Independent Auditor's Report

October 7, 2025

To the Plan Administrator and Trustees of
STI 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of STI 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the **Auditor's Responsibilities for the Audit of the 2022 Financial Statements** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the **Auditor's Responsibilities for the Audit of the 2022 Financial Statements** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified

investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of STI 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated February 20, 2024 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared

and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

STI 401(k) Plan

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the STI 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a qualified defined contribution plan under Section 401(a) of the Internal Revenue Code with a Section 401(k) salary deferral arrangement. The Plan covers all eligible employees of Sequential Technology International, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan provisions - The Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), a law which allows immediate changes to the Plan to, among others, allow certain eligible individuals to receive Coronavirus related relief through temporary suspension of loan repayments, allows temporary tax relief for Coronavirus related distributions up to \$100,000, and suspends required minimum distributions. The Plan has implemented the required provisions and other optional provisions of the Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022 (the "SECURE 2.0 Act") and the Setting Every Community Up for Retirement Act of 2019 (the "SECURE Act"), a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operation changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Eligibility - Employees of the Company who have attained the age of twenty-one years old and are not (i) employees covered by a collective bargaining agreement unless the agreement requires the employees to be included in the Plan; (ii) residents of Puerto Rico, (iii) leased employees; (iv) nonresident aliens who do not receive any earned income from the company which constitute United States earned income; and (v) part-time, temporary, or seasonal employees, unless certain criteria have been met, are eligible to participate in the Plan.

Contributions - Participants may elect to defer 90% of their eligible compensation, as defined in the plan document, on a pre-tax or post tax (Roth) basis, up to amounts established under IRS regulations. Participants who attain the age of fifty before the end of the Plan year are eligible to make catch-up contribution, not to exceed the IRS limits. Once a participant is eligible for the Plan, they are automatically enrolled in the Plan after thirty-five days of the employee's date of hire with an initial deferral rate of 5%, which is increased by 1% each year, up to a maximum of 10%, unless the participant elects a different percentage or affirmatively elects not to participate in the Plan. Participants may also rollover amounts from other qualified plans into the Plan.

Each year the Company may contribute a discretionary matching contribution for each participant. The Company's discretionary matching contribution for the year ended December 31, 2022 is equal to 50% of the first 4% of a participant's elective contributions, up to a maximum of 2% of each participant's compensation. Discretionary matching contributions were

\$169,733 for the year ended December 31, 2022, of which the Company paid \$126,462, and the Plan recorded a receivable of \$43,271 as of December 31, 2022.

During the audit of the Plan's financial statements, management determined there were missed auto enrollments and missed employer match contributions due to inadvertent oversight by management. This operational defect was corrected using the Self-Correction Program portion of Revenue 2021-30. Management worked with their contracted third-party administrator, Fidelity, to complete missed deferral opportunity calculation for the periods impacted. Therefore, the Plan recorded Qualified Non-Elective Contributions ("QNEC") of \$170,598 to make those affected participant whole, which are included in employer contributions receivable in the statements of net assets available for benefits as of December 31, 2022, and in the employer contributions in the statements of changes in net assets available for the year ended December 31, 2022. This amount was funded into the Plan on September 30, 2025.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution plus the Company's contributions, plan earnings, and the allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants can access their account information via Fidelity's website where they have the ability to change their elective deferrals and investment options, as well as request distributions.

Investment options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options online daily.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. A participant is 100% vested after five years of credited service. Participants are 100% vested in Company contributions after five years of credited service.

Forfeitures - These amounts can be used to reduce future employer contributions or pay administrative expenses, which are at the discretion of the plan administrator. There were no forfeitures used for the year ended December 31, 2022. Unused forfeitures available are \$33,842 and \$20,213 as of December 31, 2022 and 2021, respectively

Payment of benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account. Participants may also elect to rollover funds into another qualified plan or individual retirement account. Additionally, participants are permitted to make in-service withdrawals of account balances from the Plan. To qualify for this type of withdrawal, the participant must have attained the age of fifty-nine and one-half or must meet certain criteria for a hardship withdrawal, as outlined in the plan document.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships, as defined by the Plan Agreement. Any hardship

distributed is limited to the amount necessary to meet the financial need and must be approved by the plan administrator.

