The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aeries Software, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aeries Software, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aeries Software, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aeries Software, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aeries Software, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024

Note 1 – Plan Description

The following description of the Aeries Software, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a complete description of the Plan’s provisions.

General:

The Plan is a defined contribution retirement plan sponsored by Aeries Software, Inc. (the “Company”) for the benefit of the employees and was established on May 1, 1999. The Plan is a safe harbor plan that automatically satisfies the nondiscrimination rules for salary deferrals and safe harbor contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act (“ERISA”) of 1974.

The Board of Trustees is responsible for the oversight of the Plan. Management determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Effective January 1, 2024, the Plan adopted a non-standardized pre-approved profit sharing plan with CODA from CrossPlans. For the year ended December 31, 2024, no significant provisions of the Plan were altered as a result of this change. Effective January 1, 2025, certain Plan provisions will be revised, including changing the eligibility requirements to require participants to attain the age of 18 and complete a 30 day period of service, prior to entering the Plan. Additionally, the Plan will provide traditional safe harbor matching contributions of 100% of salary deferrals, up to the first 3% of compensation, plus 50% of salary deferrals up to the next 2% of plan compensation.

During September 2024, the Plan’s recordkeeper and custodian changed from Transamerica Life Insurance Company, Inc. (“Transamerica”) to Empower Annuity Insurance Company and Empower Trust Company, LLC (collectively “Empower”), with Empower Trust Company, LLC serving as trustee for certain Plan investments.

Eligibility:

Full-time employees, as defined by the Plan, who have completed one hour of service during their first month of employment are eligible to participate in the Plan. Part-time employees, as defined by the Plan, who have completed a year of service are eligible to participate in the Plan. The Plan allows employees, without restriction to age, to begin participating on the first day of each month immediately following or coinciding with the date the service requirements are met.

Employees who meet the eligibility requirements above are eligible for safe harbor contributions and discretionary matching contributions. Employees who meet the eligibility requirements above, are employed on the last day of the plan year, and have completed 1,000 hours of service during the plan year are eligible to receive a discretionary employer contribution.

Collectively bargained employees, as defined by the Plan, and non-resident aliens who receive no compensation from the Company which constitutes U.S. source income are not eligible to participate in the Plan. Effective January 1, 2024, leased employees, as defined by the Plan, are not eligible to participate in the Plan.

Contributions:

Each year, participants may contribute up to 100% of their annual compensation, as defined by the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants may elect to have these contributions made as either pre-tax or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Notes to Financial Statements

December 31, 2024

Note 1 – Plan Description (Continued)

Contributions (continued):

At the discretion of plan management, the Company may elect to contribute a safe harbor contribution equal to 3% of participant compensation. For the year ended December 31, 2024, the Company made contributions under this arrangement of \$457,603. These contributions were remitted to the Plan after year-end and are included in employer contributions receivable on the statements of net assets available for benefits. Employer contributions are presented in the statement of changes in net assets available for benefits net of \$43,434 of forfeitures applied during the year ended December 31, 2024.

At the discretion of plan management, the Company may elect to contribute an additional discretionary employer contribution, referred to as a profit sharing contribution, and a discretionary matching contribution. For the year ended December 31, 2024, plan management did not authorize any profit sharing contributions or discretionary matching contributions.

Additionally, the Plan allows for the Company to make additional qualified nonelective contributions ("QNECs") and qualified matching contributions ("QMACs"). No such contributions were made during the year ended December 31, 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the balance that is provided from the participant's vested account. Participant accounts are valued daily to reflect income earned.

Vesting:

Participants are immediately vested in their contributions, rollover contributions, employer safe harbor contributions, QNEC contributions, QMAC contributions, and any earnings thereon. Vesting in discretionary employer profit sharing and discretionary employer matching contributions are based on years of credited service. A participant is 20% vested after one year of credited service with an additional 20% vesting per year until the participant is 100% vested after five years of credited service. Additionally, participants become fully vested upon reaching normal retirement age, death, or disability, as defined by the Plan.

