Independent Auditors' Report

The Plan Administrator of the Montefiore Medical Center 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Montefiore Medical Center 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

**The Plan Administrator of the
Montefiore Medical Center 403(b) Plan**

Page 2

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**The Plan Administrator of the
Montefiore Medical Center 403(b) Plan**

Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**The Plan Administrator of the
Montefiore Medical Center 403(b) Plan**

Page 4

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Montefiore Medical Center 403(b) Plan

Notes to Financial Statements
December 31, 2024

1. Description of Plan

Effective January 1, 1975 Montefiore Medical Center (“MMC”) established the Montefiore Medical Center Voluntary Tax Deferred Annuity Plan. Effective December 31, 2017 the Montefiore Medical Center Tax Deferred Annuity Plan merged into that plan and the combined plans were renamed effective January 1, 2018 as the Montefiore Medical Center 403(b) Plan (the “Plan”). The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of MMC and its participating affiliates (Montefiore Information Technology, LLC, Montefiore Health System, Inc., Montefiore Mount Vernon Hospital, Montefiore New Rochelle Hospital, Schaffer Extended Care Center, and Montefiore Einstein, Inc. (formerly known as Montefiore Medicine Academic Health System, Inc.) (not including the Albert Einstein College of Medicine), as well as Bronx Community Health Network which is permissively aggregated under Section 414(c) of the Internal Revenue Code of 1986, as amended (“Code”) (these entities, collectively, with MMC, referred to as the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and Code Section 403(b).

Eligibility

An eligible employee is any employee of the Employer, including those classified as full-time, part-time, per diem and sessions employees. Leased employees and independent contractors are not eligible to participate in the Plan with respect to all contributions. Employees are not eligible to receive Employer contributions under the Plan if they are: (i) covered by a collective bargaining agreement (unless such bargaining agreement expressly provides for Employer contributions); (ii) eligible to receive employer contributions under any other retirement plan to which an Employer contributes; (iii) non-union clerical employees in classification (07); (iv) classification as a House Staff Officer, student or “resident non-medical”; or (v) an employee of Montefiore Mount Vernon Hospital (“MV”), Montefiore New Rochelle Hospital (“MNR”) or Schaffer Extended Care Center (“Schaffer”) who is classified as working less than 50% of full-time schedule, a per diem employee or a sessions employee.

Per diem and session employees of MMC, as well as part-time employees of MMC, are eligible to make payroll-directed contributions, and also can receive an Employer contribution after meeting the minimum service and hours requirements. However, per diem and session employees of MNR, MV & Schaffer, along with their employees classified as working less than 50% of a full-time schedule, are eligible to make payroll-directed contributions, but are not eligible to receive an Employer contribution.

Employees classified by the Employer as a “Group 1 Medical Center Employee” or “Group 2 Medical Center Employee” receive a nonelective Employer contribution of 10% of their eligible compensation. The Chief Executive Officer of Bronx Community Health Network also receives a 10% nonelective Employer contribution.

1. Description of Plan (*continued*)

Eligibility (continued)

Group 1 Medical Center Employee means the President of Montefiore Einstein, Inc. (formerly known as Montefiore Medicine Academic Health System, Inc.) ("MMAHS"), Montefiore Health System, Inc. ("MHS"), MMC, Children's Hospital at Montefiore Medical Center, or Montefiore Information Technology, LLC; or an employee who is employed by MMAHS, MHS or MMC as a/an Executive Vice President, Senior Vice President, Vice President, Associate Vice President, Assistant Vice President, Chairperson or Vice Chairperson. Group 2 Medical Center Employee means an employee who is employed as a physician, dentist, professionally appointed scientist or doctor of veterinary medicine, or an employee in a position classified as grade K or above under the Montefiore Medical Center Management Position Evaluation System.

Employees classified by the Employer as a "Group 1 Management Employee," "Group 2 Management Employee," or a "Non-Union Clerical – Non-Management (70) Employee" receive a nonelective Employer contribution of 8% of their eligible compensation.

Group 1 Management Employee means an employee who is an exempt employee, other than a House Staff Officer.

Group 2 Management Employee means an MMC employee who performs the duties of a physical therapist and is covered by the collective bargaining agreement between an Employer and either (i) The Jack D. Weiler Hospital of the Albert Einstein College of Medicine Physical Therapists, or (ii) the New York Chapter of the American Physical Therapists Association. Non-Union Clerical – Non-Management (70) Employee means an MMC employee who; (i) was hired by an Employer on or after January 1, 2008 or was employed by Our Lady of Mercy Medical Center immediately prior to the closing of the asset purchase and sale transaction between Our Lady of Mercy Medical Center and MMC; and (ii) was classified by the Employer or Our Lady of Mercy Medical Center, respectively, as a non-union clerical employee. Any Non-Union Clerical Employee hired by an Employer before January 1, 2008 who is or was promoted to a management position within an Employer or who is or was transferred to a union position on any date, and is subsequently transferred back to the Non-Union Clerical Employee classification on or after January 1, 2008 shall continue to participate in the Plan until he or she is no longer eligible, regardless whether he or she was covered by the Health Services Retirement Plan prior to such promotion or transfer.

