## Independent Auditor's Report

**To the St. Joseph Health System Total Rewards Management Committee  
St. Joseph and Covenant Health Systems 403(b) Plan  
Renton, Washington**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of St. Joseph and Covenant Health Systems 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matter - Supplemental Schedules Required by ERISA**

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Notes to Financial Statements For the Year Ended December 31, 2024

#### Note 1 - Plan Description

The following description of the St. Joseph and Covenant Health Systems 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan established by St. Joseph Health System (the Company). The Plan is a multiple employer plan within the meaning of Internal Revenue Code (IRC) Section 413(c) to the extent a participating employer is not an affiliate of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligible employees included employees that were limited to a two percent elective contribution to the St. Joseph Health and Covenant Health Systems 401(k) Plan or was a physician employee of Covenant Medical Group. Effective the last pay date of 2019, the Plan was amended to freeze the Plan. No person shall be considered an eligible employee for the purposes of deferral contributions on or after that date.

The Plan is part of the Providence St. Joseph Health Group Custodial Account (the Master Trust), a master trust arrangement, and has a divided interest in the Master Trust. Fidelity Management Trust Company (Fidelity) serves as the custodian for the Master Trust which includes assets of the Plan, the Swedish Health Services 403(b) Retirement Plan, and the Providence Health & Services 403(b) Value Plan.

**Contributions** - Participants may contribute amounts representing distributions from other eligible retirement plans.

**Participant Accounts** - Each participant's account is credited with Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Participants direct the investment of their account into various investment options offered by the Plan.

**Vesting** - Participants are immediately vested in their contributions plus actual earnings thereon.

**Payment of Benefits** - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account or in monthly, quarterly, or annual installments. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the Plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

**Notes Receivable From Participants** - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account. Interest rates are set at 1% above the prime rate, as defined. Principal and interest are paid directly by participants to the Plan's recordkeeper (outside of payroll).

#### Note 2 - Significant Accounting Policies

**Basis of Accounting** - The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - Investments in the Master Trust are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable From Participants** - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits** - Benefits are recorded when paid.

**Administrative Expenses** - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain expenses specifically related to the activity of a particular participant are allocated directly to the participant's account. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

**Subsequent Events** - The Plan's management has evaluated subsequent events through July 25, 2025, the date the financial statements were available to be issued.

#### Note 3 - Interest in Master Trust

The Master Trust records are maintained by each investment fund option. Funds are allocated to the participating plans in accordance with plan provisions and participant allocation elections. The allocation of net assets is based on the respective number of shares or units held by the Plans' participants as of year end. The allocation of investment income is calculated daily based on the shares or units held the Plans' participants as of that day's end.

#### Note 4 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

## ST. JOSEPH AND COVENANT HEALTH SYSTEMS 403(b) PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

#### Note 4 - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Master Trust's assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Registered Investment Company Funds - Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Accounts primarily consist of mutual funds and exchange traded funds that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	\$ 135,136,474	\$ -	\$ -	\$ 135,136,474

<b>Total Assets in the Fair Value Hierarchy</b>	<b>\$6,564,440,146</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$6,564,440,146</b>

#### **Note 5 - Fully Benefit-Responsive Investment Contract**

The Plan and the Master Trust investments include the Lincoln Stable Value Account which is a fixed annuity contract issued by The Lincoln National Life Insurance Company (Lincoln). Contributions to the Lincoln Stable Value Account are maintained by Lincoln in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Lincoln which will never be below 1.0% annually. The crediting rate is reviewed on a quarterly basis for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Therefore, the Lincoln Stable Value Account is considered to be fully benefit-responsive and is reported at contract value. Contract value represents contributions made, plus interest, less withdrawals. The Plan's contract value of this investment contract was \$6,722,219 and \$7,691,550 at December 31, 2024 and 2023, respectively.

Upon termination of the contract by the Company or Lincoln, two different payment options are available to the Company. One option provides annual installments at contract value over five years. The second option provides for a payout of the entire contract within 24 months of contract termination. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Lincoln and that also would limit the ability of the Plan to transact at contract value with the participants. Certain events allow Lincoln to terminate the contract without approval by the Company. Examples of such events include the Plan not meeting the requirements of the Internal Revenue Code (IRC), the Company failing to furnish requested information, and if Lincoln discontinues offering this type of contract to the public.

#### **Note 6 - Certified Information**

Certain information in the accompanying financial statements and supplementary information related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and investment income or loss and interest income from notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

#### **Note 7 - Party-in-Interest Transactions**

Certain Plan investments are managed by Fidelity or its affiliates. Transactions with such investments qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

#### **Note 8 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## **ST. JOSEPH AND COVENANT HEALTH SYSTEMS 403(b) PLAN**

### **Notes to Financial Statements For the Year Ended December 31, 2024**

---

#### **Note 9 - Tax Status**

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan's management and the Plan's legal counsel believe that the terms of the Plan have been prepared to conform with the requirements of Section 403(b) of the IRC and the Plan is currently being operated in a manner that would not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

#### **Note 10 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