Plan expense budget account:

As part of the recordkeeping and administrative service fee arrangement with Transamerica, Transamerica agreed to reimburse the Plan for investment related revenue received by Transamerica that was in excess of the agreed upon service fee structure. The rebate amounts, if any, were paid to the Plan in a Plan reimbursement account. The Plan reimbursement account could be used by the Plan to pay direct and necessary expenses or it could be allocated to participants as additional income. As of December 31, 2023, there was \$23,883 in this account. The balance was included as a component of investments, at contract value, on the statements of net assets available for benefits. For the year ended December 31, 2024, \$22,273 was added to this account and was included as a component of other income in the statement of changes in net assets available for benefits. For the year ended December 31, 2024, \$22,480 was used from this account to fund Plan expenses. On September 3, 2024, in connection with the change in service providers, funds of \$23,805 held in the plan expense budget account were transferred to the forfeiture account.

Note 1 – Plan Description (Continued)

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance for up to five years. A loan term greater than five years is available for the purchase of a principal residence. Only one loan at a time is permitted. Notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. The Plan also allows for participants to withdraw contributions after the attainment of Early Retirement Age, as defined by the Plan. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$7,000, the plan administrator may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Effective January 1, 2024, the Plan removed the options to receive a partial lump sum distribution and for participants to withdraw discretionary employer profit sharing and discretionary employer matching contributions after the participant has participated in the Plan for 60 months. The Plan also added the option for participants to withdraw discretionary employer profit sharing and discretionary employer matching contributions, provided the amounts being withdrawn have been held in the trust for at least two years.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts may be used to pay administrative expenses incurred by the Plan or to offset employer contributions. For the year ended December 31, 2024, a total of \$2,045 in nonvested employer contributions were forfeited by participants and amounts of \$23,805 were transferred from the Plan expense budget account. As of December 31, 2024 and 2023, there were \$144 and \$17,527 of unallocated forfeitures, respectively. For the year ended December 31, 2024, the Plan utilized \$43,434 in forfeitures to reduce employer contributions.

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies follows:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Aeries Software, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the custodians, trustee, investment advisors, and the third-party administrator. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions receivable:

Contributions from participants and related matching contributions, if any, are recorded in the year when the contributions from participants are withheld from compensation.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in deductions in the accompanying statements of changes in net assets available for benefits. Certain expenses incurred in connection with general administration or the investments of the Plan that are paid by the Plan are also recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

Subsequent events:

Plan management has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued.

Note 3 – Information Certified and Provided by the Custodians and Trustee

Transamerica, the custodian of the Plan, has supplied the Trustees with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023, and the statement of changes in net assets available for benefits for the period of January 1, 2024 through September 3, 2024.

Note 3 – Information Certified and Provided by the Custodians and Trustee (Continued)

Empower, the custodian and trustee of the Plan, has supplied the Trustees with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024, and the statement of changes in net assets available for benefits for the period of September 4, 2024 through December 31, 2024, and the supplemental schedule of assets (held at end of year) as of December 31, 2024.

Note 4 – Fair Value Measurement

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments or redemption restrictions associated with these investments.

Aeries Software, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024

Note 4 – Fair Value Measurement (Continued)

Pooled separate accounts: Valued at the NAV or equivalent based on units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. There are no unfunded commitments or redemption restrictions associated with these investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,400,575	\$ -	\$ -	\$ 7,400,575
Collective trust funds*	-	-	-	2,902,118
	<u>\$ 7,400,575</u>	<u>-</u>	<u>-</u>	<u>\$10,302,693</u>
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$10,425,835</u>

*In accordance with Accounting Standards Codification 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

Note 5 – Group Annuity Contracts

Transamerica:

The Plan participated in the Transamerica Stable Value Option (SVO). The contract was an insurance company issued general account backed group annuity contract. There were no specific securities in the general account that backed the investment in this account.

