INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of Taco Aloha, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Taco Aloha, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B to the financial statements.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B of the financial statements, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – modified cash basis as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TACO ALOHA, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS

For the Years Ended December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The Taco Aloha, Inc. 401(k) Plan (Plan) was established in May 2000 to enable the employees of Taco Aloha, Inc. (Company) to share in the growth and profitability of the Company and to provide them with an opportunity to accumulate capital for their future economic security. The Plan was amended and restated effective September 27, 2021. The following is a description of the Plan that provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a profit sharing and salary deferral plan (also called a 401(k) plan) covering substantially all employees of the Company (except residents of Puerto Rico) who have at least one year of service, have completed 1,000 hours, and have attained the age of 21. Eligible participants may enter the Plan on the first day of the plan year or the first day of the seventh month of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may make employee salary deferral contributions to the Plan up to the lesser of 100% of their eligible compensation or \$23,000 and \$22,500 in 2024 and 2023, respectively, adjusted annually for the cost of living, plus an additional \$7,500 in 2024 and 2023, for employees age 50 and over. The Company contributes to the Plan 10% of a participant's elective deferral, up to a maximum of 5% of a participant's eligible compensation. The Company may also elect on a year-to-year basis to make a discretionary contribution determined by the Board of Directors. There were no discretionary contributions during the years ended December 31, 2024 and 2023. Total contributions to each participant's account may not exceed the lesser of \$69,000 (\$76,500 with the catch-up contribution) in 2024 and \$66,000 (\$73,500 with the catch-up contribution) in 2023, or 100% of annual compensation, as defined. Excess contributions are refunded in accordance with provisions of the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's and the Company's matching contributions; plus an allocation based on participant earnings or account balances of the Company's discretionary contributions, and Plan's net earnings; less an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are 10% vested in employer contributions and earnings thereon after one year of continuous service, 20% after two years of continuous service, 40% after three years of continuous service, 60% after four years of continuous service, and 100% vested after five years of continuous service. Participant voluntary contributions and earnings thereon are always 100% vested.

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS (Continued)

For the Years Ended December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN (Continued)

Forfeitures

At December 31, 2024 and 2023, forfeited accounts totaled \$0 and \$309, respectively. Forfeited accounts are used to reduce administrative expenses or reduce employer contributions. For the years ended December 31, 2024 and 2023, amounts forfeited amounted to \$809 and \$684, respectively, and forfeited accounts totaling \$1,118 and \$654, respectively, were used to reduce administrative expenses. No forfeited accounts were used to reduce employer contributions.

Expense Budget Account

The expense budget account is used for the purpose of paying plan expenses with funding from a monthly rate applied to the asset balance as of a calculation date. At December 31, 2024 and 2023, the expense budget account totaled \$234 and \$618, respectively. For the years ended December 31, 2024 and 2023, \$6,220 and \$5,363, respectively, was credited to the expense budget account, and \$6,604 and \$5,318, respectively, was used to pay administrative expenses.

Payment of Benefits and Withdrawals

The vested amount in each participant's account is payable upon normal retirement (age 65), disability, death, or termination of employment. Participants may receive the entire value of their accounts in a single lump-sum payment. Active participants may withdraw all or a portion of their vested account balances as in-service distributions after attaining age 59 ½. Participants may make withdrawals from the vested portion of their accounts to satisfy a financial hardship, as defined, subject to the approval of the plan administrator. For participant account balances of less than \$5,000, unless the balance is rolled over to an IRA or another qualified retirement plan, the amount is distributed in a lump-sum payment, less applicable income tax withholdings.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance reduced by the participant's highest outstanding loan balance during the previous twelve months. The minimum loan amount is \$1,000. Each participant may only have one loan outstanding at any time. The notes receivable must be repaid in five years unless the note is used to acquire a principal residence. The notes receivable are secured by a lien on the participant's interest in the Plan. Interest rates are set at the prevailing interest rates, at the time of the loan, charged on similar commercial loans under like circumstances by persons in the business of lending money, which ranged from 4.25% to 9.50% for the years ended December 31, 2024 and 2023. Principal and interest is paid ratably through payroll deductions. The notes receivable mature at various dates through August 2029.

TACO ALOHA, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS (Continued)

For the Years Ended December 31, 2024 and 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Except for investments, which are accounted for on the fair value basis, the Plan has prepared its financial statements on the basis of cash receipts and disbursements; consequently, certain additions to net assets available for benefits are recognized when received rather than when earned, and certain deductions from net assets available for benefits are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to be presented in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates, it is reasonably possible that such estimates may change within the near term, and such differences could be material to the financial statements.

