## **INDEPENDENT AUDITOR'S REPORT**

To the Plan Administrator  
Kindeva Drug Delivery L.P. 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Kindeva Drug Delivery L.P. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the

design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter – Supplemental Schedules Required by ERISA**

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Kindeva Drug Delivery L.P. 401(k) Plan

## NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

---

### 1. DESCRIPTION OF THE PLAN

The following description of the Kindeva Drug Delivery L.P. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's information.

**General** — The Plan is a defined contribution plan covering substantially all employees of Kindeva Drug Delivery L.P. (the "Company") who are not covered by another plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2024, the Meridian Medical Technologies Savings Plan was merged into the Plan. Accordingly, assets of \$27,301,036 representing the participant accounts and notes receivable of participants were transferred into the Plan.

**Contributions** — Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) employer matching contributions made by the Company, (iii) discretionary contributions made by the Company; and (iv) participant rollovers from another qualified plan. Participants have the option to make Roth elective salary reduction contributions to the plan.

Participants may elect to contribute a percentage or dollar amount of their compensation, to the Plan each year, subject to the limitations, as defined in the plan document. Traditional contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 7% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The percentage will be automatically increased each April 1 by 1% up to a maximum percentage of 10%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company will make a matching contribution equal to 100% of the participant's elective deferrals that do not exceed 5% of their compensation. The Company will also make a contribution of 3% of the employee's salary, regardless of the employee's elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Code (IRC) limitations.

A discretionary employer contribution was made by the Company for 2024 totaling \$703,035.

**Vesting** — All employee contributions as well as earnings on such contributions are vested 100% at time of contribution. However, the participant becomes vested in all Company contributions according to the following schedule:

- 40% after one year of service.
- 70% after two years of service; and
- 100% after three years of service.

**Participant Accounts** — Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related Company contributions and an allocation of Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investments** — Participants may direct the investment of their contributions, employer matching contributions, and discretionary profit-sharing contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

**Notes Receivable from Participants** — The Plan's loan provisions allow participants to borrow from their accounts subject to the below limits:

- The minimum amount of loan should be \$1,000.
- The maximum loan amount is the lesser of:
  - 50% of the total of vested plan accounts, minus any outstanding loans; or
  - \$50,000 minus the highest outstanding loan balance participants had during the last 12 months.

Any participant cannot have more than two outstanding loans at any time. The vested balance of the participant would be considered as the security for the loan. Such security cannot be used for a loan outside the plan. The interest rate will be based on the rates available for similar loans from commercial lending institutions. The loan administrator periodically examines the rates such lenders are using. Once a loan is granted, the interest rate on that loan will not change. Payments of principal and interest shall be made by payroll deductions. A processing fee may be charged as set out in the promissory note for payments which are not made by payroll deduction. A loan may be prepaid in full as of any date without penalty.

**Payment of Benefits** — On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or monthly, quarterly or annual installments. Benefit payments in the form of installments are only available for participants who are required to receive lifetime minimum distributions.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

**Forfeited Accounts** — If an employee leaves employment before being fully vested, the Company normally forfeits the non-vested portion of the Company contribution accounts. However, if they are generally rehired within five years, the participant will regain the vesting service they had earned before they left and their right to non-vested amounts that was forfeited. If the employee is gone for less than 12 months, the service for determining the vesting status will include the time the employee was away.

The Plan document permits the use of forfeitures to either reduce future employer contributions or pay Plan administrative expenses for the Plan year. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$557,738 and \$352,569, respectively. During 2024, employer contributions were reduced by \$270,080 and Plan administrative expenses were reduced by \$85,179 from forfeited nonvested accounts.

**Contributions** — Employee contributions and employer matching contributions are recorded when withheld.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

**Use of Estimates** — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties** — The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility which include global events such as pandemic or international conflicts. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

**Investment Valuation and Income Recognition** — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Concentrations of Investments** — As of December 31, 2024, the following investments represent more than 10% of the fair value of the Plan's total investments. A significant decline in the market value of these funds would significantly affect the net assets available for benefits.

	<u>2024</u>
Vanguard Target Retirement 2030 Fund	\$ 13,227,065
Vanguard Target Retirement 2035 Fund	12,402,720
Vanguard 500 Index Admiral Fund	15,585,448

**Notes Receivable from Participants** — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Upon default the entire principal balance and interest will become immediately due and payable. The amount of the outstanding loan will be treated as a distribution and will be taxable to the participant. To recover the amount due, the Plan may use any part of participant's vested account available for distributions. Processing fees, late charges or extra costs incurred by the Plan if participant defaults on a loan will be charged to their account. However, no default will occur if payments are not made while they are actively serving in the military or for a period up to one year during an approved unpaid leave of absence, other than military leave. The Company has established guidelines for making up these past payments after they return to work following such period of active military service or approved unpaid leave of absence.

