the time of contribution. Any additional employer contributions are subject to a three-year cliff vesting schedule. On September 28, 2023, the Company announced layoffs affecting less than 20% of plan participants. The resulting plan amendment provided accelerated vesting of nonelective employer contributions for all impacted plan participants who also timely executed a severance agreement.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts must be used to reduce subsequent employer contributions. There were no forfeitures available as of December 31, 2024 or 2023. The Plan used \$1,546,770 of forfeitures to reduce employer contributions during the year ended December 31, 2024.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are determined when the loan is obtained as determined by the Plan Administrator based on the rates available for similar loans from commercial lending institutions. Principal and interest is paid ratably through bi-weekly payroll deductions. Maturity dates on participant loans outstanding as of December 31, 2024 range from 2025 to 2035.

Payment of Benefits

Upon termination of service, retirement, death or disability, a participant or beneficiary, if applicable, may receive a lump-sum payment equal to the vested value of their account. Effective February 1, 2019, upon a participant's termination of service, retirement, death or disability, the participant or their beneficiary, as applicable, also has the option of requesting distributions in installments over a period of time or as a partial withdrawal. A participant may request a withdrawal from their account balance based upon financial hardship as defined by the Code or in certain other circumstances as defined in the Plan document. In the event such a withdrawal is made, the distribution is subject to a 10% excise tax if the participant has not attained age 59 1/2.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA provisions. In the event of plan termination, participants vest in all contributions and will receive a single payment of their account balance.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Epic Games, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2024 and 2023

Investment Valuation

Participants may direct the investment of their entire interest in the Plan between selected mutual funds and common/collective trusts, each offering different degrees of risk and return. Investments are reported at fair value which is described more fully in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are determined by closing prices of each fund at the end of the Plan year. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by investment advisors and Fidelity Management Trust Company (the "Trustee").

Net Appreciation in Fair Value of Investments and Investment Income

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments, which includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the reported amount of changes in net assets available for benefits, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Company pays the majority of the Plan's administrative expenses and trustee fees. Participants may be required to pay a fee when executing distributions. Administrative expenses paid by the Plan totaled \$90,720 for the year ended December 31, 2024. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

3. Information Certified by the Plan’s Trustee

The following is a summary of the Plan’s financial data certified by the Trustee as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 as of December 31, 2024 and 2023, and for the year ended December 31, 2024.

In addition, the investment information in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 was certified by the Trustee.

4. Fair Value Measurements

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets and liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active. If the asset or liability has a specified (contractual term), Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Epic Games, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2024 and 2023

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts

The common/collective trusts, Blackrock MSCI ACWI EX-US Index R (the "Blackrock fund"), Galliard Retirement Income Fund (the "Galliard fund"), and the various Fidelity Freedom Blend Commingled Pools (the "Fidelity Freedom Funds") are valued at the net asset value (NAV) of units of a bank collective trust. The Blackrock fund seeks to track the investment results of an index composed of large- and mid-capitalization non-U.S. equities. The objective of the Galliard fund is to provide safety of principal, adequate liquidity and competitive yields with low return volatility. The Fidelity Freedom Funds seek high total return until the respective target retirement date, after which the objective is to seek high current income and capital appreciation. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trusts, the investment advisors reserve the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner. All common/collective trusts have a daily redemption frequency and no unfunded commitments.

The Company incorrectly classified investments in the Fidelity Freedom Funds totaling \$372,241,726 as mutual funds, a Level 1 investment, in the footnotes to the financial statements as of December 31, 2023. The Fidelity Freedom Funds are common/collective trusts and should be disclosed and presented separately as Investments measured at net asset value - target date fund. The Company corrected this presentation to reclassify \$372,241,726 from Mutual funds, Level 1 investment, to Investments measured at net asset value - target date fund. There is no impact to the statements of net assets available for benefits or the statement of changes in net assets available for benefits.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023 (as revised):

Description	2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 244,971,075	\$ -	\$ -	\$ 244,971,075
Investments measured at net asset value - equity fund ⁽¹⁾				17,381,812
Investments measured at net asset value - income fund ⁽¹⁾				6,102,905
Investments measured at net asset value - target date fund ⁽¹⁾				435,699,942
Total investments, at fair value				<u>\$ 704,155,734</u>

Epic Games, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2024 and 2023

Description	2023 As Revised			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 183,327,844	\$ -	\$ -	\$ 183,327,844
Investments measured at net asset value - equity fund ⁽¹⁾				15,713,533
Investments measured at net asset value - income fund ⁽¹⁾				7,273,017
Investments measured at net asset value - target date fund ⁽¹⁾				372,241,726
Total investments, at fair value				<u>\$ 578,556,120</u>

(1) In accordance with ASU 2015-07, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. These investments, consisting of common/collective trusts, are valued at NAV provided by the Trustee.

There were no transfers between levels for the year ended December 31, 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Income Tax Status

No determination letter has been received for the Plan as it operates under a prototype document. The Internal Revenue Service (the "IRS") issued an opinion letter for the prototype on June 30, 2020 stating that the form of the prototype is acceptable under section 401 of the Code for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

6. Transactions With Parties-in-Interest

Certain investments, including shares of mutual funds, are managed by the Trustee or its affiliates. Additionally, the Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

Additionally, the Trustee may receive revenue from the mutual funds and common/collective trusts held by the Plan for services the Trustee provides to the funds and share a portion of such revenue

Notes to Financial Statements

December 31, 2024 and 2023

with the Plan. Under the Trustee, revenue totaling \$161,813 was shared with Plan participants in 2024.

7. Subsequent Events

Management has evaluated events occurring subsequent to December 31, 2024 through October 15, 2025, the date these financial statements were available to be issued, to determine if any such events should either be recognized or disclosed in the financial statements. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
