**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

The Benefit Plans Administration Committee  
Principal Pension Plan for Certain Former Agents

**Opinion**

We have audited the financial statements of Principal Pension Plan for Certain Former Agents (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits in liquidation as of December 31, 2024, and the related statement of changes in net assets available for benefits in liquidation for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets in liquidation of the Plan as of December 31, 2024, and the changes in its net assets in liquidation for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Basis for opinion**

We conducted our audit of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or

error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental schedules required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, and the schedule of reportable transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and

the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Other matter – auditor's report on the 2023 financial statements**

The financial statements of the Plan as of and for the year ended December 31, 2023, were audited by other auditors. Those auditors' report, dated October 10, 2024, expressed an unmodified opinion on those 2023 financial statements and included an emphasis of matter paragraph that described that the Plan changed its basis of accounting in 2023 from the going concern basis to liquidation basis as described in Note 1 to those 2023 financial statements.

# Principal Pension Plan for Certain Former Agents

## Notes to Financial Statements in Liquidation

December 31, 2024

### 1. Description of the Plan

#### General

The Principal Pension Plan for Certain Former Agents (the Plan) is a non-contributory defined benefit plan that covers certain terminated, deferred vested agents from Principal Financial Group, Inc. (PFG) or its participating controlled group member. The Plan provides for retirement and death benefits. PFG, the ultimate parent of Principal Life Insurance Company (Principal Life), is the Plan Sponsor.

The benefit earned while certain terminated, deferred vested agents were active participants in the Plan were provided under a cash balance formula, except for certain grandfathered participants. Some grandfathered participants receive the greater of a traditional benefit formula or the cash balance. Some grandfathered participants receive the traditional formula only and others receive only the cash balance formula. A participant's cash balance account is the combination of pay credits and interest credits. The pay credits are based on age and years of service. Prior to the termination date, the interest credits were based on the lesser of the 30-year Treasury rate or the yield on one-year treasury constant maturities plus an additional 1 percent. The index was determined for each year. The interest crediting rate for a calendar year was based on the average yield (as determined by the U.S. Treasury Department) for the prior September, October, and November. There was a minimum rate of 5%. As of the termination date, consistent with applicable Treasury regulation, the interest credit is based on the Plan's five-year average interest credit of 5%. Interest will be added to the participant's cash balance account, based on the participant's account balance, at the beginning of each calendar year. As of December 31, 2024 and 2023, the interest rate was 5%.

Information about the Plan, including the vesting and benefit provisions, is contained in the Plan document. Information about the Pension Benefit Guaranty Corporation (PBGC) benefit guarantee is contained in the Summary of Plan Descriptions. Copies of the Summary Plan Descriptions are available from Principal Life's Human Resources Benefits Department or the Intranet. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### Contributions

PFG contributes additional amounts that are necessary to provide assets sufficient to meet the benefits to be paid to Plan participants. The Plan has met the minimum funding requirements of ERISA.

#### Vesting

All participants are 100% vested. A participant's accumulated plan benefit is payable upon retirement or, in some situations, upon severance from employment. Federal and state income tax withholding will apply to each participant upon distribution.

# Principal Pension Plan for Certain Former Agents

## Notes to Financial Statements in Liquidation (continued)

### **Benefits**

When benefits are payable, participants may choose among several types of monthly annuity options for receiving their vested benefits. The earliest date a participant may elect to start a monthly annuity under the traditional formula is age 57 with 10 years of service. Participants for whom the cash balance formula applies also have the option of receiving a one-time lump sum payment. If the value of the benefit is less than \$5,000, it will be paid to the participant or beneficiary in a single lump sum.

### **Plan Termination**

PFG terminated the Plan, effective December 31, 2023, and subsequently filed applications related to the Plan's termination with the Internal Revenue Service (IRS) and PBGC. Notices describing its decision were mailed to participants October 31, 2023. The Plan received a favorable determination letter, dated June 30, 2025, from the IRS. Subject to further notice to, and election by, the participants, it is possible the final distribution date when all assets are distributed (either paid as lump sum or the purchase of a single premium annuity for participants who do not elect lump sum payment) may occur in 2025.

## **2. Significant Accounting Policies**

### **Basis of Accounting**

The Plan was terminated effective December 31, 2023. As a result of the termination, the 2024 and 2023 financial statements have been prepared in accordance with the liquidation basis of accounting. There are no significant incremental costs to be incurred as a result of the liquidation. The liquidation basis of accounting had no material impact to the 2024 or 2023 net assets in liquidation. See Note 1, *Plan Termination*, for additional information.

### **Investment Valuation and Income Recognition**

The Plan's investments are held in separate accounts under a group annuity contract with Principal Life. The group annuity contract functions as a trust under 401(f)(1) of the IRS code.

The Plan invests in separate accounts of Principal Life, as defined by Section 3(17) of ERISA. The separate accounts are reported at fair value as determined by Principal Life. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Principal Pension Plan for Certain Former Agents

### Notes to Financial Statements in Liquidation (continued)

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Risk and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets in Liquidation.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near-term could materially affect the amounts reported and disclosed in the financial statements.