Employees classified by the Employer as a "Montefiore Sound Shore Employee" receive a nonelective Employer contribution of 4% of their eligible compensation. Montefiore Sound Shore Employee means an employee of Montefiore New Rochelle Hospital, Montefiore Mount Vernon Hospital or Schaffer Extended Care Center.

Contributions

Each year, participants may contribute to the Plan a portion of their annual compensation, on a pre-tax or after-tax (Roth) basis, subject to a maximum amount. This limit is provided annually by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. Participants may also contribute amounts representing eligible distributions from other qualified defined benefit or defined contribution plans.

Montefiore Medical Center 403(b) Plan

Notes to Financial Statements
December 31, 2024

1. Description of Plan (*continued*)

Contributions

Participants may also be eligible for special 403(b) catch-up contributions. For any taxable year, the Code Section 402(g) dollar limitation may be increased for a qualified employee, at his or her election, pursuant to Code Section 402(g)(7). For purposes of this election, a qualified employee means an active participant who has completed 15 years of service with the Employer. The Code Section 402(g) limit for a Plan year may be increased by the least of the following: (i) \$3,000; (ii) the excess of \$15,000, over the total special catch-up contributions made to the Plan for prior years; or (iii) the excess of \$5,000 multiplied by the number of years of service of the qualified employee with the Employer, over the total elective deferral contributions (other than age 50 catch-up contributions) made to the Plan for prior years.

The Plan has an auto enrollment feature which requires all newly eligible or re-hired employees to contribute 3% of their eligible compensation to the Plan on a pre-tax basis, unless they affirmatively elect otherwise. The Plan has an automatic escalation feature under which participants' contributions generally will be increased by 1% each January 1st until they reach 8% of their eligible compensation, unless they affirmatively elect otherwise. Participants direct the investment of their contributions into the various investment options offered by the Plan. Automatic enrollment and automatic escalation excludes union employees (unless their collective bargaining agreement provides otherwise), students, and "residents non-medical".

The MNR, MMV and Schaffer employees meeting the applicable requirements are eligible for a 4% Employer contribution. MMC employees meeting the applicable requirements are eligible for either an 8% or 10% Employer contribution based on their respective employee subgroup classification. These contributions are generally made monthly, based on the eligible participant's bi-weekly compensation. However, if the eligible participant works less than 50% of a full-time schedule, is a per diem employee, a sessions employee or is classified in group SAPM, the contribution is made annually and only if the participant completes at least 500 hours of service with an Employer during the Plan year. Participant compensation (excluding bonuses, overtime, sessions pay and certain other items) in excess of \$170,000 for the Plan year is not counted in calculating the Employer contribution on behalf of such participant.

Vesting

At all times, participants are 100% vested in their participant and rollover account source balances including allocated earnings thereon.

Participants are vested in the employer contribution account source balance of their account as follows:

<u>Employment Commencement Date</u>	<u>Years of Vesting Percentage</u>	<u>Vested Percentage</u>
Prior to January 1, 2008	N/A	100%
On or after January 1, 2008	0 - 2	0%
On or after January 1, 2008	3 or more	100%

Notwithstanding the preceding, a participant who attains the normal retirement age of 65, becomes disabled, or dies while an employee will become 100% vested in his or her account balance regardless of his or her years of vesting service.

1. Description of Plan (*continued*)

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled, respectively, \$534,514 and \$747,671. Forfeitures may be used to reduce future Employer contributions, pay Plan expenses or be allocated to participants on a pro rata basis. During 2024, \$10,921 of forfeitures were used to pay Plan expenses, \$1,627,939 of forfeitures were used to reduce Employer contributions, and no forfeitures were allocated to participants.

Revenue Credit Account

A Revenue Credit Account, which is a non-participant-directed account, was established within the Plan whereby: (i) Fidelity credits the Plan quarterly with the net float earnings attributable to the Plan for the quarter, and (ii) there is also a basis point charge assessed on participant accounts that is credited to the Revenue Credit Account. The float and the basis point charge are funded in arrears for the quarter as soon as administratively feasible. The Revenue Credit Account balances at December 31, 2024 and 2023 were \$253,493 and \$219,210, respectively. During 2024, \$142,723 from the Revenue Credit Account was used to pay non-recordkeeping Plan administrative expenses (such as investment consulting, auditing and legal) and \$454,575 was allocated back to participants. Recordkeeping expenses are paid directly to Fidelity as described below.

