Independent Auditor's Report

To the Plan Administrator and Participants of KDP Investments, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KDP Investments, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Independent Auditor's Report (Continued)

Other Matters - Supplemental Schedules Required by ERISA (Continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KDP INVESTMENTS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the KDP Investments, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of KDP Investments, LLC, Sagamore Whiskey, LLC, and Harbor Boating Inc. (collectively, the "Company"). Participants, excluding those who live in Puerto Rico, are eligible to enter the Plan on the first day of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Transfers Out of the Plan

In September 2023, Disaronno US Holding, LLC purchased a majority interest in Sagamore Whiskey, LLC, one of the companies participating in the Plan. Employees of Sagamore Whiskey, LLC continued participation with the Plan until May 31, 2024, when approximately \$2.2 million in plan assets were transferred out of the Plan and into the plan held by the purchasing company.

Contributions

Each year, participants may contribute up to 85% of their annual compensation, as defined by the Plan. Participants who have attained age 50 prior to the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies as investment options. Contributions are subject to certain limitations.

The Plan provides for Company safe harbor matching contributions equal to 4% of total compensation, as defined, that a participant contributes to the Plan. Company contributions are paid on a per payroll basis.

The Plan also allows the Company to make a non-elective discretionary contribution to be determined annually. For the year ended December 31, 2024, the Company made no such contributions.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution, allocations of (b) the Company's contribution, and (c) plan earnings (losses), and also charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**KDP INVESTMENTS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon as well as the Company safe harbor matching contributions. Vesting in the Company's non-elective discretionary contributions is based on years of continuous service. Participants vest 20% after two (2) years of service and each year thereafter over a six (6) year schedule to become 100% vested. Participants shall become fully vested upon death, total and permanent disability and upon attainment of normal or early retirement, as defined.

Payment of Benefits

On termination of services due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account. If the account balance is less than \$5,000, the balance will be distributed in a lump sum payment. Active participants who become totally disabled or die will become fully vested on that date, and a benefit equal to the participant's vested account balance will be paid to the participant or beneficiary. Participants are also permitted to make hardship withdrawals if certain criteria, as defined in the Plan document, are met.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%, ranging from 5.25% to 10.50%, fixed at the date of origination. A participant may have a maximum of 3 loans outstanding at any time. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0 for both years. These balances can be used to pay plan expenses and to reduce the Company's matching contributions. No forfeitures were used to reduce employer matching contributions or to pay plan expenses in 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 3 for discussion of fair value measurements.

December 31, 2024 and 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivables from participants are charged directly to the participant's account. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2024, there were no pending distribution requests.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events

Events that occurred subsequent to December 31, 2024 have been evaluated by the Plan's management for potential recognition or disclosure in the financial statements through the date of the independent auditor's report, which is the date the financial statements were available to be issued. The Plan did not have any material recognizable subsequent events during this period.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan accounts for the fair value of its investments under the Fair Value Measurement and Disclosure topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), which provides the framework for measuring fair value.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The 3 levels of the fair value hierarchy under this guidance are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded. Fair value of a mutual fund is valued at quoted prices from active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

<u>December 31, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Totals</u>

Registered investment companies	\$ 6,845,360	\$ -	\$ -	\$ 6,845,360

NOTE 4 – CERTIFIED INVESTMENT INFORMATION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income, net from participants, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan’s independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 5 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by ADP Retirement Services, Inc. (ADP). ADP was the record-keeper as defined by the Plan, managing the daily transactions of the Plan and therefore, these transactions qualify as party-in-interest transactions. ADP provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Plan sponsor and ADP. ADP receives revenue from the mutual fund service providers for services ADP provides to the funds. This revenue is used to offset certain amounts owed to ADP for its administrative services to the Plan. If the revenue received by ADP from such mutual fund services providers exceeds the amount owed under the MSA, ADP remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants.

NOTE 5 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

The Plan or Plan Sponsors may make a payment to ADP for administrative expenses not covered by revenue sharing. Fees paid by the Plan to ADP for investment management services amounted to \$2,095 for the year ended December 31, 2024.

NOTE 6 – TAX STATUS

The plan sponsor adopted a pre-approved document which obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (Code). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements. Required nondiscrimination testing, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 7 – PLAN TERMINATION

Effective May 31, 2024, as a result of the sale of Sagamore Whiskey, LLC, one of the participating companies, the Plan transferred the investment assets of approximately 50 active participants, totaling approximately \$2.2 million to the purchasing company's plan. This reduction in plan participation triggered a partial plan termination as defined by the Code and related regulations.

As a result of the partial plan termination, the affected participants became 100% vested in their accrued benefits as of May 31, 2024, including any employer contributions (e.g., matching or profit-sharing contributions), regardless of the plan's normal vesting schedule. Employee elective deferrals were already 100% vested under the terms of the Plan. Employer contributions consisted of safe harbor, which is 100% vested, and discretionary match that follows the company's vesting schedule defined in Note 1. Since there were no discretionary matches made by the plan, the total amount of accelerated vesting due to the partial termination was \$0.

The Company has taken the necessary steps to ensure compliance with all applicable requirements related to the partial plan termination, including providing affected participants with the required notices and distribution options.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 7 – PLAN TERMINATION (Continued)

Although it has not expressed any intent to do so with the remaining employees, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer discretionary contributions and the Plan’s assets would be distributed to the participants in accordance with their vested account balances.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants’ account balances and amounts reported in the statements of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2024 and 2023:

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the 2024 plan year, there were a few instances in which an immaterial amount of participant deferrals were not deposited into the Plan within the Plan's normal remittance period. Due to these deferrals being deposited later than customary, these contributions are deemed untimely based on the timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Any lost earnings related to the delinquent contributions have been determined to be immaterial. Plan management does not believe these instances are indicative of a recurring issue.