Investment Valuation and Income Recognition

Investments are stated at fair value, except that fully benefit-responsive unallocated group annuity contracts are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Net investment earnings include the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note E for discussion of fair value measurements

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance. Fees related to the notes receivable from participants are included in administrative expenses. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

TACO ALOHA, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS (Continued)

For the Years Ended December 31, 2024 and 2023

NOTE C – CERTIFICATION FROM QUALIFIED INSTITUTION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and other income for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Life Insurance Company (Transamerica), the qualified institution of the Plan, as of and for the years ended December 31, 2024 and 2023. Transamerica also certified the contract value of the group annuity contract.

NOTE D – FULLY BENEFIT-RESPONSIVE CONTRACT

The Stable Value Fund of Transamerica's Group Annuity Contract complies with the fully benefit-responsive requirements of the Financial Accounting Standards Board (FASB) and is reported at contract value in the Plan's financial statements. Transamerica's Stable Value Fund investment choice has no stated maturity and is not a guaranteed investment contract. Due to the nature of the contract, the contract does not have specific underlying assets assigned to the Fund. Therefore, the value of the unallocated group annuity contract reported to plan sponsors is the contract value which represents the amount participants would receive if they were to initiate a transaction under the terms of the ongoing contract.

Interest rates are reset monthly as of the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment. Interest is credited on a daily basis. The average rate of interest credited was approximately 1.58% and 1.18% for the years ended December 31, 2024 and 2023, respectively. There is no allowance for credit risk.

The Stable Value Fund is a non-tradable obligation of Transamerica. Thus, the investment's contract may not be transferred, sold, assigned, discounted, or pledged, either as collateral for a loan or as security for the performance of an obligation or for any other purpose without consent from the issuer. Participants are allowed retirement, hardship, and periodic elective and systematic withdrawals under the contract.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include amendments to the plan documents, including complete or partial plan termination or merger with another plan; bankruptcy of the plan sponsor or other plan sponsor events, such as divestiture of a subsidiary that cause a significant withdrawal from the Plan; or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, and a material amendment to the agreement without the consent of the issuer.

TACO ALOHA, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS (Continued)

For the Years Ended December 31, 2024 and 2023

NOTE E – FAIR VALUE MEASUREMENTS

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation methodologies used to measure fair value. There are three levels of the fair value hierarchy. Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. The fair value measurement level of an asset or liability within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments in pooled separate accounts are valued at the net asset value (NAV) of unit shares held by the Plan at year-end. The NAV, as provided by Transamerica, is used as a practical expedient, which is based on the underlying assets of the pooled separate accounts. In accordance with FASB, Accounting Standards Codification 820, *Fair Value Measurement*, the pooled separate accounts are not categorized in the fair value hierarchy. At December 31, 2024 and 2023, there were no investments valued using Level 1, 2 or 3 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, the use of different methodologies to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F – POOLED SEPARATE ACCOUNTS

The pooled separate accounts have no significant unfunded commitments, redemption restrictions, or redemption notice periods, and are redeemable daily. The pooled separate accounts seek to provide capital appreciation and current income consistent with their current asset allocations. The pooled separate accounts are invested in mutual funds.

NOTE G – TAX STATUS

Effective September 27, 2021, the Plan was amended and restated and is a non-standardized pre-approved profit sharing plan (NSPAPSP) that received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which states that the NSPAPSP is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

TACO ALOHA, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS (Continued)

For the Years Ended December 31, 2024 and 2023

NOTE G – TAX STATUS (Continued)

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The plan administrator evaluated the Plan's tax positions as of December 31, 2024 and 2023 and for the years then ended, and determined that the Plan had no uncertain tax positions required to be reported. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

NOTE H – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan's assets are administered by and in the custody of Transamerica as of and for the years ended December 31, 2024 and 2023; therefore, these transactions qualify as party in interest transactions. The Transamerica Stable Value Fund is an obligation of Transamerica; therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in investment earnings.

NOTE I – TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants become 100% vested in their accounts.

NOTE J – ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by Transamerica as of and for the years ended December 31, 2024 and 2023. The determination of the amount, timing, and type of contributions are made by each participant. Certain administrative functions are performed by officers or employees of the Company, who receive no compensation from the Plan. Certain administrative expenses for the third party administrator are paid by TD Food Group, Inc., the parent company of the Company. Expenses that are paid by the parent company or the Company are excluded from these financial statements.

NOTE K – RISK AND UNCERTAINTIES

The Plan invests in various investment securities, including investments in shares of pooled separate accounts and guaranteed unallocated group annuity contracts. In general, investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements.

NOTE K – RISK AND UNCERTAINTIES (Continued)

The Company does business as Hawaii Pizza Hut, Pizza Hut of Guam, Pizza Hut of Saipan, Taco Bell, Long John Silvers, and A&W. The Plan and Company operate in the State of Hawaii, Guam, and Saipan. Local, national, and international events can have severe, adverse effects on economic conditions in Hawaii, Guam, and Saipan.
