INDEPENDENT AUDITOR'S REPORT

**To the Board of Trustees
Vail Mountain School 403(b) Retirement Plan
Vail, Colorado**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Vail Mountain School 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("Investment Information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA* ("Qualified Institution").

Management has obtained certifications from Qualified Institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified Investment Information, as described in Note 3 to these financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying 2024 and 2023 financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

INDEPENDENT AUDITOR'S REPORT
To the Board of Trustees
Vail Mountain School 403(b) Retirement Plan
Vail, Colorado

Basis for Disclaimer of Opinion (continued)

Further, as described in Note 1 to these financial statements, prior to January 1, 2009, records were maintained at a contract, rather than plan, level; therefore, the Plan Sponsor has not maintained, and the Custodian did not provide sufficient accounting records and supporting documentation relating to certain annuity and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements and supplemental schedule. Accordingly, we have been unable to apply auditing procedures sufficient to determine the extent to which the financial statements and supplemental schedule have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

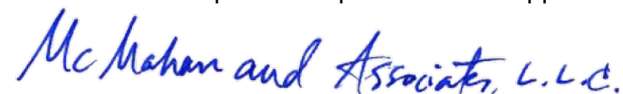

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule on page 15 as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Vail Mountain School 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("Investment Information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA* ("Qualified Institution").

Management has obtained certifications from Qualified Institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified Investment Information, as described in Note 3 to these financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying 2024 and 2023 financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule on page 15 as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. Vail Mountain School 403(b) Retirement Plan
Notes to the Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of Vail Mountain School 403(b) Retirement Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

A. General

Effective January 1, 1989, Vail Mountain School (the “School”) established an Internal Revenue Code (“IRC”) section 403(b) defined contribution plan (the “DC Plan”), which was available to qualifying School employees and subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”).

As of January 1, 1991, the School established an IRC section 403(b) employee elective deferral defined contribution plan (the “TDA Plan”), which was available to qualifying School employees but not subject to ERISA provisions.

Effective October 1, 2024, the DC Plan was restated, merging the TDA Plan in with the DC Plan, and the name changed to Vail Mountain School 403(b) Retirement Plan (the “Plan”).

Due to the length of time the Plan has been in existence and the lack of plan-level reporting available prior to January 1, 2009, the Plan Administrator is unable to determine if there are any plan assets that have been excluded for certain annuity and custodial accounts issued to current and former employees. As a result, such accounts may have been excluded from Plan assets in the accompanying Statements of Net Assets Available for Plan Benefits and the investment income and distributions related to such accounts may have been excluded from the accompanying Statement of Changes in Net Assets Available for Plan Benefits. The amounts of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

B. Eligibility

Prior to restatement of the Plan document in October 2024, School employees were eligible to participate in the DC Plan provided they were at least 18 years of age and had completed or will complete 1,000 hours of service during the Plan year. Those ineligible for participation in the DC Plan included non-resident aliens, School employees covered by a collective bargaining agreement, and students.

Under the TDA Plan, employees were eligible to participate provided they were not non-resident aliens or students, and there were no separate age or service requires for School employees to participate in the TDA Plan.

Employees could enter the DC Plan and TDA Plan (collectively, the “Plans”) on the first day of the month following their date of hire.

Effective October 1, 2024, School employees are eligible to participate in the Plan provided they are at least 21 years of age and have completed or will complete 1,000 hours of service during the Plan year. Those ineligible for participation in the Plan include non-resident aliens, employee who normally work less than 20 hours per week, School employees covered by a collective bargaining agreement, and students.

Employees may enter the Plan on the first day of the month following their date of hire.

(Continued)

1. Description of the Plan (continued)

C. Contributions

Prior to restatement of the Plan document in October 2024, participant contributions were not allowed in the DC Plan. A discretionary employer contribution of 3% of compensation for participants with less than 5 years of service, 5% of compensation for participants with more than 5 years of service, and 7% of compensation for participants with more than 10 years of service as defined in the Plan Document, may be made each year. Participants who had completed or would complete more than 1,000 hours of service during the year were eligible to receive the discretionary employer contribution. Rollover contributions and plan-to-plan transfers into the DC Plan could also be made if certain criteria are met.

Under the TDA Plan, participants could elect to reduce their compensation by a specific percentage or a dollar amount and have that amount contributed to the Plan as a salary deferral up to the dollar limit set by law, which was \$23,000 in 2024 (2023 – \$22,500), with a catch-up limit of \$7,500 (2023 – \$7,500) for participants age 50 and over, for a total of \$30,500 (2023 – \$30,000). Participants could also deposit rollover amounts from other plans subject to specific rollover provisions in the law.

