## INDEPENDENT AUDITORS' REPORT

To the Trustees of  
Jack Doheny Company 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed the audit of the financial statements of the Jack Doheny Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors’ Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Other Matter - Auditors' Report on the 2023 Financial Statements**

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 14, 2024, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

**JACK DOHENY COMPANY 401(k) PLAN**  
Notes to Financial Statements

**Note 1 - Description of Plan**

The following description of the Jack Doheny Company 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

**General**

The Plan is a defined contribution plan covering all eligible employees of Jack Doheny Company (the “Company”) as defined in the plan document. Participation in the Plan is discretionary for all eligible employees who have attained the age of eighteen. Employees are automatically eligible to participate in the Plan beginning the month following date of hire. The Plan was established by the Company on January 1, 2023, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Nationwide Trust Company, FSB (“Nationwide Trust”) is the Plan’s custodian. The plan administrator has overall responsibility for the operation and administration of the Plan.

**Participant Contributions**

The Plan allows participants to elect to defer a portion of their compensation up to 100%, as defined in the Plan, and designate those contributions as either pre-tax or Roth. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic enrollment percentage is increased each January by 1% up to a maximum of 10% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

**Employer Contributions**

The Company elected a safe harbor matching contribution equal to 100% of participant deferrals up to 3% of eligible compensation, and 50% of deferrals that exceed 3% of eligible compensation, up to 5% of eligible compensation. The Plan also allows employer discretionary profit-sharing contributions to be made by the Company. There were no discretionary profit-sharing contributions made for the year ended December 31, 2024.

**JACK DOHENY COMPANY 401(k) PLAN**  
Notes to Financial Statements

**Note 1 - Description of Plan (Continued)**

**Participant Accounts**

Each participant's account is credited with the participant's contribution and the Company's safe-harbor matching contributions and allocations of (a) the Company profit-sharing contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Participant Investment Account Options**

Upon enrollment in the Plan, a participant may direct their elective and employer contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a guaranteed investment fund as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

**Vesting**

Participants are immediately 100% vested in their contributions and the employer safe harbor matching contributions, including any earnings thereon. Vesting in the employer discretionary profit-sharing contributions is based on years of service. The Plan provides that participants have no vested interest in the employer profit-sharing contributions until they have completed two years of service, at which time they become 50% vested. Vesting increases by 25% each year. A participant is 100% vested after four years of credited service, or upon reaching plan retirement age of sixty-five, death, or disability. An employee is considered to have completed one (1) year of service for purposes of vesting upon the completion of 1,000 hours of service at any time during a plan year.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their respective vested account balance. Each loan is secured by the balance in the participant's account. Each loan bears interest at a rate commensurate with the prevailing interest rate at the date of each loan. The term of such loans may not exceed five years, except in the case of a loan for the purchase of a principal residence, in which case the plan administrator may allow a longer repayment term. Principal and interest are paid ratably through payroll deductions for a term generally not to exceed five years

**JACK DOHENY COMPANY 401(k) PLAN**  
Notes to Financial Statements

**Note 1 - Description of Plan (Continued)**

**Payment of Benefits**

On termination of service, due to death, disability or retirement, participants or their beneficiaries may elect to receive an amount equal to the value of the vested interest in their accounts in either a lump-sum amount or in installments, depending on the size of the participant's account balance at the time of termination, as defined in the plan document. Participants with a vested account balance of less than \$5,000 must take a lump-sum distribution. The account of a participant with a vested account balance between \$1,000 and \$5,000 who does not request a distribution will be rolled into an individual retirement account in the participant's name.

In-service distributions are allowed when a participant reaches age 59½. Rollover contributions may be withdrawn at any time. The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

**Forfeitures**

As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$26,961 and \$13,567, respectively. These accounts will be used to pay plan expenses or reduce employer contributions. During the year ended December 31, 2024, forfeited nonvested accounts in the amount of \$135 were used to pay plan expenses.

**Note 2 - Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

**Investment Valuation and Income Recognition**

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**JACK DOHENY COMPANY 401(k) PLAN**  
Notes to Financial Statements

**Note 2 - Summary of Significant Accounting Policies (Continued)**

**Contributions**

Contributions from plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

**Excess Contributions Payable**

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with the corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants prior to applicable deadlines.

**Payment of Benefits**

Benefit payments to participants are recorded when paid.

**Plan Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements, unless paid from the Plan’s forfeiture account. Fees related to the administration of notes receivable from participants, benefit payments, general administration, and certain recordkeeping are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

**JACK DOHENY COMPANY 401(k) PLAN**  
Notes to Financial Statements

**Note 3 - Fully Benefit-Responsive Investment Contract**

The Plan holds a traditional fully benefit-responsive investment contract with Nationwide Life Insurance Company totaling \$1,271,240 and \$1,732,862 at December 31, 2024 and 2023, respectively. Nationwide Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0.5%. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

**JACK DOHENY COMPANY 401(k) PLAN**  
Notes to Financial Statements

**Note 4 - Information Prepared and Certified by the Custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments:

- Investments at fair value
- Fully benefit-responsive investment contract at contract value
- Net appreciation in fair value of investments
- Dividend and interest income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

**Note 5 - Fair Value Measurements**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**JACK DOHENY COMPANY 401(k) PLAN**  
Notes to Financial Statements

**Note 5 - Fair Value Measurements (Continued)**

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,825,582	\$ -	\$ -	\$ 14,825,582
	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,349,071	\$ -	\$ -	\$ 13,349,071

**Note 6 - Related Party and Party-in-Interest Transactions**

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the year ended December 31, 2024, there were direct fees of \$77,780. During the year ended December 31, 2024, there were also transactions involving the investment of plan assets in investment funds maintained by the custodian, a party-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in net appreciation in fair value of investments.

**Note 7 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**JACK DOHENY COMPANY 401(k) PLAN**  
Notes to Financial Statements

**Note 8 - Tax Status**

The IRS has determined and informed the custodian in a letter dated November 30, 2020, that the prototype profit-sharing plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 9 - Delinquent Participant Contributions**

Defined contribution plans are required to remit employee contributions and loan repayments to the plan as soon as such amounts can be reasonably segregated from the employer's general assets. During the year ended December 31, 2024, contributions and loan repayments totaling \$320,587 were not remitted within the required time period. While these amounts have been deposited to the Plan, lost earnings attributable to these late remittances have not yet been remitted and correction is pending under the Department of Labor's Voluntary Fiduciary Correction Program (VFCP) in 2025.

Additionally, the Company had \$85,276 of late employee contributions and loan repayments related to 2023 that were fully corrected in 2024, including the remittance of all applicable lost earnings.

**Note 10 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported herein the statements of net assets available for benefits.

**Note 11 - Reconciliation of Financial Statements to Schedule H of Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2023:

Net assets available for benefits per the financial statements	\$ 15,347,578
2023 excess contributions payable	<u>44,691</u>
Net assets available for benefits per the Form 5500	<u>\$ 15,392,269</u>
