2024 Client Service Communication

Plan Administrator
Tivity Health, Inc. Retirement Savings Plan

We have audited the financial statements of the Tivity Health, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) as of and for the year ended December 31, 2024 and have issued our report thereon dated October 15, 2025. As permitted by Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan by Fidelity Management Trust Company and New York Life Insurance Company, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and the ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles in the United States of America ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in engagement our letter to you dated April 16, 2025. Professional standards also require that we communicate to you the following information related to our audit.

This information is intended solely for the information and use of the Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the confidence you place in LBMC as your business advisor. We strive to help you stay compliant, manage risk and improve performance as you manage your employee benefit plan.

Scope of Attest Services	<p>LBMC was engaged to perform an ERISA Section 103(a)(3)(C) audit of the 2024 financial statements of the Tivity Health, Inc. Retirement Savings Plan including subjecting the form and content of certain supplemental information to auditing procedures.</p>
Plan Management Responsibilities	<p>Management is responsible for the preparation and fair presentation of the financial statements, and supplemental information, and maintaining internal controls.</p>
Attest Deliverable	<p>LBMC issued an ERISA Section 103(a)(3)(C) opinion on the financial statements of the Plan and communicated certain matters relating to the financial statements and supplemental information.</p>
Other Services	<p>LBMC performed the nonattest service of drafting the financial statements and supplemental information of the Plan in conformity with U.S. generally accepted accounting principles based on information provided by management.</p> <p>We provided management with any and all accounting records that were prepared by LBMC in connection with the nonattest service set forth above. Management is responsible for retaining these accounting records, including supporting schedules as an integral part of the Plan’s accounting records which are as follows:</p> <ul style="list-style-type: none"> • Trial balance with financial statement grouping • Fair value leveling of investments • Investments measured at net asset value as a practical expedient determination

Area	Detail
Qualitative Aspects of Accounting Practices – Accounting Policies	<p>Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new significant accounting policies were adopted and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.</p>
Qualitative Aspects of Accounting Practices – Estimates	<p>Accounting estimates are an integral part of the Plan’s financial statements and are based on management’s knowledge and experience, as well as certain assumptions. Certain accounting estimates are particularly sensitive due to: (i) their significance to the financial statements; and (ii) because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements relate to management’s estimate of the fair value of the Plan’s investments. Investments are carried at fair value as determined on the last day of the Plan year, as described in Note 4 to the financial statements.</p> <p>We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.</p>
Qualitative Aspects of Accounting Practices – Disclosures	<p>Financial statement disclosures are neutral, consistent, and clear.</p>

Area	Detail
Difficulties Encountered in Performing the Audit	<p>For purposes of this report, “difficulties” may include matters such as:</p> <ul style="list-style-type: none"> • the unavailability of, or significant delays in management providing information, • an unreasonable time frame within which to complete the audit, • extensive unexpected effort required to obtain audit evidence, or • restrictions imposed on the auditor by management. <p>We encountered no significant difficulties in performing and completing our audit.</p>
Disagreements with Management	<p>For purposes of this report “disagreements with management” include matters that, individually or in the aggregate, could be significant to the Plan’s financial statements or the auditors’ report, regardless of whether they were satisfactorily resolved. Examples of such matters include, but are not limited to, the application of accounting principles to a specific transaction, the basis for management’s judgments about accounting estimates, and the scope of the audit. We are pleased to report that no such disagreements arose during the course of our audit.</p>
Management Consultations with Other Independent Accountants	<p>If management were to consult with other accountants about the application of an accounting principle to the Plan’s financial statements or the type of auditors’ opinion that may be expressed on those statements, professional standards require the consulting accountant to confer with us to determine that the consultant has all relevant facts. To our knowledge, there were no such consultations with other accountants.</p>
Management Representations	<p>We have requested certain representations from management that are included in the management representation letter dated October 15, 2025.</p>
Independence	<p>We are not aware of any relationships between our firm and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence that have occurred during the period from January 1, 2024, through the date of this report.</p>
Other Findings or Issues	<p>We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year both prior to, and subsequent to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.</p>
Form 5500 Procedures	<p>We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors’ report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan’s financial statements. We identified no material inconsistencies in performing and completing our audit.</p>

Area	Detail
Information Accompanying the Financial Statements	Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
Corrected and Uncorrected Misstatements	While professional standards require communication of all misstatements identified during the audit that are more than trivial in nature and magnitude to management, we are pleased to report that no such misstatements were identified as a result of our audit procedures.