**Administrative Expenses** — Administrative expenses of the Plan are paid by the Plan or the Plan sponsor, as provided in the Plan document. Participants also pay administrative costs for loans, distributions and qualified domestic relation orders. All investment management and

transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

**Payment of Benefits** — Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan, but had not yet been paid, as of December 31, 2024 and 2023, respectively.

**Excess Contributions Payable** — The Plan is required to return contributions received during the Plan year in excess of the IRC limits. As of December 31, 2024, there were no excess contributions payable.

### 3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the information regarding the Plan as of December 31, 2024 and 2023 and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information prepared by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Trustee of the Plan and furnished to the Company. The Company has obtained certifications from the trustee that such information is complete and accurate.

<b>Statement of Changes in Net Assets Available for Benefits</b>		
Net appreciation in fair value of investments	\$ 8,993,366	
Dividends	2,187,954	
Interest income on notes receivable from participants	258,558	

Supplemental schedules: All investment balances and information included in the supplemental schedule of assets (held at end of year).

Notes 4 and 5: All investment balances and investment information, excluding the level and classification in Note 4, Fair Value Measurements and the unfunded commitment and redemption frequency, other redemption restrictions, and redemption notice period in Note 5, Net Asset Value (NAV) per share.

### 4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

**Asset Valuation Techniques** — Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual Funds* — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Investment Trust Funds*— Valued at the net asset value of units of collective trusts. The net asset value as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023.

	Active Market for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2024 Total
Mutual funds	\$ 100,316,999	-	-	\$ 100,316,999
Total investments	\$ 100,316,999	\$ -	\$ -	\$ 100,316,999
Investments measured at NAV: Collective Investment Trust Funds				1,285,777
Total investments at fair value				<u>\$ 101,602,776</u>

	Active Market for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2023 Total
Mutual funds	\$ 48,405,324	-	-	\$ 48,405,324
Total investments	\$ 48,405,324	\$ -	\$ -	\$ 48,405,324
Investments measured at NAV: Collective Investment Trust Funds				1,246,604
Total investments at fair value				<u>\$ 49,651,928</u>

**Transfers between Levels** — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no transfers between levels.

## 5. NET ASSET VALUE (NAV) PER SHARE

The following tables sets forth a summary of the Plan’s investments whose values were estimated using a reported NAV at December 31, 2024 and 2023.

There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fair Value Estimated Using Net Asset Value per Share December 31, 2024					
Investment	Fair Value *	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Principal Stable Value Z Fund	\$ 1,285,758	None	Daily	None	None
Fidelity MIP Class 2 Fund	\$ 19	None	Daily	None	None

  

Fair Value Estimated Using Net Asset Value per Share December 31, 2023					
Investment	Fair Value *	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Collective Investment Trust Fund 2023	\$ 1,246,604	None	Daily	None	None

*\*The fair values of the investments have been estimated using the net asset value of the investment as the practical expedient.*

## 6. NON-EXEMPT PARTY-IN INTEREST TRANSACTIONS

During 2022, the Company remitted participant contributions of \$23,361 to the Meridian Medical Technologies Savings Plan later than required by Department of Labor (DOL) Regulation 2510.3 102. In 2024, the Company filed Form 5330 with the IRS and paid the required excise tax on the transaction. In addition, the participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.

During 2021, the Company remitted participant contributions of \$14,086 to the Plan later than required by Department of Labor (DOL) Regulation 2510.3 102. In 2024, the Company filed Form 5330 with the IRS and paid the required excise tax on the transaction. In addition, the participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.

## 7. RELATED PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Stable Value Z Fund is managed by Principal Trust Company or an affiliate of Principal Trust Company. Principal Trust Company is the Trustee, as defined by the Plan. Therefore, these transactions qualify as exempt party in interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balances in the participants’ accounts.

## 8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions

set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

## 9. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

## 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of employer contributions receivable for the year ended December 31, 2024, per the financial statements to the Form 5500.

Less: Employer contributions receivable	(639,450)
Transfer from Meridian Medical Technologies Savings Plan per the Form 5500	<u>\$ 26,661,586</u>

## 11. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 15, 2025, the date the financial statements were available to be issued. On January 1, 2025, the Summit Biosciences 401k Plan merged into the Plan. Summit Biosciences 401k Plan investments at fair value of \$5,336,494, and notes receivable from participants of \$86,338, totaling \$5,422,832 were transferred to the Plan in January 2025. The Summit Biosciences 401k Plan employer contributions receivable of \$272,157 were remitted to the Plan in February 2025.