Effective October 1, 2024, participants may elect to reduce their compensation by a specific percentage or a dollar amount and have that amount contributed to the Plan as a salary deferral up to the dollar limit set by law, which was \$23,000 in 2024, with a catch-up limit of \$7,500 for participants age 50 and over, for a total of \$30,500. There are two types of salary deferrals: Pretax 403(b) deferrals and Roth 403(b) deferrals. Participants may also deposit rollover amounts from other plans subject to specific rollover provisions in the law. Participants who have completed or will complete more than 1,000 hours of service during the year are eligible to make elective contributions to the Plan.

An employer matching contribution in an amount equal to a percentage of the participant's elective deferral with a matching limit of 3% of compensation for participants with less than 5 years of service, 5% of compensation for participants with more than 5 years of service, and 7% of compensation for participants with more than 10 years of service as defined in the Plan Document, may be made each year.

D. Participant Accounts

Prior to restatement of the Plan document in October 2024, each participant's account in the DC Plan was credited with the participant's transfers in and rollover contributions, discretionary employer contributions, and investment earnings. Participant accounts were charged with an allocation of administrative expenses incurred by the DC Plan. Allocations were based on participant's earnings, account balances, or specific participant transactions, as defined by the Plan Document. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Under the TDA Plan, each participant's account was credited with the participant's transfers in and rollover contributions, employee elective contributions, and investment earnings. Participant accounts were charged with an allocation of administrative expenses incurred by the TDA Plan. Allocations were based on participant's earnings, account balances, or specific participant transactions, as defined by the Plan Document. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

D. Participant Accounts (continued)

Effective October 1, 2024, each participant's account in the Plan is credited with the participant's elective contributions, transfers in and rollover contributions, matching employer contributions, and investment earnings. Participant accounts are charged with an allocation of administrative expenses incurred by the Plan. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Prior to restatement of the Plan document in October 2024, participant accounts were fully vested at all times.

Effective October 1, 2024, participant elective and rollover contributions are fully vested at all times. Matching contributions are vested at 25% for one year of service, 50% for two years of service, 75% for three years of service, and 100% for four years of service.

F. Investment Options

Prior to restatement of the Plan document in October 2024, upon enrollment in the Plans, a participant could direct the investment of any employer contributions and rollover into the Plans to be invested in one or more of the funds offered by the Plans.

Effective October 1, 2024, upon enrollment in the Plan, a participant may direct the investment of any contributions and rollovers into the Plan to be invested in one or more of the funds offered by the Plan.

G. Payment of Benefits

Participants may elect to receive a lump-sum amount equal to the value of their vested interest, annual installments, and partial payments or use their vested individual account balance towards the purchase of an annuity contract as defined in the Plan Document upon retirement, termination, death or disability. A terminated employee is able to receive a lump sum distribution of their balance as of the date of termination or choose to have it be rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or hardship as defined in the Plan Document. The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

H. Plan Termination

Although it has not expressed any intent to do so, the School has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

1. Description of the Plan (continued)

I. Tax Status

The DC Plan was designed to qualify under section 403(b) of the IRC. The terms of the DC Plan were prepared to conform to the sample language provided by the IRC draft listing of Required Modifications issued April 4, 2009. DC Plan management believed that the DC Plan was designed and being operated in compliance with the applicable requirements of the IRC. The DC Plan was required to operate in conformity with the IRC to maintain the tax-exempt status for DC Plan participants under section 403(b).

The TDA Plan was designed to qualify under section 403(b) of the IRC. The terms of the TDA Plan were prepared to conform to the sample language provided by the IRC draft listing of Required Modifications issued April 4, 2009. TDA Plan management believed that the TDA Plan was designed and being operated in compliance with the applicable requirements of the IRC. The TDA Plan was required to operate in conformity with the IRC to maintain the tax-exempt status for TDA Plan participants under section 403(b).

Prior to restatement of the Plan document in October 2024, the Plan Administrator used a prototype plan document sponsored by TIAA (formerly known as Teachers Insurance Annuity Association – College Retirement Equities Fund or TIAA-CREF). TIAA intended to apply for an opinion letter when the government opens such program.

Effective October 1, 2024, the Administrator uses a prototype plan document sponsored by USI Consulting Group. USI Consulting Group intends to apply for an opinion letter when the government opens such program.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

2. Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting which recognizes revenues when earned and expenses when incurred.

As of and for the year ended December 31, 2023, and from January 1, 2024 through September 30, 2024 these financial statements present only the DC Plan's assets, net assets available for benefits, and changes thereto.

As of and for the period from October 1, 2024 through December 31, 2024 these financial statements present the Plan's assets, net assets available for benefits, and changes thereto, including the transfer of all participant balances from the TDA Plan as of October 1, 2024.

