INDEPENDENT AUDITOR'S REPORT

To the Profit Sharing Plan Administrative Committee

Opinion

We have audited the financial statements of the Gulftech Retirement Plan (the "Plan", formerly known as Atlas Pacific Profit Sharing Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024

1. DESCRIPTION OF THE PLAN

The following brief description of the Gulftech Retirement Plan (the “Plan”, formerly known as Atlas Pacific Profit Sharing Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General—The Plan is a defined contribution profit-sharing plan that covers substantially all employees of Gulftech International, Inc. (the “Company”); Atlas Pacific Engineering Company; Magnuson Corporation; Magnuson & CCM Industries, Inc.; Luthi Machinery Company, Inc.; Sinclair Systems International, LLC; Brown International Corporation, LLC; Gulftech Food Machinery, LLC and Verdant Technologies (the “Employers”). The Plan is sponsored by the Company and is administered by the Profit Sharing Plan Administrative Committee (the “Committee”), the members of which are appointed by the Board of Directors of the Company or the Committee. Effective April 3, 2024 the Plan changed trustees from Reliance Trust Company to Transamerica Trust Company. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility—All employees of the Employers, except employees whose compensation and conditions of employment are established by the terms of a collective bargaining agreement, who have completed one year of eligibility service (as defined) are eligible to participate in the Plan.

Contributions—The Employers, at the discretion of their Boards of Directors, may make profit-sharing contributions to the Plan. The Employers elected to make a profit-sharing contribution of \$1,150,597 to the Plan for the plan year ended December 31, 2024, which was recorded as a receivable in the accompanying statements of net assets available for benefits. Additionally, all eligible employees may elect to have the Employers make salary deferral contributions on their behalf in an amount from 1% to 30% of each employee’s compensation subject to certain Internal Revenue Code (IRC) limitations. Participants have the option to make Roth elective salary reduction contributions to the Plan.

Effective January 1, 2024, the Plan elected to make Qualified Automatic Contribution Arrangement (QACA) enhanced matching contributions. The matching contribution is equal to

100% of employee salary deferrals that do not exceed 4% of compensation. Participants become fully vested in these contributions after two years of service.

The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Participants who are making deferral contributions between 1% and 9% will automatically have their deferral increased annually by 1% until they reach a maximum 10% deferral of eligible compensation but still have the option to change their deferral percentage at any time.

An employee's total annual salary deferral contributions may not exceed \$23,000 in 2024. Also, in no event may any participant's salary deferral and profit-sharing contributions exceed the lesser of (1) 100% of eligible compensation or (2) the current IRC limitation, which is \$69,000 for the 2024 calendar year. A participant who is age 50 or older can make a catch-up deferral contribution of \$7,500 in 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants' Accounts—Individual accounts are maintained for each Plan participant. Each participant account is credited with the participant's contribution, allocations of Employer discretionary profit-sharing contributions, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balance, as defined. Profit-sharing contributions are allocated to participants' accounts as follows:

- A portion of the contribution is allocated among all participants who have compensation in excess of the Social Security Taxable Wage Base in effect at the beginning of the Plan year.
- The remainder is allocated among all participants in proportion to the total compensation of all participants.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants' salary and wage deferral accounts are always fully vested. Employers' contributions become 100% vested if the participant is employed and reaches the age of 65 or

if a participant leaves the Employer due to death or disability. All other participant's profit sharing accounts become vested in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Investments—Participants direct the investment of their contributions and Employer discretionary contributions and/or account balances into mutual funds and various common collective trust investment options offered by the Plan. Participants may change investments and transfer between funds daily.

Notes Receivable from Participants—Effective January 1, 2024, participants are permitted to borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. A participant may only have one loan outstanding at any time. All outstanding balances will become due and payable upon severance of employment unless directly rolled over to another employer's plan. Loans are repaid through payroll deductions or by check. The interest rate for loans is one percentage point over the prime interest rate. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2024, participant loans have maturities through 2029 at interest rates ranging from 8.75 percent to 9.50 percent.

Payment of Benefits—All amounts allocated to a participant are distributable to the participant or a beneficiary in the event of the participant's retirement, death, or total disability. Additionally, under circumstances of financial hardship, as defined in the Plan, participants may withdraw a portion of their salary deferral account balance. Participants who terminate their employment may elect to receive all vested amounts allocated to them. Benefit payments to participants are recorded upon distribution.

