Independent Auditor Report

To the Trustees of
Fortress Security 401(K)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the financial statements of Fortress Security 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (December 31, 2024).

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fortress Security 401(K) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Fortress Security 401(K) Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fortress Security 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements for the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

-
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fortress Security 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2023 Financial Statement

The accompanying statement of net assets available for benefits as of December 31, 2023, were not audited, reviewed, or compiled by me and, accordingly, I do not express an opinion or any other form of assurance on it.

Fortress Security 401(K)

Notes to Financial Statements

1. Description of the Plan

The following description of the Fortress Security 401(K) (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a participant-directed defined contribution plan covering all employees, except nonresident aliens and residents of Puerto Rico, of Fortress Security 401(K) Plan, (the “Company”) who have one month of service and are age twenty-one or older. The original provisions of the Plan became effective on January 1, 2017, and were last amended on April 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Participants may elect to make voluntary contributions up to 90% of their pre-tax annual compensation, as defined by the Plan document. Participant contributions are subject to certain annual limitations as prescribed by the Internal Revenue Code (the “Code”), which were \$23,000 for 2024.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the end of the year are eligible to make catch-up contributions in accordance with, and subject to the limitations imposed by the Code (\$7,500 for 2024). Participants direct the investment of their contribution into various investment options offered by the Plan.

The Company may make profit-sharing contributions to the Plan at the option of the Company and are subject to certain limitations. The Company did not make any such contributions for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution and rollover amount, if any, and allocations of Plan earnings (losses) net of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan permits each participant to direct the investment of his or her account balance under the Plan in the investment options (mutual funds and common collective trust) provided by the Plan on a daily basis.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company matching and nonelective contributions plus actual earnings thereon is based on years of continuous service, whereby a participant is 100% vested after five years of credited service. Forfeitures are generally used to pay Plan expenses or reduce future Company contributions. There were no forfeitures used in 2024.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participants account and bear interest at a fixed rate of two percent above the prime interest rate as published in the Wall Street Journal at the time of the loan unless otherwise determined by the trustee. Principal and interest are repaid ratably through payroll deductions over a term of no greater than five years (30 years for purchase of a primary residence).

Fortress Security 401(K)

Notes to Financial Statements *(Continued)*

1. Description of the Plan *(continued)*

Payment of Benefits

On termination of service, a participant's vested account balance will be paid in a single lump-sum amount or partial withdraws. For termination of service due to death, disability, or normal retirement, the participant becomes 100% vested in all their accounts in the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of these financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported revenues and expenses during the reported period. Actual results could differ from those estimates.

Participant Loans

Loans to participants are reported at their unpaid principal balances and collateralized by the balance in their individual account.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by their investment advisers and the trustee/custodian. Net appreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Investments in mutual funds are based on quoted market prices (net asset values) of the shares. Investments in the common/collective trusts are reported at the net asset values as reported to the Plan which are based on the fair value of the underlying investments. The accounts including common/collective trusts are credited with actual earnings on the underlying investments and charged for Plan withdrawals and administration expenses. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Contributions from employee deferral contributions are recorded in the period in which they become obligations to the Plan.

Administrative Expenses

The Company pays certain recurring administrative expenses of the Plan. Expenses not paid by the Company are paid by the Plan in accordance with the Adoption Agreement and amounted to \$2,097 during 2024.

Payment of Benefits

Benefits are recorded when paid.

Fortress Security 401(K)

Notes to Financial Statements (Continued)

3. Investments

All investments of the Plan are held in participant directed accounts. Investments are reported at fair value as measured by the price that would be received to see an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, as follows at December 31:

| | 2024 | 2023 Unaudited |
|-------------------------|-------------------|-------------------|
| Mutual Funds | \$ 641,038 | \$ 590,175 |
| Common Collective Trust | 48,825 | 39,187 |
| | <u>\$ 689,863</u> | <u>\$ 629,362</u> |

The Plan's investments appreciated in value by \$66,365 during 2024 as a result of realized and unrealized gains and losses. The Plan had interest and dividend income amounting to \$18,500 during 2024.

4. Fair Value Measurements

The Plan follows FASB Accounting Standards Codification Topic 820, Fair Value Measurement (ASC 820). ASC 820 defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into the following three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are derived principally from or corroborated by observable market data, and Level 3 inputs are unobservable and have the lowest priority. The Plan has no investments valued with Level 2 or Level 3 inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts funds: Valued at the net asset value of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund.

Fortress Security 401(K)
Notes to Financial Statements (Continued)

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

5. Information Certified by the Plan Trustee

The following information was certified as complete and accurate by Reliance Trust Company, the Trustee of the Plan, at December 31:

| | 2024 | 2023 Unaudited |
|-------------------------|-------------------|-------------------|
| Mutual funds | \$ 641,038 | \$ 590,175 |
| Common Collective Trust | 48,825 | 39,187 |
| | <u>\$ 689,863</u> | <u>\$ 629,362</u> |

All investments of the Plan are held by the Trustee in participant-directed accounts. All investment transactions are performed by the Trustee.

The accompanying financial statements, supplemental schedule, and certain notes to these financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Securities Act of 1974.

6. Party-in-Interest Transactions

There are no identified party-in-interest transactions for the years ended December 31, 2024 and 2023.

7. Income Tax Status

The Plan operates in accordance with ADP's Prototype 401(k) and Profit Sharing Plan. ADP received a favorable advisory letter dated October 06, 2020, in which the Internal Revenue Service stated that the basic plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, including on April 1, 2022, when the Plan was amended to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37 and other legal requirements. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan was qualified, and the related trust was tax-exempt at December 31, 2024.

Management evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provision of this guidance. Generally, the Plan is no longer subject to examination by taxing authorities for tax years prior to 2021.

8. Plan Termination

The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Fortress Security 401(K)

Notes to Financial Statements (Continued)

9. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. At December 31, 2024 participant directed investments include seven participant directed funds amounting to \$582,416 in aggregate, each of which exceed 5% of net assets, and are considered individually significant to these financial statements. At December 31, 2023, participant directed investments include seven participant directed funds amounting to \$535,988 in aggregate, each of which exceed 5% of net assets, and are considered individually significant to these financial statements.

10. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued. Management has identified the following material subsequent event.

Subsequent to year-end, in July 2025, Fortress Security, LLC (the Plan Sponsor) was sold. As of October 13, 2025 a decision to terminate the Plan had not been made, and a plan for liquidation had not been approved or imposed.
