INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Plan Participants
Charleston's Restaurant Group, Inc.
Employee Stock Ownership Plan
Norman, Oklahoma

OPINION ON THE 2024 FINANCIAL STATEMENTS

We have audited the financial statements of Charleston's Restaurant Group, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 29, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Charleston's Restaurant Group, Inc. Employee Stock Ownership Plan as of December 29, 2024, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION ON THE 2024 FINANCIAL STATEMENTS

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2024 financial statements.

RESPONSIBILITIES OF MANAGEMENT FOR THE 2024 FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transaction that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE 2024 FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

OTHER MATTERS

2024 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule on page 13 as of December 29, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditors' Report on 2023 Financial Statements

The 2023 financial statements of the Plan were audited by predecessor auditors whose report dated October 1, 2024 expressed an unmodified opinion on those financial statements.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 29, 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Charleston's Restaurant Group, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions, which is available from the Plan Administrator, Charleston's Restaurant Group, Inc. (the "Employer").

General

The Employer established the Plan effective January 1, 2001. The Plan operates, in relevant part, as an employee stock ownership plan ("ESOP"). It is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("Code"), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered on the basis of a Plan year, which is the 12-month period ending on the Sunday closest to December 31 each year. The Plan Administrator is responsible for oversight of the Plan. The trust department of an independent third-party bank is the Plan's Trustee. The Employer operates multiple restaurants which are eligible for the Plan as participating employers. During 2024, the Plan added 56 participating employers to the Plan resulting in a total of 82 participating employers as of December 29, 2024.

Eligibility

The Plan covers all employees provided they worked at least one hour during the Plan year, and they are not covered under a collective bargaining arrangement, a leased employee, or a nonresident alien.

Contributions

For each Plan year, the Employer shall contribute to the Plan such amounts as needed by the Plan to meet its obligations, as determined by the Employer. The Employer is obligated to make contributions in cash or Plan Sponsor stock to the Plan. Participant contributions to the Plan are not permitted.

Vesting and Forfeitures

Participants are 100% vested in their accounts after completing three years of service or (a) are employed by the Employer on or after satisfying the age requirement for normal retirement; (b) suffer a disability (as defined) while employed by the Employer; or (c) die while employed by the Employer. Forfeitures of terminated participants are reallocated to the accounts of remaining Plan participants after the employee incurs three consecutive one-year breaks in service. A year of service for vesting purposes includes a Plan year in which the participant completes 1,000 hours of service to the Employer.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 29, 2024

Forfeitures of the non-vested portion of terminated participant's accounts shall be added to Employer contributions for the Plan year in which such forfeitures occurred and allocated among the participant's accounts in the same manner as any Employer contribution for the current year. Forfeitures reallocated for the years ended December 29, 2024 and December 31, 2023, amounted to \$1,316,869 and \$1,470,441, respectively. Forfeited non-vested account funds to be allocated to participants' accounts in future years as of December 29, 2024 and December 31, 2023, were \$5,078,145 and \$6,857,157 respectively.

Voting Rights

In matters involving major Employer transactions, as defined by the Plan, each participant is entitled to exercise voting rights attributable to the shares allocated to the participant's account. Other corporate matters are voted on by the Trustee in accordance with instructions from the administration committee. The Trustee is required to vote on any unallocated shares, and any allocated shares of Employer stock for which no voting instructions have been received, at their discretion, on behalf of the collective best interest of Plan participants and beneficiaries.

Payment of Benefits

No distributions will be made from the Plan until a participant retires, dies (in which case, payment shall be made to the participant's beneficiary or, if none, the participant's legal representatives), or otherwise terminates employment with the Employer. Distributions are generally made only in cash.

Account balances of participants who terminate for reasons other than death, disability or retirement at age 60, will remain until 180 days following the close of the fifth Plan year following the Plan year in which the employee is terminated. At the time of distribution, the account will be distributed in five annual cash installments except for those accounts with balances less than \$5,000, which will be distributed in a single lump sum cash payment. In the case of a participant with an account balance attributable to Employer stock in excess of \$1,380,000, the five-year period shall be extended one additional year (but not more than five additional years) for each \$275,000 or fraction thereof by which such balance exceeds \$1,380,000, as adjusted.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 29, 2024

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of (1) shares of the Employer's common stock released by the Trustee from the unallocated account and (2) forfeitures of terminated participants' nonvested accounts. Eligible employees receive an allocation of the Employer contributions and forfeitures if they complete one hour of service or terminate employment during the Plan year as a result of retirement, disability or death. Allocations are based on the ratio of the participant's eligible compensation to the total eligible compensation of all participants. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to the total beginning of the year account balances of all participants.

Put Option

Under Federal income tax regulations, Employer common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Employer buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Employer may pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Employer stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of his or her stock account balance, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution of the applicable amount.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

NOTES TO FINANCIAL STATEMENTS

DECEMBER 29, 2024

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan investments consist primarily of the Employer's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in common stock and to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in the values of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The investment in common stock of the Employer is valued at its estimated fair value. See Note 4 for discussion of fair value measurements.

Dividend income, if any, is accrued on the ex-dividend date.

Administrative Expenses

All administrative expenses of the Plan are paid by the Employer.

Benefit Payments

Benefit payments are recognized in the year paid.

Events Occurring After Report Date

The Plan Administrator has evaluated events and transactions that occurred between December 29, 2024 and October 14, 2025, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 29, 2024

NOTE 3 - ADMINISTRATION OF PLAN ASSETS

Employer contributions are managed by the Plan Trustee. The Trustee invests the cash received from Employer contributions, interest and dividend income and make distributions to participants.

Certain administrative functions are performed by officers or employees of the Employer for which no compensation is paid by the Plan. Administrative expenses, including Trustee fees, are paid by the Employer.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value of the interest-bearing cash held by the Plan is valued on the basis of readily determinable market prices and primarily consists of a money market deposit account.

The fair value of the Employer common stock held by the Plan is valued at fair value based upon an independent appraisal utilizing Level 3 inputs. This appraisal was based on a combination of the income and market valuation techniques. The appraiser considered historical and projected income and cash flows and multipliers derived from market prices paid in sales of businesses similar to the Employer. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date, and the difference could be significant.

There have been no changes in the methodology used at December 29, 2024 and December 31, 2023.

				Discount for lack of marketability

NOTE 5 - INCOME TAX STATUS

The Plan obtained its latest determination letter on September 26, 2013, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and is, therefore, qualified and exempt from taxation.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the United States Department of Labor Regulations as any party providing fiduciary services for the Plan, any party rendering service to the Plan, the Employer, and certain others.

Employer contributions are considered party-in-interest transactions. These transactions are exempt from the prohibited transactions provisions of ERISA and the Code.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 29, 2024

NOTE 7 - SIGNIFICANT ESTIMATES AND CONCENTRATIONS

The common stock of the Employer owned by the Plan is valued at fair value as determined by annual independent appraisal. The actual fair value of the common stock can only be determined based on the ultimate sale of the Employer, which could result in a value significantly different from the appraised value (see Note 4).

NOTE 8 - PLAN TERMINATION

The Employer reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to the participant or the participant's beneficiary at the time and in a manner prescribed by the Plan terms and the Code.
