Independent Auditor's Report

The Board of Trustees
Confluence Health 401(k) Plan
Wenatchee, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Confluence Health 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Confluence Health 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Confluence Health 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Confluence Health 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Confluence Health 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Confluence Health 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i-schedule of assets held at end of year and Schedule H, line 4a-schedule of delinquent participant contributions as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of the Confluence Health 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Confluence Health (the Company), which is a controlled group comprised of Wenatchee Valley Medical Group and Confluence Health. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan.

Eligibility

The Plan has no age or service requirements to make elective deferrals and safe-harbor match contributions.

Entry Date

Employees may enter the Plan immediately upon satisfaction of the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company contributes safe harbor match contributions as 100% of the participant's elective deferrals that do not exceed 5% of eligible compensation. Effective January 1, 2023, the Company stopped contributing additional amounts as profit-sharing contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 6%.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company safe harbor matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant’s compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and Company safe harbor matching contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions and safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company’s profit-sharing contribution portion of their accounts made prior to 2023 is based on years of continuous service. Most participants become 100% vested upon attaining normal retirement age of 59 1/2 years. Vesting is based on years of credited services as set forth in the following table:

| <u>Participant’s Years of Service</u> | <u>Vested Percentage</u> |
|---------------------------------------|--------------------------|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$899,903 and \$455,972, respectively. These accounts will be used to offset plan expenses. During the year ended December 31, 2024, no forfeited non-vested accounts were used.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant’s account. The interest rate is set at 1% above the prime rate when the loan is taken. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant’s residence, in which case the note terms can range up to 15 years. A participant may have no more than two outstanding notes at any one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated participant with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$7,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit-sharing contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Contributions

Participant contributions and the related Company safe harbor matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 10, 2025, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds (including money market mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts – Account primarily consists of mutual funds, common stock, exchange traded funds, U.S. government securities, certificates of deposit and money market deposit accounts. Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price and are deemed to be actively traded. Common stock is valued at the closing price reported on the active market on which the individual securities are traded. Exchange traded funds are valued at the closing price reported by the fund. Exchange traded funds held by the Plan are open-ended management investment companies that are registered with the Securities and Exchange Commission. The shares are traded throughout the day at the market price. U.S. government securities are valued using pricing models maximizing the use of observable inputs for similar securities. Certificates of deposit and money market deposit accounts are valued at carrying value, which approximates fair value, based on the amount of net contributions plus any investment earnings allocated to the account.

The following tables set forth by level, within the fair value hierarchy, show the Plan's assets at fair value as of December 31, 2024 and 2023:

| | 2024 | | | |
|----------------------------------|-----------------------|-------------------|-------------|-----------------------|
| | Level 1 | Level 2 | Level 3 | Total |

| Investments at fair value | <u>\$ 611,474,416</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 611,474,416</u> |

Note 4 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 5 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Subsequent to the issuance of this determination letter, the Plan was amended. However, the Company and plan management and Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and therefore believe the Plan is qualified and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with Principal Life Insurance Company (Principal) through the Principal Fixed Income Guaranteed Option. Principal maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Principal represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2024 and 2023, was \$8,481,913 and \$10,714,416, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments consist of mutual funds and self-directed brokerage accounts managed by Fidelity Management Trust Company, the trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Delinquent Participant Contributions

During 2023 and 2022, the Company failed to remit to the Plan's trustee certain employee contributions totaling approximately \$113 and \$896,290, respectively, within the period prescribed by DOL regulations. Delays in remitting contributions to the trustee were due to administrative errors. During 2025, the Company made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delay.

Note 10 - Plan Amendments

Effective January 1, 2024, the Plan implemented certain provisions of SECURE Act 2.0 and amended the Plan document accordingly.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:
