INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Gorman Brothers, Inc. Government
Contractors Benefit Trust

Opinion

We have audited the accompanying financial statements of Gorman Brothers, Inc. Government Contractors Benefit Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 (In Liquidation) and 2023 (Ongoing), and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 (In Liquidation), and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Gorman Brothers, Inc. Government Contractors Benefit Trust as of December 31, 2024 (In Liquidation) and 2023 (Ongoing), and the changes in its net assets available for benefits for the year ended December 31, 2024 (In Liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gorman Brothers, Inc. Government Contractors Benefit Trust, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

BROWN AND FITZGERALD, P.C.

CERTIFIED PUBLIC ACCOUNTANTS

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gorman Brothers, Inc. Government Contractors Benefit Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gorman Brothers, Inc. Government Contractors Benefit Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gorman Brothers, Inc. Government Contractors Benefit Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1- **Description of Plan:**

The following description of the Gorman Brothers, Inc. Government Contractors Benefit Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan commenced operations on April 1, 2002.

(a) **General.** The Plan provides health insurance, training and supplemental unemployment benefits covering all hourly employees that perform services under contracts covered by federal or state prevailing wage laws. Participants of the trust are employees of Gorman Bros., Inc., the "Company". The Plan maintains individual participant accounts which are 100% employer funded using prevailing wage benefit dollars. Employees who have worked an hour on a job under a prevailing wage contract are eligible for participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Contributions and Contributions Receivable.** The Company makes contributions to the Government Contractors Benefit Trust (Trust) on behalf of each employee that meets the eligibility requirements. The contribution amounts are determined based on an employee's stated class and the number of service hours they have worked directly on construction contracts covered under federal and state prevailing wage laws.

Contributions to the Trust that are not distributed to Plan participants for benefits are transferred, as an employer profit sharing contribution, to the Gorman Brothers, Inc. Profit Sharing Plan on behalf of the participant with respect to whom the contribution was made. All contributed funds were used to pay benefits for the years ended December 31, 2024 and 2023; therefore, no contributions were transferred to the Gorman Bros., Inc. Profit Sharing Plan for the years ended December 31, 2024 and 2023.

At December 31, 2024 and 2023, the entire contribution receivable was due from the Company.

(c) **Administration.** The Government Contractors Benefit Trust has responsibility for administering the Plan and also has responsibility for the management and control of the assets of the Trust.

Note 1- **Description of Plan (Continued):**

- (d) **Participant Accounts.** Each participant's account is credited with an allocation of the Company's contributions and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
- (e) **Benefits Under the Plan.** The plan provides for the payment of health benefits (medical, dental, and prescription drugs), apprentice and training and supplemental unemployment benefits.

Health benefits are offered through a health maintenance organization (insured benefits). A reserve of up to five month(s) of premium will be established to continue benefits during layoff.

Apprentice and training benefits; participants' expenses related to apprentice and safety/technical training will be paid from participants' account.

Upon a participant's layoff from employment of the Company and subsequent eligibility to collect state unemployment benefits, a participant is entitled to receive supplemental unemployment benefits. Benefits are paid bi-weekly during periods of layoff after exhausting state unemployment. Provides up to \$400 per week for a maximum of six weeks per layoff period.

Any balance remaining in the participants' account at year end is transferred to the participants retirement account, and if excess amounts are available, paid as additional cash compensation.

- (f) **Vesting.** The company's contributed funds are immediately available to participants while they are actively employed with the Company.
- (g) **Forfeitures.** Forfeitures occur on the last day of the next month following a participant's termination from the Company. Forfeited amounts are used to offset future contributions to the Plan. For the year ended December 31, 2023, there were forfeitures of \$231.

Note 2 - **Summary of Accounting Policies:**

- (a) **Basis of Accounting.** The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Note 2 - **Summary of Accounting Policies (Continued):**

- (b) **Cash.** Cash includes bank demand deposit accounts. Fair value approximates carrying value. The Plan's cash balances may at times exceed federally insured limits. The Plan has not experienced any losses in these accounts and believes it is not exposed to any significant risk with respect to cash.
- (c) **Payment of Benefits.** Benefits to eligible participants are recognized when paid.
- (d) **Use of Estimates.** The preparation of financial statements in accordance with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.
- (e) **Subsequent Events.** The Plan evaluated its December 31, 2024 financial statements for subsequent events through October 13, 2025, which is the date the financial statements were available to be issued. The Plan sponsor Gorman Bros., Inc and all its affiliates participated in an asset sale on February 2, 2024 and ceased all business activity. In conjunction with the sale the sponsor terminated the Plan effective February 2, 2024. In the event of Plan termination, contributions that have not been paid as benefits are to be contributed to the Gorman Bros., Inc Profit Sharing Plan, and any excess contributions remaining are paid as additional compensation to the participant. All participants upon termination became 100% vested, in their account balance.
- (f) **Tax Status.** The Government Contractors Benefit Trust established to hold the Plan's assets obtained its latest determination letter on April 11, 2001, in which the Internal Revenue Service stated that the trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue code. The Trust has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Trust is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U. S. federal tax authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 3 - **Related Party:**

Gorman Bros., Inc. provides certain accounting and administrative services to the Plan for which no fees are charged.

Note 4 - **Risk and Uncertainties:**

The Plan maintains its investments in mutual funds, and collective investment trust. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of the risk associated with investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the investment account balances and the amounts reported in the Plan's financial statements as of December 31, 2024.