2. Summary of Significant Accounting Policies (continued)

B. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation

The investments of the Plan as of December 31, 2024, and of the DC Plan as of December 31, 2023, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does not have fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

D. Allowance for Credit Losses

The Plan uses the allowance method to account for recognizing the potential future uncollectibility of delinquent receivables. No such allowance has been established at December 31, 2024 and 2023 as all receivables were considered collectible.

E. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

F. Administrative Expenses

Expenses of the Plans were paid by either the Plan or the School, as provided by the respective Plan Document. Expenses that were paid directly by the School were excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that were paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in the net appreciation in fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

F. Administrative Expenses (continued)

The Plan's expenses are paid by either the Plan or the School, as provided by the Plan Document. Expenses that are paid directly by the School are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in the net appreciation in fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

G. Subsequent Events

Management has evaluated subsequent events through October 15, 2025; the date these financial statements were available to be issued.

3. Information Prepared and Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the United States Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by TIAA and Charles Schwab Trust Bank ("Schwab"), as the Plan's Custodians.

The Custodians have certified their respective statement of accounts as of December 31, 2024 and 2023 and for the years then ended. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings, other than the fair value of the guaranteed investment contract. TIAA has certified the contract value of the guaranteed investment contract at December 31, 2024 and 2023.

Upon restatement of the Plan Document, participants had the option to retain the investments in their account at TIAA, but all future contributions, rollovers, and matching contributions are invested with Schwab.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 – *Fair Value Measurement* – of the Accounting Standards Codification (the "ASC"), issued by the Financial Accounting Standards Board ("FASB"), are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

(Continued)

4. Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan (2023 – the DC Plan) are deemed to be actively traded.

Guaranteed Investment Contracts: The fair value of the guaranteed investment contract is measured using an income approach and discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's (2023 – the DC Plan) investments at fair values as of December 31, 2024 and 2023:

	December 31, 2024			Totals

Total investments at fair value	\$ 3,313,388	\$ -	\$ 889,919	\$ 4,447,051

* In accordance with Subtopic 820-10 of the ASC, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2024 and 2023:

	2024	2023
Balance - Beginning of Year	\$ 889,919	\$ 851,489
Realized gains (losses)	95,690	3,479
Unrealized gains (losses)	(63,539)	24,048
Purchases	23,091	34,055
Sales	(247,109)	(23,152)
Transfers in	677,630	-
Balance - End of Year	\$ 1,375,682	\$ 889,919

Gains and losses (realized and unrealized) included in changes in net assets for the period are reported in net appreciation (depreciation) in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments with the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the transfers between levels based upon the nature of the financial instruments and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of levels 1, 2 or 3.

4. Fair Value Measurements (continued)

Topic 820 of the ASC requires disclosures of certain attributes of entities that calculate a net asset value per share (or its equivalent) as a practical expedient and do not have a readily determinable fair value. The following table sets forth the disclosure of those attributes at December 31, 2024 and 2023:

	December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Pooled separate account	\$ 265,071	\$ -	Daily	Daily

	December 31, 2023			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Pooled separate account	\$ 243,744	\$ -	Daily	Daily

The pooled separate account generally invests in real estate properties and real estate-related investments. Accumulation units in the pooled separate account are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the pooled separate account are limited to one per calendar quarter. Although the underlying assets of the pooled separate account cannot be quickly sold and converted to liquid assets, the

TIAA General Account provides the pooled separate account with a liquidity guarantee. The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

2024				
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values

4. Fair Value Measurements (continued)

TIAA Traditional Annuity account balances are reported at fair value, which approximates contract value for non-benefit responsive version of TIAA Traditional Annuity. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk – adjusted market discount rate which correlates closely with TIAA Traditional Annuity’s historical crediting rates.

5. Contract with Insurance Company

Certain participants have entered into investment contracts with TIAA. As part of the contracts, TIAA maintains a portion of the contributions in a guaranteed account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by TIAA. The guaranteed account is included in the financial statements at fair value, as the contract is not a fully benefit-responsive contract. TIAA provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3%, and the potential for additional interest, if declared by TIAA. Contract values for these investments approximate fair values.

6. Related Party and Party-In-Interest Transactions

Certain Plan (2023 – DC Plan) investments are shares of registered investment companies managed by TIAA, the Plan’s Custodian. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

7. Risk and Uncertainties

The Plan (2023 – the DC Plan) invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. Reconciliation of Financial Statements to Form 5500 – 2024

The following is a reconciliation of net assets available for benefits per the financial statements to the Plan’s 2024 Form 5500, *Annual Return/Report of Employee Benefit Plan*.
