Independent Auditors' Report

The Plan Administrator of
Connections Wellness Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Connections Wellness Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 24, 2024 and December 31, 2023, and the related statements of changes in net assets available for benefits for the period from January 1, 2024 through January 24, 2024, and the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statement or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the period ended January 24, 2024 and the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

CONNECTIONS WELLNESS GROUP 401(K) PLAN

Notes to the Financial Statements

January 24, 2024 and December 31, 2023

(1) Description of plan

The following description of the Connections Wellness Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was maintained under Section 401(k) of the internal revenue code and covered substantially all employees of Connections Wellness Group, LLC. (the "Plan Sponsor"). The plan covered all employees who attained the age of eighteen ("participants"). The plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2024, the Plan Sponsor froze the Plan such that no new contributions were allowed. Additionally, the board of directors approved the Plan to merge into Blended Health Services 401(k) Plan, and all assets were transferred on January 24, 2024 as previously carried in the accounts of the Plan.

(b) Contributions

Prior to January 1, 2024, Participants could have voluntarily made qualified retirement contributions to the Plan which were deducted by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or may have been made after-tax in the form of a roth contribution. Participants may have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan. In order to participate, employees must have made a minimum of 1% of the compensation. Participant contributions were permitted up to 90% of their compensation on a pre-tax basis. The Plan's maximum Roth elective deferral contribution was 50% of compensation, subject to certain IRC limits.

The Plan Sponsor made discretionary matching contributions each year equal to an amount determined by the Plan Sponsor. The discretionary matching contributions totaled \$319,844 for the year ended December 31, 2023. There were no discretionary matching contributions for the period from January 1, 2024 through January 24, 2024.

The Plan also provided that the Plan Sponsor may contribute a discretionary profit-sharing contribution each year as authorized by the Plan Sponsor. No profit-sharing contribution was made by the Plan Sponsor for the period from January 1, 2024 through January 24, 2024 or the year ended December 31, 2023.

Plan Sponsor and participant contributions could not exceed the maximum amount allowed for federal income tax purposes.

CONNECTIONS WELLNESS GROUP 401(K) PLAN

Notes to the Financial Statements

January 24, 2024 and December 31, 2023

(c) Participant accounts

Each participant's account was credited or charged with the participant's contributions, Plan Sponsor contributions and allocations of investment earnings or losses and administrative expenses. Allocations were based on a participant's compensation or account balances as defined in the Plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

(d) Vesting

Participants were immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's discretionary contributions began after one year of service and increased at a rate of 33% per year. Participants were fully vested after three years.

(e) Notes receivable from participants

Prior to January 1, 2024, each participant could borrow from his or her accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. Participants were only permitted one outstanding note receivable at any given time. The notes receivable from participants were secured by the balance in the participant's account and bore interest at fixed rates which were commensurate with local prevailing rates as determined at the time of the note receivable by the plan administrator. Principal and interest were paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant could elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account.

(g) Forfeited accounts

If a participant terminated employment prior to being fully vested in the Plan Sponsor's discretionary contributions and earnings thereon for any reason except death, disability, or qualification for retirement, then the unvested contributions would be forfeited. As of December 31, 2023, forfeited nonvested accounts totaled \$18,181.

(h) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than age 59½. Hardship withdrawals were limited to the participant's elective account balance.

CONNECTIONS WELLNESS GROUP 401(K) PLAN

Notes to the Financial Statements

January 24, 2024 and December 31, 2023

(i) Administrative expenses

Certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and were excluded from these financial statements. All reasonable expenses of administration that were incurred by the Plan were charged directly to the applicable participant's accounts and were included in the administrative expenses. Investment related expenses were included in net appreciation (depreciation) in fair value of investments.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies using information provided by Matrix Trust Company ("Matrix"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CONNECTIONS WELLNESS GROUP 401(K) PLAN

Notes to the Financial Statements

January 24, 2024 and December 31, 2023

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between January 24, 2024 and October 14, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments, non-interest bearing cash, and notes receivable from participants disclosed in the accompanying financial statements, including non-interest bearing cash, investments, at fair value, and notes receivable from participants held at December 31, 2023, and net appreciation (depreciation) in fair value of investments, interest and dividend income for the period ended from January 1, 2024 through January 24, 2024, and the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CONNECTIONS WELLNESS GROUP 401(K) PLAN

Notes to the Financial Statements

January 24, 2024 and December 31, 2023

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023.

- (i) *Mutual funds and Money market fund:* Valued based on the funds' reported closing net asset value ("NAV") as of the last business day of the Plan year end. The funds are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level the Plan's assets within the fair value hierarchy as of December 31, 2023:

Fair Value Measurements as of
December 31, 2023 Using the Following Inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 3,117	\$ -	\$ -	\$ 3,117
Mutual funds	<u>2,910,876</u>	<u>-</u>	<u>-</u>	<u>2,910,876</u>
Investments at fair value	<u>\$ 2,913,993</u>	<u>\$ -</u>	<u>\$ -</u>	<u>2,913,993</u>

(5) Income tax status

The Plan adopted a non-standardized pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service "IRS" on June 30, 2020, which stated that the pre-approved plan was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under section 401(a) of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Generally accepted accounting principles requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 24, 2024 and December 31, 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements

January 24, 2024 and December 31, 2023

(6) Related party and party-in-interest transactions

As described in Note 1, the Plan paid administrative expenses to various service providers which qualify as party-in-interest transactions. The Plan also held participant notes receivable which qualify as party-in-interest transactions.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023

Net assets available for benefits per the financial statements	\$ 2,984,124
