Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ERNST & YOUNG, LLP

(2) EIN: 34-6565596

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		50000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X

Report of Independent Auditors

To the Plan Participants and the Benefit Plans Administration Committee
The Principal Select Savings Plan

Opinion

We have audited the financial statements of The Principal Select Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Shape the future
with confidence**

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

**Shape the future
with confidence**

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

The Principal Select Savings Plan

Notes to Financial Statements

December 31, 2024

1. Significant Accounting Policies

Basis of Accounting

The accounting records of The Principal Select Savings Plan (the Plan) are maintained on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value, which is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

The notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

The Principal Select Savings Plan

Notes to Financial Statements (continued)

2. Description of the Plan

The Plan is a defined contribution 401(k) plan that was established January 1, 1985. The Plan is available to employees, field managers, agents holding a Career Agent Contract and financial representatives with Principal Life Insurance Company (Principal Life) and its subsidiaries or affiliates (the Company) who meet eligibility requirements. The Plan Sponsor is Principal Financial Group, Inc. (PFG), the ultimate parent of Principal Life.

Information about the Plan, including eligibility, and benefit provisions is contained in the Summary Plan Description. Copies of the Summary Plan Description are available from Principal Life's Human Resources Benefits Department or the Company's intranet. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan Administrator is responsible for the control and administration of the Plan. The Plan Administrator is the Benefit Plans Administration Committee (BPAC). For the purposes of investment and protection of Plan assets, the named fiduciary of the Plan is the Benefit Plans Investment Committee. The Plan is funded through a trust fund that holds group annuity contracts issued by Principal Life and collective investment trusts (CITs) issued by Principal Global Investors Trust Company (PGITC), an indirect wholly owned affiliate of PFG. The PFG Employee Stock Ownership Plan (ESOP), which consists of common stock of PFG, is held in a separate trust. The Trustees of the Trust that hold the group annuity contracts and CITs are employees of Principal Life. Bankers Trust is the Trustee of the Trust that holds PFG common stock in the ESOP. Delaware Charter Guarantee & Trust Company, doing business as Principal Trust Company, an affiliate of PFG, is the Directed Trustee of the self-directed brokerage account (SDBA). Principal Life is the recordkeeper of the Plan.

Contributions

On January 1, 2006, the Company made several changes to the retirement program. Participants who were age 47 or older with at least ten years of service on December 31, 2005, could elect to retain the prior benefit provisions under the qualified defined benefit retirement plan and the Plan and forgo receipt of the additional benefits offered by amendments to the Plan. The participants who elected to retain the prior benefit provisions are referred to as "Grandfathered Choice Participants." Matching contributions for these participants were 50% of deferrals up to 6% of eligible pay-period compensation. Effective January 1, 2023, the Plan ceased the prior benefit provisions for the Grandfathered Choice Participants.

Matching contributions for all participants in 2024 and 2023 were 75% of deferrals up to 8% of eligible pay-period compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions. The participant's account also receives an allocation of plan earnings and administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their

The Principal Select Savings Plan

Notes to Financial Statements (continued)

respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are eligible for immediate entry into the Plan with vesting at 100% after three years. The funds accumulate along with interest and investment return and are available for withdrawal by participants at retirement, termination, or when certain withdrawal specifications are met. The participants may also obtain loans of their vested accrued benefit, subject to certain limitations described in the governing document (the Plan Document). The federal and state income taxes of the participant are deferred (except in the case of Roth deferrals) on the contributions until the funds are withdrawn from the Plan.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited amounts are used to reduce Company contributions. As of December 31, 2024 and 2023, forfeited non-vested account balances totaled \$26,778 and \$28,479, respectively. In 2024 and 2023, employer contributions were reduced by \$2,824,004 and \$1,990,474, respectively, from forfeited non-vested accounts.

Participant Loans

The Plan provides for loans to active participants, which are considered a participant-directed investment of his/her account. The loan is a Plan asset, but only the borrowing participant's account shares in the interest paid on the loan or bears any expense or loss incurred because of the loan. The rate of interest is 2% higher than the Federal Reserve "Bank Prime Loan" rate at the time of the loan. The rate is set the day a loan is approved. Loans merged into the Plan come with existing rates at the time of the merger.

The loan rates were as follows:

Participant Loan Dates	Rates
January 1, 2013 to December 16, 2015	5.25%
December 17, 2015 to December 14, 2016	5.50%

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, affected participants will become fully vested in their accounts.

3. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the IRS) dated October 12, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. The Plan and the Trust are required to operate in conformity with the terms of the Plan Document and the Code to maintain the tax-exempt status of the Trust. BPAC and the Company believe the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believe the related Trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. BPAC relies on the representations of the corporate tax department regarding the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair Value of Financial Instruments (excluding interest in Master Trust Investment Account)

Valuation Hierarchy

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels.