Forfeitures—When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$16,357 and \$29,455, respectively. The Employers' profit-sharing contributions are reduced by the amount of any forfeitures attributed to a participant's break in service, as specified by the Plan document, on the subsequent profit-sharing payment. During 2024, Employers' contributions were reduced

by \$67,000 and \$88,533 was used to pay administrative expenses from forfeited nonvested accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses—Expenses incurred in the administration and management of the Plan may be paid by either the Company or the Plan as provided in the Plan document. All investment management and transaction fees directly related to the Plan investments are paid

by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Contributions—Employee contributions and Employer contributions are recorded when withheld and earned, respectively.

Administrative Revenues—Administrative revenues arise when investment managers return a portion of the investment fees to Transamerica Retirement Solutions, the recordkeeper of the Plan, to offset the administrative expenses. Any excess resulting from this revenue sharing remains in an unallocated account from which future Plan expenses can be paid. At December 31, 2024 and 2023, the Plan held undistributed administrative revenues of \$0. During 2024, total administrative revenues of \$87,712 were used to pay administrative expenses.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions due to participants as of December 31, 2024 and 2023.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan but not yet paid, at December 31, 2024 or 2023.

3. FAIR VALUE MEASUREMENT

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds—Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. The mutual funds are required to publish the daily net asset value (NAV) and to transact at that price and are deemed to be actively traded.

Collective Investment Trust Funds—Certain collective investment trust funds (“CIT funds”) have been determined to have a readily determinable fair value based on the published price and transact at that price. The CIT funds included in the fair value hierarchy are deemed to be actively traded. The CIT funds are not exchange-traded funds, however, the prices per unit are published and represent the actual price at which the units held in the fund can be bought or sold.

Collective Investment Trust Funds—The fair values of the units of the CIT funds sponsored by Principal Trust Company are valued based upon the NAV of the underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level within the fair value hierarchy a summary of the Plan’s investments measured at fair value on a recurring basis at December 31, 2024 and 2023.

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2024 Total
Mutual funds	\$ 67,856,948	\$ -	\$ -	\$ 67,856,948
CIT funds (Level 1)	<u>13,350,606</u>	<u>-</u>	<u>-</u>	<u>13,350,606</u>
Total investments	<u>\$ 81,207,554</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 81,207,554</u>
CIT funds at NAV				<u>7,997,517</u>
Total investments				<u>\$ 89,205,071</u>

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2023 Total
Mutual funds	\$ 60,063,562	\$ -	\$ -	\$ 60,063,562
CIT funds (Level 1)	<u>12,944,772</u>	<u>-</u>	<u>-</u>	<u>12,944,772</u>
Total investments	<u>\$ 73,008,334</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 73,008,334</u>
CIT funds at NAV				<u>5,951,718</u>
Total investments				<u>\$ 78,960,052</u>

Transfers between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2024 and 2023, there were no transfers between levels.

4. NET ASSET VALUE PER UNIT

The following tables set forth a summary of the Plan's investments whose values were estimated using a reported NAV at December 31, 2024 and 2023.

Fair Value Estimated Using Net Asset Value per Share

December 31, 2024

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period

Principal Lifetime Hybrid CIT Target Date Funds*	<u>\$ 5,951,718</u>	<u>\$ -</u>	Daily	None	None

*There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. RELATED PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. These transactions qualify as exempt party-in-interest transactions. Effective January 1, 2024, the Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. FEDERAL INCOME TAX STATUS

The Plan uses a volume submitter prototype plan document, sponsored by Retirement Strategies, Inc. The Internal Revenue Service (IRS), in a letter dated June 30, 2020, determined that the prototype plan was designed in accordance with the applicable regulations of the IRC. The prototype plan document has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. The Plan sponsor believes the Plan

has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company remitted certain 2024 and 2023 participant contributions of \$427 and \$192, respectively, to the trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. For the 2024 contribution, the Company will credit the participant account for lost earnings, and will file Form 5330 with the IRS and pay the required excise tax on the transactions. The 2023 contributions were corrected in 2024 by filing a Form 5330 with the IRS and the Company paid the required excise tax on those transactions. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.

9. SUBSEQUENT EVENTS

Effective January 1, 2025, the Plan adopted certain Secure 2.0 Act provisions.

- Increased RMD Age: The RMD age has been pushed back from 72 to 73
- Catch-Up Contributions: Individuals aged 60 to 63 can contribute up to \$10,000 annually to 401(k) plans starting in 2025.

Subsequent events were evaluated through October 15, 2025, the date the financial statements were available to be issued. No other events occurred that require additional disclosure or adjustments to the Plan's financial statements.