Notes receivable from participants - Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance in their vested account balance during the prior twelve-month period or 50% of their vested account balance. The notes bear interest at the prime rate plus 1.00% (8.50% as of December 31, 2022) at the time of issuance. The interest rate on outstanding notes ranged from 4.25% to 8.00% as of December 31, 2022. Principal and interest is repaid ratably through payroll deductions. The term of the repayment period cannot exceed five years, except if the note is used to acquire a residence, then the repayment period may be extended beyond five years, but not to exceed ten years. The notes are secured by the vested balance in the participant's account. According to requirements of the participant note program, the plan administrator will treat a note in default as of the missed repayment date according to the terms of the loan.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivables from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the notes receivable from participants program. There were no deemed distributions for the year ended December 31, 2022.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions and excess employer matching contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess contributions payable ("corrective distributions") are returned to the affected participants subsequent to year-end, including any investment earnings or losses thereon. There were corrective distributions of \$80,037 for the year ended December 31, 2022 with excess contributions payable of \$80,037 and \$15,747 as of December 31, 2022 and 2021, respectively.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan Agreement to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expense during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market risk. Market risks include domestic and global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Economic dependency and concentration of credit risk - Approximately 81% and 10% of the Plan's investments are invested in Fidelity and American Funds, respectively, as of December 31, 2022. Approximately 82% and 10% of the Plan's investments were invested in Fidelity and American Funds, respectively, as of December 31, 2021. Accordingly the Plan is dependent upon the financial condition of these companies.

Investment valuation and income recognition - Investments are stated at fair value (see Note 4). All investment values have been determined and certified by Fidelity Management Trust Company, the Trustee of the Plan (see Note 3). Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in investments include the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Management individually reviews all notes receivable balances that exceed ninety days from the date of the most recent payment and based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance if and when potentially uncollectible participant notes receivable become material. If a participant defaults on a note receivable and a distribution from the participant's account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statement of changes in net assets available for benefits and deducted from the receivable balance.

Administrative costs - Administrative costs, including maintaining participant accounts, legal, and accounting costs are the obligation of the Plan; however, the Company may pay for such expenses. Costs of managing the investments are paid directly out of the plan assets (see Note 5).

Payment of benefits - Benefits are recorded as paid.

Subsequent events - In March 2025, the Company was acquired by a third-party and as a result of the transaction, employees were terminated at various times throughout 2025. In total, the participants who were terminated amounted to more than 20% of the plan participants; accordingly, the plan sponsor determined that a partial plan termination occurred. All participants who were affected by the terminations were fully vested in their account balances.

Management has evaluated subsequent events through October 7, 2025, the date that the financial statements were available for issue.

Note 3 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held as of December 31, 2022 and 2021, and net appreciation in investments, interest and dividends, and interest received on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, the Trustee of the Plan. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedules.

Note 4 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; and• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e., Mutual Funds and Money Market Funds) - The investment portfolios consist of mutual funds and money market funds, which are valued at the closing price reported on the active market on which the individual security is traded (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2022 or 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 10,020,718</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,020,718</u>
December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	<u>\$ 14,365,593</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,365,593</u>

Note 5 - Related party transactions and party-in-interest transactions

The Plan's investments are funds managed by Fidelity, the Trustee of the Plan. Fees paid for these services qualify as party-in-interest transactions and are included in the net depreciation in investments on the accompanying statements of changes in net assets available for benefits.

The Plan pays for certain expenses related to plan operations and investment advisory to various service providers, which are party-in-interest transactions under ERISA and are included

in administrative expenses on the accompanying statement of changes in net assets available for benefits. The Plan contracts with Fidelity Investments Institutional to provide recordkeeping services and the fees paid by the Plan for these services amounted to \$31,933 for the year ended December 31, 2022. The Plan contracts with Strategic Advisors, Inc. and J W Cole Financial, Inc. to provide investment management services and the fees paid by the Plan for these services amounted to \$29,188 for the year ended December 31, 2022.

Note 6 - Tax status

The Plan has adopted the Fidelity Basic Plan Document No. 17. The Internal Revenue Service has ruled that this standardized prototype plan is acceptable under Section 401(a) of the Internal Revenue Code, and a separate determination letter has not been obtained for the Plan. The Plan has been amended since receiving the determination letter; however, the management of the Company and plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and/or interest for the years ended December 31, 2022 or 2021. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2019.

Note 7 - Prohibited transactions

During 2021, the plan sponsor failed to remit to the Plan's Trustee employee elective deferrals of \$1,128 within the period prescribed by the United States Department of Labor for the year ended December 31, 2021. Delays in remitting contributions to the Trustee were due to an administrative oversight and the Company remitted these contributions along with lost earnings during the year ended December 31, 2024.

During 2020, the Plan failed to remit certain participant contributions and loan repayments in a timely manner in accordance with DOL regulations. The delinquent contributions and loan repayments from 2020 aggregated \$64,698. The plan sponsor remitted these contributions and loan repayments to the Plan during 2020; however, the related lost earnings were contributed to the Plan during 2023.
