INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Penske Retirement Savings Plan (Formerly known as Automotive Component Carrier, Inc. Personal Savings Plan for Hourly Rate Employees)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Penske Retirement Savings Plan (formerly known as Automotive Component Carrier, Inc. Personal Savings Plan for Hourly Rate Employees) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PENSKE RETIREMENT SAVINGS PLAN

(Formerly known as Automotive Component Carrier
Personal Savings Plan for Hourly Rate Employees)

Notes to Financial Statements

(1) Plan Description

Effective January 1, 2024, the Automotive Component Carrier Personal Savings Plan for Hourly Rate Employees was renamed to the Penske Retirement Savings Plan (the Plan). The following description of the Plan, adopted on May 1, 1996, is provided for general information purposes only. The Plan was amended and restated effective January 1, 2020. Participants should refer to the plan document for more complete information.

(a) General

The Plan is a defined contribution plan, created for the exclusive benefit of certain employees of Automotive Component Carrier, Inc. and Penske Logistics, LLC (collectively, the Company), including the beneficiaries of those employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 1, 2024, the Black Horse Carriers, Inc. 401(k) Retirement Savings Plan (BHC Plan), a defined contribution plan, was merged with and into the Plan. As a result, certain participants in the BHC Plan became participants in the Plan. In conjunction with the merger, net assets in the amount of \$32,914,225 from the BHC Plan were transferred into the Plan.

On August 7, 2024, the Star Truck Rentals, Inc. Bargaining Unit Retirement 401(k) Plan (Star Plan), a defined contribution plan, was merged with and into the Plan. As a result, participants in the Star Plan became participants in the Plan. In conjunction with the merger, net assets in the amount of \$2,083,548 from the Star Plan were transferred into the Plan.

(b) Administration

Penske Truck Leasing Co., L.P. is both the Plan Administrator and Plan Sponsor. The Benefits Plan Committee appointed by the Plan Administrator's board of directors performs certain functions, including interpretation of the Plan.

(c) Eligibility

The Plan provides that eligible employees of the Company may participate in the Plan as follows, as per the plan document:

1. *Tier 1 Employees.* A Tier 1 employee shall mean a covered employee who was hired by the Company before January 1, 1998. A Tier 1 employee who separates from service with the Company and who is rehired as a covered employee on or after December 31, 1997 shall recommence participation on rehire as a Tier 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, or 22 participant, as applicable.
2. *Tier 2, 3, 4, 7, 8, 11, 14, 16, 18, 19, 20, 21, 22, 23, 26, and 27 Employees.* A Tier 2, 3, 4, 7, 8, 11, 14, 16, 18, 19, 20, 21, 22, 23, 26, or 27 employee who has not become a participant pursuant to Section 2.1 (a) of the plan document shall become a participant on the first day of the calendar month that coincides with or next follows the 90th day after the date the employee first completes an hour of service, as defined in Section 1.26(a) of the plan document, provided the person is a covered employee on such date.

PENSKE RETIREMENT SAVINGS PLAN

(Formerly known as Automotive Component Carrier
Personal Savings Plan for Hourly Rate Employees)

Notes to Financial Statements

3. *Tier 5, 9, 10, and 17 Employees.* A Tier 5, 9, 10, or 17 employee who has not become a participant pursuant to Section 2.1(a) of the plan document shall become a participant on the first day of the calendar month that coincides with or next follows the 60th day after the date the employee first completes an hour of service, as defined in Section 1.26(a) of the plan document, provided the person is a covered employee on such date.
4. *Tier 6 Employees.* A Tier 6 employee who has not become a participant pursuant to Section 2.1(a) of the plan document shall become a participant on the day on which the employee first completes one hour of service, as defined in Section 1.26(a) of the plan document, provided the person is a covered employee on such date.
5. *Tier 12 Employees.* A Tier 12 employee shall become a participant on the later of (i) July 21, 2013 or (ii) the first day of the calendar month which coincides with or next follows the 90th day after the date the employee first completes one hour of service, as defined in Section 1.26(a), provided the person is a covered employee on such date.
6. *Tier 13 Employees.* A Tier 13 employee shall become a participant on the later of (i) July 1, 2013 or (ii) the first day of the calendar month, which coincides with or next follows the date the employee completes a service qualification period, provided the person is a covered employee on such date.
7. *Tier 15, 24, and 25 Employees.* A Tier 15, 24, or 25 employee who is a full-time employee shall become a participant on the later of (i) June 1, 2018, or (ii) the first day of the calendar month which coincides with or next follows the 30th day after the date the employee first completes an hour of service, as defined in Section 1.26(a), provided the person is a covered employee on such date. An employee in one of these tiers who is a part-time employee shall become a participant on the later of (i) June 1, 2018, or (ii) the first day of the calendar month which coincides with or next follows the date the employee completes a service qualification period, provided the person is a covered employee on such date.

