### **Scope and nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the accompanying financial statements of EnProVera Corp. Plus. Employees 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit Section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of EnProVera Corp. Plus. Employees 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EnProVera Corp. Plus. Employees 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EnProVera Corp. Plus. Employees 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EnProVera Corp. Plus. Employees 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements referred to above, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The Supplemental Schedules Assets Held for Investments at December 31, 2024 and Reportable Transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and

other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## THE ENPROVERA CORP. PLUS 401(K) PLAN

### NOTES TO FINANCIAL STATEMENTS

**Note A:**            **Description of Plan**

The following description of the Plan provides only general information. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

1. General – The Plan was adopted effective September 1, 2020. The Plan is a defined contribution plan covering all employees upon their first day of service and are age eighteen or older. It is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”). The EnProVera Corp. is the sponsor of the Plan. The Plan is a tax deferred retirement plan under Section 401(k) of the Internal Revenue Code.
2. Eligibility – An employee may become a participant in the Plan after completing the selected service requirements and attaining the age of 18. Eligible participants may enter the Plan on the first day of service, coincident with or next following satisfaction of the eligibility requirements.
3. Contributions – Eligible employees may make elective contributions to the 401(k) plan by deferring a percentage of compensation for the year not to exceed the maximum contribution allowable by the Internal Revenue Code (IRC) adjusted annually for cost of living changes. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The employer can elect to make discretionary matching contributions. Any matching contributions are invested directly in the investment options chosen by the participants. Additional profit sharing amounts may also be contributed, at the option of the employer, and are invested directly in the investment options chosen by the participant. Contributions are subject to certain limitations.

4. Participant Accounts – Each participant's account is credited with the participant's contributions, the employer's contributions and any income or loss allocation of Plan earnings or losses and forfeitures of terminated participants' non-vested accounts. Allocations are based upon participant earnings or account balances, as defined in the Plan.
5. Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions, in any increments, to any of the investment options offered by the Plan. These options consist of several different pooled separate accounts, each with its own financial goals and array of investments. Participants may change their investment options at any time.
6. Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts plus actual earnings thereon is based on continuous service. A participant is 100% vested after five years of credited service.

### NOTES TO FINANCIAL STATEMENTS

(Continued)

**Note A:**            **Description of Plan (Continued)**

7. Payment of Benefits – Distributions are allowed upon retirement, attainment of age 65, disability, the death of the employee and termination of service without affecting rights under the Plan. A participant or their beneficiary will receive a lump sum distribution equal to the value of their account as requested by the participant, subject to minimum distribution requirements under the Internal Revenue Code.

The Plan also provides for early withdrawal of savings in the event of a financial hardship of a participant. A hardship is considered to be necessary in cases of immediate and significant financial need. Events that may qualify as an immediate and significant need include medical expenses incurred that are not covered by insurance, purchase of a principal residence, payment of tuition, funeral expenses, and for the prevention of eviction from or foreclosure on the mortgage of a principal residence. A hardship exists only when funds are not reasonably available from the participant's other sources, and the amount withdrawn must not exceed the needed amount. A hardship participant is not allowed to make contributions to the Plan for six months following the hardship withdrawal.

8. Forfeitures – If a participant is not fully vested on their termination date, the non-vested amount of the account is forfeited. There were no forfeitures during the year ended December 31, 2024 that were used to pay Plan expenses or reallocated as additional employer contributions or as additional matching contributions.

**Note B:**            **Summary of Significant Accounting Policies**

1. Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.
2. Use of Estimates – The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America periodically requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition – Quoted market prices, where available, are used to value investments at fair value. The change in the difference between cost and fair value from the beginning of the year to the end of the year, as well as the realized gains and losses during the year, is reflected as net appreciation (depreciation) in fair value of investments. Investments with no quoted market price represent estimated fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

**THE ENPROVERA CORP. PLUS 401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS  
(Continued)**

**Note B:**            **Summary of Significant Accounting Policies (Continued)**

4. Payment of Benefits – Benefits are recorded when paid.
5. Administrative Expenses – Certain administrative expenses are paid by the Plan and are reflected in the accompanying financial statements. In addition, the Company provides other administrative expenses to the Plan as discussed in Note E.