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan by Fidelity Management Trust Company and New York Life Insurance Company, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Plan Administrator and Participants
Tivity Health, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Tivity Health, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TIVITY HEALTH, INC. RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

(1) Description of plan

The following description of the Tivity Health, Inc. Retirement Savings Plan (the "Plan"), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on September 1, 1990 to provide retirement benefits for employees of Tivity Health, Inc. (the "Plan Sponsor" or "Company") and its participating employers, as defined in the plan agreement. The Plan has a calendar plan year end. Union employees, leased employees and independent contractors are not eligible to participate in the Plan. The Plan covers substantially all other employees who are age twenty-one or older ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2024, BurnAlong, Inc. became a participating employer in the Plan. Effective May 20, 2024, assets in the amount of \$963,025 representing a spin-off from the Justworks Retirement Savings Plan for BurnAlong, Inc. Employees were merged into the Plan.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also make after-tax Roth contributions and contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In order to participate, participants make contributions up to 75% of compensation, subject to certain IRC limitations.

Employees are automatically enrolled in the Plan at a deferral rate of 3% of compensation unless the employee elects not to participate or chooses a different percentage to defer.

The Plan Sponsor made a discretionary match equal to 50% of each participant's contributions up to 6% of the participant's eligible compensation for the years ended December 31, 2024 and 2023. Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, allocations of Plan Sponsor contributions, investment earnings (losses) and administrative expenses. All participant and Plan Sponsor contributions are currently invested per participant direction. Allocations are based on the participants' compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

TIVITY HEALTH, INC. RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's contribution is based on years of continuous service. Participants vest 33% each year and are fully vested after three years of credited service. A participant's vesting percentage increases to 100% if, while employed with the Company, the participant dies or becomes disabled. Certain participants whose account balances were merged into this Plan and certain participants who terminated on or before December 31, 2019, may have different vesting schedules. See the plan agreement for these schedules.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to retirement, death or disability (as defined in the Plan), a participant may elect to receive his/her entire account balance in a lump sum payment, installment payments over a specified period or time, or partial withdrawals upon request. For termination of service due to other reasons or upon reaching age 59½, a participant will be entitled to receive only the vested interest in their account in a lump sum payment, installment payments over a specified period or time, or partial withdrawals upon request.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures may be first used to pay Plan administrative expenses. Any remaining forfeitures may be used to reduce the Plan Sponsor's contributions to the Plan. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$121,449 and \$19,936, respectively. During 2024, no forfeitures were used. During 2023, approximately \$80,000 of forfeited nonvested accounts were used to reduce the Plan Sponsor contributions.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

Notes to the Financial Statements

December 31, 2024 and 2023

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Plan administration fees and transaction based fees are included in administrative expenses and charged directly to the participant's account.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value as reported by Fidelity Management Trust Company ("Fidelity") and New York Life Insurance Company ("New York Life"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

Notes to the Financial Statements

December 31, 2024 and 2023

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2024 and October 15, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the fair value of investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity and New York Life.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 and Level 3 are not applicable to the Plan.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements

December 31, 2024 and 2023

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- (i) *Money market fund and mutual funds:* Valued at the net asset value ("NAV") closing price reported on the last business day of the Plan year reported by the active market on which the security is traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Fair Value Measurements as of December 31, 2024 Using the Following Inputs</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The following table summarizes the investments measured at fair value based on NAV as a practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

(5) Income tax status

The Plan adopted a pre-approved profit sharing plan, which obtained a favorable opinion letter on June 30, 2020, in which the IRS stated that the pre-approved plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The pre-approved plan has been amended since receiving the opinion letter, and the Plan itself has not obtained a determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Notes to the Financial Statements

December 31, 2024 and 2023

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds and a money market fund and units of collective trusts and a pooled separate account managed by Fidelity and New York Life and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