- Level 1 – Fair values are based on unadjusted quoted prices in active markets for identical assets. The Plan's Level 1 assets include the Principal Financial Group, Inc. ESOP and the SDBA.
- Level 2 – Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. The Plan's Level 2 assets include separate accounts and CITs and are reflected at the net asset value (NAV).
- Level 3 – Fair values are based on significant unobservable inputs for the asset. The Plan's Level 3 assets include the deferred income annuity and guaranteed interest accounts.

There were no transfers between levels during 2024 and 2023.

Determination of Fair Value

The following discussion describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair value may not be realized in the immediate settlement of the financial instrument. There were no significant changes to the valuation processes during 2024 or 2023.

The unallocated investment options consist of a deferred income annuity, guaranteed interest accounts under a guaranteed benefit policy (as defined in section 401(b) of ERISA), and separate accounts (as defined in ERISA section 3(17)) of Principal Life. The deferred income annuity and guaranteed interest accounts are reported at fair value while the separate accounts are reported at NAV as determined by Principal Life. These unallocated investment options are non-benefit-responsive.

The Principal Select Savings Plan

Notes to Financial Statements (continued)

Deferred Income Annuity

The deferred income annuity cannot be sold to a third party; thus, the only option to exit the deferred income annuity is to withdraw or transfer the funds. The fair value for each deferred income annuity surrendered within 90 days from the date of the purchase is the purchase amount of the surrendered portion. The fair value for each deferred income annuity surrendered more than 90 days after the date of the purchase is the lesser of the guaranteed income balance or the commuted value associated with the surrendered portion of the deferred income annuity. The fair value will never be greater than and may be less than the guaranteed income balance associated with the surrendered portion of the deferred income annuity. The fair value of the deferred income annuity is reflected in Level 3.

Guaranteed Interest Accounts

The guaranteed interest accounts cannot be sold to a third party; thus, the only option to exit the guaranteed interest accounts is to withdraw or transfer the funds prior to maturity for an event other than death, disability, termination, or retirement. The fair value represents guaranteed interest account values adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. This value represents contributions allocated to the guaranteed interest accounts, plus interest at the contractually guaranteed rate, less funds used to pay Plan benefits and Principal Life's administrative expenses. The fair value of the guaranteed interest accounts is reflected in Level 3.

Separate Accounts

Separate accounts are designed to deliver safety and stability by preserving principal and accumulating earnings. The separate account assets include, but are not limited to, contributions invested in domestic and international common stocks, high-quality short-term debt securities, real estate, private market bonds and mortgages, and high-yield fixed income securities that are slightly below investment grade, all of which are valued at fair value. The NAV of each of the separate accounts is calculated in a manner consistent with GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. The fair value of the underlying funds and securities is used to determine the NAV of the separate account, which is not publicly quoted. The fair value of the underlying mutual funds and equity securities are based on quoted prices of identical assets. The fair value of the underlying fixed income securities are based on third-party pricing vendors that utilize observable market information. The fair value of all separate accounts is reflected in Level 2.

One separate account invests in real estate, for which the fair value of the underlying real estate is based on unobservable inputs and used to determine the NAV of the separate account. The fair value of the underlying real estate is estimated using discounted cash flow valuation models that utilize public real estate market data inputs such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates, and discount rates. In addition, each property is appraised annually by an independent appraiser.

The Principal Select Savings Plan

Notes to Financial Statements (continued)

Principal Financial Group, Inc. ESOP

The ESOP is reported at fair value based on the quoted closing market price of PFG's stock on the last business day of the Plan year and is reflected in Level 1.

Collective Investment Trusts

The CITs invest in growth and value stocks of small, medium and large market capitalization companies, fixed-income securities, domestic and foreign securities, securities denominated in foreign currencies, investment companies (including index funds), securitized products, U.S. government and U.S. government-sponsored securities and derivatives. The NAV of the CITs is calculated in a manner consistent with GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. The fair value of the underlying funds and securities is used to determine the NAV of the CITs. The CITs are reflected in Level 2.

Self-Directed Brokerage Account

Plan participants have access to a limited number of mutual funds through the SDBA. The SDBA is reflected in Level 1.

Quantitative Information about Level 3 Fair Value Measurements

The following table provides quantitative information about the significant unobservable inputs used for recurring fair value measurements categorized within Level 3.

As of December 31, 2024					
	Assets measured at fair value	Valuation technique	Unobservable input description	Input/range of inputs	Weighted average
Assets					
Deferred income annuity	\$ 2,800,424	Discounted cash flow	Long duration interest rate Mortality rate	2.01% – 5.36% See note (1)	3.77%
Guaranteed interest accounts	64,219,605	See note (2)	Interest rate on account Applicable interest rate	0.75% – 5.78% 4.65% – 4.93% 12/31/2024 –	4.70% 4.71%
			Maturity date	12/31/2030	

As of December 31, 2023					
	Assets measured at fair value	Valuation technique	Unobservable input description	Input/range of inputs	Weighted average
Assets					
Deferred income annuity	\$ 2,721,643	Discounted cash flow	Long duration interest rate Mortality rate	2.01% – 5.36% See note (1)	3.53%
Guaranteed interest accounts	53,961,857	See note (2)	Interest rate on account Applicable interest rate	0.75% – 5.77% 4.35% – 5.27% 12/31/2023 –	4.05% 5.04%
			Maturity date	12/31/2029	

(1) This input is based on an industry mortality table and a range does not provide a meaningful presentation.