#### **Accumulated Plan Benefits**

Accumulated plan benefits (see Note 4) are those estimated future payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the participants to the valuation date. Accumulated plan benefits include accrued benefits expected to be paid to vested terminated participants or their beneficiaries. Benefits payable under all circumstances are included, to the extent they are deemed attributable to service rendered to the valuation date.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

### **3. Related Party Transactions**

Principal Financial Advisors, Inc. (PFA), an affiliate of Principal Life, provides investment management services to the Plan. Fees for PFA's services are paid directly by PFG and its affiliates. The Plan invests in Principal Life separate accounts and Principal Life receives revenue from the investments. Principal Life also provides recordkeeping services to the Plan and receives fees, which are paid from Plan assets, for those services. PFG and its affiliates may pay other Plan expenses.

These transactions are exempt from the prohibited transactions rules of ERISA.

## Principal Pension Plan for Certain Former Agents

### Notes to Financial Statements in Liquidation (continued)

#### 4. Actuarial Present Value of Accumulated Plan Benefits

The Plan's actuary, an employee of Principal Life, determines the actuarial present value of accumulated Plan benefits, which is the amount that results from applying actuarial assumptions to estimate the value of the accumulated Plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

The accumulated Plan benefit information is as follows:

	<b>December 31, 2023</b>
Actuarial present value of accumulated Plan benefits:	
Vested:	
Retirees and beneficiaries in pay status	\$ 744,709
Terminated vested participants	27,478,081
	<u>\$ 28,222,790</u>

Change in present value of accumulated Plan benefits:

	<b>Year Ended December 31, 2023</b>
Actuarial present value of accumulated Plan benefits, beginning of year:	\$ 24,192,888
Increase (decrease):	
Increase for interest due to decrease in discount period	1,418,437
Benefits paid directly from Plan assets	(707,228)
Benefits accumulated and Plan experience	(168,034)
Changes in assumptions	3,486,727
Actuarial present value of accumulated Plan benefits, end of year	<u>\$ 28,222,790</u>

Significant valuation assumptions underlying the actuarial computations are as follows:

### Notes to Financial Statements in Liquidation (continued)

#### 5. Fair Value of Financial Instruments

##### Valuation Hierarchy

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels.

- Level 1 – Fair values are based on unadjusted quoted prices in active markets for identical assets. The Plan does not hold any Level 1 assets as of December 31, 2024 or 2023.
- Level 2 – Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. The Plan does not hold any Level 2 assets as of December 31, 2024 or 2023.
- Level 3 – Fair values are based on significant unobservable inputs for the asset. The Plan does not hold any Level 3 assets as of December 31, 2024 or 2023.

There were no transfers between levels during 2024 or 2023.

##### Determination of Fair Value

The following discussion describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair value may not be realized in the immediate settlement of the financial instrument. There were no significant changes to the valuation processes during 2024 or 2023.

##### *Separate Accounts*

Separate accounts are designed to deliver safety and stability by preserving principal and accumulating earnings. The NAV of each of the separate accounts is calculated in a manner consistent with U.S. GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. The separate accounts invest in fixed income securities. The fair value of the underlying fixed income securities is used to determine the NAV of the separate account which is not publicly quoted. The underlying fixed income securities are based on observable market data (other than quoted prices).

## Principal Pension Plan for Certain Former Agents

### Notes to Financial Statements in Liquidation (continued)

#### Assets Measured at Fair Value on a Recurring Basis

Assets measured at fair value on a recurring basis are summarized below.

As of December 31, 2024					
Assets	Assets	Amount	Fair Value Hierarchy Level		
	measured	measured			
	at fair	at net asset	Level 1	Level 2	Level 3
	value	value	Level 1	Level 2	Level 3
Separate accounts	\$ 26,831,168	\$ 26,831,168	\$ —	\$ —	\$ —
Total investments	\$ 26,831,168	\$ 26,831,168	\$ —	\$ —	\$ —
As of December 31, 2023					
Assets	Assets	Amount	Fair Value Hierarchy Level		
	measured	measured			
	at fair	at net asset	Level 1	Level 2	Level 3
	value	value	Level 1	Level 2	Level 3
Separate accounts	\$ 27,936,234	\$ 27,936,234	\$ —	\$ —	\$ —
Total investments	\$ 27,936,234	\$ 27,936,234	\$ —	\$ —	\$ —

Certain reclassifications have been made to prior year amounts to conform to the current year presentation. The reclassification has no impact on previously reported net assets in liquidation.

#### 6. Income Tax Status

The Plan has received a determination letter from the IRS dated January 12, 2021, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore, the related group annuity contract is exempt from taxation. As part of the termination, the Plan received a new favorable determination letter, dated June 30, 2025, confirming the Plan's continued tax-qualified status. The Plan is required to operate in conformity with the terms of the Plan document and the Code to maintain its tax-exempt status. The Benefit Plans Administration Committee (BPAC) and PFG believe the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believe the Plan is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. BPAC relies on the representations of the corporate tax department regarding the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

## Principal Pension Plan for Certain Former Agents

### Notes to Financial Statements in Liquidation (continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **7. Subsequent Events**

Management has evaluated subsequent events through October 14, 2025, which was the date the financial statements were available to be issued. No matters were identified other than those noted below.

Management is in the process of finalizing the liquidation of Plan assets. Effective September 30, 2025, BPAC approved Principal Life as the group annuity contract provider. Distributions are expected to be completed by October 31, 2025. No additional funding to the Plan is anticipated.