Participant Accounts

Each participant's account is credited with the participant's own contribution and allocations of (a) Employer contributions and (b) Plan earnings or losses attributable to the participant's account. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investment options offered to participants under the Plan are participant directed.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested account balance. Under the terms of the Plan, a participant may make a withdrawal for reasons of economic hardship due to an immediate and heavy financial need and only when other financial resources are exhausted. Upon a participant's attaining age 59½, in-service withdrawals of his or her elective deferrals (both pre-tax and after-tax (Roth) contributions, and the earnings thereon) are available.

Recordkeeping and Other Expenses

The Plan's Fidelity recordkeeping expense is charged to participant accounts on a quarterly basis. In addition, administrative expenses for transactions directed by participants are charged to individual accounts. These expenses include: withdrawal fees, loan initiation fees, and other participant-requested service fees. Investment-related expenses are included in net appreciation in value of investments. The Employer will pay expenses of maintaining the Plan to the extent they are not paid from the Plan. Any expenses paid by the Employer are excluded from these financial statements.

1. Description of Plan *(continued)*

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms can range from one to five years or up to twenty years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is generally paid ratably by the participant through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the MetLife Blended Fund (a separate account – see Note 5), which is stated at contract value since it is fully benefit-responsive. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. Separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. The MetLife Blended Fund is valued at contract value, which represents contributions plus credited interest less participant withdrawals and fees

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Montefiore Medical Center 403(b) Plan

Notes to Financial Statements
December 31, 2024

2. Summary of Significant Accounting Policies *(continued)*

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded, upon the occurrence of a distributable event.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 15, 2025.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, Principal Life Insurance Company (as of December 31, 2023 and for the period from January 1, 2024 through January 8, 2024), Empower Life & Annuity Insurance Company of New York, and Prudential Insurance Company of America under a power of attorney granted to Empower Annuity Insurance Company of America and Empower Annuity Insurance Company of America of New York, qualified institutions.

5. MetLife Separate Account, at Contract Value

The Plan offers the MetLife Blended Fund (the “Blended Fund”) as an investment option. The Blended Fund is a separate account stable value product that offers a guarantee of principal and interest. The Blended Fund is supported by two group annuity separate accounts, one managed by Principal and one managed by MetLife. The underlying investments in the MetLife separate account are sub-advised by Fidelity Institutional Asset Management with the objective to provide long-term total returns in excess of the Bloomberg Barclays U.S. Intermediate Government-Credit Bond Index with comparable risk. MetLife has issued a group annuity contract for the account. The legacy Principal Guaranteed Separate Account was frozen to new investment and was liquidated in quarterly installment payments over a six-year period. In January 2024, all funds from Principal were fully transferred to the MetLife Blended Fund. The credited interest rate for the Blended Fund is a combination of the MetLife Stable Value Option and the Principal Guaranteed Separate Account. The credited rate for the MetLife separate account is reset and declared on a periodic basis (e.g. quarterly).

The Blended Fund represents approximately 12% and 14% of the Plan’s net assets available for benefits at December 31, 2024 and 2023. The credit risk of the Metropolitan Life Insurance Company was evaluated by nationally recognized statistical rating agencies as follows: Standard & Poor’s (AA- as of March 2025), Moody’s Investors Service (Aa3 as of March 2025), A.M. Best Company (A+ as of March 2025), and Fitch Ratings (AA- as of March 2025). The Blended Fund is fully benefit-responsive and is stated at contract value on the statements of net assets available for benefits at December 31, 2024 and 2023. No events are probable of occurring that would limit the Plan’s ability to transact at contract value with participants of the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Code. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Tax Status

On August 7, 2017, the IRS issued an opinion letter to Fidelity indicating that the volume submitter plan document qualifies under Section 403(b) of the Code. In accordance with Rev. Proc. 2017 – 18, on June 30, 2020, the Plan was amended generally retroactive to January 1, 2010, and another 2020 amendment addressed the cashout of small accounts. The Plan administrator believes that the Plan document and its operation are in compliance with the applicable requirements of the Code.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Exempt Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, Principal Life Insurance Company, and Empower Annuity Insurance Company. These transactions qualify as exempt party-in-interest transactions under ERISA. Fidelity Management Trust Company is the contract administrator for the Plan.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Fidelity receives revenue sharing payments from certain mutual funds. The Plan and Fidelity entered into an agreement whereby Fidelity credits the amount of such revenue sharing payments attributable to the Plan of those participants invested in the particular mutual funds back to the Plan, to then be allocated to such participant accounts as soon as administratively feasible after each quarter. Allocations are made to such participant accounts pro rata based on the ratio of each participant's balance in a designated fund to the total balance for all such participants in such fund. Amounts allocated to such participant accounts are invested in the respective funds to which the revenue sharing relates, and allocated proportionately to the subaccount (e.g., Employer contributions and elective deferrals) associated with such funds for each eligible participant. The Plan received \$620,835 of participant revenue sharing credits related to the 2024 Plan year which have been netted against administrative expenses.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