(2) If the applicable interest rate is equal to or less than the interest rate on the account, the fair market value is equal to the contract value. If the applicable interest rate is greater than the interest rate on the account, the fair market value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date.

5. Interest in Master Trust Investment Account

A portion of the Plan's investments are in the Principal Select Stable Value Separate Account (PSSVSA), which is reported as a Master Trust Investment Account (MTIA). The Plan gains access to the PSSVSA through a group annuity contract (Contract) issued by Principal Life. The Plan has an undivided interest in the PSSVSA. The PSSVSA is an insurance company separate account that invests in Morley Stable Income Bond Funds (Bond Funds) and the Principal Liquid Asset Separate Account

The Principal Select Savings Plan

Notes to Financial Statements (continued)

(PLASA). The Bond Funds are collective investment trusts that invest in investment-grade fixed income securities. The Bond Funds are maintained by PGITC. The PLASA is a separate account that invests in high quality short term instruments. The PSSVSA is valued at contract value as reported to the Plan by Principal Life.

The Plan's interest in the net assets of the MTIA was 100% as of December 31, 2024 and 2023. Investment income and administrative expenses are reported in the MTIA. Effective December 31, 2024, the MTIA was terminated.

The Contract provides a crediting rate that amortizes portfolio gains and losses over time and accounts for benefit payments to the Plan's participants at the contract value. Under the Contract, Principal Life agrees to pay any deficiency if the investments in the PSSVSA have been exhausted for benefit payments and the contract value is greater than zero. The objective of the PSSVSA is to preserve capital, credit relatively stable returns consistent with its comparatively low risk profile, and provide liquidity for benefit-responsive payments. The crediting interest rate is based on a formula agreed upon with Principal Life, but it may not be less than 0%. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Principal Life when material event withdrawals are made, including (1) certain events that result in the termination of employment of a group of participants (including through layoffs or early retirement incentive programs instituted by the Company) representing 25% or more of the Plan Members in any calendar year, (2) a certain spin-off or sale of the Company's business entity or location that affect more than 25% of the Plan Members, (3) certain adoptions of amendments to the Plan, any change in practice, or any change in participant withdrawal rights under the Plan. The Plan does not believe that the occurrence of any such material event is probable.

As required by Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*, the Statements of Net Assets Available for Benefits present the fair value of investments, excluding the fully benefit-responsive investment contract which is presented at contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The net assets, including investments, of the MTIA was as follows:

	December 31,	
	2024	2023
	MTIA	MTIA
PLASA	\$ 6,284,522	\$ 8,838,158
Bond Funds	168,152,041	192,066,447
Total net assets at contract value	\$ 174,436,563	\$ 200,904,605

Investment income for the MTIA was as follows:

	For the year ended December 31, 2024
	MTIA
Interest income	\$ 4,433,564
Expenses	(280,186)
Total investment income	\$ 4,153,378

6. Related Party Transactions

In addition to the transactions with parties in interest discussed herein, Principal Life provides recordkeeping services to the Plan and receives fees. There is a fee charged by Principal Life for the guarantee it provides for participant balances that allows participants to transact at contract value for the PSSVSA. Fees were paid by Plan participants. The Company may pay other Plan expenses from time to time. The ESOP received \$4,589,368 in dividends from PFG in 2024.

These transactions are exempt from the prohibited transactions rules of ERISA.

7. Form 5500

The following table reconciles net assets available for benefits per the Statements of Net Assets Available for Benefits to the Form 5500:

	December 31,	
	2024	2023
Net assets available for benefits per the Statements of Net Assets Available for Benefits	\$ 4,590,494,893	\$ 4,146,749,136
Adjustments from contract value to fair value for fully benefit-responsive investment contract	(10,946,100)	(12,574,831)
Net assets available for benefits per the Form 5500	\$ 4,579,548,793	\$ 4,134,174,305

The Principal Select Savings Plan

Notes to Financial Statements (continued)

The following table reconciles the Statement of Changes in Net Assets Available for Benefits to the Form 5500:

	December 31, 2024
Net change from contract value to fair value for fully benefit-responsive investment contract	\$ 1,628,731
MTIA investment income	4,153,378
Net investment gain from MTIA per the Form 5500	<u>\$ 5,782,109</u>

GAAP requires that the Plan reports interest in fully benefit-responsive contracts at contract value, while the Form 5500 is required to report these investments at fair value.

In addition, certain other line items of net asset additions in the 2024 Form 5500 differ from similar classifications in the accompanying financial statements. However, such differences are not considered material and create no other differences in the balance of net assets available for benefit at December 31, 2024.