(d) Contributions and Maintenance of Accounts

The Plan includes the following retirement savings features, subject to certain Internal Revenue Code (IRC) limitations:

- Employee before-tax contributions not to exceed certain limits of the participant's plan wages depending on plan tier and not to exceed \$23,000 for 2024, as defined by the Plan.
- Catch-up contributions for participants who have attained the age of 50 before the end of the plan year up to the lesser of (a) 75% of the individual's compensation for the year less any other deferrals or (b) \$7,500 for 2024;
- Employer matching contributions of up to 100% of employee contributions for certain plan tiers;
- An employer retirement contribution not to exceed 4.0% of plan wages or \$1,100 per year per employee for certain plan tiers.

Contributions on behalf of each participant are credited to a plan account maintained in their name. Participants have the right to direct the investment of their account among specified investment funds.

PENSKE RETIREMENT SAVINGS PLAN

(Formerly known as Automotive Component Carrier
Personal Savings Plan for Hourly Rate Employees)

Notes to Financial Statements

(e) Plan-to-Plan Transfers

The Plan allows for transfers of accounts from other qualified plans.

(f) Investment of Contributions and Operation of Trust Fund

Principal Trust Company (the Trustee) maintains the trust fund, under which plan assets are held in safekeeping and from which plan distributions are made. All contributions made pursuant to the Plan and all earnings (losses) and appreciation (depreciation) in fair value thereon are held in that trust fund maintained pursuant to a trust agreement. The trust agreement sets forth the responsibilities and duties of the Trustee with respect to the trust fund.

(g) Investment Options

The Plan provides a participant the discretion of investing their account balance in a diverse variety of funds. The funds vary in degree of risk and investment objective. See further discussion of investments in notes 3 and 4.

(h) Vesting

Participants are immediately 100% vested in their retirement contributions plus actual earnings (losses) thereon. Vesting in the Company's matching and profit-sharing contributions plus earnings (losses) thereon is based on years of vesting service. A participant is 100% vested after five years of vesting service (according to the table below) or upon attainment of normal retirement age (65-67) or if his or her employment terminates by reason of death or disability prior to normal retirement. Participants who terminate their employment prior to attainment of normal retirement age for any reason other than death or disability shall have a nonforfeitable interest in the percentage of employer contributions determined pursuant to the following schedule:

Vested Percentage

<u>Vesting service in years</u>	<u>Tier 2, 3, 8, 9, 12, 13, 16, 17, 18, 19, 20, 21, 22, 23, 24, 26, or 27 participant</u>	<u>Tier 4 or 14 participant</u>	<u>Tier 5 participant</u>	<u>Tier 6 participant</u>	<u>Tier 1, 11, or 25 participant</u>	<u>Tier 15 participant</u>

More than 4 but less than 5	75	75	100	75	100	100
5 or more	100	100	100	100	100	100

There are no employer contributions for Tier 7 or 10 employees.

PENSKE RETIREMENT SAVINGS PLAN

(Formerly known as Automotive Component Carrier
Personal Savings Plan for Hourly Rate Employees)

Notes to Financial Statements

As part of the BHC Plan merger, certain participants previously in the BHC Plan entered one of the tiers in the vesting schedule above. Any contributions made into the Plan related to prior plan years will follow the BHC Plan vesting schedule below.

<u>Vesting Service in Years</u>	<u>Nonforfeitable Percentage</u>
Less than 1	- %
More than 1 but less than 2	20
More than 2 but less than 3	40
More than 3 but less than 4	60
More than 4 but less than 5	80
5 or more	100

Amounts not vested are forfeited after five years from termination of employment or upon receipt of distribution, and shall be applied to reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$417,720 and \$63,634, respectively. During the year ended December 31, 2024, employer contributions were reduced by \$655,481 from accumulated forfeited non-vested accounts.

(i) *Notes Receivable from Participants*

Participants may borrow from their vested before-tax and after-tax account balances. No loans are permitted against any company contributions. The minimum loan amount is \$500; the maximum loan amount is the lesser of (a) \$50,000, reduced by the highest outstanding loan balance during the 12-month period ending on the date before the loan is made, or (b) 50% of the participant's total vested account balance. Each loan may have a maximum term of 5 years, except that a loan for the purchase or construction of a principal dwelling may have a maximum term of 10 years for certain plan tiers. Loans issued before January 1, 2024 have an interest rate that mirrors rates at institutional lenders providing comparable loans. Loans issued on or after January 1, 2024 have an interest rate that is one percentage point above the prime interest rate published in the *Wall Street Journal*. As of December 31, 2024, interest rates on participant loans ranged from 3.25% to 9.50% and have maturity dates ranging from 2025 to 2033.

(j) *Benefit Payments*

Upon retirement or termination of services, a participant is eligible to receive a lump-sum payment of all vested amounts. If no election is made, the participant will automatically receive any required minimum distribution based upon their age. Written authorization by the participant is required for disbursements of account balances greater than \$1,000.

(2) **Summary of Significant Accounting Policies**

(a) *Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

PENSKE RETIREMENT SAVINGS PLAN

(Formerly known as Automotive Component Carrier
Personal Savings Plan for Hourly Rate Employees)

Notes to Financial Statements

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates and assumptions.

(c) *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility, including those due to pandemics and international unrest. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

(d) *Investment Valuation and Income Recognition*

Except for the fully benefit responsive investment contracts (FBRICs), investments are recorded at fair value, based on quoted market prices or net asset value (NAV), as discussed further in note 3. Fair value of a financial instrument is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The FBRICs are reported at contract value as discussed further in note 4. The FBRICs are synthetic guaranteed investment contracts and comprise the Plan's Stable Value Fund (SVF). Contract value is the relevant measure for FBRICs. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis; realized gain or loss on investment transactions is determined using an averaging method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment appreciation (depreciation) includes both realized and unrealized gains and losses.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are therefore reflected as a reduction of the investment return for such investments.

(e) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal and interest balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

PENSKE RETIREMENT SAVINGS PLAN

(Formerly known as Automotive Component Carrier
Personal Savings Plan for Hourly Rate Employees)

Notes to Financial Statements

(f) Contributions

Participant contributions are recorded by the Plan when withheld from participants. Employer contributions are recorded by the Plan when earned.

(g) Administrative Expenses

According to the plan document, plan expenses are paid either by the Company or by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the record keeper to offset the Plan's administrative expenses. The Company provides certain accounting and other administrative services to the Plan at no charge.

(h) Payment of Benefits

Benefit payments are recorded when paid. There were no benefits payable at December 31, 2024 or 2023.

(3) Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820), establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assessing the

Notes to Financial Statements

significance of a particular input requires judgement that considers facts specific to the asset or liability. The assessment of significance of a particular input may affect how the assets and liabilities are classified within the fair value hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds (Registered Investment Companies) are valued at quoted market prices in an active market on the last business day of the year.

Collective Trust Funds are valued at the NAV of shares held by the Plan at year-end, which is provided by the fund. The unit price of these investments is not quoted on an active market; however, the unit price is based on underlying investments that either are traded daily on an active market, or are valued based on other observable inputs. There are no unfunded commitments and redemptions occur at the NAV without restriction. However, it is possible that the redemption rights may be restricted in the future.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes between levels during 2024 or 2023.

The tables below present the fair value of each major category of the Plan's assets and the level of inputs used to measure fair value as of December 31, 2024 and 2023. There were no Level 3 fair value measurements in either period.

(4) Investment Contract with Insurance Company

As of December 31, 2024 and 2023, the Plan has synthetic FBRICs with four insurance companies (the “Issuers”). These contracts meet the FBRIC criteria and are therefore reported at contract value on the Statements of Net Assets Available for Benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the crediting interest rate will not fall below 0%. A formula is provided in the contracts that adjusts renewal crediting interest rates to recognize the difference between the book value and the fair value of the underlying assets. Crediting interest rates are reviewed semi-annually for resetting.

The Plan’s ability to receive amounts due in accordance with the FBRICs is dependent on the third-party Issuers’ abilities to meet their financial obligations. The Issuers’ abilities to meet their contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract Issuers or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract Issuers. Examples of such events include, but are not limited to, the following:

- Material amendments to the SVF's structure or administration;
- Complete or partial termination of the SVF, including a merger with another fund;
- The failure of the SVF to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- The redemption of all or a portion of the interests in the SVF held by the Plan at the direction of the Plan Sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the Plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of the Plan Sponsor, the merger of the Plan with another plan, or the Plan Sponsor's establishment of another tax qualified defined contribution plan;
- Any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Plan that, in the Issuers’ reasonable determination, could result in substantial withdrawals from, or transfers out of, the SVF;
- Changes to the Plan’s competing investment options including the elimination of equity wash provisions;
- The delivery of any communication to Plan participants designed to influence a participant not to invest in the SVF.