**Note C:**            **Fair Value Measurements**

FASB Accounting Standards Codification (ASC) 820 Fair Value Measurement and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2            Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements, projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

**THE ENPROVERA CORP. PLUS 401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS  
(Continued)**

**Note C: Fair Value Measurements (Continued)**

Level 3            In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

**Pooled separate accounts** – Pooled separate accounts are valued at net asset value per shares (or its equivalent) of the funds, which is based on the fair value of the Plan's underlying net assets.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level of the fair value hierarchy, the Plan's assets at fair value as of:

Fair Value Measurement at December 31, 2024

	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investment measured at NAV:				
Pooled separate accounts	\$ 2,136,087	\$ -	\$ -	\$ -

Fair Value Measurement at December 31, 2023

	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investment measured at NAV:				
Pooled separate accounts	\$ 1,689,153	\$ -	\$ -	\$ -

In accordance with ASC 820-10, certain investments that are measured at fair value using the net assets value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

**THE ENPROVERA CORP. PLUS 401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS  
(Continued)**

**Note D: Investment Information Certified by the Custodian (Unaudited)**

At December 31, 2024, the Plan’s investments were held by John Hancock. The following is a summary of the Plan’s financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	December 31,	
	2024	2023
Pooled separate accounts, at fair value	\$ 2,136,087	\$ 1,689,153
	Years ended December 31,	
	2024	2023
Net appreciation in fair value of investments	\$ 257,935	\$ 173,043

During the years ended December 31, 2024 and 2023, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year), appreciated in value by \$257,935 and \$173,043, which resulted from the Plan’s investment in pooled separate accounts.

**Note E: Party-in-Interest Transactions**

The Company, participants and the Custodian have all been identified as parties-in-interest.

Certain plan investments are shares of pooled separate accounts managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions.

Certain expenses, including salaries and services required for Internal Revenue Service reporting, related to the administration of the Plan, are paid by the Company. The Company is the sponsor of the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

**Note F: Plan Termination**

Although it has not expressed any intentions of doing so, the Company has the right under the Plan to terminate at any time. Termination of the Plan would not affect the rights of a participant as to the distribution or withdrawal of the participant’s account balance as of the effective date of such termination, subject to the provisions of ERISA. In the event of the Plan termination, the net assets would be distributed to the participants according to the participants’ account balances.

**THE ENPROVERA CORP. PLUS 401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS  
(Continued)**

**Note F:**            **Plan Termination (Continued)**

Although it has not expressed any intentions of doing so, the Company has the right under the Plan to terminate at any time. Termination of the Plan would not affect the rights of a participant as to the distribution or withdrawal of the participant's account balance as of the effective date of such termination, subject to the provisions of ERISA. In the event of the Plan termination, the net assets would be distributed to the participants according to the participants' account balances.

**Note G:**            **Income Tax Status**

The Internal Revenue Service has determined and informed the Company that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administration and the Plan's tax counsel believe the Plan continues to be designed and is operating in compliance with applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

**Note H:**            **Tax Uncertainties and Open Tax Years**

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examination for years prior to December 31, 2021.

**Note I:**            **Risks and Uncertainties**

The Plan provides for various investment options in any combination of pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Funds held in the John Hancock Cash Account are not insured by the FDIC or any government agency.

**THE ENPROVERA CORP. PLUS 401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**(Continued)**

**Note J: Reportable Transactions**

The United States Department of Labor requires all transactions in excess of 5% of the current value of the Plan's net assets for non-participant-directed investments to be disclosed separately in the financial statements as a reportable transaction.

**Note K: Prohibited Transactions**

During the Plan year ended December 31, 2024, there were untimely deposits amounting to \$23,793, of participant deferrals into the Plan. Pursuant to Section 406(a) of ERISA, this constitutes loans between the plan sponsor and the Plan, which are prohibited transactions. As of October 15, 2025, the plan sponsor is in the process to make the necessary corrective actions to pay the applicable lost earnings on the late remittances.

**Note L: Subsequent Events**

The date to which events occurring after December 31, 2024, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustment to the financial statements or disclosures is October 15, 2025, which is the date on which the financial statements were available to be issued.