Because the group annuity contract was fully benefit-responsive, contract value was the relevant measurement for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Transamerica, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants generally could withdraw assets from the SVO without restrictions; however Transamerica could impose a hold period at the contract level in the event of a full contract discontinuance or a partial contract discontinuance.

Aeries Software, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024

Note 5 – Group Annuity Contracts (Continued)

Transamerica (continued):

The contract was a group annuity insurance product issued by Transamerica and was backed by the full faith and creditworthiness of the issuer. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Deposits made to the contract were deposited in Transamerica's general account. Payment obligations under the contract represented an insurance claim supported by all general account assets. The contract did not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Expenses related to the contract were calculated by Transamerica and were incorporated into the contract's crediting rate. Past interest rates were not indicative of future interest rates.

The SVO had a portfolio investment rate design in which all deposits were credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate was set on a semi-annual basis and was announced at least 45 days in advance. The guaranteed rate of interest could not change during the six month period for which it was effective. As of December 31, 2023, the guaranteed rate of interest was 1.25%.

On September 3, 2024, in connection with the change in custodian, the group annuity contract was terminated and the Plan's participation in the SVO ended.

Empower:

The Plan maintains a fully benefit-responsive guaranteed investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. The average crediting interest rate for the year ended December 31, 2024 was 1.41%. Interest rates are reset on a quarterly basis.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 6 – Party-in-Interest Transactions

Certain Plan investments are managed by Empower. Empower is the custodian, trustee and record keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2024, the Plan also made direct payments to Empower of \$8,140. Indirect fees are paid to Empower and its affiliates based on investment account balances. These fees range from 0.03% to 0.44% of the investment account value.

Certain Plan investments were managed by Transamerica. Transamerica was the custodian and record keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2024, the Plan also made direct payments to Transamerica of \$3,613. Indirect fees were paid to Transamerica based on investment account balances. These fees ranged from 0.58% to 1.22% of the investment account value.

ValMark Advisers, Inc. provides certain fiduciary services to the Plan. For the year ended December 31, 2024, the Plan recognized \$22,480 in administrative expenses to ValMark Advisers, Inc.

Mesirow Financial, Inc. provides investment advisory services to the Plan. For the year ended December 31, 2024, the Plan recognized \$1,497 in administrative expenses to Mesirow Financial, Inc.

CrossPlans is the third party administrator. For the year ended December 31, 2024, the Plan recognized \$570 in administrative expenses to CrossPlans.

Benefit Equity, Inc. was the third party administrator. For the year ended December 31, 2024, the Plan recognized \$1,545 in administrative expenses to Benefit Equity, Inc.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8 – Tax Status

The Plan uses a non-standardized pre-approved profit sharing plan with CODA sponsored by CrossPlans. CrossPlans received an opinion letter from the IRS dated June 30, 2020, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

December 31, 2024

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Prohibited Transactions and Compliance Finding

Prohibited transactions:

During 2024, the Plan Sponsor inadvertently failed to deposit participant deferrals totaling \$73,137 within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions. In August 2025, the Plan Sponsor corrected the transactions by depositing lost earnings into the accounts of affected participants.

Compliance findings:

ERISA requires that every person who handles the funds of the Plan be covered by a fidelity bond equal to 10% of the Plan's assets, up to a maximum amount of \$500,000. The Plan lacked fidelity bond coverage for the period of January 1, 2024 to February 28, 2024. As a result, the Plan was not in compliance with ERISA's bonding requirements for that period of time.

The Plan obtained coverage on March 1, 2024, and has maintained coverage since. Given the brief duration and the corrective measures, the Plan does not consider this matter to have a material effect on the financial statements.

Note 11 – Reconciliation to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits – per the financial statements	\$11,524,582	\$11,717,341

Net assets available for benefits – per Form 5500	<u>\$11,510,333</u>	<u>\$11,704,567</u>

The following is a reconciliation of the net decrease per the financial statements to the Form 5500 for the year ended December 31, 2024:
