INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
Arlo Solutions 401(K) Plan
Washington, DC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Arlo Solutions, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Arlo Solutions, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section.

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arlo Solutions, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arlo Solutions, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arlo Solutions 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arlo Solutions 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2024 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2023 Financial Statement

Management is responsible for the accompanying 2023 financial statements of Arlo Solutions 401(K) Plan, which comprises the statement of net assets available for benefits as of December 31, 2023, and the related notes to the financial statements in accordance with accounting principles generally accepted by the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2023 financial statements.

**ARLO SOLUTIONS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

NOTE A – DESCRIPTION OF PLAN

The following description of the Arlo Solutions, LLC 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement and the amendments thereto for a more complete description of the Plan’s provisions.

General

Effective September 1, 2017, Arlo Solutions, LLC (“the Company”) established the Plan to provide deferred compensation benefits to its employees. The Plan is a defined contribution plan with 401(k) salary deferral provisions covering all employees of the Company. All employees employed on the effective date were eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan qualifies under the Internal Revenue Code (“IRC”) as a 401(k) Plan.

Automatic Enrollment and Escalation

The Plan includes an automatic enrollment feature under which eligible employees who do not make an affirmative election are automatically enrolled at a deferral rate of 3% of compensation. The deferral percentage increases automatically by 1% each year until it reaches 6% of compensation, unless the participant elects otherwise.

Contributions

Each year, participants may contribute up to 90% of eligible salary as pre-tax deferrals with a maximum contribution of \$23,000 for 2024. However, participants who are over the age of 50 may make catch-up contributions of \$7,500 for 2024. Participants may also transfer funds from a former employer’s qualified retirement plan, as defined in the Plan’s provisions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for safe harbor matching contributions under a Qualified Automatic Contribution Arrangement (QACA). The employer matches 100% of the first 1% of compensation deferred plus 50% of the next 1–6% deferred, for a maximum safe harbor match of 3.5% of compensation. Safe harbor matching contributions for the year ended December 31, 2024, were \$302,070. Eligible employees may also rollover funds from a former employer’s qualified retirement plan into the Plan. The Company may also make discretionary matching contributions at the option of the Company’s Board of Directors. There were no discretionary employer matching contributions for the year ended December 31, 2024.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Plan assets are held by Reliance Trust Company and administered by the Company. Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, and allocations of the Company's discretionary matching and non-elective contributions, if any, and Plan earnings and losses, less any charges, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their salary deferrals and rollover contributions, including related earnings. Employer contributions are subject to a six-year graded vesting schedule based on years of service, under which participants become 20 percent vested after two years of service, 30 percent vested after three years, 40 percent vested after four years, 60 percent vested after five years, and 100 percent vested after six years of service. Participants become fully vested in employer contributions upon attainment of normal retirement age, death, or disability, regardless of years of service.

Notes Receivable from Participants

Each participant may have one loan outstanding. The maximum loan amount available is \$50,000 or one-half of their vested balance in the Plan, whichever is less. The notes are secured by the vested account balance in the participant's account, have a one to five-year permissible term, and bear interest at the prime rate, published by the Wall Street Journal, plus one percent. With the approval of the Plan administrator, loans obtained to secure the acquisition of the participant's principal residence may be extended beyond a five-year term. Principal and interest are paid ratably through payroll deductions. The participant also has the option to make additional repayments directly to the Plan.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may elect to receive a lump sum amount equal to the value of participant's vested interest. Unless directed by the participant, payments cannot be deferred beyond the latest of the following:

The normal retirement date under the plan or age 59½, if earlier.

Five years of Plan participation.

Generally, on termination of service and at any point in time thereafter, an employee may elect to receive a lump sum equal to his or her vested account balance. The Plan provides for automatic

lump-sum distributions without participant consent if a participant's vested account balance does not exceed \$7,000, consistent with the Plan's Summary Plan Description.

Forfeited Accounts

No unallocated forfeiture balance existed at year-end. These forfeitures were applied to reduce employer contributions or plan expenses, as allowed under the Plan..

Investment Options

Contributions to the Plan are invested by the trustee in various investment funds, according to participant instructions. The Plan Administrator provides participants with current copies of the prospectus describing each investment option.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles (GAAP)

**ARLO SOLUTIONS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments and income recognition

Investments are reported at fair value. Quoted market prices are used to value investments in mutual funds. Units in common collective trusts are valued at the net asset value of units held by the plan at year-end, as reported by the trustee. Participant loans are valued at their unpaid principal balance plus accrued interest.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Party-in-interest transactions

Transactions with Reliance Trust Company, the trustee and custodian of the Plan, qualify as party-in-interest transactions under ERISA. See Note I – Related Parties for further disclosure.

ERISA Section 103(a)(3)(C) Audit Election

As permitted by ERISA Section 103(a)(3)(C), the Plan's financial statements are presented in conformity with an audit performed pursuant to this section. Accordingly, investments held and certified by Reliance Trust Company, a qualified bank and custodian, have not been audited by the Plan's independent auditor. The auditor's procedures were limited to information that is not so certified.

Risk and uncertainties

Investment securities are exposed to various risks, including market, interest rate, and credit risk. Further information about investment risks and concentrations is presented in Note F – Risks and Uncertainties.

Cash and Cash Equivalents

Cash and cash equivalents represent funds deposited with the Plan Trustee which, at year end, were unallocated to investment accounts.

**ARLO SOLUTIONS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make loan payments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan documents. As of December 31, 2024, notes receivable from participant loans were \$56,123. Management believes the notes receivable from participant loans to be fully collectible.

Investment Valuation and Income Recognition (Continued)

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Investment Management Services

Investment management services, excluding transaction fees and loan fees, are paid for by the plan participants.

The Internal Revenue Service has determined and informed the Company that the Plan is designed in accordance with applicable regulations of the Internal Revenue Code (IRC) and is exempt from income taxes.

(CONTINUED)**

The following is a reconciliation of contributions per the financial statements to Form 5500 for the year ended December 31, 2024:

Total contributions per the financial statements	\$ 1,166,089
Total contributions per the Form 5500	\$ 1,166,089

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Although the Plan's investments are broadly diversified across multiple asset classes and fund managers, concentrations of market risk exist to the extent that participants allocate their account balances to specific funds or asset classes.

Management has evaluated subsequent events through the date the financial statements were available to be issued and noted no events, including market fluctuations, that would materially affect the amounts reported in the financial statements.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

NOTE H – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market

**ARLO SOLUTIONS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

NOTE H– FAIR VALUE MEASUREMENTS (CONTINUED)

participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds in registered investment accounts is based on quoted net asset values of the shares held by the Plan at year end.

NOTE I – RELATED PARTIES

Reliance Trust Company manages all funds of the Plan. As a result, Reliance Trust Company qualifies as a party-in-interest to the Plan with respect to transactions related to these funds. The fair market value of the funds managed by Reliance Trust Company totaled \$3,796,558 for the year ended December 31, 2024. Management investment services paid by the Plan amounted to \$10,918 for the year ended December 31, 2024.

NOTE J – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 14, 2025, which is the date the financial statements were available to be issued.