At this time, no events are deemed probable of occurring that might limit the ability of the Plan to transact at contract value with the contract Issuers and, subsequently, would limit the ability of the Plan to transact at contract value with the participants.

The FBRICs are security-backed investment contracts. Security-backed investment contracts generally are evergreen contracts that contain termination provisions, allowing the SVF or the contract Issuers to terminate with notice, at any time at fair value, and providing for automatic termination of the contract if the contract value or the fair value of the underlying portfolio equals zero. The Issuers are obligated to pay the excess contract value when the fair value of the underlying portfolio equals zero.

(Formerly known as Automotive Component Carrier

Notes to Financial Statements

In addition, certain events allow the Issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- If the Plan defaults on its obligations under the security-backed contract (including the Issuers’ determination that the agreement constitutes a non-exempt prohibited transaction as defined under ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the Issuers and the Plan will receive the fair value as of the date of termination.
- Each contract recognizes certain “events of default” which can invalidate the contracts’ coverage. Among these are investments outside of the range of instruments which are permitted under the investment guidelines contained in the investment contracts, fraudulent or other material misrepresentations made to the Issuers, changes of control of the investment adviser not approved by the contract Issuers, changes in certain key regulatory requirements, or failure of the Plan to be tax qualified.

At this time, no events are deemed probable of occurring that would terminate the contracts with the Plan and settle at an amount different from contract value.

(5) Certified Investment Information

The Plan’s investments are held by bank-administered trust-funds. Information certified or derived from data provided by the Trustee as being complete and accurate as of December 31, 2024 and 2023 and for the year ended December 31, 2024 is as follows:

	2024	2023
Participant-directed investments, at fair value	\$ 121,368,898	\$ 71,094,559
Participant-directed investments, at contract value	15,219,688	15,016,278
Net appreciation in fair value of investments	12,282,459	
Interest on synthetic guaranteed investment contracts	1,041,291	
Dividends	373,436	

Information included in Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) and investment values in note 3, excluding the level of fair value measurements, were also derived from information certified by the Plan’s Trustee.

Other information that has been certified or derived from data provided by the Trustee as of December 31, 2024 and 2023 and the year ended December 31, 2024 is as follows:

	2024	2023
Notes receivable from participants	\$ 5,180,788	\$ 3,508,828
Interest on notes receivable from participants	327,255

(6) Exempt Party-in-Interest Transactions

The Plan holds synthetic FBRICs with the Issuers (see note 4). Fees paid for the coverage provided by these agreements were included as a reduction of the interest earned on the synthetic guaranteed investment contracts. These transactions qualify as exempt party-in-interest transactions.

The Plan pays fees to Galliard Capital Markets LLC for investment management services. These fees were included as a reduction of the return earned on each fund. The Plan holds accounts that are managed and sponsored by Galliard Capital Markets LLC. These transactions qualify as exempt party-in-interest transactions.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

(7) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

(8) Federal Income Tax Status

The IRS has determined and informed the Plan Administrator, by a letter dated May 16, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the IRC as required by the Tax Reform Act 1986, and regulations promulgated hereunder. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. During 2024, the Plan had certain operational issues for which the Plan Administrator is in the process of taking necessary corrective steps. The Plan Administrator believes the Plan has maintained its tax-exempt status and therefore, no provision for income taxes has been included in the Plan's financial statements.

(9) Nonexempt Party-In-Interest Transactions

The Company remitted 2019, 2020, and 2021 BHC participant contributions estimated at \$89, \$8, \$625, respectively, to the Trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company will file the Form 5330 with the IRS and pay the required excise tax on the transaction. In 2024, participant accounts have been credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

The Company remitted 2024 participant contributions estimated at \$508 to the Trustee later than required by DOL Regulation 2510.3-102. The Company will file the Form 5330 with the IRS and pay the required excise tax on the transaction. In 2024, participant accounts have been credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

(10) Subsequent Events

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2025, which is the date these financial statements were available to be issued. There were no subsequent events that required recognition and/or disclosure.
